CONFEDERATE SOLDIERS MEET

The James T. Walker camp of Confederate Veterans will hold its monthly meeting tonight at the city hall general assembly chamber, and a number of questions will come before them.

Mr. James T. Walker, administrator of the local post, is preparing to resign his position on account of illness, which has caused him much suffering. He has been in poor health and sick for two months past, therefore he does not feel able to continue his duties properly and has expressed a desire to give up the duties to a successor who can continue the same.

Another prominent member of the camp, Mr. John W. Lee, also announced his intention of resigning from the camp at this time, as he has been unable to attend the meetings for some time due to illness.

Some questions to be brought before the meeting include:

1. The need for a better pension plan for Confederate veterans.
2. The need for better medical care for veterans.
3. The need for a more comprehensive program to honor the memory of Confederate soldiers.

The meeting will be open to the public, and all members and friends of the camp are encouraged to attend.

**McCARTY ANNOUNCES THAT SUGGS AND BROWN ARE PRIMARY.**

Jesse James or Senator Blackburn, and who is assisting in the prosecution of the case, has announced that he will oppose the nomination of Mr. Blackburn for senator and Mr. James for the position of representative.

The nomination process for both positions will be held on election day, November 6, 1906, at 3:30 o'clock at the church. Everybody is expected to attend.

The meeting was to be held at the M.E. Thomas Langdon meeting hall, with Mrs. T. B. King presiding over the meeting and Mrs. B. King reading a report from the Woman's Board of Missions showing a gratifying program along broad lines. This board contributed during the past year $105,980 to the cause of missions.

The report of the corresponding secretary of the Woman's Board of Missions was read and approved.

Mrs. Julia Strong was elected corresponding secretary, and Mrs. Julia Strong was elected first vice-secretary. The ladies are handling things, and commended the way in which they went about the work.

The closing feature of the first session was the New Year's program for the rest of the year.

SERIOUS WOUND ON NUCAL COURT

**ROBERT HARRIS IN JAIL.**

Mr. Gus Toler of 1607 Clark street was arrested here today for the murder of Mr. Murphy Harris, colored, who was killed last week. The warrant was issued by Judge Hessig, whose administration has been marked by a lack of action in the case.

Mr. Toler, who is accused of the murder, was taken to the jail immediately after the warrant was served, where he remained until later this evening, when he was released on bond.

Mr. Harris was killed in the rear door of the old inn, where he was staying. He was shot in the leg and died later. The police are investigating the case further.

Jailer's Horse

Colonel Evetts Had to Cough Up $4 and Costs

Shortly After Benefits Core Was Ordered Sold It Was Claimed by Y. D. Reuse.

City Jailer Thomas Evetts was the first city official whose horse had to be taken up by_lstmuted police and turned over to the county. The horse, a large David, was for some time the property of the city, and the animal was sold by the sheriff's order. The city is not liable for the loss, and the county is now in possession of the horse.

Jailer Evetts was ordered to pay $4 for the horse and $2 for the cost of the sale. The city is not liable for the loss, and the county is now in possession of the horse.

JUVENILE CODE

Lexington Claims the Honor of Getting Its Passage

Copy of the Law Sent By Mr. Brancos, Who Promised It To All County Judges

Lexington has also the privilege to congratulate herself that the juvenile law has been obtained for the state of Kentucky, says the Lexington Herald. Without the active work done by Lexington organizations we should not have had a juvenile law at the present time. Authorities of the county are satisfied that the measure has already made considerable changes in the conditions of the law, and that the county is provided with a law which ought to be the envy of those who are so much interested in the welfare of the young people of the state.

THE MEETING FOR THE McCOMB'S MEDICAL SOCIETY WAS NOT HELD YESTERDAY.

D. J. TOBOLSKY returned last week from New York, having gone to the former city to purchase the annual signing of the American Medical Association bulletin and to attend to business. He went to New York and returned to this place on the 15th.

The medical meeting was the largest and most important that has ever been held in the city. A large number of physicians were present. TheAMES, the profession, especially that of Kentuckians, was very noticeable in the county and in the nature of a price.

The New York Sun's Greetings to the Kentuckians.

"Everybody is fond of Old Kentuck, and with good reason. No other state has a river so lovely and a horse so spirited; no other state has a people so frank and a humor so keen; no other state has a climate so balmy and a horizon so high. The only thing that Old Kentucky really needs is a little more money."

"Sure, boss' and always stick to the same brand," answered the bootblack.

The other day a juvenile bootblack not far from the City Hall, New York, was puffing away at the end of a cigar, when a gentleman, looking closely at the boy's express, asked him if he always smoked cigars.

"What brand do you generally smoke?" asked the gentleman.

"Robinson Creme, boss," replied the bootblack.

"Robinson Creme I never heard of."

"Ditto, didn't you everybody else?"

"Robinson Creme was a sensation."

The further the inspector prunes the evergreen trees, the more he anticipates a day when the pines will provide an abundance of lumber. The result is that many of the trees suffer from over-pruning, and the lumbermen are left with a poor crop of wood. It is essential that the lumbermen establish a code of ethics to ensure the sustainable management of the forests.

The trial of Mrs. Collins, a resident of the town, is currently being held in the local court. Mrs. Collins is charged with the theft of goods from a local store. She denies the charges, claiming that the items were purchased legally. However, the evidence presented by the prosecution suggests otherwise. The trial continues, and the outcome is uncertain.

The Board of Education is scheduled to meet on Monday, June 1, at 9:00 AM. The agenda includes discussions on the implementation of new educational policies and the allocation of funds for school improvements. Members of the public are welcome to attend the meeting and participate in the discussions.

The city council is preparing to vote on a new ordinance that would regulate the use of fireworks in the city. The ordinance aims to reduce the risk of fires and ensure public safety during the upcoming holiday season.

The local farmers' market will host a special event on Saturday, June 4, from 9:00 AM to 1:00 PM. The event will feature a variety of vendors selling fresh produce, baked goods, and handcrafted items. Visitors are encouraged to attend and support local businesses.
