There is one type of work which neither distinguishes nor enhances the names of men and women, and is fought daily in the nation's hospitals. It is to correct the most diabetic condition or convert the most rickety into the perfected health that is the definition of normal nutrition and the consummation of all which medicine and its most adjuvants are intended to achieve.

The diabetics are only the type, the result of the action of a million other types, all interlaced. They are seen in the physical and mental health of the children. And this kind of a tide cannot be reversed.

Acid can be dissipated in mediums because of the inorganic effects of disease. Lifting the child to the point where he can begin to think of himself as a person is a different matter.

"The Rat Around My Place Wears" Wears, Says John Tuttle

"I tried everything to kill them. Mixed poison with meal, put them in a meat, cheese, etc. Wouldn't work. Used a bunch of old tricks but all in all I decided to pack my bag and leave them.

"You can't win until you have been defeated by your enemies.

"RAT-SNAP" does not live to see the end of the work. It lives only to have a chance to begin again.

NEEDS FOR RED CROSS SERVICE ON INCREASE, SAYS CHAIRMAN PAYNE

Disaster Relief and Service to War Veterans Make Heavy Demands—First Aid in Highways New Plan.

"During the war, Red Cross service to war veterans and emergency service to hospitals in the United States was in the forefront of public service to the public. The veterans who returned from the battlefields are back among their fellow citizens and are now seeking personal aid. This is the need for Red Cross service to war veterans that is here today, and it is urgent."

Chairman Payne points out that the veterans, now returned from the battlefields, are the same veterans who, in their time of need, found the Red Cross to be in the forefront of public service to the public. The veterans who returned from the battlefields are back among their fellow citizens and are now seeking personal aid. This is the need for Red Cross service to war veterans that is here today, and it is urgent.

How the Railroads Help Every Farmer

Every farmer has a helpful ally in the railroads of the country. They work with him and for him in many ways.

They carry his products to market. They make large investments in terminal elevators and warehouses, stockyards, refrigeration plants, and other special facilities for farmers.

They add to his markets by employing and enabling other businesses to employ millions of customers.

They use the foresight of agricultural improvement, working to diversify crops, furnish more, improve production and marketing.

They pay taxes which build highways and support rural schools and lighten the tax burden of the farmer.

The farmer may well regard the railroad as his friend. They serve him constantly and effectively.

Constructive criticism and suggestions are invited.

The ILLINOIS CENTRAL SYSTEM

Employes of the Illinois Central System and their families spend in the neighborhood of $50,000,000 annually for food and other goods manufactured from farm products.

HOW THE RAILROAD HELPS EVERY FAMILY

In five ways the railroads move things that are needed in rural areas. One is by the passenger service which is provided for, among other reasons, to carry the farmer to market to sell his products and to buy the goods he needs for his farm. The passenger service is also provided for the education of the rural population and to carry the rural tradesman to the cities. The freight service is provided for the movement of goods in bulk and for the movement of farm products. The development of new industries and new markets is furthered by the railroads. As a result of the railroads' work, even our homes are more fully equipped with suitable heating and lighting facilities than were available in the past.

LAWYERS HONOR THOMAS

The Fulton circuit court session on Friday was opened by the presentation of a resolution by the Bar of the First Judicial District in honor of the late Dr. C. Al. Thomas. Dr. Thomas died at his home in the county after a long illness. He was born in Lona City, son of the late Mr. and Mrs. G. M. Thomas, near Martin, where he was reared. After his marriage, he practiced as a physician in Centerville, Arkansas, for several years. He was born in Centerville, Tennesse, the son of Dr. John Paul Schooner, a physician, and grandfather, John Thomas, a farmer.

NEW PLAN FOR BILLING

A new plan for billing charges for telephone service will be introduced by the Central Telephone Company starting next month. Under the new plan telephone bills going on the first of the month will be mailed shortly after that date. Coincident with this change the charge for telephone service will be reduced.

HEAVY FLOW OF TRAFFIC W I N T E R "NOW SEW ROAD"

A heavy volume of traffic over the new 9 mile "Now Sew" road near Mayfield was reported. The road was opened to the public about five years ago and has been well received by the people. The road is well traveled and serves as a great convenience to the people living in the vicinity.
