Fulton Is The Logical Point

For some time it has been rumored in railroad circles here that the accounting department of several divisions of the Illinois Central System would be consolidated.

On last Saturday, Oct. 4, the following article regarding the consolidation was published in the Paducah Sun-Democrat and sent out as a special to other newspapers:

"Consolidation of divisional accounting forces of the Illinois Central system, which will mean the transfer to Paducah of approximately forty-five employees, was officially announced here Friday. The order will be effective about October 15.

"Under the new set-up all divisional accounting on the system, heretofore handled at various division headquarters, will be done at four central points, including Paducah, Memphis, Champaign, Ill., and Waterloo, Iowa. The Paducah office will handle the work for the five divisions which comprise the Southern Lines of the system.

"The new divisional accounting organization will be under the supervision of R. D. Miller as chief accountant. Mr. Miller at present is chief Kentucky division accountant at Louisville.

"Under the proposed consolidation of forces, the work of the divisions comprising Northern Lines of the system will be handled at Chicago, that of the Western Line divisions at Waterloo, and the Yazoo and Mississippi Valley at Memphis.

"Paducah headquarters of the accounting force will be in the administration building of the shops at Fifteenth and Kentucky avenue. The work of this force, however, will be only divisional accounting, involving transportation maintenance of way, and structure accounting, and will be entirely separate from the shops accounting.

"At the present time the accounting of each division is handled in the office of the division superintendent."

While the above is purported to be official, the editor of this paper had nothing official regarding the removal of the accounting office force at this point to Paducah. Neither has the Fulton representatives who were in conference with high officials at Chicago recently.

It is definitely understood that the I. C. will consolidate the accounting departments of several divisions and as Fulton located at the hub of the system, is the logical place for such a consolidation, practically mid-way between New Orleans and Chicago, and Louisville and Memphis, we believe the I. C. officials will be wise from an economic standpoint in consolidating and making Fulton one of the central points.

Not only is Fulton the logical place for the consolidation of the accounting department, but we have a new, modern, three-story brick building all ready to be occupied that would comfortably house the entire accounting force consolidated. This building would be turned over to the railroad for use without any cost whatever, and as it is admirably located near the passenger station should be of great value and convenience for railroad uses.

The railroads like all other great corporations must consider their best interests first and this time, we believe Fulton has the edge over all other points for consideration, notwithstanding the fact that the

railroad has a building fully equipped at Paducah for its offices now vacant.

Up until Tuesday no official announcement had been received by railroad officials at the division office here.

If the divisional offices consolidated are located in Paducah ten or fifteen employees in the division office here will be affected and probably transferred to that point. Some of whom have families and own their homes, and are numbered among our best citizens. No wonder we would regret their removal.

From a business viewpoint it should be pleasing to know that official records of the Illinois Central railroad at Fulton show for September, 1925, payroll \$41,401.55 and September, 1930, \$44,557.52, an increase of \$3,155.97.

During the year a number of good citizens have been added to our population, now employed in the banana transportation service at this point.

At an expenditure of \$26,500.00 the railroad is now building an ice run to ice banana cars in the new yards. When completed within the next few weeks thirty cars can be iced at one spotting.

Other changes and improvements under consideration may mean much to Fulton, so let's hope for the best and look on the bright side of the situation.

WARREN TO RULE IN THOMPSON SUIT

Hickman, Ky. — A decision on the exceptions filed by Wheeler & Hughes, Paducah, attorneys for John M. Thompson, former sheriff of Fulton county, to the sale of the property of the closed — Hickman Bank and Trust Co., by sealed bid, with the provision that purchasers might use deposits in the closed bank to pay for them, will be handed down by Circuit Judge J. E. Warren on October 23, when the court comes back to Hickman to finish the September term. The suit of Thompson, to have his tax account declared a preferred claim against the bank, is now before the court of appeals, and the exceptions say that the sale of the property under the terms proposed would discriminate against collection by Thompson if the court of appeals rules in his favor. There is intense interest in this case, as it probably will have a bearing on the liquidation of the bank, which closed last December 31.

M. & O. Shops Lay Off 145 Men At Jackson, Tenn.

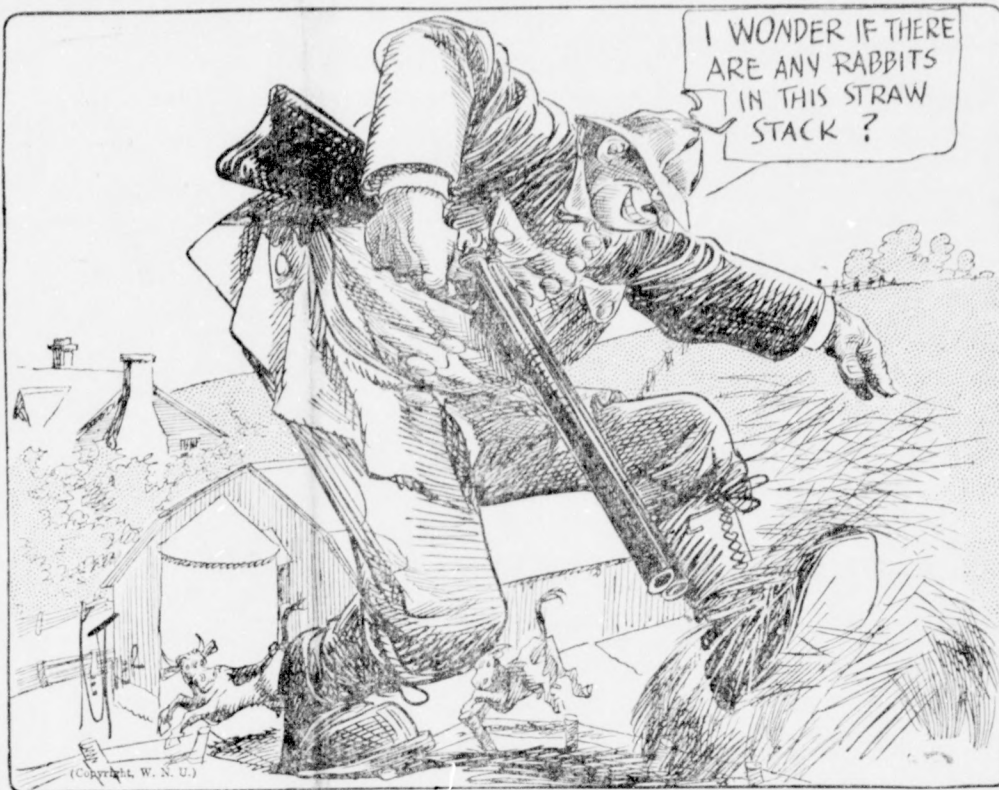

The Jackson Sun says: "The Mobile and Ohio shops, following a retrenchment program, last night laid off 145 workers, men employed in various departments of the local shops, it was authoritatively reported today. Just when or how soon the men would be re-instated into their positions could not be learned. All efforts to get a statement from officials were futile.

WOMEN ARE ORGANIZED

Enthusiastic Response Reported by Mrs. Robert H. Vaughan, of Glasgow, Democratic Women's Chairman.

Mrs. Robert H. Vaughan of Glasgow, Kentucky, State Chairman of the Democratic Women's Organization of Kentucky, says that records show that never before has such response been received from the Democratic women of the state. In most every instance, the first name mentioned has accepted her appointment and replied with such enthusiasm and such reports of work already started, that it is most encouraging for Judge M. M. Logan, Ben Williamson and the Democratic Congressional nominees.

"It is impossible to attach enough importance to the part the Democratic women of Kentucky are going to have in this coming November election," Mrs. Vaughan says. "If the some two hundred thousand Democratic women voters in Kentucky turn out and vote as is now confidently expected that they will do, the results will be most gratifying."

WOMAN'S CLUB HOLDS SESSION

The Woman's Club resumed its work for the coming year, with the October meeting held Friday afternoon in the club rooms. The new president, Mrs. Jake Huddleston, presided.

The hostesses for the occasion were Mrs. J. P. DeMyer, Mrs. I. W. Little and Mrs. J. C. Scruggs were pages.

During the business session, reports of the various officers were heard and accepted.

Mrs. Wilman Boyd, librarian, in her report, stated that 59 new books had been purchased and 29 had been given to the library.

The president announced that the District Convention will be held in Eddyville October 21st, and expressed a desire that a large representation from the club would attend.

The following were elected delegates to represent the club: Mesdames Warren Graham, Gus Bard, W. A. Love and T. M. Franklin. Alternates elected were Mesdames George Doyle, Robert Graham, L. O. Bradford and I. W. Little.

Thursday, October 9th, was announced by Mrs. J. E. Fall as the date on which the Red Cross Roll Call will be held in Fulton. Each club member was asked to support this drive.

Miss Pauline Thompson, Girl Scout Leader, came before the club, and asked for assistance from the organization in this work.

The Garden Department had charge of the program, which was most interesting and instructive.

Mrs. Arch Huddleston read a lecture on "Throughout the Year With Bulbs, which was illustrated with beautifully colored slides.

During the social hour refreshment tea and sandwiches were served by members of the Garden Department.

MISS REBECCA PORTER AND LAWSON YATES WED

Nashville, Tenn., Oct. 5.—Of outstanding social interest was the marriage Saturday, October 4th, of Miss Rebecca Allison Porter, daughter of Mr. and Mrs. Alexander James Porter, to Lawson H. Yates, son of Mrs. J. C. Yates, of Fulton, Ky. The ceremony was at 11 o'clock at Christ Church, Episcopal, and the rector, Dr. E. P. Dandridge, officiated before an assemblage of relatives and friends of the young couple.

The wedding music was given by Mrs. Robert Kinnebrew, vocalist and F. Arthur Henkel, organist. Yellow chrysanthemums were used in decorating the church.

The bride was given in marriage by her father and was attended by her sister, Mrs. Neill McKay Watson, Jr., Neill Watson, Jr., attending as best man, and the ushers, Paul L. Derryberry, Coleman Harwell, Robert Brandeau, Hamilton Love, Robert L. Stockard, Jr., and Jack Garland, completed the bridal party.

The bride's costume was a suit of resida green cloth, with collar and cuffs lapin, worn with a felt hat and suede slippers of green. Her flowers were white gardenias.

Mrs. Watson wore a gown of brown crepe, with hat and slippers also of brown, and carried an arm bouquet of yellow chrysanthemums and pernet roses.

Immediately following the ceremony Mr. and Mrs. Yates left by motor for Chicago, and on their return will make their home with Mr. and Mrs. Porter, at 2205 State street.

The bride, who is connected with the staff of The Tennessean paper as associate society editor, is a member of the Junior League and the Girls' Cotillion club, of which she served as president last fall. She graduated at Ferry Hall, Lake Forest, Ill., and after a year spent abroad made her formal debut in Nashville.

Mr. Yates, who attended Vanderbilt University, is connected with the advertising firm of Jacques Back. He is a member of the Sigma Nu fraternity.

Among the out-of-town guests here for the wedding were the groom's mother, Mrs. J. C. Yates, and his uncle and aunt, Mr. and Mrs. Alfred Hornbeak, of Fulton, Ky.; Mrs. Briggs McElmore and Miss Ann McElmore, of Johnson City.

MRS. CURLIN IN NEW YORK

Mrs. C. W. Curlin left Monday night via the Illinois Central for New York where she will join her husband, Dr. Curlin, on his return trip home. The Doctor has been in New York with Dr. D. L. Jones for several weeks taking a special course to use in their practice.

Community Building

Community's Big Task, to Avoid Deterioration

There is a fine element of enthusiasm in creating greatness, which too frequently falls in derelict and maintaining greatness achieved, says a writer in the Detroit News. The principle works in the simplest phases of community life. The young couple with all-absorbing zeal toil to complete the new house and view with huge content its varnished floors and newly decorated walls and well-fenced garden. But too easily they slip into the relaxed mood with the sense of an objective reached. The varnish mars; the walls soil; the garden fence is broken and the owners lose the pride of possession which came to them in the struggle to obtain. Not different may be the fate of any civic enterprise however imposing and costly. There is " upkeep " to be reckoned as an essential with every community undertaking and the biggest task is to keep community enthusiasm up to the supporting point.

Too often with tremendous enthusiasm a people bring about changes in their government and establish it in conformity with high ideals; then, trusting too confidently to the perfect machine, forget their obligations. How quickly comes deterioration. "Neglect of the city's business by business men, explains many evils of which business men often complain," writes a critic of civic affairs. The citizen forgets that "Keeping a city great is a bigger task than making it great."

Real Estate Investor Must Wait for Profit

Real estate, like growing things, requires a certain period of time to mature as an investment. The length of this time varies with the location with the development activities in the surrounding area, and the honesty, the seriousness of purpose and the financial ability of the developer.

While the completion of a new highway or transportation line will greatly accelerate this maturity and thus reduce the logical term for the investment, it is very apt to be followed by a period of repose and, in the long run, the maturing process is practically stabilized.

It is much like the forcing of plant life. The harvest may be artificially hastened, but at the cost of plant vitality, and the plant or tree requires the remainder of the growing season to recover from the experience.

Beautify the Home Place

Many realtors say that the right kind of planting and gardening adds to the financial value of property at least 20 per cent.

Amateur gardeners, however, must be careful to lay their plans skillfully lest the effect be marred and the value all lost. It is pointed out.

The landscape problems of the small home owner of course vary greatly from those of the man with a large estate.

The latter may go in for formality and elaborate effects while the man who has to deal with limited space will find his planting must serve a two-fold purpose; that of being useful as well as ornamental.

Builder Should Look Ahead

Restrictions providing that houses in certain areas must reach a certain cost level or even be of architectural design harmonious with its neighbors now control many residential sections throughout the country, but there are many places where no such restrictions exist, where the entire matter is up to the home builder, and where it would pay him to be extra careful to see that no mistakes are made in the improvement he puts on his lot.

Design Essential

If the garden is to be alone formal lines, then there is a nice little problem in proportion. Repetition, balance, rhythm and accent play their part in the formal design. The holder of a completed garden may not be conscious of anything but the beauty of the picture, but the requirements of good design have to be met if there is real beauty expressed.

Markers on Highways

Markers describing historical points of interest for the benefit of tourists are to be erected along Massachusetts highways within a year. One hundred such markers are to be put in place as soon as possible, and plans call for the erection of 100 or 200 more later. The markers will be fashioned after those now in use throughout Virginia.

Homes Affect Bodies

In order to grow strong capable and stalwart men and women, it is absolutely necessary for children to have the benefit of good home surroundings and proper home influences.

Healthy Conditions Vital

But few things, if any, contribute to the cultural and refined tastes of an individual more than loving and healthy living conditions.

Appearance Everything

A community's appearance, in the main, determines property value and community value.

HIS LATEST SPECIMEN

The marriage was one of the big events of the week. But everything did not go too well.

"Yes," said Marian, "she was furious about the way her marriage was reported."

"Why, did it allude to her age?" asked Grace.

"Indirectly," it stated that Miss Brown and Mr. Wallace were married, the latter being a well-known collector of antiques."

Safe Supervision

"Have you been up in an airplane?" "Not yet," answered Senator Sorghum. "There are a lot of transportation matters involved in legislation in which I can interest myself without physical risk. The only safe place from which to supervise traffic of one kind or another is at a mahogany desk."—Washington Star.

Cheap Gas

"What! You buying that cheaper gas?" exclaimed the owner of a cheap bus.

"Certainly," returned the owner of the straight eight, "this kind of a car doesn't need expensive gas to make it run."

Availability

"What do you regard as the highest duty of an ideal patriot?"

"To watch his politics," said Senator Sorghum, "so that his patriotic idealism can still be on the job in case an emergency arises."—Washington Star.

Lesson for October 12

MARY, THE MOTHER OF JESUS:
AN EXAMPLE OF MOTHERHOOD

LESSON TEXT—Luke 2:15-19; John 2:1-5; 19:25-27.

GOLDEN TEXT—But Mary kept all these sayings, pondering them in her heart.

PRIMARY TOPIC—Mary, the Mother of Jesus.

JUNIOR TOPIC—Mary, the Mother of Jesus.

INTERMEDIATE AND SENIOR TOPIC—What We Owe Our Mothers.

YOUNG PEOPLE AND ADULT TOPIC—A Mother's Influence.

I. Who Mary Was (Luke 1:26, 27).

She was a Jewish maid of Nazareth. The first information we have of her is that she was engaged to be married to Joseph, a carpenter of the same village. The custom among the Jews was for betrothal to take place about a year before marriage. During this interval the woman remained with her parents.

II. Mary Accepted Motherhood at God's Command (Luke 1:26-56).

1. God sent Gabriel to Mary (vv. 26-38).

It was during this interval of betrothal before Joseph and Mary were married that God sent the angel Gabriel to announce to Mary that she was to be the mother of Jesus. More than seven hundred years before, Isaiah prophesied that a virgin should give birth to a son whose name should be called Immanuel—God With Us (Isaiah 7:14). Though at first perplexed, she accepted the announcement with remarkable courage and devotion. Mary accepted motherhood at a tremendous cost. She was conscious of her virgin purity. She knew that to become a mother under such circumstances would expose her to suspicion and shame. This was the view that certain Jews took of the matter, for they cast into the face of Jesus, that he was born of fornication (John 8:41). Her faith was such that she responded with noble courage.

2. Mary visits Elisabeth (Luke 1:39-45).

In her embarrassment she set out on a visit to an elderly kinswoman named "Elisabeth," where she could have the help of a woman of spiritual discernment.

3. Mary's song (vv. 46-56).

Having sought the sympathy and encouragement of her friend, her triumphant faith carried her beyond the misunderstanding and shame which awaited her, and caused her soul to burst out in a wonderful song of praise. As pointed out by another, three features of her character stand out in this song:

(1) Her heart purity.

Only a pure heart rejoices at the nearness of God.

(2) Her humility.

She forgot herself and gave her heart in praise to God.

(3) Her unselfishness.

She did not primarily think of the undying honor which would be attached to her, but the blessing which would come upon future generations through her.

4. The birth of Christ at Bethlehem (Luke 2:15-19).

What Gabriel announced to Mary was now being fulfilled. Caesar's decree concerning taxation brought Joseph and Mary to Bethlehem for the fulfillment of Micah 5:2. Because of the crowded inn, the birth of the world's Savior took place in a stable.

III. Mary's Faith in Her Son (John 2:1-5).

1. Her anxiety (v. 3).

The arrival of Jesus and his disciples put a drain upon the resources of the host, for their invitation seemingly came after their arrival at Cana.

2. Mary presents the need to Jesus (v. 3).

The clear implication is that she requested him to embrace this opportunity to present his Messianic claims by working a miracle.

3. Jesus asserts his authority (v. 4).

He respectfully reminded his mother that he had now passed from her authority and that his Father's will was supreme.

4. Mary's confidence (v. 5).

Perhaps as he asserted his authority he gave her a sign by which she understood that he would not fail her in her hour of embarrassment. Accordingly she directed the servants to carry out whatever instructions he should give.

IV. A Dying Son's Thought for His Mother (John 19:25-27).

It is beautiful to note the tenderness which Jesus in his dying moments manifested for his mother, committed her to the care of accepted the responsibility and took her to his

Hints For Homemakers By Jane Rogers

If your pancakes have a tendency to stick to the griddle, try rubbing it with the cut side of a raw potato instead of greasing it. This will usually prevent sticking even when grease consistently fails.

The art of seasoning lies in blending and developing the flavors of the main ingredients; never in smothering them out of all recognition. A small amount of sugar, for instance, is frequently used in the preparation of meat and fish sauces; not to sweeten, but to point up and harmonize the flavors of the fish or meat, and the other ingredients of the sauce.

SEED DISTRIBUTED

Hickman, Ky.—Distribution of seed rye and garden seed to drouth sufferers has been completed by the local chapter of the American Red Cross. Mrs. C. B. Davis, chapter chairman, has announced. In all 235 families received rye and 310 families received garden seed. One car load of rye, consisting of 475 sacks, each containing two and a half bushels, was distributed by the local chapter. The maximum given any one family was three sacks or seven and a half bushels.

RUSH PAVING ON NO. 45

Martin, Tenn.—With favorable weather conditions the paving of U. S. Highway 45 north to the Kentucky state line will be completed the latter part of this month.

This highway connects with No. 1 at Jackson, giving a high type paved road direct into Memphis. While the distance from Martin to Memphis by this road is a little more than No. 3 via Union City, the superior type of paving makes this route the fastest. Ordinary driving time is from three and one-half to four hours.

No. 45 connects with 51 at Fulton, which is now being paved to Wickliffe, Ky., and will probably be opened to traffic early in December, giving an all-paved highway to all points north and east.

CORN FOR FALL FEASTS

CRISP days! Clamorous appetites! Corn! It's a great combination! If you're in a hurry, there's no better way than just to open a can of corn, heat it and eat it. If you are cooking over a fire in the open on a fall camping, picnicking or motoring trip, here's a fine recipe which it takes only a few minutes to prepare:

Pressed Chopped Beef and Corn: Heat two tablespoons butter or bacon fat in a skillet, add the shredded contents of a 2½-ounce glass of chipped beef, and let frazzle several minutes. Add the contents of a No. 2 can of corn, and heat well. Serves six.

Savory Soups

At times you can have corn all the way through the meal from soups to sweets. Starting with the former, here are two good recipes:

Cream of Corn and Mushroom Soup: Cook the contents of an 11-ounce can of corn, three cups milk, one large sliced onion, one small stalk celery and one bay leaf in a double boiler for fifteen minutes, then strain. Cut the contents of a 4-ounce can of mushrooms fine, and saute in two tablespoons butter for three minutes. Add two tablespoons flour, and stir smooth. Add the mushroom liquor slowly, stirring till thick and creamy. Add to the hot milk mixture, and cook again till smooth and creamy. Season to taste with salt and pepper, and add one-half cup cream. Serves six.

Cream of Corn and Yamote Soup: Make a white sauce of three tablespoons butter, three table-

spoons flour and three cups milk. Stew one cup canned corn with one and one-half cups milk to make a thick cream. Add the white sauce, season with salt and pepper and serve with toasted crackers. Serves six.

Main Dishes

Corn can be used in the main dish of the meal just as successfully as in soup. What could be more delicious, for instance, than:

Southern Creamed Chicken and Corn: Slice the mushrooms from a 4-ounce can and cook those and one-half cup chopped, blanched almonds in three tablespoons butter for five minutes, being careful not to brown. Add three tablespoons flour, and stir smooth. Add slowly the liquor from the can of mushrooms and two cups milk, stirring constantly until smooth and creamy. Add salt and pepper, one can of canned corn, the cut-up chicken from a 4-ounce can and one slightly beaten egg yolk. Have the mixture very hot. Serves eight.

And here's a main dish with corn in it that will cost you only about eighty-five cents:

Corn and Beef Loaf: Mix together one pound of ground rump beef, one-half pound ground fresh pork, one beaten egg, one tablespoon chopped onion, one-half tablespoon salt, one-fourth teaspoon pepper, one-half cup bread crumbs and the contents of a 11-ounce can of corn. Form this mixture into a loaf, place in a well-greased loaf pan, and bake in a hot oven (400°) for about forty-five minutes. Serves eight.

Or try corn with fish in this excellent recipe for:

Corn and Salmon Pudding: Mix together, in the following order, the contents of one No. 2 can corn, one tablespoon melted butter, one-half teaspoon salt, one-eighth teaspoon pepper, the contents of one small can salmon and one tablespoon heavy cream or evaporated milk, being careful not to break up the salmon too fully. Bake in a buttered baking dish in a moderate oven (350°) thirty minutes. Serves eight.

As a Sweet

Corn can also be combined with many other vegetables, but have you ever tried it this way as a sweet?

Corn Fritters on Pineapple Juice: Add two well-beaten egg yolks to two cups canned corn. Sift one cup flour and one-half teaspoon baking powder and add. Season to taste with salt and pepper. Fold in two stiffly beaten egg whites. Drop by spoonfuls in hot fat in a skillet, frying on both sides until a rich brown. Or try in deep fat in a kettle.

Pineapple Shaves: Drain a No. 2½ can of sliced Hawaiian pineapple, and dip slices in flour. Then saute in a skillet in butter until a nice brown. Serve the fritters on top of the pineapple slices with the following:

Sauce: Mix four tablespoons sugar with two teaspoons cornstarch and add to the syrup from one of pineapple with two tablespoons lemon juice, four cloves, an inch stick of cinnamon. Boil till it thickens. Remove cloves and cinnamon. Serves eight.
