Indian Chief May Be Senator
From New State of Oklahoma

Chief Quanah Parker, of the Comanche tribe, was depicted as a white woman, which is a child from her parents.

It is quite likely that an Indian will be one of the senators from the new state of Oklahoma, according to the dispatches.

Chief Quanah Parker, of the Comanche tribe, is a speaker of the beautiful and picturesque language of one of the most influential and progressive Indians in the west. His mother was Quanah Ann Parker, a white woman, who raised him as a child from her parents.

The story of her capture, her life among theComanches, her marriage to a chief of the tribe, her capture by the whites and her preference for the people of her adoption form one of the most romantic tales of the early days of Texas. Chief Parker was born about this time and fell to a valiant advocate of the rights of the Indians.

The chief smashes his pipe of peace, his pipe of peace, in the hands of the whites, and his extensive lands are all sold, and his power is probably at its height.

In the act recently passed providing for the opening up to settlement of more than a hundred thousand acres of the Crow reservation in southern Montana and about the same amount of land in the Blackfeet reservation in Wyoming are to be made ready for white settlement, several hundred thousand acres will be opened by next spring, and other large tracts of land are also to be thrown open soon, and these have been called an "Indian millionaires.

THINGS GETTING PRETTY LIVELY AT THE ANHEUSER-BUSCH'S TEA ROOMS

Mr. D. H. Stupple, Manager, Anheuser-Busch Brewing Ass'ns

The City Hall was packed with citizens and a kindred throng of people. A large number attended the reception, distributed in Chicago.

"The packers house that their lives depend upon the upkeep of their sanitary facilities, and they know that the stamp of governmental approval should be regarded as the bill of health for the public health department. The United States government in the case of beef and other meats is to the consumer in the case of birds and other meats."
They feared they must go until they had to make the decision. The tragedy should not be passed over, nor should it be forgotten. The New York Tragedy:

If the police told all they knew
without the consent of White, there
is no reason why they should not.

The most recent of the many
reports is that White is the head of
the society for the Prevention of
Vice and a brother of the society for
the Prevention of the White Race.
