MODERN ETIQUETTE
When an invitation is received
for a dinner party, it is
most important that the
invitation be accepted or
declined in the same way.
When passing a plate for a
dessert, never place the plate
on the table and ask if the girl
wants the bread or the fork.
A host or hostess must be
invited to a dinner party.
If the girl's father takes the
invitation personally, he
must be invited by the
female host, if she is
invited, or by the male host.
Now that is a very fine spirit
in which to approach the
problem of tax.
