Fulton Is The Logical Point

For some time it has been rumored a railroad crossing near the southern part of the city was under consideration and it was also rumored that the crossing would be at the junction of South 8th Street and North 8th Street. The facts are that the crossing will be just west of the old school. The railroad company has already purchased the property for the crossing and plans are being made for the construction of the crossing. The crossing will be avere and the grade will be lowered to the level of the street. The crossing will be protected by gates and barriers which will be operated by an electric signal. The crossing will be the first of its kind in the city and will be a great convenience to the residents. It will be a great convenience to the residents and will greatly improve the traffic conditions in the city.
