Having lived somewhere along the Illinois Central mainline during the past 13 years handling advertising for newspapers, we have thus had considerable dealings with George Crowson, whose Chicago office places regular advertising schedules for the railroad in all "on-line" newspapers. We had never met the gentleman, and were thus much put out when he dropped by the News office last month to pay us a call... and we were both out in town, and missed him.

In looking through 1925 Fulton newspapers this week, we found another reason to regret not having seen him. In 1925 he, as editor of the I. C. Magazine, was promoted to the assistant to the vice-president... and the story goes on to say that prior to his association with the I. C. he was in the newspaper business in Maryville (Mo.) and St. Joseph (Mo.)... the latter our old home town!

All Fulton sportsmen were saddened last Wednesday when word was received in town of the untimely death of young Ralph Fraser, promising rookie outfielder who played with the Railroaders here last season and was on his way up in the ball circuits. Ralph was killed in an auto accident in Virginia last Sunday.

One thing is for sure. The Russell Johnsons will never have a dull moment in their attractive home in the Country Club Courts with Lynn around. As a matter of fact if he doesn't turn out to be one of the Quiz kids we're surprised. Lynn greeted the census-taker one afternoon this week and was the most cordial host you ever saw. Upon being plied with questions about ages, etc., he answered until, he was stumped, so it was time to call his mother. Lynn let out a wail that could be heard around the court and upon being asked what ailed him said:

"Don't call my mother. I'm having such a good time answering all those questions."

Out at the George Hall residence in the Highlands we saw golden towels hanging out on the line the other day. The towels of course, were gifts to them on their golden wedding anniversary last year. Not too many days ago the Halls celebrated their fifty-first anniversary, but they dispensed with the frills of a reception and just spent it quietly. Mrs. Hall said she cooked her "beau" his favorite meal of turnip greens and apple pie, but other than that, they finished the day and started looking forward to their fifty-second anniversary.

## R'ROADERS, CHIEFS PLAY HERE TONITE

Tonight (Friday) at 7:30 p. m. local sports fans will get their first opportunity to "take a reading" on the 1950 Fulton Railroaders baseball club. The Railroaders and the Paducah Chiefs will play an exhibition game in Fairchild Park.

Mgr. Ivan Kuester announced the following lineup for Fulton in tonight's game:

- Bohna, lf.
- Erickson, ss.
- Brawner, cf.
- Waldrop, lb.
- Peterson, 3b.
- Tex Brown, 2b.
- Kahelin, rf.
- Fisher, c.
- Niederhauser, p.

In addition to the above, the rest of the current Fulton squad consists of Grossman, Tate, Beckering, Leonard and Livers, pitchers, and Manager Kuester. The squad was cut to 15 players Thursday, and additional men are expected shortly from Chattanooga or Charlotte, Kuester announced.

Grossman, top Kitty league pitcher of last year, reported back Wednesday and will considerably strengthen the pitching staff.

Ira Livers, a rookie pitcher, came in this week from Ft. Gibson, Oklahoma and will be given a tryout, Kuester announced.

In addition to tonight's game, exhibition games are also scheduled for Sunday, here, with Mayfield, and Tuesday, here, with Paris, Illinois. On next Friday night a return game with the Paducah Chiefs will be played there.

**RUDDE IS SCOUTMASTER**  
W. D. Ruddle, popular scoutmaster of South Fulton Troop 40, it was announced today. Ruddle replaces Hershel Kimbell, who has been scoutmaster for two years.

## Paul Pewitt Gives Organ To Palestine To Honor Parents

Hayes and Mary Pewitt smiled down benignly last Sunday on the congregation of the Palestine Methodist Church. They must have joined in the gladness of that devout band of church-goers when they shared with them the happiness in hearing their new Hammond electric organ played for the first time, last Sunday.

The story of the Hammond organ is a happy one. It was a gift to the Palestine Church from Paul Pewitt, son of the late Hayes and Mary Pewitt, and it was given to the church in their memory. Paul has been gone from his home county (Fulton) for many years, but he certainly has not broken the ties that bind him to his native home and the people he loves. Now living in Longview, Texas, Paul is a tremendous success as an industrialist and financier. He is gaining great respect too, as a philanthropist, not only among the people he loves, but among the worthy charities of his adopted State.

The enthusiasm and the joy at the church Sunday was like contagion. Mrs. Charlene Stokes, an accomplished pianist, sat down and played the organ for the first time... the first time she had ever played an organ. As if inspired by her Unseen Teacher, she played beautifully, with the

## VIOLA STRONG TAKES PEN IN HAND AND WRITES SONG ABOUT OUR PO' TEACHERS

While state legislators and politicians keep tearing their hair about school appropriations, Mrs. H. N. Strong, talented songbird and song-writer of South Fulton takes pen in hand and sums up the situation in a song.

The four verse ditty is a challenge to parents and teachers alike and should be published state-wide. Sung to the tune of "Clancy Lowered the Boom" the original song goes like this:

**Verse One**  
Let's get behind our teachers,  
Cause the teachers have to eat

## FULTON POSTOFFICE CUTS ONE DELIVERY

A new ruling curtailing certain general services of the Post Office Department throughout the Nation will cause Fulton residential deliveries, heretofore made twice daily, to be cut to one-per-day, announced Jack Carter, Postmaster, today.

City carriers, who have been leaving the local postoffice at 7:30 a. m. each day on their morning delivery, will now leave at 8 a. m. in order that all early morning mail can be processed and given them. The morning delivery will be the only delivery each day.

The only other change in local postoffice schedules, Mr. Carter continued, will be the closing of the money order and stamp windows at noon on Saturday instead of at 3 p. m.

Other schedules and hours here will remain unchanged, Mr. Carter stated.

## Boaz Chapel Folks Build Air Castles With Stones

By Mary-Nelle Wright  
Some people build air castles in the sand that topple when the strong winds blow. Others dream of sailing ships, of ermine coats and Kings. But not so in the Boaz Chapel Community. They dreamed a dream of a community house, rolled up their sleeves, stacked their dough and made a wish come true.

Come the merry month of June all roads will be channeled into the East State Line, because the people there will be turning the miles into smiles as they near the site of their new Community Clubhouse on opening day.

Last week, enthusiastic members of the "One and All Club" prepared the ground and poured the concrete for a building that they are hoping to have completed the last of June. Many are the dreams and plans made over a period of years for the clubhouse, which is located directly across from Boaz Chapel. It will be constructed of gleaming white asbestos shingles with the inter-

## MRS. FALL INSTALLED AS P-TA PRESIDENT

Mrs. Ernest Fall, Jr., was installed as president of the West Fulton Parent-Teacher Association Tuesday afternoon to serve her second successful year as president of that group. Following her installation Mrs. Fall graciously thanked the members of the club for their splendid cooperation during the past year, and urged them to again cooperate with her during the next school term.

Other officers installed were: Mrs. Ward Bushart, vice-president; Mrs. Leonard Allen, secretary; and Mrs. Robert Binford, treasurer. Chairman of the various standing committees are as follows: Mrs. Charles Robert Bennett, program; Mrs. Ernest Cardwell, home room mothers; Mrs. William McDade, membership; Mrs. Bud Davis, hospitality; and Mrs. William Blackstone, publicity.

Mrs. Arch Huddleston, Jr., spoke to the group regarding the type of programs to be planned for next year. Two plans were put before the members; local programs built around the school or programs formulated by the national organization.

Supt. W. L. Holland spoke briefly to the members regarding the new projector donated to the school by the P-T-A. A Stanley party is planned for Tuesday afternoon, April 25 at 3 p. m. at Carr Institute.

## SENIOR PLAY FRIDAY

"Beauty and the Beast," the Senior class play at FHS, will be presented next Friday night, April 28, in Carr Institute Auditorium, it is announced.

Patsy Green, as "Ginny" Allen, and Jack Thorpe, as "Beef", are cast in the leading roles.

Mr. and Mrs. Bennett Wheeler have returned from a wedding trip to Florida.

## Gather Up Widdlets, Here's Inside Story Abouts Birds and Bees, But Mostly Bees

Now we know about the birds and bees, but mostly about the bees.

All of those little phrases like, mad 'n hornet, they looked like a swarm of bees... and son, ya know about the bees... well, they're plain as day now.

It took that past master of bee culture, S. A. Hagler of Route 3, Fulton, to bring me up to date on my bees, honey chile, but what I know about bees now could fill a good-sized comb, and not the kind on your dresser, either.

Mr. Hagler has been at this stinging pastime for nearly twelve years, starting out with two hives. Last year he had accumulated 16 hives from that shy little group of honey-makers, who certainly know how to give with the honey. Honey-making (not to be confused with love-making) is an art, both on the part of the bees and the caretaker.

For instance, take a cozy little family of bees, with a queen-bee as the head of the household. Once impregnated she goes on, year after year multiplying the bee population. But what happens when she produces a queen-bee? Ye Gads, all beedom breaks loose, and what's more

## Atkins and Brady Named 1950's Honor Graduates

For the second time in the history of the Fulton High School a graduate is completing the four-year course of study with a perfect average of all "A's". The second student so honored is Jerry Atkins, son of Mr. and Mrs. W. S. Atkins, whose four-year high school average is 3.000, thus making him valedictorian of the 1950 graduating class. First student to attain the honor was Ann Valentine in the class of 1936.

Runner-up student is Mary Ann Brady, daughter of Mr. and Mrs. Ralph Brady of Route one, Fulton, who received an average of 2.8571. She will be salutatorian. Both pupils are outstanding members of the senior class and active in all extra-curricular activities. Jerry's average is the perfect mark, and Mary Ann's falls just a few points of being the highest average that can be attained in scholastics.

Supt. W. L. Holland announced today that 11 students in this year's class have averages of 2.000 or better; their grades being B average or better. They are in the order of their ratings, after Jerry Atkins and Mary Ann Brady; Joe Ann Ellis, Anne

## UNION CITY MAKING PLANS FOR HUGE PARADE AND FESTIVAL ON MAY 12TH

Plans designed to assure the public "the most beautiful floats ever to pass in review on Union City street" on the occasion of the annual Four Rivers Council Scout Circus parade to be staged here May 12 were instituted last Tuesday in a meeting of a special float committee for the event.

The annual Boy Scout Circus is to be presented at Turner Field here on the evening of May 12, with the mile-long parade of Scouts, Cubs, bands and floats opening the festivities at 4 p. m.

It was held in Fulton last year. Business firms and civic organizations of the entire Four Rivers area are expected to enter floats in the parade, with an all-time top-quality spectacle in prospect, leaders of the float committee indicated after the planning session.

Handsome cash prizes of \$100, \$60 and \$40 are being offered for the first, second and third place floats entered in the parade. Floats are to be judged on theme, beauty and originality.

All persons, firms or organizations to enter floats in the parade must list their entry with a member of the float committee by April 20, at the latest, for inclusion in the event, it was emphasized.

## Thursday Closing To Be Discussed On Monday

A large attendance of merchants and businessmen is urged for the meeting of the Chamber of Commerce to be held at the Derby Cafe at 7 p. m. Monday night, President Paul G. Boyd said today.

The important question of summer closing will be brought up for discussion and the entire membership is asked to be present. Last year local business houses closed on Thursday afternoons for five months. A similar action is sought by most businessmen for this year.

Mr. and Mrs. E. B. Tyner spent Monday in Paducah shopping.

## UNION CITY SIGNS FOR GAS PIPELINE

The Union City city commission has signed contracts with the Tennessee Gas Co., relative to the construction of a 4-inch subsidiary pipeline for the transmission of natural gas to the city, and passed on third and final reading an ordinance extending the franchise for the distribution of gas locally by the Tennessee Gas Co. until June 30, 1970.

The contracts signed embodied agreements reached in negotiations between the gas company and the local citizens' gas committee.

Briefly, the contract calls for the building and ownership of the line by the city, with its use to be obtained by the gas company on the payment of annual sums for its use and hire.

Cost of the line estimated at about \$70,000, with the city to receive payments from the Tennessee Gas Co. for its use ranging from \$3,000 up to \$8,000 annually during the 20-year period that the gas company's franchise remains in effect.

## Postoffice Clerks Plan Meeting Here April 22

The West Kentucky District meeting of the Postoffice Clerks will be held in Fulton, April 22 at 3 p. m., Harold Holliday secretary of local 1546 announced today.

L. L. Perry of Dawson Springs, vice-president of the organization will preside over the meeting at which 40 clerks will be in attendance. Dinner will be served at the First Methodist Church, dining room with the Uneedus Group of the church in charge.

## Carolyn Wright Named Cayce FHA President

At the April meeting of the Cayce Future Homemakers of America Miss Carolyn Wright was elected president.

Other officers elected were: Betty Buchanan, vice-president; Janice Dell Jones, secretary; Dorothy Sue Moseley, treasurer; Sue Ammons, parliamentarian; Katherine Rice, historian; Ann Ballow, song leader; Dorthella Brown and Eleanor King, reporters. Mrs. Roy Ballow was elected chapter mother.

Sue Ammons and Dorothy Sue Moseley were elected delegates to the district meeting. Wanda Stallins and Elaine Rice were elected to go to the state meeting with Charlene Preuett elected alternate.

## YOUTH ADMITS FULTON ROBBERY

Henry Robert Higgins, 18, of Golden Pond has admitted to police that he helped rob The Keg Liquor Store here April 2.

Higgins was arrested near Dyersburg, Tenn., and he has been charged with two Paducah cases, Novice Lee Gamble, 31, and Carl Bynum, 30, of robbing a liquor store at Newbern, Tenn., earlier this week. They also have been implicated in the Fulton robbery.

Higgins was driving an automobile which Chief of Police Gips McDade said was stolen from Louis Kasnow of Fulton.

In The Keg robbery, 25 cases of whiskey and \$75 in cash were stolen.

Police said both Paducah men had previous prison records.

Tennessee authorities are investigating the possibility that the trio have been involved in other robberies in Kentucky, Tennessee and Missouri.

## Tonight's the Night For "The All-American Fam"

Tonight's the night for the "All-American Family" at clever title is the name of the South Fulton High School's play which will be staged in the school auditorium tonight (Friday) at 7:30 p. m.

The cast of characters includes Jerry Williams, Geraldine Allen, Bessie Lou Roach, Bill Cashon, Elbert Jackson, Charlotte Valentine, Stella Pogue, Johnnie Boulton, Clifford Napier, Imogene Alexander and Janet Stark. Ushers for the play will be Jean Kendall, Zenia Nannay, Joan Smith, Bob Vowell and John R. Lawson.

Miss Peggy Stoker will be the pianist for the play.

## Plan A Clubhouse --- The Sun Is Shining

Last Sunday's beehive of activity at the Fulton County Club means one thing in our estimation . . . make hay while the sun shines. President Warren Johnson, should get together right away . . . now . . . with a group of his able cohorts and start the ball rolling for a new clubhouse.

Last year when the enthusiasm was rampant for the clubhouse project, folks were a little golf-weary. They'd already plunked out a good bit of cash playing that delightful game and frankly its mighty hard to get all worked up in the Fall about early Spring's activity.

When the gals start rummaging in the closet for sporty golf shorts, and the men folks start shining up the golf clubs and the natty shoes, Brother Johnson, its time to start talking about that spacious clubhouse with its nice cool veranda for relaxing after an enjoyable game.

Its probable, of course, that the clubhouse could hardly be finished for this season, but then, the building is a mighty gay place for entertaining during long winter months.

You know the old song (with variations) . . . when the world is bright and sunny get the club to making money, on this golden golfing day.

## Thursday Closing Is Mighty Fine Project

Next Monday night when the Chamber of Commerce meets in regular monthly session, the question of summer closing probably will be discussed. Last year there was a little controversial conversation in some quarters about this summer-time project, but, by and large, a survey of local merchants revealed that it was a good thing for all concerned.

When you come to think of it, employees, and even the ole boss, get mighty little time for relaxing. In most downtown stores the schedule is six days a week, with extra long Saturdays. Sundays, usually are spent doing household chores, and really catching one's breath to start another long week.

That respite in the middle of the week, preferably Thursday, is like a shot in the arm, when people spend it doing the things they want to do most.

Let's not do away with it.

## A True Vote Count Is Vital To Voters

In this Republic of ours, where, for the past 175 years mankind has lived together in probably the most successful and prosperous gathering the world has ever seen, there have been a number of basic Federal institutions whose integrity has been among the solid blocks of our foundation.

Among these is our Federal police force . . . our postal system . . . our courts . . . and our election system.

Of these four, the election system has been the most vital. Although it is often the basis for appalling irregularities, yet it is this system which preserves this Nation in its way of life. When you and your neighbors go to the polls to vote for a man, you have a right to expect that your vote, if properly cast, will be counted in his favor.

Kentucky is not without its downheartening black eyes in this field; not too many months ago a certain county exposed grave irregularities resulting in punishment for the offenders.

Last Monday morning we read that Obion County, too, has election troubles.

B. B. Maxwell, chairman of the Obion County Democratic election Board, completed an examination of last fall's ballots in the County Judge's race and "has been furnished with sworn evidence showing almost every conceivable violation of our laws in this election" (his own statement).

Andrew L. Burrus, for whom 5478 votes

were counted thus lost the election to Raymond Mitchell, who had received 5075.

In summarizing his examination of the books, Maxwell stated that "I am now convinced beyond a doubt that Raymond Mitchell received a majority of the votes cast legally by the citizens of our county". (Mitchell had charged that many votes were cast in violation of State election laws and that numerous absentee ballots were cast after the deadline).

The faith of the citizens in free elections must not be shaken. If the charges are true, and we presume they are, we sincerely hope that such will not be repeated in this fine area of yours, and ours.

## There Are No Atheists in Foxholes

Almost month by month, relations between the United States and Russia grows worse, and outward signs between these two great countries indicate that unless something unforeseen happens, events are liable to precipitate a terrible catastrophe in the future.

The evident shooting down of a U. S. plane last week and the disappearance of its crew somewhere in the Baltic worsened the situation that much more . . . and followed right on the heels of cocked-gun situation in Berlin which forced the "airlift," brought on different currencies, armed borders and a thousand little insufferable acts.

Everything about this Nation and that of Russia are, in general, at total odds and apparently beyond reconciliation.

Much recent publicity has been given to Russian acts behind their "iron curtain" wherein they have acted ruthlessly and decisively in their pursuit of their avowed communistic, dictatorial, one-party, pagan doctrine.

Much publicity has also been given to the current race for new, more-powerful bombs and weapons for offense and defense by each country.

Much publicity is now being given on the "smoking-out" of Communists in governmental agencies in this country. (Hitler had proved the value of infiltration in softening-up a prospective victim for conquest).

All in all, we don't like the looks of the situation and we don't imagine that 150,000,000 other Americans do either. It won't pay to shrug your shoulders at it and forget it . . . another war, lasting any length, could well bankrupt this nation and bomb a vital part of it to ruins.

It might be well for all of us to ask a Greater Being to step in and restore peace and harmony to a troubled world.

Any front-line soldier will tell you there are no atheists in foxholes. Don't wait until then to be converted.

## Lake Street Ought To Look Pretty Again

Many of the older residents around Fulton will remember back before Lake Street was widened what a pretty sight the Illinois Central flower gardens and shrubs used to make in the "park" along the right-of-way. In digging through old newspaper files of 25 years ago we run across constant comments on their beauty.

When Lake Street was widened, we presume, so much of the old parkway was absorbed that the beautifying angle was discarded, and today a scant few remnants do little either to hide the right-of-way or to add much charm to otherwise tree-less and bare Lake Street.

This past week, for necessary safety reasons, another tree or two was removed to provide a clear vision to signal warning devices at the Lake-Church-Main streets intersection and crossing.

We know their removal was necessary, but their leafiness did provide shade for lots of hot country shoppers last year, as well as adding a little greenery to the drab expanse of concrete, back doors, etc., around them.

Wouldn't it be nice if, somehow, someone would undertake to beautify this four-block-long barren strip from State Line clear up to Smith's Cafe, alongside the tracks? A system of low bushes at intersections tapering to generous-sized trees in the middle of each block would provide good visibility at intersections and good shade and screening elsewhere, and would certainly do wonders to soften up the scene.

Fulton has no tree-lined Courthouse square, no central city park, in fact nothing to possibly help its downtown appearance except the beautifying of this one strip . . . and we feel that, in its present barrenness, the surrounding area lacks a touch that would make it much more pleasant.

### Dick Oberlin:

### Oberlin's Observations

The cheering report that came out of Frankfort and the Office of the Department of Mines and Minerals was full of figures, but if you took the trouble to look at those figures carefully and interpreted what they mean, you found a fascinating story of life and death in Kentucky coal mines and, most important, the improvements which have been made.

First and foremost was the news that last year, for the first time in 70 years, there was only one miner killed for each million tons of coal mined. In previous years, it has gone much lower—and, in 1948 was one death for each 600 thousand tons of coal brought from the earth.

There was another remarkable safety fact in the report—not a single fatal explosion in a Kentucky mine during 1949, while on the red side of the ledger, this item . . . the state asked nearly one mine in six to close down for safety reasons until improvements could be made.

But the most revealing of all

and turn out 5,400 children because of lack of revenue to continue operation beyond April, it was announced this week.

Fire Chief Lee Roberts and his crew did heroic work Monday morning in extinguishing a bad fire in the Paul DeMyer grocery store on 4th street.

The first air-mail flight from New Orleans to Chicago was made this past week. A 400-horsepower plane carried \$3,000,000 worth of registered mail.

April 25, 1930:

Last week the Union City Commercial celebrated its fiftieth anniversary with a 58-page edition. G. B. Baird, editor and publisher, is a former Fulton citizen who started his newspaper career here; it will be remembered that Gordon won the heart and hand of Miss Annie Lee Paschall, one of Fulton's charming society buds, before leaving town.

The Smith-Willis Stock Company will present a week of shows next week in their big tent next to the Cigar factory. The opening play Monday night is a gripping 3-act drama entitled "What Ann brought home."

Mr. and Mrs. M. L. Chambers announce the marriage of their daughter Bess, to Herbert R. Goulder, at Clinton. He is connected with the W. P. Felts Hardware Co. here.

Miss Jencye Bostick and Mr. Jewell England were married in Clinton last weekend. She is the daughter of Mr. and Mrs. J. W. Bostick of Beelerton.

Miss Estelle Clark, 12, daughter of Mr. and Mrs. Will Clark of Crutchedfield, won a \$5 dictionary and a free trip to the KEA meeting in Louisville for being one of the 33 best spellers in school.

Richard Cruce, 21, son of Mr. and Mrs. E. S. Cruce of near Cayce, died Tuesday morning at his home.

those figures in Department Chief A. D. Sisk's annual statement to the Governor—nearly two-thirds of all mine fatalities come from falls in the roof.

To this layman who never has been very far down in a mine, it would seem that this principal source of death in what always must be a hazardous occupation could be remedied.

For although a fine safety record was made last year, still 66 men died. And, that means a lot of saddened and broken homes. It means that death came from weakness in the roofs of mine shafts to more than 40 men. And, if the source of most of the danger is known then can't something be done about it?

According to Sisk ("better cooperation from both the operators and miners, and more thought being given to safety, plus closer inspection by both Federal and state inspectors is credited with reduction. But it's difficult to overlook those 966 mines which it was suggested be closed until safety factors were

improved.

Suppose the inspectors had been a day late in getting around to one of those? One mine out of six closed up at some time during the year for safety reasons is a pretty high percentage. And, it should be remembered that the state does not have authority to actually order a mine to cease operation. It can only request the owner to clean things up and suggest that he cease operation until improvements are made. Certainly a much stronger mine safety bill should be passed by the legislature—should have been passed many years ago.

If just one of the operators of any of the worst of those 966 mines which were closed down had been belligerent and said in the old-fashioned, devil-take-the-

consequences - manner of freebooting that he'd run his mine as he pleased (thank-you) and the state could just keep its nose out of it, then we might have had another Four-Mile disaster.

Then, that safety record never would have been established. Then, that safety record never would have been passed a tougher mine safety bill. If another Four-Mile disaster can be prevented by legislation, then the General Assembly definitely is remiss in not getting such laws as are necessary on the books.

Nineteen-forty-nine was a bright year in some ways for the mines in Kentucky. But the re-had been belligerent and said in the old-fashioned, devil-take-the-

lunch. So he grabs up his tools and goes down to the Creek back of his business place; tossed his line in—waited awhile but no fish. So he goes slowly along the Creek looking for fish. Along comes the Game Warden who asked him what he was doing. John told him that he was hunting for fish. Then the Game Warden asked if he was fishing. Yes if I can find any, sez John. The Game Warden sez let me see your license and John said that he had none. "O. K. I am the Game Warden—come with me up to "Happy" Hogan's maybe they have some fish up there or something."

"I don't know what he did with John but tell me what this is you are telling about Truman?"

"Well the 'Trumans were on their way to Independence. When about ready to land Harry said that he thought he would throw out a twenty dollar bill and make somebody happy." Mrs. Harry said why not throw out two tens and make two people happy when Marguerite spoke up and said why not throw out twenty ones and make twenty happy. An old farmer on the ground hearing all said, "why not throw Harry out and make everybody happy?"

What makes a railroad?

**Dollars...**  
*millions of them*

If you're building a house, the carpenter brings his  
own saw — cost about \$8.

But if you're shipping a carload of lumber, the engi-  
neer climbs aboard our locomotive — cost \$100,000  
up.

You can see why it takes working dollars to make a  
railroad. They must always be available when  
they're needed and where they're needed. Without  
them, the best railroads in the world — and that  
includes the men and women of the Illinois Central  
— can't run a good railroad.

Last year the Illinois Central spent \$38,000,000 for  
new equipment and other things to improve its serv-  
ice to you. The railroad also created a new consoli-  
dated mortgage, providing a firm foundation for  
future improvements.

We believe that keeping our railroad financially  
sound is important to our workers and to you. For  
this is the surest way for the Illinois Central and  
its workers to continue to earn — and deserve — your  
friendship and patronage.

## McMULLIN "CROST-RITE" CERTIFIED HYBRIDS MEET EVERY REQUIREMENT

### Missouri No. 148 Today's Most Outstanding Hybrid - It Has Everything

We believe this to be today's most outstanding hybrid and  
that it contains the four best inbreds known, hybridized in the  
best possible combination.

It is medium in maturity (about 115 days), and produces on  
the average somewhat more than a single, well covered ear  
which turns down as it matures and ripening while the stalk  
is still green, thus getting the full benefit of all the growth  
the plant can make.

In long distance performance it is seldom equalled, holding  
five year production records in many states. It is soft and  
therefore feedable and is adapted for either hand or machine  
picking.

Missouri No. 148 probably has the widest range of adapta-  
bility as to climate, latitude, altitude and soil of any hybrid  
adapted to the central Mid-South and near Southwest. The  
plants are medium in size, have strong vitality, are remark-  
ably efficient in plant food assimilation, are able to live up to  
their opportunity on either rich or poor land.

MISSOURI No. 148 IS OUR MOST POPULAR HYBRID

"HIGH TURNOUT." One of the splendid profit making quali-  
ties of McMULLIN "CROSS-RITE" CERTIFIED HYBRIDS  
is their high percentage of turnout. Often tests run from 85 to  
88%, which means that a bushel of dry ears weighing 70 pounds  
yields from 59 to 61 pounds of shelled corn. Their solid, well-  
filled, cylindrical ears with deep grains and small cob bring this  
about.

### Missouri No. 313 Produces Better Filled Ears

Its number indicates its very close relationship to U. S. 13, and it has, in our  
judgment, definite improvements over U. S. 13.

It has all the good qualities of the old, well-known standby, plus the advan-  
tage of increased pollen production and consequently better filled ears.

Missouri No. 313 produces, large, uniform, well covered ear, stands up particu-  
larly well because of its deep roots and strong stalks and is highly resistant to  
insects, disease, heat and drought.

It matures in about 110 days, is medium soft (high starch content grains), has  
turned down ear that dries out and harvests early with minimum moisture.

Missouri No. 313 is particularly uniform in growth and performance so that  
both in field and crib farmers point to it with pride.

It has a wide range of adaptability as regards latitude, altitude, soil and  
climate.

\* After many years experience in cooperation with the Agricultural Col-  
leges and Experiment Stations in Missouri, and adjoining states, we be-  
lieve McMULLIN "CROSS-RITE" CERTIFIED HYBRIDS meet every re-  
quirement as regards soil, latitude, climate, rainfall and altitude in the Cen-  
tral Mid-South and near Southwest.  
\* The hybrids were developed by the Missouri Experiment Station and  
the United States Department of Agriculture, and are recommended by the  
Missouri Seed Improvement Association and the Missouri College of Agri-  
culture for general use in Missouri and adjacent states.  
\* They are full season hybrids, stand up well, large ears, deep grained,  
not FLINTY or HARD, and are produced, selected, shelled, graded, treat-  
ed, bagged sealed, and sold under the strict supervision of the MISSOURI  
SEED IMPROVEMENT ASSOCIATION, which is the official CERTIFYING  
agency for Missouri.

## SOCIETY

### DRAMA DEPARTMENT PRESENTS MRS. ATHEY IN SPECIAL PROGRAM

The Drama Department of the Fulton Woman's Club presented Mrs. Marcia Richardson Athey of Paducah, a well known reviewer of current Broadway plays, Friday, April 14 at the Club home.

Mrs. Fred Gibson introduced Mrs. Athey, who has recently returned from New York where she attended all the leading Broadway plays. The plays reviewed were George Bernard's "Caesar and Cleopatra," a revival of the 1920 production with Cedric Hardwicke and Lili Palmer in the leads. "I Know My Love" by S. N. Behrman with Lynn Fontanne and Alfred Lunt playing the leads.

Special mention of Miss Fon-

tann's beautiful gowns and Mr. Lunt's dapper charm, with the reminder that this year in the twenty-fifth wedding anniversary, was of much interest.

"Death of a Salesman" by Arthur Miller, which has had a successful two years on Broadway and was winner of the New York Critic's Award. "The Member of the Wedding," a series of sketches from the novel by Carson McCullers with Ethel Waters and Julie Harris playing in it and "The Enchanted" by Jean Giraudoux is a fantasy in two acts.

Mrs. Athey gave an interesting dramatization from the play "Mad Woman of Charlott," also by the French novelist and playwright Jean Giraudoux, deals with the revolt of old age against the world as it is.

Mrs. Athey's dramatic ability, interpretations and criticism of the five plays proved that her interest in the theatre is more than a delightful hobby as she stated in her opening remarks.

Lovely corsages were presented Mrs. Athey and Mrs. Fred Gibson.

At the conclusion of the program refreshments of Russian tea and cookies were served from a beautifully appointed tea table centered with an arrangement of spring flowers and lighted tapers. Mrs. Fred Gibson poured.

### GARDEN DEPARTMENT HAS MRS. HASTINGS AS GUEST SPEAKER

Mrs. Carl Hastings was guest speaker at the meeting of the Garden Department of the Fulton Woman's Club Friday at the Club home.

Mrs. Hastings in her interesting and clever manner, made a talk on "Facts and Francis" and "The Cactus" which was enjoyed by all present. Mrs. Warren Graham presented Mrs. Hastings with a gift.

A feature of the program was a display of a fifteen year old "Crown of Thorns," belonging to Mrs. L. O. Carter which was in full bloom.

Mrs. Jesse Fields, chairman, presided over the business session and Mrs. F. H. Ruddle gave the secretarial report.

The Garden Department will be host to the May General Meeting of the Woman's Club and

During the social hour delicious refreshments were served by the hostesses; Mesdames John Earle Ernest Bell, Percy King, Smith Atkins and Ira Little.

Twenty-seven members, one new member, Mrs. Lawson Roper and one visitor, Mrs. L. O. Carter were present.

### MRS. POE ENTERTAINS BRIDGE CLUB

Mrs. J. A. Poe was hostess to the Thursday night bridge club at her home on Pearl Street.

Four guests Mesdames Jack Carter, W. B. Stokes, K. P. Dalton, Jr., and C. D. Edwards were included in the three tables of members.

Mrs. Clyde Williams, Jr., was high scorer for the members and Mrs. Thomas Mahan was second high. Mrs. Dalton was guest high. At the close of the games the hostess served a lovely salad plate.

Members playing were Mesdames Williams, Mahan, Stanley Jones, Joe Treas, Fred Homra, Morgan Omar, Parks Weeks and Clyde Hill.

## OVER THE TOP

The quota for Fulton in the now-ending 1950 Red Cross Campaign has been generously exceeded by almost 50%, Jack Carter, chairman, announced today.

With but a few remaining contributions yet to come, a total of \$1606.50 has been given; the quota here was \$1112.00.

Mr. Carter extends his thanks to all of the workers who unselfishly contributed their time in this successful campaign, as well as to those who helped boost contributions to this splendid total.

## SHUCK SAYS CENSUS TAKING IMPORTANT TO COUNTY POPULATION; HELP IS ASKED

Joseph (Buster) Shuck, who is in charge of the census in Fulton county, today said that, if the count is to be made complete in Fulton and throughout the county, persons who have not been contacted by a census taker will have to see to it that they are counted.

"We have many instances in the county, for example, where census takers have called at certain homes three times and have found no one there," Mr. Shuck said.

"The census taker cannot indefinitely keep working, and we are asking that persons who have been missed should contact me at my home 983-R-2; should contact a census taker if they know one, or should call Paul Abel, supervisor of the census in the Paducah District.

"It is a practical impossibility for census takers to contact everyone, and thus we must have cooperation if the job is to be done right."

"We are about through the work in Fulton and we know

some persons have been missed.

## Fulton To Be Hosts To Legion Auxiliary

Another in a long series of district meetings to be held in Fulton this Spring is the annual district convention of the auxiliaries to the American Legion posts. The meeting will be held here on May 2 at the First Baptist Church with the Auxiliary of the Marshal Alexander Post No. 72, as hostesses.

The meeting will last all day with the members of the Junior Woman's Club serving luncheon to the visitors and local members at the Woman's Club. Registration will begin at ten a. m. with Mrs. James Warren and Mrs. Jones Gamblin in charge.

Many members of the local auxiliary will participate on the program.

Mr. and Mrs. Alf Hornbeak are on a two weeks trip to Florida.

### AUSTIN SPRINGS

**Mrs. Carey Frieleds**  
Mr. and Mrs. Noble McGehee have arrived home from Chicago where they have been employed during the past several months.

**Mrs. Nora Vincent** is recovering from a deep siege of cold.

An epidemic of measles has spread over an area of District No. 1 and many children of the grades in Union school are indisposed victims of the malady.

**Mrs. George Haygood** is improving at this writing and her mother, Mrs. D. A. Mathis has returned to her home in this village.

**Rev. Alton Perry** filled his regular semi-monthly appointment at New Salem Baptist Church this past Sunday. Services are held at 10 o'clock and the public is invited.

**Mrs. Earl Mitchell** and children, Don and Judy of Paducah, Mrs. Eric Cunningham and son, George Ed of Dresden, spent this past weekend with parents, Mr. and Mrs. Ed Frieleds.

Farming is getting into full swing around this area, during the past several days with quite a bit of discing, breaking of land and some are busy clearing out thick-

ets, fence rows and also along the highway where a lot of undergrowth has sprung up.

Relatives around here have received news of the sudden death of Malcom D. Biggs, 63, city recorder in Martin. Mr. Biggs had spent his entire life in Martin and was a prominent citizen in business affairs and had been in failing health for some time, although death was due to a heart attack which came suddenly Tuesday morning.

The deceased is survived by his companion, a son, Douglas Biggs and two sisters, Mrs. Bebe Boswell of Jackson and Mrs. Nelle Threlkeld of Louisville.

Funeral services were held Wednesday at 2 p. m. in Martin at the First Baptist Church with Rev. E. V. Underhill officiating. Winstead-Murphy Funeral Home was in charge of the arrangements with interment in East Side Cemetery.

Baby Sammie Jane Mathis has been suffering from a sore throat but is reported better of the ailment.

Buton Lassiter was in Murray this past Monday in business.

Mrs. Ed Frieleds is suffering a bronchial cold although not confined to her room.

### FATHER and SON

BUILD THIS 1950 BUICK 4-DOOR SUPER TOURBACK MODEL

Dear Dad:

Always want a Buick? Well, if you don't have one here's your chance for you—and Junior—to make an 11-inch exact-scale miniature. It doesn't have Dynaflow, but it does have a miniature electric motor driven by two 10c No. 935 Eveready flashlight batteries. Flick the switch and watch this Super scooter over any smooth surface!

You can build this realistic model from these plans and instructions and you can obtain additional information from the May issue of *Mechanix Illustrated* magazine. The model is made entirely from balsa wood so visit your local hobby shop for the materials. If the materials are not available or you have any questions regarding construction, drop me a penny postcard addressed to Father and Son in care of your local newspaper.

The body is built up from 1/4 and 1/2 inch sheet balsa. Enlarge and trace the side and top views to

full size, using the 1/2 inch square, to make the outlines. Trace the various outlines on each piece of balsa, cement them together and proceed to carve the exterior outline. If you ever run into difficulty when carving, you can always visit your local Buick showroom and look at the real car. The 1 1/2 inch diameter wheels are of rubber. Note that only one rear wheel is driven by the motor and that the two 10c Eveready No. 935 flashlight cells are mounted in a battery box that is part of the entire removable motor section.

After the outside is shaped and the motor hooked up, you'll be able to paint the model. First use a coat of wood filler and follow with four to six coats of colored model airplane dope. Add the trim and your Buick will be ready!

Good luck,  
**Larry Eisinger**

Mr. and Mrs. Berry Stokes of

Paducah accompanied their grandson, Lad Stokes, home Saturday from a week's visit.

Mr. and Mrs. Morgan Davidson and Mr. and Mrs. Harry Murphy visited Mr. and Mrs. Rupert Browder Sunday afternoon.

Several of this community attended the funeral of Luther Pewitt Tuesday afternoon at Hornbeak Funeral Home with interment at Palestine Cemetery.

Mr. and Mrs. Harvey Pewitt were guests of Mrs. Leslie Nugent Sunday. In the afternoon all drove to Union City and visited Mrs. Melvin Edmiston and Miss Ethel Edmiston.

A large crowd met Monday afternoon and cleaned cemetery and church ground which made quite an improvement.

Palestine Homemakers Club will meet Friday in an all day meeting at Community Center.

### JERSEY CATTLE SHOW IN BARLOW

The Purchase Parish Jersey Cattle Club Show will be held at Barlow, Kentucky, April 29. The showing will be held on the Main Street in the downtown business section. Lynn R. Rich, Jr., president of the Business Men's Club of Barlow, advises that detailed plans are formulated and committees on arrangements are at work to make the Jersey Cattle showing the biggest event of the year. Dr. W. L. Tittsworth, President of the Purchase Parish Jersey Cattle Club, states that there will probably be around a hundred entries of pure bred Jerseys in the showing.

Judging Teams from Vocational Agriculture Schools, 4-H Clubs, G. I. Farm Training Classes and other organizations all over the Jackson Purchase area are being invited to participate and assist in placing and judging the cattle. The showing will start at ten o'clock and the public is invited.

## BETHEL TREVATHAN WINS SPELLING BEE

Miss Bethel Trevathan, 14, daughter of R. A. Trevathan of South Fulton, eighth grade pupil in the South Fulton school, was crowned champion speller of Obion county in the annual Obion County Spelling Bee held at the court house Friday afternoon.

Taking second place in the contest was Miss Ruth Ledbetter, 12, daughter of Mrs. Robert Ledbetter of Route 1, Obion, an eighth grade pupil in the Troy school, and third place went to David Dean, 14, son of Houston Dean of Hornbeak, eighth grade pupil at Hornbeak.

The three winners were presented cash awards of \$5, \$3, and \$1, respectively, given by the Obion County Teachers association.

As the winner Miss Trevathan will represent Obion county in the annual MidSouth Spelling Bee at Memphis on Friday, April 28th. All of her expenses will be paid on her trip to Memphis, and whether she places among the winners or not she will receive a \$25 government bond. The winner of the MidSouth bee will be given a free trip to Washington, D. C.

There were 422 words on the list provided for Friday's contest and Miss Trevathan became the winner when she spelled the 382nd word, encouragement, correctly.

Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth. — II Timothy 2:15

# It even PROTECTS YOUR POCKETBOOK!

RAP your fist against these stout bars—feel the gauge of the bumper stock they're made of—and you know you've got stout protection here.

But then figure:

Here are nine bumper guards (not counting the two that hold the parking lights) so that's one extra item you needn't buy.

And each is individually replaceable—if damage should occur you have only a simple part or two to replace, instead of a complete, cast-metal grille.

Thus this stunning new design—freshest front-end style note on the highways—protects your pocketbook as well as your car.

## DEATHS

### LUTHER PEWITT

Funeral services for Luther A. Pewitt, who died Sunday at the Fulton Hospital, were held Tuesday afternoon at the Hornbeak Funeral Home with the Rev. C. E. Hawkins, pastor of the First Methodist Church in charge. Interment by Hornbeak Funeral Home was in the Palestine cemetery.

Honorary pallbearers were members of the Elks Club.

Mr. Pewitt spent his entire life in this community. He was an active member of the First Methodist Church as long as his health permitted and was a member of the local Elks Lodge.

He owned and operated a welding and repair shop in Fulton.

Mr. Pewitt is survived by his daughter, Mrs. Sue Griffith of Mayfield, a grandson, Bill Griffith of Mayfield, six sisters, Mrs. Carl Reed, Mrs. Hugh Rushton, Miss Mary Kate Pewitt of Fulton, Mrs. Herbert Hardy of Union City, Mrs. Fred Hudson of Hawthorne, Calif., Mrs. Guy Lawrence of Chicago, two brothers, Guy Pewitt of Milwaukee and Justus Pewitt of Los Angeles.

### MRS. RILLA LOWE

Funeral services for Mrs. Rilla Lowe, beloved wife of J. H. Lowe, former mayor of South Fulton, who passed away at 11:05 Saturday at Jones Clinic, were held Sunday at 2 p. m. at the First Methodist Church.

Mrs. Lowe was born in Callo-way County near Murray on

## CHAMPION PORK PRODUCER

For the third year in a row Miss Fancy, 8-star PR purebred Duroc sow owned by Dr. A. A. Warlick, Moulton, Texas, has rung up the highest total 56-day weight for spring and fall litters of any sow in the United States. Now bred for a spring litter this 4-year-old sow set an all-time total 56-day litterweight record of 1,956 pounds on her spring and fall litters of 1948 and has raised 84 pigs in 8 litters. Average production for her 8 litters was 12.12 pigs farrowed, and 10.5 raised, with a 56-day official PR litterweight of \$11.3 pounds and a 56-day weight per pig

January 1, 1869, the daughter of J. C. and Patricia Stubblefield.

When a small child she moved to Walnut Grove neighborhood. In 1902 she moved to South Fulton and joined the First Methodist Church of Fulton where she was a member for forty years. On October 22, 1893 she was married to J. H. Lowe.

To this union was born four sons, H. A. Lowe of Paducah, Ky., K. Lowe of Shawnee, Okla., O. R. Lowe, Fort Knox, Ky., and H. F. Lowe, who died in 1932. She is also survived by two brothers, Rev. C. M. Stubblefield, Forth Worth, Texas and J. H. Stubblefield near Walnut Grove. Also surviving are seventeen grandchildren and seven great grandchildren.

Active pallbearers were: Abe Jolley, Gilbert Bowlin, Jesse

Blackburn, Ernest Newton, Parker McClure and Virgil Davis.

Honorary pallbearers were members of Susanna Wesley Sunday School Class.

The body remained at the Whitnel Funeral Home until time for the services.

### JOE JOHNSON

Funeral services for Joe M. Johnson, 47, who was found dead beside a railroad track at Kuttawa Thursday, April 13 having been struck by a train, were held at the Cayce Methodist Church Saturday afternoon at 2:30 with the pastor, Rev. L. E. Shaffer, officiating. Burial by the Whitnel Funeral Home was in the Cayce cemetery.

Johnson, a resident of Cayce, was employed as a building carpenter with the Illinois Central Bridge gang and was working out of Paducah at the present time.

He is survived by his widow, Mrs. Lois Johnson, four brothers, Ben, Hubert and Earl Johnson of Los Angeles, Calif., and George of Hopkinsville, one sister, Mrs. A. G. Campbell of Fulton, Route 1.

Mr. Johnson's body was found by Francis Kingston, an employee of the I. C. It lay between double tracks near the station house at Kuttawa. He had apparently been hit on the left side by a passing train. His head was crushed and his right hand severed.

## SCHOOL NEWS

### FRESHMAN NEWS

SE, BB, BMJ, MY, TG, MHS, are still the steady kids of our class.

Say, has PA-got a cute girl friend in the eighth grade? How about that KC.

Say, DJP what about giving us a clue on who your flame is? Couldn't be WV could it? What does FG think about that

It is true that VF was seen with RC at the show the other night? Come on, Richard, tell us about it.

ELS is still trying to make up her mind about Hickman and Union City. Better hurry up Emma.

Wonder where MY got those cute pins she is wearing? TG couldn't have given them to her could he, Martha?

MDW and PM seem to be having a struggle between WN. May the best girl win.

### JUNIOR NEWS

Spring is here and with spring comes that great American sport; baseball. There is another fever besides spring fever and that is ball player fever. Among the many Junior girls who have caught it are: BJT, BB, BJS and many others. Good luck girls. BJS seems to be caught in the middle concerning three boys. Who will be the victor? TS or WR, or BSC?

BSC has added a new one to his list. She is MD. He must really like variety.

WR took PM to the weiner roast Monday night. He seemed to be having a good time.

Did we see MF with BJG's one and only last week? Wonder what BJ thought about it?

Say, TN and WN did you ever find Hazel? Keep trying!

What has WN so worried? Has he gotten it straightened out or does he need a little help Don't keep us in suspense, W.

Wonder why SAB's favorite theme song is "Charlie, My Boy?" Did that boy she had a date with Saturday have anything to do with it?

### **LIBEL SUIT SET IN MAY 8 COURT**

A \$50,000 libel suit against The Murray Ledger & Times, W. Percy Williams, the publisher, and his son, James Williams, the editor, has been set for trial in the Calloway County Circuit Court at Murray on May 8.

The date of the trial was set by Circuit Judge Ira Smith. He will conclude the April term of court at Murray, go to Cadiz for the court term there, and then return to Murray to hear the libel suit during a "court vacation."

Circuit Court Clerk Dewey Raggsdale said that the suit was brought by Kerby Jennings, publisher of The Murray Democrat. A counter claim and cross petition for \$150,000, filed against Mr. Jennings, was dismissed yesterday.

Attorneys in the case agreed on the May 8 trial date. The daily newspaper is represented by Senator George Ed Overby and Waylon Rayburn. Mr. Jennings attorneys are Judge Hall Hood and Wells Overby.

The publisher of The Ledger & Times resides in Paris, Tenn. He is also the publisher of The Post-Intelligencer in Paris and The Fulton Leader in Fulton, Ky. His son, James Williams, formerly lived in Paris and has managed the Murray newspaper since returning from service in World War II.

### **Mississippi Plantation Life: The Writings Of Mattie Dear**

When I thinking on writing my article the first thing gets in my mind and that is; in my distress I cried unto my Lord, which I did. The Lord has blessed me with good health and that is wonderful to say because so many are sick.

The Mission sisters and the Beautifying Club sponsored a program at my church. We sure did have a soul reviving service.

Rev. O. W. Webster's text was the second chapter of Jonah the third verse. Subject "Learning God's Mission." Preached a wonderful sermon. I sure enjoys good service. Money raised but not much. Then the Heaven Bound Quartette come in and sung out of their souls. O Mattie Dear felt the spirit all over. I sure had a nice garden. Just got it worked out before the rain and then that slowly rain come stealing down.

The Lord knows just when just how much to send his blessing: Mrs. Johanna, I has another good white friend lady in person of Mrs. Mary D. Martin. She sure is sweet to me. She gave me a \$30 pair of glasses. Mr. Joseph F. Ellis, Jr., he is the editor and published. Now he is a fine young man.

Mrs. Johanna I'll send you my picture in my next article. I has a nice flower yard. We ain't had no snow here yet so here is another poem. Subject, The Ladder of Fame.

The Ladder of Fame today is Standing, Leaning against the wall of Time; Brace upon the rocks of ages; Now is the time to climb.

### **WRIGHT ANNOUNCES 1950 FARM PLANS**

Chas. E. Wright, chairman, Fulton County PMA Committee, announced today that April 30 is the deadline for signing the 1950 farm plans. To be eligible for a conservation payment in 1950 a farm plan must be executed, he stated.

Seventy-eight percent of Fulton County farmers have filed their 1950 plan and he urged the remaining twenty-two percent to contact the county office at the earliest date in order to avoid a last minute rush.

For the benefit of those who cannot get to the office until the last day, the County Office will be open Saturday, April 29th, he said. For those living in the Eastern end of the county a representative from the county office will be in Fulton at the Southern States Co-Op Store on Saturday, April 29th.

Mr. Wright also said today that the county office had received a procedure whereby a farm may release all or any part of a 1950 cotton allotment which will not be planted in the 1950 crop year. The Act provides for two types of releases of cotton allotments. One, a farm may release the allotment for 1950 only or, two, the farm may release the allotment permanently.

This release of the cotton allotment is strictly voluntary on the part of the farmer. However, any farmer not intending to plant cotton has a chance to help a neighbor who might not have the allotment he wants for his farm. These releases cannot be made with a request that the acreage be assigned to any particular farm. The released acreage shall be pro-rated.

### **Union City Ensemble To Play In Hickman**

Friday evening, April 21, at 8:15 the Union City String Ensemble will make its second appearance in Hickman under the auspices of the Hickman Woman's Club.

Their Baron Knoop "Stradivarius" violin, one of the best known of the famed Italian violin maker's masterpieces, is valued at

\$100,000. The violin now belongs to the Wurliizer Company of New York.

The violin will be played by Romah Prydatkevitch, head of the Murray State college violin department, and by Mrs. Don Gardner, concert master of the orchestra.

Mrs. J. W. Fenwick left Saturday for a trip to New Mexico.

heard by an interested and attentive audience in the First Christian Church Monday night, given under the auspices of the Christian Science Society of this city.

Dr. Biggins is a member of the Board of Lectureship of the Mother Church, the First Church of Christ, Scientist, of Boston. The lecturer spoke substantially as follows: "A few years ago, some travelers stopping at a railway station in what is known in the United States as the Middle West, witnessed a memorable

scene. A band of young American soldiers stood in the station. Erect and alert, they joined in song, with the harmony and vigor of a well-trained choir. There was something impressive and ennobling in the way they raised their voices in song. It symbolized the power and unity of divine law.

"Scientific religion meets the most exacting demands of modern thought in just such ways. It satisfies the deepest longing of the human heart. It appeals to sound reason. It affords the solution of problems in human activities and relationship. It ensures health, security, and progress. It provides the basis of true self-government, prosperity, complete satisfaction, and abiding happiness. It promotes mutual understanding among men and nations. Christian Science measures up to these reasonable requirements by extending its ministry to the healing of sickness as well as of sin. It is essentially the religion of today."

Mary Baker Eddy, the discoverer and founder of Christian Science, has written in her textbook, "Science and Health with Key to the Scriptures," (p. 150): "Today the healing power of Truth is widely demonstrated as an imminent, eternal science, instead of a phenomenal exhibition. Its appearing is the coming anew of the gospel of 'on earth peace, good-will toward men.'"

"Mrs. Eddy has gained the true vision of the Christ, the spiritual idea of God," the speaker said. Her spiritual perception grew ever clearer as her experience ripened and her demonstration advanced. John on Patmos recorded his vision of "a new heaven and a new earth," and his book of Revelation remains as part of the canonical writings now comprised in the Bible. So, too, Mrs. Eddy wrote her vision, and it is preserved in her textbook, "Science and Health with Key to the Scriptures." Here she records the reality of being, the true nature of God, man, and the universe as spiritual, harmonious, and immortal; and she makes clear the application of this truth to the healing of disease and to the solution of all human problems.

"The young American soldiers sang their song in victorious tones. So the Christian metaphysician, trained through Christian

Science, sings his song of victory over evil through the demonstration of the omnipotence of good."

"On New Year's morning 1910, a happy group of Christian Scientists gathered in the home of our beloved Leader, Mrs. Eddy. While she was with them, She wrote extemporaneously a poem, which expresses the harmony of being which she had devoted her well-spent, fruitful life restored to active use the practice of Christ's Christianity, the religion of today, 'the same yesterday, and today, and forever.' This is one of the verses of that poem written by our Leader, now published in 'The First Church of Christ, Scientist and Miscellany' (p. 354):

Give us not only angels songs,  
But Science vast, to which  
Belongs  
The tongues of angels  
And the song of songs."

## CHRISTIAN SCIENCE

"Probation After Death" is the subject of the Lesson-Sermon which will be read in all Christian Science churches throughout the world on Sunday, April 23, 1950.

The Golden Text is: "God hath both raised up the Lord, and will also raise up us by his own power." (1 Cor. 6:14)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God." (Rom. 12:2)

## McCONNELL

There was a large attendance for both morning and evening services at the Church of Christ and Baptist Church Sunday.

The dwelling in which Mr. and Mrs. Ocie Lee Panel and children live, located on the J. D. Davis farm, just East of McConnell was destroyed by fire Friday night, as well as outbuildings. A

miscellaneous shower was given at the Baptist Church Monday night for the Panel family and many useful gifts were received. For the present time, Mr. and Mrs. Panel and children will reside in the smaller house located on the Davis farm.

Mrs. Will Hastings has been visiting her grandson, James Keith Hastings and family of St. Louis, Missouri, and other relatives there.

Those from here attending the all-night singing at Dukedom Friday night were: Mr. and Mrs. Paul Long and daughter, Evelyn Mr. and Mrs. Silas Jones, Mrs. Mary Cook and Carl Wood.

Dr. and Mrs. John M. Parrish and two children of Oklahoma City, Oklahoma have been visiting his parents, Mr. and Mrs. J. M. Parrish.

A Sanding Demonstration was held at the home of Mrs. Doyle Atkins of near Martin last week. The following ladies from this community attended this demonstration: Mesdames Thad Parrish, Rufus Kimberlin, Harold Rowland, Joe Harris and Johnnie Allen.

Misses Avaleen and Sylvadeen Moss spent Friday night with Miss Laquita Pigue of Fulton.

The many friends of Mrs. Charlie Newton of Daytona Beach, Fla., formerly of this vicinity, will be grieved to learn of the serious illness of her mother at Malvern, Ark.

Mrs. Pete Crain and son, John Ocie, of Nashville, spent last weekend with Mrs. Ocie Moss and son.

Miss Myra Ann Moss spent Thursday night with Miss Annette Williams of near Fulton.

Mrs. E. L. Sandford returned to her home near here Sunday night, after having been hospitalized at the Baptist Hospital, Memphis, for several days. We wish for Mrs. Sandford a very speedy recovery.

Miss Bessie Bizzle, daughter of Mr. and Mrs. Cletus Bizzle, and James Wilhaucks, son of Mr. and Mrs. Buck Wilhaucks, were patients at the Haws Hospital, Fulton, last week.

Mrs. Charlie Goodjine is reported ill at her home at this writing.

## PERSONALS

Mrs. Jim Hutcherson visited her brother, Morton Williams, Monday in Memphis. Mr. Williams is doing nicely following an operation in the Baptist Hospital.

Mr. and Mrs. Irvin Waterstreet and sons, Mike, Ronald and Stephen of St. Louis, are the guests of Mrs. Vodie Hardin on Third Street.
