Just in case you missed 'em in this month's I. C. Magazine, here are a few interesting figures on life-expectancy of railroad men, which, concludes the Railroad Retirement board, all go to show that a railroad man lives longer than he used to:

The number of railroad men out of 100, at given ages, who will live to age 65 are as follows:

At 30 years of age, 69.
At 40 years of age, 71.
At 50 years of age, 76.
At 60 years of age, 88.

Railroad men retiring at age 65 will, on the average, live 13 years after they retire. Out of 100 railroad men retiring at age 65—

82 will live to age 70.
40 will live to age 80.
9 will live to age 90.

The number of years railroad men will live, on the average, after retiring on disability annuities, for given ages at retirement, are as follows:

At age 40, 19 years.

At age 50, 14 years.

At age 60, 10½ years.

This group consists of men retiring under the occupational disability provisions of the act and includes many who are actually totally disabled. About 80 per cent of current disability awards are made under these provisions of the law.

Women railroad workers retiring at age 60 will, on the average, live for 17½ years; those retiring at age 65, for 14 years.

"These figures," cheerfully summarizes the Retirement board, "disprove the old idea that railroaders die as soon as they retire"—adding, seriously, that the retirement benefits under the act are all the more valuable.

In his column, "Wild Among Us," by Jack Jest of the University of Kentucky, the columnist, this week, used the vertical pronoun "I" nine times, he pronouns "me" and "my" three times each. Jest another one of those cases of eye trouble that an Optometrist can't cure.

Television may become one of the farmer's greatest assets. Where television can be received there are more sets proportionally in the country than in the city. When development has reached the national hookup stage, farming efficiency can be expedited by showing how to do a job well rather than by telling in booklet form. With entertainment features television aerials may become symbolic of both education and contentment, and the answer to the old question, "How You Gonna Keep 'Em Down On The Farm."

Noticed on the counter of a local drug store this week, on a deodorant package: "Chad" . . . formerly "Fresh". Now stale, we presume.

Major Paul Durbin, stationed with the U. S. Army in Yokohama, Japan, proves that his thoughts are ever back in his native Fulton: Tuesday morning a small package arrived for Joe Hall, secretary of the Fulton Country Club, from the Japanese city. On opening it Joe found nine red silk flags for the course greens, neatly stitched with white numbers by some deft Japanese seamstress, as a memento from the Major to his Fulton golfing friends. Paul is a former president of the Club.

Beginning with our next week's issue, the News will carry a weekly sports column on Kitty League baseball by that eminent broadcaster, political analyzer, and radio analyzer, formerly the Bob Hope of Commercial Avenue and now the whole Columbia Broadcasting system of Washington Avenue . . . Morris Edward Ethridge . . . better known as "Ham" to everyone within a 200-mile radius of Fulton. Ham has agreed to take pen in hand and jot down some of the things he sees, and thoughts that come to his mind while he watches the games throughout the season.

We are sure everyone is going to enjoy "Ham's" baseball column, so watch for its first appearance . . . in next week's paper.

The best advertisement for the shoes he sells is himself . . . that's the conclusion a lot of Lions Clubbers and their guests came to last Thursday eve at the Strata Club as a certain graying dignified gentleman broke into a torrid jitterbug with feet flying all over the place. Stay with 'em B. N.

Ted Goodwin, Don Wright Get Sharpshooters Medal

Fulton's young sportsmen's teams won every competition except one in the activities held at the rifle shoot in Cayce on Tuesday. Ted Goodwin son of Mr. and Mrs. Ernest Goodwin and Don Wright, son of Mr. and Mrs. Hendon Wright came out as sharpshooters with Ted leading the competition in the one-man senior team and Don winning top place in the one-man junior team. Ted's score was 140 with his nearest opponent, Clem Atwill of Cayce shooting 139 and Billy Garrison of Hickman, 62. Don's score was 92, with J. Garrison of Hickman second with 40 and P. Pennell of Cayce third with 17. Winners of Tuesday's events will participate in the district competition in Benton on Saturday, with winners from that event getting "all-expense paid trips to the State meeting in Louisville in August."

Fulton's top scores probably

are a result of the five Army rifles and 12,000 rounds of ammunition recently presented to the Fulton school by the NRA. Hunter Whitesell is instructor of the class with James Hibbs and Charles Shupe assisting.

Other winners in the order of their finish are:

Senior rifle teams—two-men. Fulton, Cayce, Hickman; four-men. Fulton, Cayce, Hickman.

Junior Rifle teams—two-men. Fulton, Cayce, Hickman; four-men. Fulton, Hickman.

Casting: (senior) Tom McKnight, Fulton; B. B. Davis, Hickman; Junior, Gerald Bushart, Fulton, D. Woods, Fulton.

Moskeet: (senior) Joe Taylor, Cayce, first and A. Workman, Jr., Cayce, first in the junior team.

The casting and moskeet competitions were conducted by John McClintock, game warden of Fulton and Hickman counties.

YMBC TO ENTER FLOAT IN SCOUT CIRCUS AT UNION CITY TO BE HELD ON MAY 12TH

Elbert Johns, scout field executive, was principal speaker at the Young Men's Business Club meeting when the group met at the Palestine Community House on Tuesday night. Johns told of the elaborate plans being made

to stage the annual scout circus to be held in Union City this year on May 12. The circus was held in Fulton last year.

The more than fifty members enjoyed a chicken dinner as only the ladies of the Lodgston Parent-Teachers Association can prepare. The group will enter a float in the Scout Parade in Union City and Uel Killebrew, Bill Hinkle, W. B. Stokes, Frank Wiggins, Bud Davis and H. P. Allen were appointed to make the float.

A committee consisting of Joe Hall, Robert Graham, James Meacham and Al Owens, was appointed to contact the other business and civic clubs in regard to the matter.

Foad Homra reported that advance ticket sales for the opening ball game were encouraging and predicted a record crowd for the game, May 3.

Van Latta, Billy Fry and Leon Fields were voted into the club as members.

Other standing committees recently appointed by President Stanley Jones are as follows.

Fair Committee—Foad Homra, chairman, Raymond Stallins, Carter Olive, Ernest Cardwell, Barney Speight, H. P. Allen, Loyd Bone, Bill Hinkle.

House Committee—Joe Hall, chairman, Harry Bloodworth, Loyd Bone, Richard Cummings, Jack Speight.

Membership Committee—Edd Engle, chairman, Roy Hamby, R. E. Hyland.

Publicity Committee—Orvin Moore, chairman, Donald Stephenson.

Cub Scout Committee—Bertes Pigue, chairman, Bill Hinkle, Ellis Ruddle, William Stokes.

Sick Committee—Otis Blizze, chairman, Charles D. Jones, Larry Latham.

Entertainment Committee—Frank Wiggins, chairman, Charles B. Jones, Joe Cochran.

People Ain't So Bad

Census-Taker Finds Lots of Living in Ole Home-Town

By Mary-Nelle Wright

It was just before nine that morning when I started on my first visit to enumerate for the census. As I tucked my enumerator's kit firmly under my arm and made sure that I had filled my fountain pen with the required black ink, I suddenly had a feeling of panic and stopped dead-still in the middle of the sidewalk. "Maybe (I told myself) they won't come to the door. Maybe they won't tell me all they are supposed to—what will I do then? Why did I take this job, anyway? I don't want to ask people how old they are, how much money they make, etc., and I don't blame them if they don't want to tell me. A census taker is a nuisance. That's what I am. A nuisance. But then, I reasoned, someone has to record these things for the government and it sure looks like I'm 'it'. So—I straighten my shoulders and quicken my pace and on I go.

After visiting a few homes I began to "warm up" in filling out

the census form as well as in my conversation and before I had finished a block I sat down on the curb to rest and said to myself, "Well, now, this is about the nicest thing that ever happened to me. Why, I will have an opportunity to go into homes and to know people I'd probably never meet in my life, if I hadn't been a census taker."

As the days went by and I filled out more and more P-1 forms I got to feeling like I knew everyone in Fulton. People are wonderful. We're all alike, you know. All we need is for someone to have time to sit down and be interested in our problems. That was one of the greatest joys I have ever had—listening to all those people. I heard about Johnnie or Susie who was away in school, what kind of grades they were making—or about Tom or Harry who was in Detroit or New York and the kind of jobs they had—about Mary's two babies who had just recovered from the chicken-ox

and if the oldest one would have a scar on her left cheek—about the new home someone was building and how they were "camping out" in two rooms until it was finished. Another had just bought a new car and whether or not they could afford it, but the old one was just simply worn out and they either had to buy a new one or start walking—about all the fruit one canned last year and how she hoped the peaches weren't killed during that cold spell because there is nothing like a can of real peaches, these canneries just don't know how.

Someone was trying out a new washing machine and apologizing for her smoked-up windows (she should have seen mine). In another house the couch was covered with papers to protect it from a beautiful dog much loved by the family—someone making slip covers that made me green with envy when I thought of my old ones—a beautiful solid cherry table bought off of a junk wagon

years ago for ONE dollar. A bowl filled with philodendrons that just grew and grew with no pampering at all—those lovely old people who utilized every inch of ground around their house to the extent of raising plenty of strawberries each year for the table and for canning. Then, there were those who have lost their loved ones, but who are brave enough to go on, somehow.

Others had babies and children cramped in two or three small rooms but with smiles and happiness on their faces—old people who live alone and are happy when someone younger takes a little time to talk with them.

And then, when I was enumerating the last block or two in my district I came across a person whom I shall always remember and regret having missed such a wonderful opportunity to have known. She has lived in Fulton for over a year and in America for just two years—this little German girl who was an interpreter

Stanley Jones, YMBC H May Be Named Councilman

Stanley Jones, popular young businessman and a veteran of World War II, probably will be named city councilman on Monday night to fill the vacancy caused by the resignation of Russell Pitchford. The announcement was made today by Mayor Smith Atkins, who said that Mr. Jones has signified his willingness to serve on the all-veteran council elected in last year's primaries.

Mr. Jones, who is associated in the coal and plumbing business with his father is serving his second term as president of the Young Men's Business Club, which is again this year sponsoring the highly successful West Kentucky-Tennessee Fair. He served in the Navy in Pearl Harbor

in 1943 and after his discharge served as a civilian employee of the Government for several years.

The new councilman is vitally interested in Boy Scout work and is active in many of its projects. He is a Methodist and married to the former Margaret Puckett. They have one son, Johnny.

In an interview with the News, Mr. Jones said that he was in complete accord with the aims and purposes of the City Council and would work with them in any capacity to make Fulton a busy and growing community.

Other members of the council are: Al T. Owen, James Meacham, R. O. Williams, Joe Treas and Charles Robert Bennett.

"EVENING OF MUSIC" ON MONDAY NITE IS COMMAND PERFORMANCE FOR MUSICIANS

"An Evening of Music" that eagerly anticipated musical event sponsored by the music departments of the Woman's Club will be held this year on Monday night, May 1, at eight p. m. at the club home. The grand finale of the year's musical accomplishments, talents are all rolled into one neat package and presented to an interested audience. The event is planned in observance of National Music Week, when the city's outstanding musical artists are presented in a command performance.

The program follows:
Voice: At Eve I Heard a Flute, Strickland, Miss Amelia Parrish.
Piano Duo: Rhapsody in D

Minor, Federer, Misses Anne Latta and Carmen Pigue.

Piano: Serenade, Herbert, Miss Betsy Whitesell.

Voice: I Love Life, Mana-Zucca, Miss Barbara Roberts, accompanied by Mrs. G. G. Bard.

Voice: Romance, Romberg, Mrs. H. N. Strong accompanied by Mrs. J. B. Mahley.

Piano: Sonata Pathétique-Allegro, Beethoven, Mrs. G. G. Bard.
Double Trio: When Children Play, Fenner; Some Enchanted Evening, Roger and Hammerstein, Mesdames Hendon Wright, Charles Gregory, J. B. Manley, C. R. Bennett, Walter Voepel and Hugh Pigue.

Piano Duo-Finale: Piano Concerto Op. 18 No. 2 Rachmaninoff, Mrs. Steve Wiley and Mrs. C. L. Maddox.

ATTENDS CONFERENCE

Mrs. W. S. Atkins attended the national-wide Assembly of Methodist women, as a delegate from Fulton, held in Cleveland, Ohio, April 18-21. 3,500 women from the forty eight states represented the Woman's Society of Christian Service of the Methodist Church.

Big Celebration For Baseball's Opening

Next Wednesday evening at 8 p. m. the 1950 Kitty League baseball season officially opens in Fulton with a parade and appropriate ceremonies during the evening.

A big parade, starting at Second and Carr streets, at 7 p. m. will march up Lake Street and on out Fourth street to the ball park for a flag-raising ceremony and the toss of the first ball by Mayor Smith Atkins.

First-night activities here are sponsored by the Fulton Young Men's Business Club, with the joint assistance this year of the South Fulton Booster Club. Both organizations report their "Booster" tickets are selling fast, and an overflow crowd is expected to be on hand to see the traditional match between Fulton and Union

City in the first series.

Next Week's baseball schedule of Fulton Railroaders:

Tuesday, May 2: Fulton at Union City.

Wednesday, May 3: Union City at Fulton.

Thursday, May 4: Fulton at Union City.

Friday, May 5: Union City at Fulton.

Throughout the league, however, the Kitty baseball play opens an evening earlier. Fulton's first game, with Union City, will be played there on next Tuesday, May 2.

YMBC chairman for opening night activities in Fulton is Billy Blackstone.

RAY GRAHAM PLANS 2-STORE BUILDING

Cement for a new, two-store brick building was poured on Thursday morning to be built by Ray Graham, who announced that when completed the nearly \$15,000 structure will be available for rent. Constructed in modern design the building will have more than 3000 feet of floor space. It will be built with a new type of brick in five shades, with a 14-foot front.

The front exterior of the structure will be designed with display windows and cornerstones of stone. It will be insulated throughout.

The building is being erected on the Graham property next to Haws Hospital across the street from Franklin's Store.

Paul Bugg of Rosell, New Mexico is visiting his brother, H. H. Bugg and Mrs. Bugg.

RETAIL FIRMS WILL CLOSE FOR SUMMER

Starting next week, most Fulton retail firms will go on a summer closing schedule, in which most of the firms will close Thursday afternoons during the months of May, June, July, August and September.

Among those who have indicated their definite choice of Thursday afternoon closing are the retail ready-to-wear stores; and while all have indicated that they will begin closing at noon Thursday in May, at least one has indicated that if plans to reopen in September instead of waiting until October.

Garland Merryman, as spokesman for a newly-formed retail grocers' association in Fulton, advised the Chamber of Commerce last Monday evening that his group was in favor of an all-day Thursday closing, but just how many will remain closed all day, and how many will merely observe the half-day holiday is not yet known.

The Grocers met last night to determine their policies, and Mr. Merryman stated Thursday that it was likely that most of them, if not all, would close only for the afternoon.

Among those local firms who will observe different hours than the rest are:

Local drug stores will remain open;

Local service stations will remain open;

Local liquor stores will remain open;

Local restaurants will remain open;

Local barber shops (with a few exceptions) will maintain their all-day Thursday closing schedule, observed the year round;

Some local beauty shops will close all day; others will remain open all day;

Kramer Lumber Company will remain open Thursday afternoons; this firm closes at noon Saturday the year round;

Pierce-Cequin Company will close Thursday afternoons and remain open on Saturday afternoons.

The office of the News will remain open Thursday afternoons and will close at noon on Saturdays.

A. HUDDLESTON CO. EXPANDING FIRM

The wholesale electrical supply division of A. Huddleston Company in Fulton, located across Main street from the Hardware division, has begun a major building expansion this week which will add 9000 square feet of warehouse space to the rear of the new building.

A fireproof brick structure two stories high, with concrete floors and roof will join to the back end of the new building, forming a rectangle 75 x 60 feet and extending the overall length of the electrical supply store back to the rear walls of the O. K. Laundry.

Chamber of Commerce Gets Full Time Aide

It looks very much like the Chamber of Commerce is going to put a stop to the moaning and wailing about new industries in Fulton. They're going to do something about it.

In a letter to Fulton businessmen the Board of Directors has asked:

When business has been slow how many times have you said that it sure would be nice if this town had more industries and more payrolls?

Has it ever occurred to you that new industries will not come here unless we show that we want them.

They say further: If you want new industries you can do something about it by supporting the Chamber of Commerce in its new plan to keep a full time secretary, who will be the watch guard of business firms planning to settle in this area.

At the meeting Monday night the Chamber directors announced that Rev. C. E. Warren, a former local pastor, has been employed to direct Chamber of Commerce activities for this city.

It's a good move. Every town and city around Fulton is hiring full time secretaries and it is not for Fulton to lag by the way-side.

Mr. Warren has a tremendous job. He cannot do it alone, nor can the increased expenses of maintaining a competent Chamber of Commerce staff be underwritten by a few. It is high time that this project be taken up by the large majority of Fulton businesses, who must feel that the Chamber of Commerce is a personal challenge of accomplishment, rather than the activity of a few ring leaders.

If Mr. Warren doesn't unearth dozens of industries in a few weeks don't start with the griping. Remember there's an awful lot of groundwork to be laid, and there are so many fly-by-night artists who will ask for the moon just to create a few payrolls. The new secretary has to cull the phonies and seek long and hard for some real, steady, payrolls hiring men and women.

Lend him your strong shoulders and together we can come out on top of the industrial heap.

Good luck, Mr. Warren.

Where Would Industry Live... If You Got It

It must be an old, sad story to some of the residents of Riceville, but its terribly discouraging and confusing to the newcomer who cannot understand the hopeless treatment accorded the citizens of that forgotten area. As a matter of fact, Riceville, some sections of the Highlands, Missionary Bottoms and other unincorporated residential sections of Fulton could be isolated in a forest, so few are the modern conveniences they enjoy.

It's been going on for many years we know, and we feel sure that this editorial is not going to solve any great issues, but its a terribly dim view we take of the fine points of our city, when we permit the out-door privy to be standard equipment of nearly two hundred and fifty homes in the shadow of the top-crust residential sections.

Now out-door privies are fine for the joke-books and the many stories about traveling salesmen, etc. but its no joke in the out-lying sections of this city. They're real. The reason for privies, of course, is the fact that there is no sewer system or sanitary water supply out of the congested city limits. Believe it or not, except for a few electric wells in the area, the old hand-pump is the modern method of supplying water to those homes.

What does the out-door privy and the hand-pump mean in its truest terms? Except for the hardy and the determined, they mean breeding places for disease, where refuse intended for the under-ground sewer is thrown on the surface to the complete satisfaction of disease-carrying flies and rats that thrive in such filth.

We have been told that petitions have

been circulated at various times in those areas to have a sewer system come out from the city, with of course, eventual incorporation into the limits. There have been those who objected, of course, but by and large those people want running water inside, with flush toilets and bathtubs in their homes. Too, the city has not always been in a position to offer the sewer system, but then, there's always a time for everything, and we believe that THE TIME IS NOW.

Suppose a lucrative industry wanted to settle in Fulton next week. Where would three or four hundred families settle. The city limits are almost devoid of property sites. Its one thing to cry industry, but another to get it even if the getting was good.

If for instance, a high-type company like Pennsalt Manufacturing Company of Calvert City wanted to settle here, with its high type personnel in the \$7,000 to \$10,000 income bracket, they'd be a hard bunch to sell on the idea of living out of the city limits and making early morning rounds to the out-house. Taking a bath ain't so easy either, out there.

Those privies have got to go. The sewer system must be expanded. The city limits must be enlarged. This is 1950, not 1840.

The matter of sanitation rests with the county of course. The matter of incorporation rests with the individual citizens in the unincorporated area, that's true. But it rests with a wide-awake City Council and its ally, the Chamber of Commerce, to take the bull by the horns and get the job done.

Put this on your agenda, Mr. Warren!

Health Department... A Vital Cog

To some of you your local county health unit may be just a neatly lettered sign above a doorway, but to most of you it is a vital cog in your way of life and that of your neighbors.

However, you may know your local health officer well enough to call him by his first name, without fully understanding the job that he is trying to do for you and your county.

The time you thought your dog had rabies or when there was an epidemic of polio, you probably called or went immediately to your local health unit office. If you didn't, you should have, because the staff stands ready at all times to aid in individual or community health problems.

That is the primary purpose of a county health unit - to provide those services which are needed to prevent and control diseases. Immunization programs, well child clinics, school health programs - these are an important part of our local public health programs. Adult hygiene is necessary, too, if we are to have healthy, happy communities.

The nurse making her round of home visits, the sanitarian inspecting the city water supply, the clerk registering the birth of a baby - each contributes his or her share to the total program. It is the responsibility of your local health officer to see that an efficient and adequate program is maintained. Our problems in Fulton may not be the same as those which exist in a county in another part of Kentucky and it is up to your local health unit to fit its activities to the needs of the people it serves.

Remember, well organized local health units are the corner stone for building a healthier Kentucky.

Withers Pledges Help To Governor Clements

Senator Garrett L. Withers today reiterated his statement that he would not be a candidate for the Senate, regardless of who might make the race. He added if Governor Earle C. Clements is a candidate for the office, he will support him in view of his fine record made as County Judge, State Senator, Congressman and Governor.

The Kentucky Senator, a long time personal and political friend of the Governor, pointed out that in each of these offices Governor Clements had demonstrated rare ability as an executive and administrator of fiscal affairs, and had worked to maintain a balanced budget on the County, State and National level.

The Senator further pointed to Governor Clements' record as a War Veteran and farmer and his stand for just labor and farm legislation.

He stated that due to previous service in Congress Governor Clements will not be a new man in Washington, and because of his wide experiences in public affairs he will be enabled to act wisely on all state and national questions.

An engineer of the Federal Highway Commission is in Fulton this week making a survey of the Graves County section of the Jefferson Davis highway. While the route is undecided, it is believed the new hard-surfaced road will enter Fulton either by way of the present Water Valley road or through Mayor Wade's land adjoining the golf links on the East.

Guy Ledwidge, who lives four miles south of Hickman, announced his candidacy to the office of County Judge this week. Stanley Stenbridge announced his entrance in the race for County attorney.

Hon. Alben Barkley, a fluent speaker, and a gifted orator of national reputation, will address the Busy Men's Bible Class of the First Methodist Church Sunday morning at Carr's Park Auditorium. The local class is in a contest with the same class at Dyersburg, the winner of which will be entertained with a fish fry at Reelfoot lake June 7. Last Sunday's attendance in Fulton was 312.

The Holloway Motor Company is the proud possessor of two records of Fulton. In the first place, it has sold 43 cars in the first 47 days of its existence, and in the second, it is displaying the only automatic "flasher" sign on the streets of Fulton. The new sign informs the public that the Durant auto people provide "Low-cost transportation in the Star Car."

Bonuses for war veterans. I am in receipt of a bit of campaign literature from an Indiana attorney who is running for the Republican nomination for the State Senate from his district.

One particular portion of it is directed to war veterans in which the attorney states: "It now develops that there are several inequities, uncertainties and hardships of the bonus law which should be remedied." (He of course, is referring to the Indiana bonus-law.)

He explains: "So far, from the operation of this law, about \$5,000,000 has been collected and no payments can be made to any soldier for at least five years, and perhaps seven or eight as some have figured. But many veterans have told me that they and members of their family will pay in more money than they will ever receive as a bonus."

name gambling gives a town change. The movie moguls now when they were tolerating gambling, and not wait until official action is taken by an investigative body before they shout, "foul."

Mr. Rhorer wrote me: "The present city administration of Middlesboro is for law and order and law enforcement, but it does not believe the city of Middlesboro deserves the notoriety it has gained by reason of exploiting illegal findings of a prejudiced and hand-picked jury."

Until there is evidence to the contrary, we'll have to take City Attorney Rhorer's word for it that the present city administration is doing its best to clean up conditions.

But it doesn't detract one whit from the previous observation that citizens of Middlesboro should have thought about long ago about the bad publicity that open, flagrant tolerance of slot-machines, for instance, would inevitably, some day bring to their town.

On television. This new and lusty infant has our nation pretty much on its heels. Television stocks boom on the New York ex-

change. The movie moguls now are scratching frantically, trying to find an angle that will get them into television on a profitable basis. The economists say TV will have an important impact on our nation's economy, and you can already see some evidence—in the sale of furniture, for example. And, it's predicted that more autos will be sold this year than any previous year in U. S. history. I guess, like the horse, it's here to stay. Fun, too!

The Kentuckiana Home Show. This is fun, also, believe me. And, you should see it before the week is over. You'll have until Saturday night to see the annual home show at the Jefferson County Armory. And, this year, it's quite a display. Lots of new refrigerators, stoves, heating and air-conditioning equipment. One of those few Tucker automobiles ever built is there. A new rotor antenna for your television set, changes direction up on top of your house through the pressing of a button. And, a show-stopper — the exhibits made by the School for the Blind.

Retired Dispatcher Looks Back Over The Years

By Samuel Brown in IC Magazine
Mr. Brown retired as train dispatcher at Memphis in January after a railway career dating back to 1894. His letter to the magazine gives an interesting picture of the life of an early-day telegrapher. Since his retirement, he is living in his home at Fulton, Ky.

When I was a lad of about 12, my oldest brother, Herbert V. Brown, became 21 years old. In those days it was the law that a young man on a farm was not legally of age until he reached 21. Up until that time he was working for his board and nothing more, but after 21 he became a free man and if he remained on the farm he was entitled to go to town and look-out for himself

from then on. He was hard as nails and had the grit to tie into anything.

After a time he landed in Grand Junction, Tenn., where he had a room with a telegraph operator by the name of Charlie Jenkins. Herb became interested in learning telegraphy. After he mastered the art, he interested his brothers, including myself, in doing the same thing. He bought home a learner's set with material for making batteries and set up the outfit at our country home. My younger brother and I took to it like wildfire. When we began to read each other on the telegraph instrument, it was real amusement. We could talk to each other and those around us could not understand.

Shortly after my brother went

to work for the Mobile and Ohio Railroad in 1893, I went up into Illinois and spent the summer with him at his railroad agency. For my room and board I did all the dirty work around the station but managed to keep up my studies in telegraphy. We spent a lot of hours at it, he sending and I copying. In 1894, I went to work as call boy under my brother at Murphysboro, Ill., at a salary of \$35 a month. My duties consisted of calling train crews, but not by telephone. I was required to take a book under my arm and hunt them up on foot and have them sign the book. Some of the train crew had their own homes but most of them had rooms over some saloon or eating house. Besides calling the crews, I was required to load two or three cars

of local merchandise, keep the warehouse cleaned up, sweep the office floor and clean the oil lamps. I worked 12 hours a day, but kept up my studies in telegraphy.

After a while I was given a test by the chief dispatcher and sent out as an operator. I remained with the M&O until the latter part of 1897, during which time I married and set up housekeeping on \$40 a month. I soon left the M&O and came to the Illinois Central to work at Fulton, Ky., during the Spanish-American War. The work was very heavy and I was not able to hold the job. An extra operator came along and only lasted two days. They put another man on with him, making two men in my place, but I had already gone

elsewhere. I finally landed back with the Illinois Central in 1906. R. M. Alford, then assistant chief dispatcher at Fulton, Ky., put me to work at Dyersburg, Tenn. I was promoted to train dispatcher in 1907.

The above account must seem strange compared with present conditions. Now, when a young fellow wants to be an operator, he makes an application. If he is a favorable applicant, he is put on as a "student operator" at a salary of 75 cents per hour and on an 8-hour day basis. Student train dispatchers are paid \$250 a month. What a difference from my early days! But times change and changes will continue and I hope the railroads will continue to progress as in the past.

FARMERS LOSE PERMITS FOR VIOLATING USE OF PURPLE GASOLINE; STATE CHECKING

Illegal use of purple gasoline caused 25 farmers to lose their permits for use of agricultural gasoline in the ten months ending March 29, David K. Walker, Director of Division of Excises for the Kentucky Department of Revenue reported. The permits entitle holders to tax refunds on gasoline used for agricultural purposes.

Walker said that during the ten month period the Department had completed 971 investigations covering every county in the

Commonwealth. Fifty hearings were held which resulted in the 25 revocations of permits, 23 were suspended and two were acquitted.

The 1946 legislature passed the Kentucky Agricultural Refund Act which allows farmers to be reimbursed for gas tax paid on motor fuel used exclusively in farm operations.

Since July 1, 1949, all gasoline subject to refund has been colored purple with a special "identifier dye" which is furnished to gasoline distributors by the Department of Revenue. Refund gasoline cannot be legally used in vehicles that operate on the highways.

POLIO PAMPHLETS AT RURAL SCHOOLS

Kentucky schools are distributing 750,000 leaflets on precautions to take to guard against infantile paralysis. The first shipments went out this week to rural schools from the Kentucky Chapter of the National Foundation for Infantile Paralysis.

The four-page leaflet is called "A Message About Polio" and was compiled to help allay fear and panic during a possible polio epidemic and to give a comprehensive list of suggestions of what to do if polio strikes in a

community. Kentucky Superintendent of Public Instruction, Boswell Hodgkin, asked the state's school superintendents to cooperate in distribution of the leaflet saying: "I hope you can see fit for each child in your school system to receive one of these pamphlets, with instructions to carry it home to his parents."

Howard C. Orr, executive director of the Kentucky Chapter said additional copies of the leaflets would be distributed through various clubs and organizations throughout the state.

What the best and wisest parents want for his own child that must the community want for all its children.—John Dewey.

It is better to bind your children to you by respect and gentleness, than by fear.—Terence.

The training of children is a profession, where we must know how to lose time in order to gain it.—Rousseau

ONE OF KENTUCKY'S TRADITIONS

Play Parties

Back in wilderness days when fiddles were few and far between, the Play Party became a traditional form of Kentucky recreation. Singing as they dance Kentuckians from twenty-one to eighty-one still swing through "Tidy Oh," "Pop Goes the Weasel!" and "Rabbit Stole the Punkin." These dancers are a lustrous remnant of one of Kentucky's most rhythmic traditions.

Yes, and beer is a tradition in Kentucky, too!

Like Play Parties, BEER BELONGS in Kentucky. Claiming a heritage as old and as proud as play parties, beer—the beverage of moderation—continues to be a symbol of good fellowship.

...of course, they're Electric

We could go on like this for hours and hours. But you see what we mean. Just about every labor saving device in anyone's home is run by electricity. Whether there's ironing to do, or dishes to wash, electricity does the work for you. But the really wonderful thing about this service is its cost. No other service you buy does so much for you—for so little. Electricity is the biggest value buy in anyone's budget.

(Ed's note: This well-known columnist of the News, will be found as regularly as space permits, and all may write to her who desire. She does NOT answer letters except through the columns of this newspaper. Address Patricia Latane, c-o The News, Fulton, Kentucky.)

Dear Patricia:

Just a few lines to ask you a question. Does my husband love me? Does he ever think of his other wife? Thanks, (H. M.)

Dear H. M.:

No, he does not think of his first wife; he is in love with you. Take a little advice and stop nagging. P. L.

Dear Patricia Latane:

My husband and I have quit

but I still love him. I understand through a friend that he is going with some girl. What should I do? I want him back, and it was all my fault. (N. P. W.)

Dear N. P. W.:

Swallow your pride and go see him; explain that it was all your fault and that you're sorry. Tell him that you still love him and want to try to make a success of your marriage. From your writing I should judge that you are spoiled. I think that if you will sit down and think the whole thing over you will find that your trouble is because you can't have your way. P. L.

Dear Patricia:

I have made a big mess of my life, such a mess that I don't think anyone can help me; but I thought I would write you and see.

I am a single girl 18 years old and have a baby 6 months old; my friends think I have been married but I haven't. At first I loved my baby, but now for some reason, everytime I look at her I wish I could put her back in the attic with my old dolls, because I know she is the reason I don't have any chances to go anywhere. All I do is stay home with my baby. I didn't love her father and now I don't love her. Can you tell me what I can do?

Dear J.:

My heart grieves for you because one sin will not cover up for another; if I were you I would go to church, ask the Pastor for a little of his time, which he will so gladly give you, and then tell him just what you wrote me. I think he can help you, if you want to be helped; if you don't want to be helped all I can say is I wouldn't want to be in your shoes. That poor little baby cannot help what you do, or its father has done, so why blame the child? The child, in later years, will have to pay for your mistakes, so I would see how good I could be to it and try to be a Mother. A child born out of wedlock gets enough knocks in life without its own mother turning against it. P. L.

LEGION AUXILIARY
ENJOYS POT LUCK
SUPPER APRIL 24

The American Legion Auxiliary met Monday, April 24 at the Legion cabin for a pot luck supper at six thirty. Mrs. Mozelle Alfred and Miss Virginia Holman were hostesses with sixteen members attending.

The meeting opened with the presentation of the colors followed by prayer by the Chaplain. The president led the Auxiliary in reading a preamble in unison. The roll was called and the minutes read and approved followed by the treasurer's report.

The president read a letter from Ernest Childers in regard to the spring district meeting to be held May 2. Various reports were read from Auxiliary members in other towns who plan to attend this meeting.

A discussion followed about veterans' families who need the help of our Auxiliary and plans

were made to give them aid.

A report was given by Mrs. Allen Austin about the invitations and programs which have been printed. Reservations were taken by Mrs. Carey Frields and Mrs. Kate Bowlin for plates at the luncheon the day of the meeting.

An open discussion was held from the floor on various subjects pertaining to the Auxiliary and its work.

It was announced by Mrs. Harold Holliday, the chairman of Poppy Day, that Poppy Day will be May 27.

The drawing for the door prize was held with Mrs. M. H. Warren's name being called. There were no April birthdays to be celebrated.

The program was turned over to Mrs. Frank Wiggins who gave articles on "April-As Americans Legion Child Welfare Month." She was assisted by seven of the members.

The meeting adjourned with the retirement of the colors.

The social hour was ended in a slogan quiz. Hostesses for the May meeting will be: Mrs. Ann Whitnell and Mrs. Wallace Ashby. Mrs. Harold Holliday will be program leader.

Will you try the car that's
ALWAYS ON THE LEVEL?

Not all roads are boulevards, and not every street can always be level as a ballroom floor.

But if you think, sir, that there's nothing you can do about it—are you game to make a test that may prove you wrong?

All we want you to do is sample a Buick ride.

We want you to sit in this broad seat and aim your gun-sight ornament at the roughest stretch of road you know.

We want you to see how soft coil springs all around, not on front wheels alone, soak up those jars and jolts, fairly float you over cobbles,

railroad crossings and weather-pocked macadam.

We want you to try the back seat—and see how free of toss and throw it is, how soft, low-pressure tires on wide Safety-Ride rims cut down the sway and swerve on sudden curves.

Feel, please, the steadiness of this car under you as Buick's stout torque-tube takes rear wheel wiggle-waggle out of your going.

Note the quick, firm snub of Buick shock absorbers, the absence of engine vibration, the sensation of soaring over roads on which your wheels never lose their sure-footed grip, the special liquid smoothness of Dynaflo Drive.*

Particularly if you've been driving a car that seems patterned to move ahead by leaps and bounds, we want you to experience a Buick ride for comparison's sake.

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

PALESTINE HOMEMAKERS HAVE MEETING APRIL 21

The Palestine Homemakers Club held its regular monthly meeting Friday, April 21 at Community Center.

The meeting opened with the devotion by Mrs. C. B. Caldwell.

Mrs. Robert Thompson, president, conducted the meeting and gave a report on Advisory Council and discussions on projects for work the coming year. Mrs. Thompson also announced the district meeting at Clinton Methodist Church Wednesday, April 26 and urged members to attend for an interesting program had been planned.

Mrs. Frank Stroud told of the plans for a demonstration of work done by Fulton County Homemakers which would be displayed in Fulton in the near future.

During the recreation period Mrs. Percy King led the group in playing two enjoyable games, "Ducks Fly" and "Name Six." Mrs. Harold Pettit led in singing the singing of "Oh Susanna."

A delicious pot luck lunch was served at noon. Visitors to the club were: Mrs. John Choise and daughter of Paducah and Mrs. McLeod was present in the afternoon.

The landscape leader, Mrs. Bertha Nugent, gave an instructive lesson for vegetables and flower gardens. She stressed the cultivation and transplanting were the most important factors. She also read an article on "Care and History of the African Violets" which is in most homes. An iris tour was planned for May.

Mrs. William McClanahan and Mrs. John Verhine gave major lessons on hanging pictures and displayed several arrangements. The hanging of pictures require as much taste as choosing. Hostesses for the day were Mesdames Avery Hancock, Lewis Thompson and Leslie Nugent.

Mrs. Herbert Vaughan and Mrs. E. Hearn of St. Louis left Tuesday for a trip to New Orleans.

New Sports Outfit

A handsome sportswear combination is this checked vest with knitted back, and a light-weight sport shirt. They're both made of cool, wrinkle-resistant rayon fabrics, woven of Avisco yarns. The washable shirt doubles for business wear when worn with a tie, while the vest of a new worsted-like rayon is right for anything from putting around the garden to 18 holes of golf.

MRS. J. D. SIMPSON COMPLIMENTED WITH MISCELLANEOUS SHOWER

Mrs. C. E. Gargus of Mayfield and Mrs. Carl Wright were hostesses to a lovely party and shower Friday night at the home of Mrs. Wright on Cedar Street when they complimented Mrs. J. D. Simpson the former Gladys Eaves.

The honoree wore a maroon spring suit with a corsage of carnations, a gift of the hostesses. Arrangements of spring flowers added a colorful note to the house.

Games and contests were enjoyed with Mrs. W. R. McKenzie and Mrs. Alvin Gargus winning the prizes. The gifts were presented in an unique way. They were placed

under colorful umbrellas and as the honoree would look under one umbrella an alarm would go off under the other umbrella. She received many lovely gifts. A feature of the entertainment was "The Courtship of Mr. and Mrs. Simpson" as enacted by Mr. and Mrs. C. E. Gargus.

A lovely party plate was served the guests.

The guest list included: the honoree, Mrs. W. B. Eaves, Mrs. W. R. McKenzie, Mrs. W. S. Gargus, Mrs. N. D. Simpson, Mrs. James Fortner, Mrs. Claude Williams, Mrs. Ira Cloys, Mrs. K. O. Lannon, Mrs. Frank Wiggins, Mrs. J. D. Coleman, Mrs. J. W. Coleman, Mrs. Dewey Crocker, Mrs. Verna DeMyer, Mrs. A. R. Austin, Mrs. Mozelle Rawls, all of Fulton, Mrs. Alvin Gargus, Mrs. Marvin Hair, Mrs. Woodfin Watts and Mrs. B. J. Gargus of Mayfield, Mrs. J. O. Cagle of Little Rock.

Those sending gifts but not attending were: Mrs. Harry Richards, Mrs. Mary Ellen Ashby, Mrs. L. C. Boaz, Mrs. A. B. Glover, Mrs. L. C. Adams, Mrs. J. C. Owen, Mrs. Sam Edwards, Mrs. M. D. Phillips, Mrs. J. R. Hillman, Mrs. Don Andrews of Nashville, Mrs. Paul Dell of Murray, Mrs. L. S. Grissom, Mrs. M. B. Conner and Mrs. Joe Conner.

Mrs. Lannon and Mrs. J. W. Coleman assisted in serving.

BEE-KEEPERS ARE URGED TO REGISTER

Recent legislation has provided for state-wide bee inspection for the prevention and elimination of bee diseases.

The bee-keeping industry is suffering acutely from losses through disease, this resulting in much more loss to farmers through lack of pollination of various farm crops. This menace has become so serious that the bee-keepers themselves have asked through their Kentucky State Beekeepers Association, that an inspection service be rendered by the State Department of Agriculture.

The present statutes call for registration of all bee colonies in Kentucky by the Department of Agriculture. The scale of fees is 25c for 1-10 colonies, 50c for 11-50 colonies, \$1.00 for 51-200, \$1.50 for 201-300 colonies, \$2.00 for 301-400 colonies and \$3.00 for more than 400 colonies.

Blanks for registration may be obtained from the office of the Commissioner of Agriculture at Frankfort, your County Agent, District Beekeepers Association or the Kentucky State Beekeepers Association, Box 43, Louisville.

FULTON BAND IN HUMBOLDT TODAY

The 55-piece Fulton High School band is in Humboldt today (Friday) as a guest of the annual Strawberry festival in the Tennessee City, and this afternoon will be heard with other top bands from West Tennessee for a competitive rating.

Last year the local band brought home highest honors in the Junior parade there.

This year, stated Marshall Cothran, director, the FHS band elected to enter the second-day competition in a tougher class (four bands from Memphis alone entered), to see how the local musicians perform alongside their larger neighbors.

A top rating this year, in this competition, will therefore be quite an accomplishment, Mr. Cothran stated.

CHRISTIAN SCIENCE

"Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all Christian Science churches throughout the world on Sunday, April 30, 1950.

The Golden Text is: "Draw nigh to God, and he will draw nigh to you. Cleanse your hands, ye sinners; and purify your hearts, ye double minded." (James 4:8)

Pastures 'Don't Just Stay Good'; Need Planning, Management and Fertilization

Weed-ridden pasture (left) had no soil care; thick, lush legume-grass growth (right) was well fertilized and managed.

PASTURES just "don't stay good." They have to be kept that way by careful planning, management and adequate fertilization, according to a statement issued here by the Middle West Soil Improvement Committee.

The committee cites these steps suggested by J. L. Haynes, of the Ohio Agricultural Experiment Station for keeping semi-permanent grassland acreages in top production for five or six years without re-seeding:

Seed well adapted, high-yielding legumes and grasses. Alfalfa and ladino clover and brome-grass or orchard grass make good combinations.

Maintain a high lime level in the soil.

At seeding time add the equivalent of 100 pounds per acre of 20 per cent superphosphate for each year of expected stand. Thereafter

top-dress pastures each year with generous amounts of phosphate and potash. On most farms, 300 to 400 pounds per acre of 0-20-20 or 0-20-20 will keep legume stands thick and vigorous.

Maintain the life and palatability of pasture with good grazing management. Avoid overgrazing. Don't let cattle graze on one field for too long a period.

Divide pastures into small fenced paddocks so that most of the forage in any given paddock will be eaten within 10 days or less—at the rate of an acre for each 5 or 6 cows in the herd.

Harvest as grass silage the surplus forage in paddocks not used in the lush spring season. These harvested paddocks can later be included in the regular grazing sequence with spring grazed paddocks.

Letters To The Editors

Congress of the United States, House of Representatives, Washington, D. C., April 20, 1950

Mr. and Mrs. Paul Westpheling, Fulton, Kentucky.

Dear Paul and Jo:

I was very much interested in reading the fine story appearing in the magazine section of the Courier Journal Sunday.

This was not news to me for I have followed your successful operation in Fulton since the date of your arrival and in fact prophesied this success even before you went to Fulton. Anyhow, it is always good to see something in black and white.

I was at home for three or four days last week but you no doubt can imagine the number of people I had visiting, which prevented any visiting on my part.

When I get back home after the adjournment of Congress I hope to have a visit with you at length and hope to make a personal inspection of that new home.

With best wishes, I am Sincerely yours, Noble J. Gregory

NJG:JC (Ed's note: thanks.)

Kentucky Society for Crippled Children, Louisville 3, Kentucky, April 25, 1950

Paul Westpheling, Editor News, Fulton, Kentucky.

Dear Mr. Westpheling:

The 1950 Easter Seal campaign ended Easter Sunday, and although returns are still far from complete, we believe that the Kentucky Society for Crippled

Children, because of the financial support realized, will be able to continue—and possibly expand—the services maintained for crippled children in our state.

Our committee feels that a great measure of credit for success of the Easter Seal campaign in Fulton County is owing to you and the "News" for the help given in your columns.

Your understanding and generous support of the campaign has been truly a public service. It has been also a warm and richly humanitarian act. On behalf of the Kentucky Society for Crippled Children, we thank you sincerely, and we know that the crippled children who directly benefit from Easter Seal services thank you, too.

Sincerely yours, Sidney Rosenblum, 1950 State Easter Seal Chairman.

FARMERS MAY SHIP WOOL TO LEXINGTON

Homer Weatherspoon, secretary of the Fulton Cooperative announces that local farmers may ship their 1950 wool clip to the Kentucky Wool Growers Association at Lexington, Kentucky again this year by bringing their wool to Browder's Warehouse in Fulton between 7:00 a. m. and 12:00 noon on May 23. The wool will be weighed by Roy D. Taylor and a representative of the State Association will pay farmers .33 per pound at the time of delivery. A final payment will be made when the wool has been graded and sold about December first.

Wool sacks and paper twine may be obtained at the Paul Nail-ling Implement Company in Fulton or the Production Credit Office in Hickman.

BEAUTY AND BEEF AT SCHOOL TONITE

The Senior Class of Fulton High School presents a three act comedy, "Beauty and the Beef," at Carr Institute Auditorium Friday night, April 28, 1950.

The cast is as follows: Ginny Allen, Patsy Green; George Allen, Billy Mott Jones; Laura Allen, Betty Sue Hancock; Lester Allen, Thomas Sublette; Professor Barton, Dean Crutchfield; Franny Barton, Dorothy Toon; Beef, Jack Thorpe; Molly Woods, Patsy Hall; Foggy Ryan, Ted Goodwin; Miss Bigby, Ann Fuz-zell; Scaffold, Jerry Forrest; Steve, Billy Holland; Bubbles, Charles Shupe; Betty, Betty Williams; Dot, Linda Wilkins; Mitzi, Nelle Speight; Barbara, Betty Bushart; Miss Spencer, Jo Ann Ellis; Wallace Woods, Sidney Bard. The extras are Tom McEllis; Hubert Stone, Ann McDade, Anne Latta, Rebecca Hard, Cissy Murphy, Carmen Pigue, Sue Easley Betsy Whitesell, Joyce Fields, Janice Wheeler and Jerry Atkins.

JERRY JONES IS COLONEL OF WEEK

Jerry Jones, University of Kentucky student from Fulton, was chosen last Friday as "Colonel of the Week," honorary title conferred each week on an outstanding U. K. student for achievements in scholarship and campus leadership.

Jones, son of Mr. and Mrs. Sam J. Jones, 314 Paschal street, Fulton, was elected president of the Student Government Association in a campus election held earlier this month. He served two terms as a representative in the school's governing body before being elected to his present post.

A fourth-year student in the U. K. College of Law, he is a member of the U. K. chapter of Phi Delta Phi, international legal fraternity, and the U. K. Veterans' Club.

MOTOR BIKES NOW ILLEGAL FOR BOYS

After July 31, 1950 it will be illegal for any one under 16 years of age to operate a motor bike or motor scooter in Kentucky. This was pointed out by Paul Boyd, supervisor of Operators License Section, Department of Revenue in calling attention to changes in Kentucky's motor vehicle operators licenses laws made by the 1950 session of the Legislature.

The former provision for a special license to operate motor bikes and scooters by those under 16 years of age has been repealed. Those over 16 may obtain a regular operators license, good for operating any motor vehicle.

Another major change in the operators license law was the elimination of the free extension privilege for licenses of military personnel. This was also repealed by the 1950 Legislature when the war emergency was declared ended as far as the Commonwealth of Kentucky is concerned.

HOME COMING THEME WILL BE STRESSED

"My Old Kentucky Homecoming" . . . a phrase coined to unite Kentuckians in a stirring year-long rally to attract old settlers, tourists and visitors to the State in 1950, will also be a principal theme in this year's West Kentucky-Tennessee Fair in Fulton announced Foad Homra, secretary, this week.

Mr. Homra returned to Fulton Monday from a State Fair meeting in Louisville last weekend, and announced that the "Homecoming" theme would be the principal rallying-cry of all major events throughout the State this year.

NEW ARRIVALS DEPARTMENT

Mr. and Mrs. J. D. Williams announce the birth of a seven pound two ounce baby girl born April 24 at the Fulton Hospital.

Mr. and Mrs. Harry Reams announce the birth of a six pound, five ounce son born April 24 at Jones Hospital.

Mr. and Mrs. Glenn Dunn announce the birth of an eight and one half pound son, David Allen, born April 23 at Haws Hospital.

much of everything. I have a hard time with the cooking. The biscuits! I do not make the biscuits in the right way. They always come out of the oven so rough on the top. I do not make them so smooth the way they should be,

but my husband says I'll learn." Yes, Blanka, we know you'll learn and we know what a good American you'll always be.

I've tried to tell you about a few of the people a census taker enumerates and of the sadness I felt when the last form was filled because I knew that I wouldn't be seeing people every day and probably some of those I enumerated I shan't recognize if I meet them on the street. So, if you are one of those people and you recognize me—just wave and if you don't know my name just say hello! Census Taker! and it will make me happy.

Jim Collins Improving After Injury Tuesday

Jimmy Collins, 20, employee of the Construction Department of the Kentucky Utilities Co., narrowly escaped death Tuesday morning about 10 when he came in contact with a ground wire. He was knocked unconscious, and was taken to the Fulton Hospital in a Whitnel ambulance where he regained consciousness a few minutes later. His injuries are not thought to be serious. He suffered a slight burn on the finger.

Collins was working with the Fulton line crew and contacted the ground wire on West State Line. W. T. Hinkle is the new foreman. Collins is the son of Mr. and Mrs. Earl Collins of Fulton.

Mississippi Plantation Life: The Writings Of Mattie Dear

I thank the Lord Jesus I am yet alive. My health is fine. I made my way to Lacus Grove M. B. C. pastored by the Rev. Helem. Had good service. Subject of his text was "Redeeming Time" and he sure did something about them, time. He sure is a good preacher.

They had 3 men and 3 women. The women raised \$4.05 and the men only raised \$3.00. Men always has been to slow. If you want anything done and done right just turn it over to women. They are fine things. I don't know what to say about men but I will say we women can't do without them because the Lord made us for them. They are worrisome but we can't do without them.

We had a storm Tuesday night here but the Lord sure taken care of me and as long as I got as I got the sense that I'm got now I

will always serve him. He is so good to me. He is a good husband for me and I depends on him.

So many mean things going on and to make things better, stay on bended knees. Do you know something the Lord tries us. Do you know at one time the Lord tried Abraham to offer his only son and the Lord seen that he was going to do what he told him so he rush an angle to him and told him to stay his hand, there is a ram in the bush; get him. If you do what the Lord say you will come out alright so be of good cheer. God is in the plan.

TWO FARM YOUTH CONTESTS ANNOUNCED BY COURIER-JOURNAL; \$325 PRIZE GIVEN

Two farm youth contests in the farm-incentive program sponsored by The Courier-Journal, The Louisville Times and Radio Station WHAS were announced last week. Both offer \$325 in prizes.

They are the 1950 State 4-H Club Achievement Contest in Home Economics and Agriculture and the 1950 Kentucky Future Farmers of America Contest.

In addition to cash prizes, the four highest scoring 4-H girls, four highest scoring 4-H boys and the F. F. A. grand prize winner and district champions will also be given a trip to Louisville.

Winners of the 4-H Contest are selected on a basis of projects completed, leadership and activities. Record books on projects carried in 1950 and previous years, a narrative report and a complete record of accomplishments must be turned in at district meetings in October, 1950.

Every F. F. A. contestant must submit a summary of his accomplishments, project summaries and photographs before November 1, 1950.

Circulars for the 4-H Contest are being sent to home demonstration agents and county agents. State vocational agriculture teachers will receive circulars for the F. F. A. contest. Further information may also be obtained by writing the promotion department, Courier-Journal & Times, Louisville, Kentucky. Already announced is the F. F. A. Soil Conservation Contest. De-

tails of this competition may also be obtained from vocational agriculture teachers. Two other soil conservation contests are to be announced later.

These contests are among five in the farm-incentive program of the newspapers and radio station. In 1949 this program again won a commendation for public relations and community service in a national contest.

UK SUMMER SCHOOL STARTS ON JUNE 19

The University of Kentucky's 1950 summer session of eight weeks, June 19 to August 12, will include a complete schedule of undergraduate and graduate courses in all colleges except Pharmacy. Dr. Maurice F. Seay, dean of the University, announced last week.

Besides its regularly scheduled courses, the College of Education will offer a series of short workshops and conferences. Other courses of interest to teachers include band and string clinics to be offered in the Department of Music, and a speech correction clinic in the Department of Psychology.

Another highlight of the University's approaching summer session will be the annual Family Life Institute, to be conducted this year by Dr. Reuben Hill of the University of North Carolina. This is scheduled for July 18-20.

In addition to the complete academic schedule, a full program of recreational activities will be offered. Already planned are weekly outdoor movies and concerts, conducted tours to Bluegrass horse farms and other nearby points of interest, and a variety of team and individual sports. The University's Memorial Coliseum swimming pool also will be open during the summer session.

Ample dormitory space for both men and women students will be available, and the University will maintain adequate dining facilities all during the summer term. Summer session bulletins containing complete class schedules may be obtained now from the University registrar.

Practically every seat at the Church of Christ was filled Sunday morning to hear the wonderful message delivered by Brother Newman Leonard of Henderson, Tennessee. Brother Leonard is the Pastor of the McConnell Church of Christ. Services are held each Sunday at 11:00 a. m. and 7:30. The public is cordially invited to attend these services.

There was a large attendance at the Baptist Church Sunday night to attend the regular monthly singing services. Brother Sanders of Paris, Tennessee is the Pastor of the Baptist Church and

preaching services are held the first and third Sundays of each month. The public is invited to attend these services.

We welcome Mr. and Mrs. Sam Welch and son, Donald Joe, formerly of Martin in our community.

Several from here attended the Ula Rawles sale at Ruthville last week.

It was erroneously reported in last week's news that Mrs. E. L. Sandford had returned to her home from the Baptist Hospital, Memphis. Mrs. Sandford was supposed to have been dismissed on Sunday, however, her condition became critical and she is still hospitalized. Her many friends wish for her a speedy recovery.

SUNDAY FIRE GUTS UNION CITY STORE

A major fire of undetermined origin resulted in a loss of some \$100,000 in downtown Union City last Sunday night.

The blaze gutted the American Legion Hall on the second floor and caused extensive water and smoke damage to the Grissom Hardware Company, its storeroom, and the Army recruiting station, all located on the main floor at the corner of second and Washington streets.

The entire \$45,000 stock of the Grissom store was damaged by dense smoke that hampered fire-fighting operations during the early morning hours that firemen battled the blaze, and by water poured onto the blazing structure.

There was little relatively fire damage on the first floor, but the entire second floor, occupied by the Legion Hall, was a mass of fire-blackened wreckage.

The blaze was the first major fire in the business district since the Timm's Furniture Co. fire March 23, 1943.

Important records concerning veterans were saved from the Legion Hall offices, although all Legion records and other material was lost, officials declared.

Plans were underway by the Legion to open a temporary service office in the draft board office in the courthouse.

Also, most of the records of the Army recruiting service were un-

derstood to have been saved.

The building, with an estimated overall value of \$100,000, was owned by the Legion and the Grissom company, with the hardware company owning the lower half of the building on the east side, which it occupies, and the Legion owning the remainder, the lower floor on the west side, occupied by the recruiting office and the Grissom warehouse, and the upper floor, occupied in its entirety by the Legion Hall.

All furnishings of the Legion Hall were damaged extensively, both by fire and water, and by the collapse of the ceiling over most of the upper story.

The Legion was understood to have insurance of \$10,000 on its portion of the building and \$3,000 on contents of the Hall. Gerald Grissom, proprietor of the hardware company, said his stock was valued at \$45,000, mostly covered by insurance. Fixtures in the hardware store will be usable, al-

though they will require reconditioning.

Feather-bedding scheme of Firemen's Union to put an additional fireman on diesel locomotives has been

CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman have said these demands were "devoid of merit" and they were

REJECTED TWICE!

Now the Firemen's leaders seek to paralyze railroad transportation to compel the railroads to employ a wholly unnecessary additional fireman to ride on diesel locomotives. This scheme is plain

FEATHER-BEDDING!

LEADERS of the Firemen's union have called a nationwide strike starting with four great railroads on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern.

The union claim that a second fireman is needed on grounds of safety is sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1943, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman... upon either the ground of safety or that of efficiency and economy of operation."

Safety Record of Diesels is Outstandingly Good

Although the railroads accepted the Board findings, the union leaders have brazenly rejected them. They represent that an

extra fireman is needed for "safety" reasons. Here's what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good..."

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously in the cab of road diesels. The proposal must be rejected."

The real reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding."

The railroads have no intention of yielding to these wasteful make-work demands.

"The Safety Record of Diesels is Outstandingly Good..."

PRESIDENTIAL FACT FINDING BOARD REPORT
Read these excerpts from official reports of Presidential Fact Finding Boards:

"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."

"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation..."

Remember! These are not statements of the railroads. They are just a few of the many similar conclusions reached by President Truman's Fact Finding Board which spent months investigating the claims of the union leaders.
