It looks now like we might finish the census sometimes before July 4, although there have been many days in the not too distant past when we were not quite so sure. Frankly, if ever the day gets here, when we, of necessity, must turn over all of the A-1's, A-3's, etc. (farm questionnaires to you) we'll feel mighty like we've lost the right arm. Fact of the matter is, things have gotten to the point where our right arm just naturally crooks itself to the position of holding that two-ton portfolio and the car just automatically turns into a side road, even when we try to steer it down-town on Lake Street.

Besides having intermittent flashes of census nausea, things rural, have lost their tender meaning. For instance the sight of a pig at one time reminded us of pork chops. Do they now... you'll bet your life they don't. If the chubby little animal is right young, we wonder if its four months old or younger... question 25-8. If its fat and muddy, we never think of the tender pork roast it might be, but whether it has fattened since Jan. 1, and has the old sag, or whether its getting ready to fatten by June 1... questions 274 and 275. Think we're kidding. You just read that questionnaire. What the private life of a sow and boar has to do with the national economy, is certainly a mystery to us.

Sows and gilts, sheep and lambs, goats, rabbits and fur animals in captivity aren't the only ones who have escaped the eagle (ye gods they forgot to ask about them) eye of Uncle Sam. Mules and horses, cows and calves and don't forget the heifers, bees and honey and on ad infinitum. Prize question of all we think is the classic... do you have an out-house and how many people use it. Just any old thing to ask a question.

But its been fun, don't think it hasn't. Take the pleasant little visit at the Avery Hancock household. Their vivacious little daughter, Josephine has stopped answering to that name. Call as hard as she might, her mother only gets an answer when she calls Dinah. Josephine changes character with the days, and at the present her high "C" notes makes her into a miniature Fulton County Dinah Shore. Shucks, Josephine, you can sing better than that... have you tried Lily Pons. (Note to Beulah and Avery... don't blame it on us.)

At the beautiful, sprawling country estate of Mrs. Tobe Wright we found a gracious lady who is to that manor born. Looking across the rippling waters of the natural pond that graces the grounds, one can almost see the 134 years of gentle living those Wrights have done. Indeed, for that long length of time members of the Wright family have tilled that fertile soil and its crops show the bounty of its tender care.

We'll never forget the greatest map-reader of all times... David Nugent. Funny thing, every time we got lost in the maze of side roads and by-roads in our enumeration district we gently tapped on a farm house and who would answer the door but David, to tell us we were in Hickman County or Magisterial District No. 2, which certainly ain't our territory. At the home of Robert Watts, there sat David on a rainy day talking with the Watts' and as if by Providence, there to tell us we were heading the wrong way. We got on the right way, we thought, on Wednesday, and knocked again, and who should answer but David. Sorry folks, says he, we've been enumerated... you're in another district. Who made those maps anyway... but most of all who sent David and where's Goliath.

At the John Thompsons, as at many, many homes we relished our job. There we found all three inhabitants... Miss Ida Pegram lives with them... listening to the Cardinals just whooping it. Some of Fulton County's most ardent baseball fans, they were mighty concerned about the weather and its possibility of post-poneing the opening game with Fulton and Union City. As we drove home in the early summer evening we just kept hoping the weather would permit their "coming into town" to whoop it up for the Railroaders.

It was fun being recognized by the hundreds of Fulton News (Continue on page five)

City Asked To Give \$1000 To Defray Health Unit Cost

On behalf of the Fulton County Department of Health, Harry Barry, Sanitarian, appeared before the Fulton City council Monday evening to request an annual appropriation of \$1000 by the City to help underwrite the accelerated medical program of the Health department, which proposes a full-time health officer for Fulton, Hickman, Carlisle and Ballard counties.

Fulton County's increased share of the proposed program will amount to \$3800 more than

the \$2100 which the Fiscal Court has been giving, for a total of \$5900 in all.

The County Fiscal Court has agreed to increase its budget to \$2700, Mr. Barry told the Council, adding that the Fulton County Board of Education had agreed to provide \$2100, and the Hickman City School Board approximately \$500. With the City of Fulton, a major recipient of the benefits of such a program, giving \$1000, Mr. Barry stated that he believed the balance of the \$500 needed could be obtained for the program.

The City of Hickman and the Fulton City School Board both stated that they were unable to supply funds for the program, Mr. Barry stated.

Under the proposed full-time health officer setup, Fulton County would normally obtain its services two days a week (2-5 of his weekly time), with Fulton given one day and Hickman one day, Mr. Barry outlined. In case of an epidemic, or something of a serious nature requiring his full attention here, he would be here daily for the duration of such emergency, Mr. Barry stated.

Mayor Smith Atkins advised Mr. Barry that the matter would be discussed by the council in a private meeting in the next few days, and an amount appropriated at that time.

MRS. RAWLS NAMED DISTRICT PRESIDENT

Mrs. Mozelle Rawls, who for two terms has been honored as president of the auxiliary to the American Legion Post here, was elected president of the First District Auxiliary, which comprises 18 counties. The election was held when the First District organization met here for its annual meeting on Tuesday, May 2. The new president will be installed at appropriate ceremonies at the State Convention to be held in Louisville in July.

The new honor comes as a deserving one to Mrs. Rawls. For many years a faithful member of the local auxiliary she has served in many capacities in the club. She is the widow of Jack Rawls, a deceased veteran of World War I. Her brothers, Charles and Neal Looney, are also prominent members of the Marshal Alexander Post No. 72.

When the State convention convenes in July, Mrs. Rawls will not only represent the First District as president, but also as president of the local group. She is the mother of two children, Betty Jean and Jacquelyn.

At the meeting on Tuesday, the State President, Mrs. George F. Dwyer was in attendance and made a fine talk. She was highly complimentary of the work done by the local auxiliary and of the signal accomplishments of its president, Mrs. Rawls.

Many Enjoy Observance Of National Music Week

An appreciative audience was in attendance at the Woman's Club on Monday night to enjoy "An Evening of Music" presented by the Music Department of the Woman's Club. The event was staged in observance of National Music Week.

Thirteen vocal, piano and violin numbers were presented by some of Fulton's talented musicians.

"An Evening of Music" has become an eagerly anticipated annual event.

Judge Burrus Speaks To South Fulton Boosters

County Judge A. L. Burrus of Union City was guest speaker at the regular booster club meeting last Thursday night at the South Fulton city hall.

By request, Judge Burrus explained fully the proposed county school bond issue, which will, if voted by the voters of Obion county, involve a sum of money close to a million dollars. This is of vital importance to the Boosters.

'MAYOR' DALTON TAKES OVER CITY

It will be "Hizzonner Jimmy Dalton" on Saturday when Boy Scout Troop 40 takes over the reins of South Fulton's city government. Jimmy will serve as Mayor of that progressive little city and voters and scouts are looking forward to the "reforms" expected to be initiated by him.

Other city officials elected by the Scout troop at its meeting this week were City Councilmen—Charles Trevathan, Wayne Jordan, Billy McAmis, Kenneth Fortner, Teddy Dalton and Virgil Oakes.

Kenneth Boulton will be the fire chief and Joe Strange will be chief of police. The city clerk will be Jimmy Webb and Wayne Ramsey will be city judge.

Patrolmen selected were: Virgil Covington, Jimmy Oakes, Kenneth Boulton, Russell Swearingen, Billy Gore, Thomas Hawks, Donald Swearingen, Jimmy Barker, Bobby Underwood, Don Richards, Max Richards, Pat Easley, Jerry Rumley and James Stoker.

Mrs. Burnett's Pupils ON WENK Sat., May 6

Mrs. Beulah S. Burnette, teacher of piano, Fulton, Ky., will sponsor her three senior students on a radio program over WENK, Union City, Saturday morning, May 6 from 9:00 until 9:30.

The girls who will take part in the program are: Amelia Parrish who will play "Fantasia", Mozart and "Moonlight Sonata", Beethoven; Anne Latta, "Clair de Lune", Debussy and Carmen Pigue, "Polonaise", Chopin. Misses Latta and Pigue will then play a duo "Rhapsody in D Minor", Federer.

At the close of the program the girls will be interviewed as to their future plans.

UC NOW READY FOR INDUSTRY - - - TVA!

A lengthy campaign to bring low-priced TVA electricity to Union City with the purpose of saving Union City electric users at least \$100,000 a year on their electric bills, and with the further purpose of making it possible for this city to compete on even terms with other cities for industries moving into the Mid-South, reached a victorious climax last Thursday when the citizens of Union City by a margin of over 14-to-1 voted in favor of TVA electricity for the city.

The vote was: 1,235 for; 87 against.

The result of the vote, of course, constitutes in effect a mandate under which the Union City board of commissioners will, at the earliest possible time, enter into final negotiations with officials of the TVA for a contract under which the TVA eventually will furnish the city electricity, to be distributed by the city, and as a result of which the generation of electricity by the city-owned plant in the end will be discontinued.

The sooner that Union City starts receiving TVA electricity of course, the sooner will come savings to the city, as the city can buy electric current from the TVA at less than half of the cost.

The Union City Chamber of Commerce, with the co-operation of almost all citizens, has led the campaign for TVA and it was as a result of work of the chamber that the city commission early last summer entered into negotiations with the TVA after audits had been made of the electric plant and system here covering a period of 12 years.

Don't Fail Youngsters! Give Generously To Library Drive

Remember the importance you felt as a youngster—when you got a book from the library? You felt one of life's greatest treasures became your responsibility for a too short while, and you appreciated the confidence placed in you.

Don't take this pleasure away from the youngsters of today—and those of tomorrow. On Tuesday, May 9, when you are approached to donate for the upkeep of the library sponsored by the Woman's Club, do so gladly and generously. This year's goal is \$1000, needed to employ the librarian and buy needed books for the shelves. What's more, more shelves are needed too.

Mrs. Ernest Fall, Jr., chairman of the Library Department has secured the services of W. T. (Bill) Browning as co-chairman of the drive. Mr. Browning has selected a good committee to assist him.

RECRUITER NOW HERE THURSDAYS

A recruiting sergeant representing the U. S. Army and the U. S. Air Forces is now in Fulton every Thursday from 9 a. m. to 4 p. m. at the U. S. Post Office.

Enlistments in the Army are being accepted for 2 years and up; in the Air Forces for 4 years and up.

Women, now eligible for enlistment, have been also accepted in the Service, and are welcome to consult the Sergeant for information.

Former service men are now being enlisted in the E.R.C.; additional information may be obtained from the Sergeant.

Greater White Way; Police; Gas Gets Council Attention

Stanley Jones Sworn In As New Councilman; Com. Appointed to Investigate Possibilities of More Police on Three 8-hour Shifts of Six Men

Stanley Jones, young Fulton businessman, a veteran, and president of the Fulton YMBC, was elected Monday evening to the City Council post vacated by Russell Pitchford, who recently left Fulton to accept a position in Nashville.

Mayor Smith Atkins read Mr. Pitchford's resignation to the group, who thereupon opened nominations for a successor. The nomination of Mr. Jones was uncontested, and he, being present, was sworn in by Judge Perce and took his seat at the Council table.

Councilman Roy Williams was named chairman of Finance; Al Owen chairman of the Light committee and newly-elected councilman Jones made chairman of the waterworks committee and a member of the Light committee, Mayor Atkins announced.

At its meeting the Mayor and Council also:

—Okayed a beer license for a new firm at 215 East Fourth Street.

—Appointed a committee to investigate the possibilities of putting the Police department on an 8-hour, 3-shift day instead of a 12-hour, 2-shift day, and adding

a sixth member to the force;

—Okayed the construction of a private office (in the department room) for Police Chief McDade;

—Announced Fulton Decoration Day as the third Sunday in May, this year;

—Voted to spend \$5 to repaint and repair the steel door on the Meadows Vault in the cemetery (and cut the expenditure of \$15 for flowers to \$10);

—Agreed to the erection of a new white-way lighting system for Fulton by the Kentucky Utilities Company for a monthly outlay of \$166 (The City has spent to \$200 in maintenance and electricity on the same project and still had poor lighting);

—Learned that the Fulton "Natural Gas" report has been approved by the General Services Administration in Chicago and is now in Washington for an okay of \$8500 as a grant for costs of planning the local system;

—Appointed 10 firemen as "regulars", and turned down two others who had served (one is not available during daytime working hours; the other resides outside the city limits).

Oberlin Go... Waterfield Has Chance At Senate Post

By Dick Oberlin
Fulton News, Correspondent
Frankfort

In a recent conversation with Harry Lee Waterfield, the Clinton publisher, The News learned that Mr. Waterfield is receiving strong urging from all over the State to make the race against Clements. A statement will be forthcoming about June 1, he said.

Will there be opposition to

Earle Clements for the Democratic senatorial nomination? One word answers the question—money! And, one man is ready to provide the opposition if the money for his race can be raised.

Friends of Harry Lee Waterfield of Clinton are these days working all over the Commonwealth of Kentucky, talking with people with money to contribute to political campaigns. Weeks ago, some 40 or 50 men met in Louisville's Seelbach Hotel.

Waterfield was there and made it clear at the time that he would be available to run against Clements for the Democratic nomination for Senator if a campaign fund could be raised. He has stuck to that position, and those who attended that original meeting have ever since been out trying to rustle up the cash.

Sources close to Waterfield say he believes there is a tremendous, largely unspoken opposition to Clements. And he is counting on this plus a tight, hard-working organization to win him the nomination if the money can be produced.

It was Waterfield, of course, who lost the Democratic nomination for governor to Clements in a blistering, hard-fought and close primary election back in 1947. And he, too is the man whose parliamentary brilliance was the only thing which really snarled up the well-oiled legislative machinery during the session of the General Assembly which ended two months ago.

Waterfield has the skeleton of a loyal state-wide organization. He always has had many firm personal friends who stick to him through thick and thin. In addition, he can muster a pretty sizable number of people whom Clements has trampled over in the past three years.

Any office holder, naturally, makes enemies. And, a man like Earle Clements makes more bitter enemies than most because of his iron tactics.

Clements' foresight in building a highly-gear'd state-wide machine has given him one of the finest, if not the finest, organization which any political leader in the State of Kentucky ever fashioned. Critics of his one-man rule methods undoubtedly would pitch any campaign against him on this very machine. They will point out that Virgil Chapman has been Clements' close friend for many years and that Clements can guide Chapman with very little difficulty. They believe that Clements, if he returns to Washington, will retain the same iron

HAM Ethridge "KITTY CORNER"

Well, fans, another Kitty opener has come and gone, although, it was a little dreary for the Railroaders, it did mark the start of another season of baseball for the rabid fans who feel that they can't possibly live in Fulton without going out to the ball park at least every other night. The attendance wasn't announced at either of the parks for the openers, but there seemed to be a good crowd both nights.

While watching the opening games, and hearing some of the minor openers on the radio, I wondered just how the Kitty compared with other minor leagues in age and survival. Here's what I found after a little investigation: The Kitty is the oldest surviving baseball "D" league in the United States. It is also the best known of the lower organized leagues. Back in January, while holding their winter meeting, all of the baseball bigwigs were asked to name as many of the minor leagues as they could from memory, the Kitty was the only league that was known by all the higher officials in this great game. I think this speaks well for the Kitty league because last year, there were 59 minor leagues operating in organized baseball.

Have you seen the local boys in action yet? Well, they're boys now. They play two, lose two. "Ham, what's the matter with your boys?" You just watch. (Continued on page 4)

Golden Rule Days

You Wrote on My Slate--No, Desk--In Dear Old Days

By Mary-Nelle Wright

A ramble through the old desks at Fulton High School is just like going through the pages in a history of Fulton. These old desks that are so intimately a part and parcel of F. H. S. have been battered, butchered and beaten but have proven that they can weather any storm.

It was back in the days when riding crops with Dresden china handles were in vogue and straw sailor hats were selling for seven cents each that the school system bought some of these desks from the Andrews Desk Company. Perhaps more than a few people here can still remember the day they were bought.

It is strange how quickly the years speed by and soon you are sitting in perhaps your same old

school desk—but this time its as a P. T. A. member.

Try as you might to recapture the past years when primping in school was taboo, its mighty hard to comb the thinning locks so the gray won't show. Indeed, those desks look just about the same as they did back in the early 20's—save for the difficulty of getting in and out of them—even excluding Hershey bars from the diet doesn't make entering or exiting any easier.

Those initials so carefully carved could tell many a story. In fact, as I sat there I noticed the initials of H. M. and laughed to myself as I remembered a most humiliating experience. It was in the fall of 1925 when feeling the importance of being a freshman, A. J. Lowe, the principal, very

definitely removed any idea of importance from my mind.

It was like this: Each day at noon when all of the students in high school had convened in the study hall Mr. Lowe always made his most important announcements. It was on this day that I met my Waterloo when Mr. Lowe calmly walked to the center of the stage. He took a small piece of paper from his pocket and waited until there was absolute silence, then read: "Dearest Mary Nelle"—and the note was signed H. M. Great care is one thing a freshman has to learn—especially when note-writing is strictly forbidden.

It occurs to me that many a story might be revealed from those old initials. Someone told me that the late Hoyt Moore once

felt the urge for reminiscing and upon examining said desk, found his own initials carved ever so carefully there.

Nothing has intrigued me quite so much as finding combinations like these: F. C. plus L. B., E. P. plus T. R., A. W. plus O. C. C. 1927, H. E. plus B. A. R. and I wondered if these couples continued their lives in a plus or minus status.

Then, there were other single initials like A. E. R. 1919, J. R. J. (which could have been John Rickman Jones), M. E. 1928, T. K. 1922 (Tracey Kenny, perhaps, as he was of the 1922 vintage), H. B. 1927, N. J. W. 1945, W. M. Nov. 1926, D. O., N. N. T. and H. F. 1930.

Others who evidently weren't satisfied with initials must have

spent hours carving out names like Harold, Nell, Buck, Leon (Bondurant?), Neal (Karmire?), Jimmy (Jones?) and Boyd R.

There were the extremists who couldn't be content with initials—initials plus initials or first names. These went all out and carved whole name and dates that left nothing to one's imagination. Harry House, Dec. 7, 1917, A. T. Thompson, DeRoy Moore, Jim Shuck, Waymon Campbell, James Everett Norman, Jimmy Jolley and Dan Collins.

Yes, each old desk could tell a story and it makes one wonder how many of these lives have gone on serenely, how many triumphantly—but one thing we know... as sure as there are desks in a school there will always be initials.

Health Doctor Is Anniversary Gift

It is a feeling of great satisfaction, on this, our third anniversary in Fulton, to see a major project of this newspaper whipping itself into action. On page one of this issue, we proudly print a story stating that our good friend Harry Barry, County sanitation officer appeared before the City Council on Monday and asked for an appropriation from that body to underwrite the services of a full time county health doctor. The doctor would not be full time for the City of Fulton but would spend two-fifths of his time in this county, dividing his services between four other counties.

Sometimes a newspaper gets a little discouraged attempting to incite enthusiasm in the badly needed conveniences for its community. But then, when folks like Harry Barry, Mrs. Cavender, Mrs. Gordon and others ask for help, you feel that you've just got to move mountains to help fine folks like that.

Frankly, when we first started bringing to light the dire need for a full time health doctor we felt the effort a little hopeless. But when we got the State Health Department interested (they made several calls down here to us) and Judge Roberts, robbed Peter to pay Paul and upped his appropriation to \$2700, we felt we were getting somewhere.

With this encouragement from the County Fiscal Court, which incidentally has carried the health department load alone for many years, Harry Barry started making the rounds and got others to kick in. If the City of Fulton appropriates \$1000, and gentlemen please do, then the goal has been reached and our wish has been satisfied.

Not only will the wish for a full time health unit be satisfied for us, but other pet projects of ours will naturally fall in line. A full time health doctor will:

1. See the tremendous need for health and water facilities in Riceville, some sections of Highland and Missionary Bottoms.
2. Join Harry Barry and his workers in ridding the city of disease-carrying rats.
3. Perhaps devise a plan for garbage disposal in the outlying areas.
4. And a score of other things.

Mayor Atkins, City Council, please, open your purses for a healthier Fulton County.

Boys Show Gratitude By Winning Laurels

Last week, many boys from Fulton, who comprise the rifle, casting and moskeet teams of the local school did their instructor proud by bringing home most of the honors in the district trial meet held at Benton.

Two years ago a delegation from the local schools contacted Hunter Whitesell with regard to instructing them in target shooting. Although busily engaged in his own business affairs, Mr. Whitesell agreed to help the boys and secured for them assistance from the National Rifle Association, receiving five Army rifles from NRA and 12,000 rounds of ammunition from the War Department, Mrs. Whitesell stated on the difficult task of teaching the boys to use the guns.

The program has been a tremendous success, and as if in appreciation for the wonderful work done by Mr. Whitesell and the personal satisfaction to them, the boys really brought home the laurels to their faithful instructor.

Projects of this nature have an incalculable influence on the youth of Fulton and America. As long as boys are engaged in good, clean sports and the development of their own personal prowess, there can be no juvenile delinquency.

To Mr. Whitesell, James Hibbs who assisted him, and John McClintock who instructed other phases of the sporting program, the News offers heartfelt congratulations and thanks.

Library Worthy Of Your Contribution

Community spirit is a wonderful thing. Its that intangible something that makes people build schools, churches, good streets and libraries. Its this latter something about which we would like to call your attention this week.

Next Tuesday, May 9, the library department of the Woman's Club will launch its annual drive to secure funds with which to continue the work of the fine, little library, which serves more than 6000 Fultonians each year. Hardly anywhere in the State of Kentucky is there a more worthy project, which today deserves your support.

Many years ago, the library of the Fulton Woman's Club was started in the home of the late Mrs. Eli Bynum. It was started as a project to furnish children good and wholesome reading material. Like Topsy, it grew and grew, moving to larger quarters at intervals, until today it is a growing institution with more than 3000 volumes.

But like everything else it needs funds to carry on the work. A full time librarian is hired to care for the records and the circulation of the books and although her salary is nominal, the money must be secured from somewhere to pay it. The Woman's Club contributes a part of the money and the city and county contribute another amount, making a total contribution of \$240 annually. That amount, as you can readily see, hardly pays the librarian's salary, much less makes up a fund for the purchase of books.

This year, Mrs. Ernest Fall, Jr., the efficient chairman of the library department has prevailed upon the men folks to give a hand with the fund drive, which has as its goal \$1000. Bill Browning, prominent and enthusiastic in any project that benefits the city has agreed to act as co-chairman with Mrs. Fall and is rounding up some of the city's best solicitors to assist him in the drive. Securing Mr. Browning is pretty good assurance that maybe that long sought for set of encyclopedia, as well as other needed reference books can be purchased.

Next week when the solicitors call on you, be imbued with that wonderful community spirit and give to increase and maintain our library. You've given to many worthy projects in the past, so what you have given to the least and the best of them, also give to this one.

School Patrons--Are These Your Answers?

Q—What would be dropped from the Southern Association mean to a graduate of Fulton High School?

A—It would mean that the doors of many colleges would be closed to him unless he could pass a college entrance examination. In the past graduates of F. H. S. have entered colleges in many different states because F. H. S. was a highly accredited school. Future graduates would be restricted to state colleges or be subjected to rigid college entrance examinations.

Q—What will it mean to Fulton if F. H. S. is dropped from the Southern Association?

A—The town itself will lose prestige. It will be classed among the less progressive, far-seeing, resourceful cities of our commonwealth. (Contributed.)

The Scars Of Battle

By Msgr. Fulton J. Sheen

As a soldier may return from war wearing the ribbons of victory, so Jesus rises from the dead wearing the scars of battle against sin!

Everywhere in the Resurrection scenes we meet a Great Soldier with His Scars! Mary Magdalen who had anointed His Feet for His burial just a few days before, and then once again knelt at His Feet on Calvary's Hill, now recognizes Him to be, not the Gardener but the Risen Savior, as clinging to His Feet she sees there the lived red memories of riven steel.

As the ten Apostles and their companions gathered around the evening lamp, in conversation with travelers of Emmaus, suddenly, silently, without shadow, sound, without the lifting of a bolt, or the stirring of the latch, Jesus appears in the midst of them, saying: "Peace be upon you; it is myself, do not be afraid." Covering in terror, He reassures them, saying: "Look at my hands and my feet, to be assured that it is myself; touch me, and look."

And as He spoke thus, he showed them His Hands and His Feet. Hands that had lifted up blind eyes to the sight of God's sunshine; Feet that climbed the

ust primary.

The roads running out of Fulton have nearly all been dragged, and travel in most any direction is now a pleasure.

Letters To The Editors

Office Of The Vice President Washington April 26, 1950

Mrs. Johanna Westpheling Editor, THE NEWS, P. O. Box 485, Fulton, Kentucky.

My dear Mrs. Westpheling:

This will acknowledge receipt of your letter of April 18 enclosing a clipping from your newspaper, containing a story about me.

I do not know how the story about taking up a collection for me got current. It is a good one but it does not happen to be correct. I bought my graduation suit from Reid's store on the corner of the Square, and it cost me \$10. I remember Sam Howell very well and I find the story interesting but somebody is mistaken. With all good wishes, I am Very sincerely yours, Alben W. Barkley

Kentucky Federation of Business and Professional Women's Clubs Paducah, Kentucky April 29, 1950

Mrs. Johanna M. Westpheling c/o Fulton County News Fulton, Kentucky

Dear Mrs. Westpheling:

Paducah is still interested in organizing a B. & B. W. Club in Fulton. Fulton is a splendid little city and we feel there is a definite need for a club. Could you, or would you be willing, to assist us in getting a group of business women together to discuss the possibility of organizing a club there? Having been a member of our club I know you could be of more help than anyone not forgetting the great asset your in-

fluence in the city would be. I shall appreciate hearing from you and if you cannot help perhaps you can give us the names of a few business women whom we can contact.

With sincere good wishes, I am Very truly yours, Mrs. Ethel M. Rice, Chairman of District One Ky. B. P. W. Clubs.

P. S. I am connected with the Board of Education and we have offices in the Guthrie Building next door to the Post Office. EMR

Mississippi State Taxpayers Association Office of the President Friars Point, Miss. April 26th, 1950

Dear Ole Johanna: Just a note of appreciation to you for the editorial you had about me and the socialized medicine affair.

Of course I felt it was well written and I read it to Aubin and for 3 days after that I would not permit her to handle me. Thank you.

Was down at Governor Snider's plant in Natchez a few weeks ago and as he introduced me to the office force he told of what a time he had to keep me from filling up his paper with stuff that would have caused him to be sued for a million dollars. One of them was the way I said something about Roosevelt.

Any how here is hoping that I have to drive through your town again some day and with best of regards to you and Paul.

I am yours as ever, Tom L. Gibson

By the way if you have a couple of extra copies of that famous editorial you can send them to me.—Tom.

PUBLIC HEALTH TOPICS

A familiar figure in communities throughout Fulton, the public health nurse is teacher, nurse and friend to those she serves. Whether she is assisting in control of communicable diseases or conducting classes in child care or nutrition, the work of your public health nurse is a challenge rather than a chore. It is her job to assist with all local projects aimed to arouse public interest in public health.

Since she works on a local level, she becomes familiar with the personal problems of the people in your community and can give you the benefit of her guidance and counsel. Her goal is your goal—the safeguarding of the health of you and your family.

Her most important job, however, is that of education. By teaching you and your neighbors what to do in case of illness or emergency she is able to help more people, because she is helping you to help yourself. Through her case finding work in such communicable diseases as tuberculosis and venereal disease, she does much to prevent their spread and to aid in the treatment

of their victims.

More and more she is taking time to listen to and understand your personal health problem, because she realizes that what affects you personally may also affect you physically.

Her uniform is the symbol of healing and help. It is she, of all the members of our local health unit staff, who enters most intimately into the daily cares of the people of your community.

By your cooperation in carrying out the public health projects in which she is actively engaged, you can help make her work even more effective.

JUNIOR WOMEN MEET TUESDAY AT CLUB HOME

Mrs. Wallace Ashby was elected president of the Fulton Junior Woman's Club at the May meeting of the organization Tuesday night at the Club Home. At the same time Mrs. Johnny Sharpe was elected chairman of the Scholarship Committee.

Members of the club voted to open their annual hundred dollar scholarship to a Negro girl of Fulton who wishes to go beyond the high school level. It was decided to hold an informal social evening of cards in June for members and guests only. Mrs. Clyde Hill is in charge.

Members also planned to set up a system whereby members who show the most interest and loyalty to the club may be recognized at the end of the year.

Mrs. Tolbert Dallas, program leader, presented Mrs. Robert Thompson, who gave a delightful and informative talk on "The American Home."

Miss Alene Rust and Mrs. Ralph Winstead served delicious refreshments to the group which included two visitors, Mrs. David Homra and Mrs. Randall Burcham.

MRS. DAVIS ENTERTAINS FRIDGE CLUB

Members of the Tuesday afternoon bridge club and three guests, Mrs. Vester Freeman, Mrs. A. G. Baldrige and Mrs. L.

O. Carter were delightfully entertained by Mrs. J. D. Davis at her home on Eddings Street.

Following several progressions of contract Mrs. Abe Jolley was awarded high score prize and Mrs. Carter high guest.

At the close of the games the hostess served a lovely salad plate.

Members playing were: Mesdames Jolley, T. M. Franklin, L. O. Bradford, Gus Bard and J. C. Scruggs.

JOE WORK COMPLIMENTED WITH BIRTHDAY DINNER

The home of Mr. and Mrs. Joe Work of Dukedom, Tenn., was the scene of a birthday dinner honoring Joe Work on his forty-seventh birthday.

A delicious basket lunch was enjoyed at noon on the lawn.

The guest list included: Mr. and Mrs. Lowell Williams and Dana, Mr. and Mrs. Ishmel Byars, Mr. and Mrs. L. T. Williams and Michael, Mr. and Mrs. Hamp Williams, Mr. and Mrs. Macon Work and Larry Dale, Mr. and Mrs. Bill Edwards and Terry, Mr. and Mrs. Edd Work, Mr. and Mrs. Arnold Work, Mr. and Mrs. Willie Work, Mr. and Mrs. Cleve Work, Mr. and Mrs. Harry McClain, Tom Work, J. K. Johnson, Mrs. Gaston Shelton, Melinda and Bennie, Marilyn Work, Carolyn Work, Bobbie McClain, Phil Shelton, Ralph Work, Martha Lou Cosley, Mrs. Joe Work and the guest of honor, Joe Work.

CLEMENTS PLANS INTENSE CAMPAIGN

An intensive organization campaign reaching down to precinct level will be undertaken immediately in behalf of Gov. Earle C. Clements' campaign for the Democratic Senatorial nomination in August, J. Thaxter Sims, campaign chairman, said today as he announced selection of two key aides for the campaign drive.

Sims announced selection of Herndon J. Evans, Pineville, newspaper editor and past president of the Kentucky Press Association, as publicity chairman for the Clements campaign, and of George Hart, Murray banker, as Finance Chairman of the campaign.

Evans, native of Morehead, was reared in Frankfort, graduated from the University of Kentucky school of journalism, was one-time Associated Press correspondent at Frankfort, and since 1925 has been editor of The Pineville Sun.

ROY HINES IN FINE RECITAL

Roy Hines, tenor, was presented by the Music Department of the Murray State College in a recital Thursday night, May fourth, at 8:15 o'clock in the Recital Hall of the Fine Arts Building. The program was open to the public.

Mr. Hines has appeared in Fulton as soloist on several occasions and those who have been privileged to hear his very fine tenor voice predicted for him outstanding success.

His program follows:

Die Mainacht, Heimkehr, Meine Lieder, O Liebliche Wangen, Bahns: Aubade (Le Roi D'Ys, Lalo, Dourquoi Me Reveiller (Werther), Massenet; The Drooping Corn, Rachmaninoff; In The Silence of the Night, Rachmaninoff; The Lament of Ian the Proud, Griffes; Mariposa, Zimbalist; Little Boy, arr. by Hayes; Ride On, King Jesus, arr. by Gaul.

Junior Riflemen

(Continued from Page One)

High not only won the event for one-man teams but his score of 163 (out of 200) was highest in the whole Junior tournament. His nearest competitor, a boy from Hopkinsville, fired 152.

Fulton's two-man team, composed of Bailey and Charles Binford, won handily over their nearest competitor, Hopkinsville, 239 to 116.

Fulton's four-man team, composed of Rice Owen, Max McDade, Larry Cavender and Frank Cardwell also took a bow from Hopkinsville easily, 434 to 310.

All of the above Junior teams won a free trip to State competition.

In the senior division, Fulton placed second to the well-trained groups of Hopkinsville; Ted Goodwin (one-man team) dropping a close match 147 to 151; Johnson and Sublett (2-man team) losing to Hopkinsville, 255 to 296; Webb-Holland-McKnight-Crutchfield (4-man team) barely being nosed out 498-528.

Jimmie Webb, on Fulton's senior

4-man team, fired 170 out of 200 to take top score of the entire tournament.

These teams were led by James Hibbs, Captain, who has set an outstanding record this year, and to whom goes much of the credit for their success. Hunter White, sell acted as coach and Ed Phipps, supervisor.

"Ham" Ethridge

(Continued from page one)

they'll be going around town with their chests pushed out, "Man alive, can't our boys slap that apple around the park!" In a few days when they win two or three in a row. Personally, I think we have the making of a good ball club out at Fairfield. The Railroaders are a young bunch of fellows that want to play ball and want to win. It always gives me a funny feeling when the new season starts and you just sit around the park and look long because old so-and-so has gone up to class "C" ball or class "B" ball and all we've got now at this base or that base is a rookie that we can't read about in the official Baseball Guide. Well, that's just what this old Kitty and every other minor league is for, to build men for the majors because even big guns in the majors don't live forever. Ivan Kuester has the Fulton roster arranged so that he isn't even using his full allotment of class men and I'm of the opinion that we may not even need another class man as long as our present crop of rookies continue to look promising.

Have you heard of the new radio squabble? The major leagues have an agreement with the minor leagues whereby if the major leagues games are broadcast outside their home city, permission must be obtained from all minor league clubs within 50 miles of the broadcasting station. Our old FM standby, WPAD-FM, will be affected by this ruling, as well as a southeast Missouri station, KFVS, Cape

Girardeau, due to the fact that they were unable to obtain permission from the Cairo Baseball Club. Frankly, I fail to see just what the Cairo club hopes to accomplish by this move. They have poisoned the minds of practically all baseball fans in Southern Illinois, Southeast Missouri and Western Kentucky against them. The fans are going to hear the games just as well. In our area, they still have the very powerful FM station at Jackson, WTJS-FM, KBOA-FM in Kennett, Missouri, or KLCN-FM in Blytheville, Arkansas to rely on although we will miss J. B.'s comments on WPAD-FM. Other stations will still give service on AM and FM in the Cairo area because they are located outside the 50-mile radius.

While on the subject of radio reception in baseball, it will be good to see all the radio men busy in the circuit again this year. Marshall Bruner and Norman Hall with WOMI and WOMI-FM as well as Leroy Woodward with WVJ and WVJS-FM in Owensboro, Lou Wrather and Dick Eunger with our good neighbor WENK over at Union City, I believe Dutch Lackey again with WHOP and WHOP-FM in Hopkinsville, as well as representatives from WKTU, Mayfield, WFMW, Madisonville, WDXI, Jackson will be out at Fairfield

to tell all their folks back home just how bad their favorite team is getting their ears pushed back. These are all good likeable fellows and we look forward to seeing them back in Fulton as much as we do their ball clubs.

Next week, I'll give you a run-down of all the Railroaders, tell the young ladies just which of them are married and which are single (as if they don't already know), their hometowns, etc. HAPPY BIRTHDAY, RAILROADERS: Harley Grossman, pitcher, May 5, Red Beckering,

THANKS: Lou and Dick for the nice plug you gave this column on a recent broadcast.

BILL OF HARRIS FORK

It was the late P. T. Barnum that made the crack that, "The American public love to be humbugged." Bob Binford has proved that P. T. knew his stuff. Now Bob didn't do this to prove anything but Bob loves a joke. He had been up to Kentucky Lake and caught some fine crappie. He brought a nice large one and his fishing outfit, in fact he brought two outfits, and set down about 100 feet north of Commercial Avenue bridge—just far enough that folks could see him, but not too close, along Harris Fork. He put the crappie on one of his hooks and let it go into a pool of water and when anybody would cross the bridge and look his way he would make a great ado about landing his fish. It wasn't very long till there was about twenty guys above and below the bridge with their lines in the water. Bob kept on landing crappie to the

disgust of the rest of them. He didn't open his creel for sight-seers. When he had enough fun he picked up his creel as tho it was heavy. It was. It had some rocks and a badly worn crappie in it.

Bill Browning, Happy Hogan, Ernest Fall, Jr., don't overlook the JR., said they just didn't understand how he did it, I told them, "simple enough—just pour some doodle oil over your bait and toss it in." Bob has mixed up a gallon of it and has it for sale at his drug store.

Bill Browning has more BAD LUCK when he goes to Kentucky Lake—The BIG ONES ALL GET AWAY and come down our Turkey Creek where our GOOD FISHERMEN catch them. If someone will just invent a hook that they cannot get off I'd like to present Bill with a flock of them.

—Bill of Harris Fork.

subscribers in the county. Reading about a person in the newspaper and hearing them on the radio, one draws their own mental picture of a person, they said.

"I thought you were a great big woman," said one . . . goodbye size 16 . . . "I thought you were a blonde . . . move over Hedy Lamar . . . "Funny, I thought you were a slender lady," . . . come back size 16 . . . and on they went.

We're not through with this here now census-taking by a long shot, but to tell you the truth we'll be sorry to see it end! As one lady said, "I thought you were never coming, what with that little three-months old baby." The joke's on her and on me. R. Paul has learned to cook . . . he's two and one-half you know, and Mary Jo is making her own formula. Prodigies, did you say? Maybe so, but its listening to mommie ask 333 questions (exactly, we're even talking rural) of the pillow that's made those two dear little youngsters take to the hinterlands with beds of lespedeza, diets of berries and other small fruits,

and relaxation of dark-fired, air-cured and burley tobacco.

You ain't heard nothing yet!

Oberlin Says

(Continued from Page 1)

control on the Democratic party machinery in Kentucky as he has enjoyed as governor.

These same critics will declare that with all state and Federal patronage in effect in the hands of one man, the Democratic party is doomed. It would retain control until there was a revulsion of the voters as a whole and Republicans were swept back into office.

Certainly Waterfield would have a better chance this year than he did in 1947. Three years ago, Waterfield strength was centered in a heavily-Democratic Western Kentucky. He ran a brilliant race in the 1st and 2nd districts. But there are plenty of Democrats elsewhere in Kentucky.

The other large vote is centered in the Bluegrass, the 3rd district in the Covington-Newport area and in the sprawling 9th district. It is rather surprising to note the very respectable number of Democratic votes cast each year in the predominantly Republican Ninth.

In a campaign this year, Waterfield could count on retaining his West Kentucky strength and gathering heavy additional support from these other areas.

So, it is an interesting picture. Waterfield has another thing on his side. He is still a young man, and he can afford to sit this one out. He can say: "Well, you can't raise the money to beat Clements. Alright, when you get fed to the teeth with one-man-rule one

year, four years, or six years from now, just let me know.

Then, if you're sincere about returning the Democratic party to the Democrats—all of them—then I'll be ready to run." The opposition to Earle Clements for U. S. Senator is ready—when the war-chest, the MONEY, is ready.

Cayce High School Graduates Eighteen

Harry Lee Waterfield, State representative from Fulton and Hickman Counties was principal speaker at the commencement exercises of Cayce High School last night. Mr. Waterfield spoke on the problems facing Kentucky. Thomas H. Farley delivered the diplomas.

Graduating were: James Brawner, Harvey Bondurant, Jr., Charles A. Burns, Bob E. Brown, Jimmie Lee Gilbert, Royce Cruce, James C. Smith, Duane Hill, Kenneth McClanahan, Joe Allen Harrison, Carl McMurry, Mare Brawner, Geraldine Brown Collins, Betty Brown, Alta Holme, Charlene Pruett, Elaine Rice, and Wanda Stallins.

Miss Alta Holmes gave the valedictory and Miss Elaine Rice was the salutatorian. Vyrion Mitchell gave two vocal selections.

A Day to Remember

There are days throughout the year that you SHOULD remember, but forget to do so. They MAY pass without too much sorrow . . . but there is ONE day in the year that is quite apart from the rest.

THAT day you should not forget to remember. This is Sunday, May 14, and is the day on which you remember your Mother.

It doesn't matter what you send for remembrance, nor whether or not it comes from Kasnow's . . . but Do remember your Mother on Her day. All that she wants to hear, all that she hopes to know, is that you have not forgotten her.

Send Mother something . . . large or small.

FRESHMAN NEWS

Say SR do you still think that BSC that Sophomore boy is cute? How about that Shirley?

BC seems to have an interest in the Freshman class. How about that Bobby, couldn't be FG, could it?

Hey kids. Guess who ask PM to the Prom? Why none other than DK.

Has VF taken an interest in the Sophomore class? Come on Virginia don't be shy.

There are quite a few bachelors in the Freshman class. How about that DG, BP, JP, JB, RP, aren't the girls here good enough for you?

Well, well ELS has made up

her mind. It is Union City or should I say HC from UC.

MY and ELS are really interested in new formals. I wonder why. Come on girls, tell us about it.

MDW and BSC seem to be doing OK. Good luck kids.

CAA is interested in Cayce or should we say JL. Is that true Carolyn?

MSH, SL, VM, CS, BB, and SE, are still the No. one birds on our list.

Swimming has started early with a few. How about that PM, SL, MSH, CS, and VM.

SOPHOMORE NEWS

It seems that JW is still going strong with Murray College or is it BJL.

BJM who was the cute boy you were with Sunday night? Could it be WJ.

PM who is this boy you meet every day and every night? Is it really serious? Is it WN.

NB wasn't that JH you were with Sunday night? When did this happen. Everyone is asking.

MR what is it you like so well that you stay with MSS so much? Could it be what everyone else is after?

JH that was a good-looking guy you had a picture of Monday. Why don't you bring him around?

LH are you still looking forward to the Prom? I would be if I was going with that cute boy GB.

You don't have to ask HS who his girl is because every time that cute Sophomore girl passes him he lights up like a Christmas tree. Keep it up you two.

JS is it still RB. Or is it someone else?

What has Dukedom got that Fulton High doesn't, girls? If you want to know ask a Sophomore, Junior or Senior.

JAL and JY are making it fine we hope. Good luck you two.

JUNIOR NEWS

Who was BJS seen with Friday, Saturday and Sunday nights? Could it be BSC? Is it serious or are they both still undecided?

Say LSS, JV, JG, and BJG, why did your heads keep nodding in school Friday? Could those late hours Thursday night have

anything to do with it or should I say early Friday morning?

Where is SAB developing all those new nicknames? Don't keep us in suspense SA tell us.

DC has been seen with his old flame AM quite a bit lately. WN and PM seem to have a bad case over each other.

Say WR we hear that you are a great admirer of Freshman. Especially of MY.

MOTHER, FAIR

God chose an Angel of Heaven When He made my mother, true Into her eyes He placed a sparkle Kissed by the morning dew.

Upon her face of rose-petal beauty He placed a wonderful smile With the warmth of the noon-day sun To bless us all the while.

Into her voice He wove the soft Low whisper of the tiny brook. Added the tender love of the Great Shepherd From the pages of the Holy Book.

Caressed her with the melody of the lark So sweet in the early Spring. Blest her with humble reverence In the lesson she sought to bring.

Made her a haven of strength A lighthouse for my ship of life. Guiding, teaching, ever protecting From the World's trouble and strife.

Her hands so worn from toil Are beautiful beyond and thought Every wrinkle speaks of service The march of time has brought.

He gathered the moonlight from his night Scattered it upon her hair— Yes, truly from the Heavenly Meadows God made my Mother, Fair.

Composed by Emma L. Roberson Fulton.

NORMA PICKARD TO LAUREL FESTIVAL

Norma Pickard of Mayfield, Ky., will represent Murray State College at the Mountain Laurel festival at Pineville, Ky., May 25, 26 and 27 as candidate for 1950 Laurel queen. She is a lovely brunette.

Miss Pickard, a 21-year-old senior majoring in elementary education, was chosen "Miss Murray State" for this year and was listed in "Who's Who in American Universities and Colleges."

Active in student affairs on the campus, she is a member of Sigma Sigma Sigma sorority, El Nopal, Kappa Delta Pi and the Association for Childhood Education.

Miss Pickard, who expects to teach in the elementary schools of the First District this fall, received a scholarship from the First District Parent-Teachers association last year for outstanding scholastic ability.

A graduate of Mayfield high school she is the daughter of Mr. and Mrs. Charles Pickard of 1209 Wilford, Mayfield, Ky.

CHRISTIAN-SCIENCE

"Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Christian Science churches throughout the world on Sunday, May 7, 1950.

The Golden Text is: "When I said, My foot slippeth; thy mercy, O Lord, held me up." (Ps. 94:18)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "All things were made by him; and without him was not any thing made that was made." (John 1:13).

Need Well-Balanced Nutrient Supply to Maintain High Yields

MAINTAINING high crop yields year after year depends on getting and keeping a well-balanced supply of nutrients in a soil well conditioned with organic matter, declared the Middle West Soil Improvement Committee in a recent statement.

"No one element is the sole answer to high production over extended periods," says the statement. "It is true that some soil for a time gives startling responses to one element. But the reason for this is that such soil is deficient in that one element, while well stocked with others."

"Take, for instance, a soil lacking in potash. As soon as potash is added, the crop response is tremendous. But continued additions of potash alone will soon pull down

High nutrient level "must" for top production.

the available supply of nitrogen, phosphate and other nutrient elements. When that happens there will be no response from potash until these other elements are added.

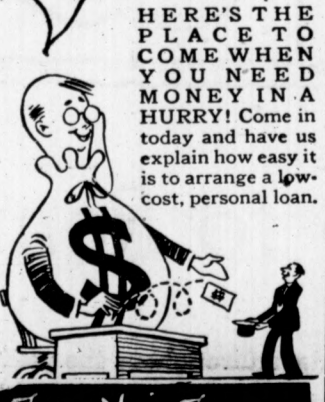

"All this emphasizes the fact that an adequate, well-balanced nutrient level is essential to continued high crop production. But for the top in profitable production this high mineral nutrient level must be coupled with practices that give: 1—A plentiful stock of organic matter to give the soil good condition and promote the maximum use of nutrients; 2—Good drainage to save essential moisture and draw off excess water; 3—Adequate soil ventilation to provide crop roots with all the oxygen they need."

"Farmers can condition their soil by the use of lime to provide needed calcium and overcome acidity, the use of good rotations and well-fertilized deep-rooted legumes to increase and maintain organic matter supplies."

A childlike trust of heart, that can take a hand, and wondering, walk in paths unknown and strange, is the prime requisite of all religion. — James Martineau. The first rule of education, in all lands, is never to say anything offensive to anyone. — Voltaire.

CONTRACT FOR ELECTRIC SERVICE STREET LIGHTING

This agreement made and entered into this 1st day of May, 1950, by and between Kentucky Utilities Company, hereinafter called the "Company", and the City of Fulton, Kentucky, hereinafter called "Customer". Witnesseth:

Article I

The Company agrees that it will furnish, erect, maintain, clean, repair and operate, in accordance with Street Lighting Rate Schedule No. 1, as filed with the Public Service Commission of Kentucky and as attached to and made a part of this contract, electric street lights in Fulton, Kentucky, and the Customer agrees that it will receive and pay for such street lighting service at the rate set forth in said Schedule.

The minimum street lighting service to be so furnished by the Company and received and paid for by the Customer, shall consist of the following number, size and type of street lights:

41-6000 Lumen Series Lamps. Payment for service to be in twelve (12) equal monthly installments. The first to be payable thirty days after commencement of service at the rate of \$116.16 each month and to be adjusted as rates may be changed from time to time by The Public Service Commission.

Article II

The Customer may, from time to time, cause to be increased the number of street lights to be furnished hereunder, or cause to be changed the size and-or type of lights to be furnished hereunder, provided that the expense of installing such additional lights shall not exceed the annual revenue to be received by the Company for such lights and provided that the expense to the Company of any such change in size and-or type shall not exceed the annual increase in revenues to be received by the Company from such changed size or type of lights.

Under the foregoing conditions, the additional street lights will be installed and the changes in size or type will be made by the Company upon written request of the Customer, which written request shall be authorized by a resolution of the legislative body of the Customer.

Such written request shall be made of the Company at least ninety (90) days prior to the time such additional street lights or such changes are required by the Customer.

The price to be paid by the Customer for additional service covered by this Article of this agreement shall be in accordance with the Rate Schedule hereinabove referred to.

Article III

The Customer will pay the Company on or before the 10th day of each calendar month, at the office of the Company for service rendered during the preceding month, an amount determined in accordance with the Street Lighting Rate Schedule No. 1 heretofore referred to.

Article IV

The Company will exercise all reasonable diligence to furnish Customer at all times service as herein contracted for but will not be liable in damages for any interruption, deficiency or failure of service, except that the Company agrees to make deductions for outages as provided in Article VI hereof. The Company reserves the right to interrupt the service when such interruption is necessary for repairs to its lines or equipment.

Article V

If Customer shall fail to perform any of his obligations under this contract, including prompt payment of monthly bills, the Company may, be giving written notice 10 days in advance, suspend delivery and will not be liable in any manner for loss or damage arising through such suspension nor will such suspension interfere with the enforcement by Company of any other legal right or remedy. No delay by Company, in enforcing any of its right hereunder will be deemed a waiver of such rights, nor will a waiver by the Company of any one of Customer's defaults be deemed a waiver of any other, or subsequent default.

Article VI

If in any month any lamp or lamps should fail to burn as provided in the rate schedule and such outage is reported to the Company by any city official or police, there will be deducted from the monthly bill a proportionate part of such bill based upon the size of the lamp and the hours of outage.

No deduction will be made, however, for any outage previous to the month in which the outage is reported.

Article VII

This contract shall become effective on the 1st day of June, 1950, and shall remain in effect for a period of one (1) year, and for additional periods of one (1)

year each unless and until the contract shall be terminated by either of the parties hereto. Either of the parties hereto may terminate this contract at the end of any yearly period by giving to the other party written notice of its intention to terminate the contract thirty (30) days prior to the end of such yearly period.

In witness whereof, the parties hereto have caused this contract to be executed by their duly authorized officers, the day and year first above written.

Mississippi Plantation Life: The Writings Of Mattie Dear

In my distress I cried unto the Lord and He heard me. I can say thank the Lord I'm feeling today like a spring chicken fast. By that you may know that I am feeling fine.

I went to church Sunday but no one there but me and the Lord. I suppose the reason no one meet me on the condition of the weather because it sure did rain Saturday night but let me tell you one thing; it is fine thing

to trust in the Lord. We got just some rain Monday night.

I have a nice garden but my chickens ain't so much but the Lord knows best but anything he do I am satisfied. Sometimes the way seems dark to me after while the Lord lightens it up for me. That is why I love him so.

I am a widow women but the Lord is a great and good husband for me. He always sending someone to help me. He said if I keep His command and do the right thing He will always take care of me and I am trying to do that with his help. I set out plenty of fruit trees and they are now full of fruit. Nothing done that but the good Lord.

If it ever has been prayer time it is now. My ex-boss man, Mr. P. W. Smith, he is in bad health now but he sure is a good man. My husband, Hun Dear, is dead but he yet stays on my mind. I guess that he was born for me but I tell you this one thing; I like a marriage life better than I does single.

Do not expect a host of friends, At times you will be alone; If you journey on life's pathway, You're sure to face the rain and storm.

presided over the business session. The minutes were read and approved and the treasurer's report given by Mrs. Perry L. Stone. Communication from headquarters in regard to the International Convention to be held in Oklahoma City, Okla., the State Convention in Danville, Ky., and the District Convention to be held in Fulton, June 22 at the First Christian Church, Mrs. Jake Huddleston read from the Guidepost.

Rev. Stone was present and discussed the changes impending in the names of the Societies of the church. The meeting was dismissed with prayer by Rev. Stone.

Mrs. J. R. Holland will be hostess to the June meeting. Mrs. Jake Huddleston will be leader.

CHRISTIAN GUILD ENJOYS MEETING MONDAY, MAY 1

The Guild of the First Christian Church met Monday night at 7:30 p. m. in the parlor of the church with Mrs. Harry L. Bushart and Mrs. Wallace Shankle, Jr., hostesses.

Mrs. J. A. Poe, president, called the meeting to order and the Lord's Prayer was repeated in

unison. During the business session the secretary and treasurer's reports were given and plans for the Daily Vacation Bible School were discussed and committees appointed. Mrs. Maxwell McDade, chairman of the nominating committee announced the new officers for the year as follows: Mrs. F. D. Phillips, president; Mrs. J. A. Poe, vice president; Mrs. Clayburn Peoples, secretary and Mrs. Charles Bowers treasurer.

Following the business Mrs. Wallace Ashby, program leader, presented the program. Mrs. Phillips gave the devotional. Her theme was "Thy Kingdom Come, O God," followed by prayer by Mrs. Perry L. Stone. Mrs. Ashby read an interesting article "The Great Answer" by Fulton Ousler.

During the social hour a Bible quiz was enjoyed. The hostesses served sandwiches and Coca-Colas to eleven members. The May meeting will meet with Mrs. J. A. Poe with Mrs. Moore Joyner co-hostess. Mrs. W. H. Sewell will be program leader.

RONNIE HOMRA HONORED ON THIRD BIRTHDAY

Mrs. Fred Homra honored her little son, Ronnie, on his third birthday Monday afternoon with a party at their home on Norman Street.

The living room was attractively decorated with clusters of colorful balloons and suckers which was later given as favors.

The feature entertainment of the afternoon was games and contests with Jackie Carter, Carol Luther and Glenn Exum winning prizes.

Late in the afternoon ice cream and cake was served from the pretty appointed dining table overlaid with a lace cloth and centered with a beautifully decorated birthday cake with three glowing candles. Each little guest's place was marked with favors of cars and bags of candy. Ronnie received many nice gifts.

The guest list included: Carol Luther, Glenn Exum, Nancy Treas, Maragaret Poe, Freddy Hill, Jackie Carter, Terry Thomas, Mark Dalton, Pamela and Ronnie Homra.

Those sending gifts but were unable to attend were: Ann Williams, Margaret Omar, Jane Edwards, Ward and Tommy Bushart.

RICHARD CARDWELL COMPLIMENTED ON BIRTHDAY SATURDAY

Richard Cardwell was honored on his ninth birthday Saturday afternoon from three to six thirty with a weiner roast given by his mother Mrs. Ernest Cardwell at their home on East State Line.

Games were enjoyed the early part of the afternoon after which weiners and marshmallows were roasted on the back lawn. Ice cream was served from an attractively appointed table centered with a pretty decorated birthday cake with lighted candles. The group sang "Happy Birthday" to Richard. He received many nice gifts.

Invited guests were: Murray Clark, Terry Clark, David Speight, Barry Strong, Johnny Allen, Tommy Allen, Charles Huddleston, Joe Ed Bush, Jimmy Newton, Jimmy Wade, Robert Stephenson, Tommy Fields, Bobby Hyland, Glenn Cook, Pat Dowdy, Brenda Brown, Rita, Jane and Judy Keiser, Ruth Louise Butts, Delores Morris, Alice Fay Barkley, Jo Ann Covington, Susan Bushart, Helen Ann Strange, Mary Ann Bennett, Sidney Callahan, Eva Jo Reams, Paula Lee Cardwell of Union City. YOU'LL REALLY SHINE HERE — because this is the de luxe version of the popular tourback 4-door SPECIAL Sedan, made bright by silvery fender trim and window moldings. Many extra luxury touches inside too.

Time is HENRY J. TAYLOR. ABC Network, every Monday evening.

Why just listen to reasons?

COME SEE FOR YOURSELF!

THIS TIME we'd like to tell you about something that you cannot see in this picture—something, in fact, you cannot know about from looking at someone else in a passing Buick—or from viewing a Buick on our showroom floor.

It's the feel you get from a Buick in motion.

You are going to find out that it is something like traveling on your own private, jet-propelled cloud—only firmer.

Maybe you know a stretch of washboard road, where you have to slow down, or bounce and jitter.

Try that in a Buick and see how you keep a level, comfortable boulevard smoothness.

Maybe you're always on edge to dodge dips and chuckholes. Those also lose

most of their jolt when you're at the wheel of a Buick—or in the rear seat.

In a few simple words—the ride of any Buick—SPECIAL, SUPER or ROADMASTER—is out of this world.

We could give you a lot of reasons. Soft coil springs on all four wheels, for example—the firm linkage of the torque-tube drive—the distribution of weight—big soft tires on wide rims—the way Buick engines are mounted.

ONLY BUICK HAS Dynaflo— AND WITH IT GOES:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • EXTRA-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, safety tires, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with body by Buick.

Jersey Bull Announced By KABA as Superior

The registered Jersey bull, Storrs Remus, owned by the Kentucky Artificial Breeding Association has just recently been announced by the American Jersey Cattle Club as having qualified as a Superior Sire.

He qualifies by having 28 tested daughters that average 8,434 pounds of milk, 457 pounds of butterfat and 28-classified daughters averaging 82.5%.

Remus was bred by the University of Connecticut and was one of the first seven star bulls of the breed. Remus was developed and proven by the University of Kentucky and sold to the Kentucky Artificial Breeding Association.

Remus has been bred artificially to over 5,000 cows.
