FIFTEEN YEARS AGO
EEESMEMORIES OF THE
WARRING YEARS

There were the years of the Great War in which Europe and the United States engaged in a struggle which ultimately resulted in the destruction of the nations involved. The war was not fought in the usual manner of armies marching across fields and cities, but rather through a series of trench warfare and new forms of warfare such as aerial combat. The war resulted in the deaths of millions of people and had a profound impact on the world. The war ended with the signing of the Treaty of Versailles on November 11, 1918.

In the years that followed, the world struggled to recover from the devastation of the war. The League of Nations was established in an attempt to prevent future conflicts, but it was not successful. The Great Depression of the 1930s and the outbreak of World War II are examples of the instability that characterized the interwar period.

Today, we remember the sacrifices made by those who fought in the Great War and the consequences of the war on the world. We strive to learn from the past so that we can work towards a more peaceful future.

To the Citizens of Fulton County:

Four years ago I was in the race for Sheriff of Fulton County and ran second, losing to Clarence Henry, the present Sheriff, by 84 votes.

I take this opportunity of thanking those who supported me at that time and I assure those who did not vote for me at that time, I have not stopped feeling and only hope they may see our way clear to vote for me on August 2nd.

If I am elected your Sheriff I pledge one and all a fair and square consideration. I want to thank you in advance for your vote and influence. I will appreciate same from the very bottom of my heart. Again thanking you and assuring you of your very deep appreciation, I am.

Sincerely, your friend,

MIKE JOHNSON
