Mothers, Watch The Children

Don’t Send Them to School Half Sick. Give them a Fair Chance—Now is the Time to Get Them Ready for School.

Many mothers who are ordinary in every way, see their children sent to school in order to have them taught in school. It is very nearly impossible for a child to do well in school when it is not in tip-top shape the year round.

Take Nash’s Advice

So they turn to Nash’s Tonic to keep their child in tip-top shape. Nash’s Tonic contains no poisons! It re-looses all traces of Malaria and Biliousness from the systems of children. Nash’s builds up the red corpuscles in their blood thereby fortifying them against disease.

Nash’s Tonic is truly a wonderful tonic for the little ones to get up in the morning. Then is the time to remove that Biliousness and Malaria from their systems. It is eat, for play, have a pale color—hate to get up in the morning. Then is the time to remove that Biliousness and Malaria from their systems.
