Trade among Friends

No matter what some folks say to the contrary, there certainly is a lot of sentiment in business. Friendship, for instance, makes more satisfactory sales than all the convoluted argument in the world.

You like to trade at a certain store—not because its counters are arranged in a scientific way, but because the folks who serve you are always friendly and helpful.

Just that very thing—FRIENDLY SERVICE—is the power that draws people together into communities like this, where everybody can enjoy the many benefits of neighborhood cooperation.

And FRIENDLY SERVICE is the sentimental reason why you find it very much to your advantage to trade without adventuring to buy where you feel at home, where your friends will see that you are well satisfied.

Fulton County Fair Week

Great Crudes Averted Daily To View the Displays and See the Grand Jockey and Horse Show Pleasing Features

Fair week started off with a rain storm and cold air causing weather conditions, resulting in perfect weather conditions, and it was perfectly timed. There is a lot of rain and beauty required for the display. 

Every effort has been made by the Fulton County Agricultural Society to make this year's fair the best ever, and from every point of view it will be. There is a large exhibit of farm implements, tractors, teams, and machinery on the ground. There is a large exhibit of machinery and implements, and a large display of farm implements, tractors, teams, and machinery.

Theentries in the livestock and poultry divisions are up to the highest standards, and the fair is a great attraction. The poultry exhibitions are well attended, and the farm animals are in fine condition. There are many prizes to be awarded to the best entries. 

The exhibits of farm implements, tractors, teams, and machinery are in the main building. The livestock and poultry exhibitions are in the hall, and the agricultural and horticultural exhibits are in the large building.

This is Fair week and the opportunity is afforded everyone. And "get-up-anti-get-up" the fair. Contractors are now at work, laying the foundations for new homes and remodeling old ones. The building of new homes and remodeling old ones is a two-fold process. The first is the work of laying the foundation, and the second is the work of remodeling the existing structure.
