FOOD LIKE YOU GET AT HOME.
This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food as good as you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat.

Years of catering to the appetites of particular people make it possible for us to serve appetizing meals.

The next time you want to eat away from home, bring your family here.

It seems that in recent years the old method of hiring teaching positions has been replaced by a new system. This system was designed to avoid discriminations said to be shown in several sections.

We hope that our students will be able to benefit from these changes. The question of whether or not there will be enough teachers in the future is still unanswered. We need to work together to ensure that our schools continue to provide a good education for all students.

We invite you to come and inspect this wonderful Electric Refrigerator. Kentucky Hardware & Imp. Co.

Roads Rendered PUNCTURE PROOF

Three Large Magnets Patented Missouri Highways.

Annual accidents are being reduced on Missouri Highways by the use of large magnets which prevent accidents caused by punctures. The magnets are placed at the side of the road and the vehicles pass over them which prevents punctures.
