## Studious and Happy! It's College Now

By Jo Westpheling

When the sweater girl starts showing up, and the bobby-soxer mentally and physically gives way to high heels and silk stockings, you just ought to know its college time. When Junior puts away the blue jeans and starts looking around for tweedy slacks and maybe a pipe or two, he's gone brother, from the high school antics to the college capers.

Everywhere in America the coming of Fall means the going to school. The little cherubs we knew as tiddle-de-winks will start paying much more attention to hey-toodle-de-do. Its normal in this day and time and if Grandmother would admit, it was even normal then.

With flash bulb and tripod (Marvin Denny) the News editor took a little jaunt Monday morning and played a-tisket-a-tasket and put all these pictures in our basket. Wouldn't it be nice, we thought to have a paper the size of Life and take all the pictures of all the lads and lassies going to school. It couldn't be done though, but maybe it will.

Members of the 1950 graduating class of Fulton High who will be leaving soon to enroll at Murray State are: Jerry Johnson, Mary Ann Brady, Jesse Walker and Thomas Sublette.

Jack Browder, Tom McKnight and Billy Hill will enroll at the University of Kentucky.

Other last year's graduates who are making plans to enter colleges and universities are: Nelle Speight who goes to U. T. Junior College at Martin, Joyce Fields who will attend Texas State College for women at Denton, Texas will follow in the foot-

steps of her sister, Betty Jean Gordon who graduated there this summer. Jerry Atkins will begin his college career in Nashville at Vanderbilt. Jerry Neal Forrest will go to a college in Alabama; Billy Mott Jones, at Hardin Simmons.

Eddie Holt is entering a branch of the University of Kentucky at Louisville.

Vanderbilt will welcome three of its last year's students, Billy Murphy, Hunter Whitesell and Jimmy Hancock.

John Bohna, one of the Fulton Railroaders plans to enter Murray State.

Ivan Jones and Shirley Houston will travel to the west coast to further their knowledge. Ivan plans to study for his Master's Degree at the University of Southern California while Shirley Houston will go to Los Angeles to enter George Peperdine College.

Elizabeth Ann Roper who has spent three years of college life in Missouri returns to that State to enter the University of Missouri at Columbia for her senior year.

Miss Jacqueline Bard is transferring from the University of Kentucky to a school in Memphis where she will study to be a laboratory technician.

Bill Wilson enters his sophomore year at Georgia Tech at Atlanta. Fred Collier and Edith Gambill will enroll at Abilene Christian at Abilene, Texas.

Mrs. Robert Furlong will return to U. T. Junior College at Martin and Patricia Willey to Trevecca College in Nashville. Walter Mischke, Jane Shelby and Otha Linton will go to Murray State.

**BOUND FOR UK:** And all packed ready to go are left to right, front row, Ann McDade and Cissy Murphy, back row, Ann Latta, Carmen Figue and Amelia Parish. The girls got together at the Maxwell McDade home, compared notes, clothes, and last minute details before leaving behind the home folks and taking on the modes of living in the Blue grass country. The pulchritude will be missed around these here parts.

**CHEER UP DEPARTMENT:** That's exactly what Sidney Bard, Billy Gregory and Johnny Hyland are telling Jack Thorpe and Nancy Wilson. Jack will not be able to enter college this year as a freshman because of a mean knee injury that is keeping him a-bed. Nancy Wilson, whose constant running mates, Ann McDade, Ann Latta, Cissy Murphy and Carmen Figue are leaving her to finish her senior year consoles Jack, while they both look at a photograph of the two Annes. Nancy didn't fail anywhere alone the day just a little younger than the other gals. Billy and Sidney will go to U. of K. while Johnny will go to St. Bernards in Alabama.

### Gifted Pianist in Fine Performance; To Study at UL

Last week when a large and deep feeling to his audience. School of Music of the University of Louisville, and demonstrated the excellent instruction he has received.

Of especial interest to his audience was the rendition of his own compositions which he has entitled "Moods." He composed and dedicated the numbers for Billy Jacobs, nephew of Mr. and Mrs. L. A. Clifton, who passed away last year. Larry Alan is the son of Mr. and Mrs. Larry Raymond of Louisville, who have been visitors in the Clifton home.

Of Larry Alan's ability as a gifted musician there is no question. For a young man of only fourteen years he has a deep respect and humility for his subject. With the ability of a much older artist he was able to project his

Mac and Read will enter UK while Joe Davis will continue his medical studies at Vanderbilt. Marilee will again liven up the campus at Florida Southern.

**BOOKS'N THINGS:** Are being discussed by Jane White, Sue Easley and Betsy Whitesell. Jane will enter Ward-Belmont preparatory school, while Sue will enter Murray State Teachers College. Betsy will enter the freshman class at Ward-Belmont. All three mighty fine ambassadors from dear old Fulton High.

**WOE IS ME:** Say what you want to Jenny Lou Hardy, daughter of Mr. and Mrs. W. W. Hardy of South Fulton doesn't think that schools are here to stay. The cameraman caught Jenny Lou in this forlorn pose on the opening day of South Fulton School where her mother took her to enter the first grade.

### Shades of Autumn Bring Signs of School as South Fulton Opens

By Mary-Nelle Wright

Shades of Autumn — shades of dresses, shirts, socks and skirts come to light on that day of all days — the OPENING DAY OF SCHOOL.

As we sat on the steps of the High School building over at South Fulton last Monday and watched the children walk by from every direction it put us in a school mood. Perhaps we even remembered some first days of school so long ago.

Some of the children were gay — some not so gay. A little girl dressed in a red and white dotted dress cried and clung to her sister's hand as she came up the walk to the school. It was her first day of school. Maybe she didn't want to leave her Mama — or her dolls or maybe her dog.

Dottie Mae Harrison and her mother were hurrying down the walk. Dottie Mae's beautiful reddish gold curls which hung almost to her waist had been combed and brushed to perfection. She was complaining of the weight of her handful of books and wondering how hard that FOURTH grade would be this year.

Mrs. James Lewis was there with Carl Leslie who has talked constantly of starting to school for the last two months. Dennis Evans Crittendon and his Dad, C. G. Crittendon were there early. Dennis declared that he didn't want to start to school — however he was the first one up at home that morning and had been rushing the family for an hour so that he wouldn't be late.

In the two rooms which house the first grades the teachers, Miss Myrtle Brann and Mrs. Alben Harper were busy enrolling all those youngsters. Beverly Ann Parcham's brown curls glistened in the light and her mother, Mrs. W. C. Parcham told me confidentially that Beverly Ann was a little afraid to start to school as "she MIGHT get a spanking."

Nancy Jane Taylor's blonde curls were flying as she and her mother, Mrs. William Taylor hurried toward school. Nancy Jane's biggest problem for the day had been her selection of a dress to wear. (She selected the right one.)

Anita Hyland's mother, Mrs. James Hyland said Anita had been ready ever since six thirty. Clarence French, son of Mr. and Mrs. Joe French was looking so very important as he had passed the first grade and was about to enter the second. Sara Jane Peoples was cautiously holding on to Helen Joyce Rucker who is a beginner. Sara Jane was very worldly-wise as she said, "Oh, I'm not just starting to school — I'm in the THIRD grade."

Larry Eirdam, son of Mr. and Mrs. O. K. Eirdam, was very unconcerned about it all as he sat there in the first grade room looking so very "cowboyish" in a new Hop-Along-Cassidy shirt.

Doil-like Jenny Lou Hardy, little daughter of Mr. and Mrs. W. W. Hardy of West State-Line was so very unhappy as she sat at the table in Miss Brann's room.

A little boy held on to his older sister's hand as he tried to put up a brave front with a cowboy belt, holding a pistol hanging at his side. Even his dog sensed the need for bravery as he was trotting patiently along behind him.

Judith, Linda and Brenda Choate were there with their mother, Mrs. Eldred Choate. All three girls were dressed alike in their attractive cotton plaids. Judith will be in the fourth grade, Brenda in the second and little Linda will be in the first.

Mrs. Horace Reams and Mrs. Mac Burrow were busy doing their duty in collecting membership fees for the South Fulton P. T. A. It was a busy day for all. It was a happy day for some — a sad day for others — but that's the way it is on the FIRST day of school in anybody's town.

**OF CLOTHES AND THINGS:** That's what Shirley Maxwell, Barbara Homra are packing and talking about while Patsy Workman looks on. Shirley and Patsy will enter Murray State this fall, while Barbara is going to sunny Florida to Florida Southern College. Barbara will be a sophomore, having spent her freshman year at Lindenwood. Shirley, too, will be a sophomore while Patsy will put up with the rigors of being a freshman.

# History Repeats Itself In Korean War

On June 11, 1871, three Americans were killed in Korea in the only fight United States forces have had in that country until the present struggle.

Kentucky is linked to the incident through the death of Naval Lieutenant Hugh McKee, a native of Lexington, who was first over the parapet in the assault on the captured citadel. Trophies of the fight still are in

the museum of Transylvania College at Lexington, where they were placed in 1873 by Lieutenant McKee's mother. Transylvania now is displaying them in the main lobby of the Lexington Public Library.

The Lexington post of the Veterans of Foreign Wars, Hugh McKee Post, was named for the naval lieutenant, and the Korean citadel in which he was killed was re-named Fort McKee by the American force in his honor. Others killed in the fight were Seth A. Allen, landsman of the ship Colorado, and Dennis Hanrahan, a private Marine from the ship Benicia. McKee was attached to the Monocacy.

McKee, who was born in Lexington in 1844, was graduated from the United States Naval Academy at Annapolis in 1866

## Kentucky Boy Designers Win

**WINNERS** in the annual model car competition of the Fisher Body Craftsman's Guild are Virgil D. Vance (left), of South Fort Mitchell, who took first state honors in the Junior Division (ages 12 through 15), and Raymond L. Cravens of Phil, whose beautiful model car won first in the Senior Division (ages 16 through 19). Each received a cash award of \$150 and both models went on to take regional honors and chances to win university scholarships in the national competition.

He was the son of Col. William McKee, who was killed in the battle of Buena Vista in the Mexican War.

On June 10, 1871, a force of between six and seven hundred men was dispatched up the Salce river by the commander of a fleet of five vessels, the Colorado, Alesha, Benicia, Monocacy and Palos. The force was to effect a reprisal for a native attack on two of the ships that had been taking soundings of the coastal waters. The fleet was in the vicinity in the first place to escort the United States minister to China to Seoul, the Korean capital, to demand an explanation for the slaughter of the crew of a merchant vessel some time earlier.

Lieutenant McKee was in command of one of the 10 companies sent up the river. The Koreans retreated from the first fortification, and the Naval force spent a day chasing them over rough terrain. Finally the Koreans took refuge in a well-fortified citadel on top of a high hill. McKee's company was one of six detailed to assault the fortress, and they swept over the brow of the hill next to the citadel with McKee in the lead. According to an account by Lt. Bloomfield McIlvaine, McKee's friend, as soon as they were sighted the Koreans opened fire with their muskets and the "air was seething with bullets." McKee climbed the wall first and grasping a Korean banner fired his revolver into the defenders and jumped inside the citadel. His men and McIlvaine and the company he was commanding followed, with the Koreans all this time firing their muskets and throwing rocks and anything else at hand down on the heads of the invaders. The hand-to-hand fighting inside the fortress was a terrific melee, McIlvaine said, but finally all the Koreans were either killed or driven away. According to the account, while only three Americans were killed, more than 240 dead Koreans were counted after the battle.

## Forage Yields Upped 500 Per Cent With Lime and Fertilizer

"GET reckless with fertilizer if you want to make the most profit from crop and pasture land," advises Ray Wetherell, Fairfield county, Ohio, dairyman. He says it is cheaper than paying for extra land and labor.

Wetherell practices what he preaches, for he used about 60 tons of fertilizer last year, reports Dr. D. R. Dodd, Ohio State University extension agronomist.

Wetherell has found that it pays to add just as much fertilizer to pasture land as to crop land. By renovating a badly rundown permanent pasture two years ago, he increased production fivefold. On this field he seeded a nurse crop with a mixture of alfalfa, Ladino clover and bromegrass. At seeding time he added 400 pounds per acre of 3-12-12. Then at the beginning of the second year he top-dressed with 500 pounds per acre of 0-12-12.

High quality hay and pasture, plus expert grazing management, are key items in the success of Wetherell's dairy farm, says Dr. Dodd. Wetherell figures his 60 Jersey cows will finish the year with a herd average of more than 400 pounds of butter fat.

Wetherell gives his corn crop plenty of fertilizer, too. He plows under 500 pounds per acre of 8-8-8 and then adds 350 pounds of 3-12-12 in the row at planting time. His 4-year rotation includes corn, small grain and two years of legume-grass crop for hay, grass silage and pasture.

## 'Face Lifting' Brings Old Pastures Back To Thrifty Growth

PURDUE University agronomists recommend a "face lifting" in September for old, rundown, weedy permanent pastures. A good renovation program supported by liming and the use of commercial fertilizer can bring a pasture back to lush, vigorous production, they say.

First step in the program is a soil test for acidity and applications of limestone as needed.

The job of making a seedbed on an old sod can be satisfactorily done with a disc harrow or field cultivator, the agronomists say. The operation can be eased considerably by working the soil in one direction and then working it crosswise.

New grasses can be seeded any time in September. Timothy and smooth bromegrass are excellent grasses to supplement blue grass. How much these grasses increase pasture output depends on the legumes to be used in the mixture and the amount and analysis of fertilizer used. The agronomists say that a good legume seed mixture to use per acre is two pounds of red clover, three pounds broadleaf trefoil and a quarter pound of Ladino clover.

The agronomists stress that a good application of commercial fertilizer is essential in pasture renovation. They recommend adding 400 pounds per acre of 0-20-10 or 0-20-0 fertilizer at the time of seeding. The phosphate and potash fertilizer helps get the seedling off to a good start, provides nutrients the legumes need most and boosts pasture production.

(Ed's note: This well-known columnist of the News, will be found as regularly as space permits, and all may write to her who desire. She does NOT answer letters except through the columns of this newspaper. Address Patricia Latane, c/o The News, Fulton, Kentucky.)

Dear Miss Latane:

I read your letters every week and enjoy them very much. I believe you can answer some questions for me.

My husband has high blood pressure and hurting feet. I have been trying to get him to go to another doctor that I go to but he won't. Would it do him any good if he did? Can you tell me

if he will ever be any better? Does he work too hard or what is the matter with him? Will I be left a widow? I am worried. Does he love me as I do him? Please answer this as soon as you can and tell me the best you can about the questions I have ask you.

B. H.

Dear B. H.: My dear there are over half the people in the world that have either high or low blood pressure and it isn't anything to get alarmed over if he would go to a good doctor and then follow the doctor's instructions. He will go to your doctor and will get along alright and he isn't going to die for years to come.

Patricia.

Dear Readers:

I keep getting letters that say please answer this in the next issue well I get around 100 or 200 letters a week and I can't answer all of them at one time and they are answered as received so don't expect your answer the week you write or the next as it may not be answered so just watch the paper as it will appear.

Thanks, Patricia Latane

Dear Patricia:

I am a young housewife and a mother of five months-old boy. My husband has been very sick for quite some time. I would like to know what the cause of his illness is and how we can cure it? Do you think he will get better soon? Do you think a separation for awhile will help him? What do you think is best for me to do if he should get into the hospital? At present I am living with my mother-in-law. Do you think I should stay here or go back to my folks. Please print this at once as I would appreciate it very much.

Thank you kindly, R. E.

Dear R. E.:

Go to your mother; don't stay where you are. I think if you were separated for awhile it would help, along with rest and food he would be cured, he is just in a run down condition.

P. L.

Dear Patricia:

Can you tell me if the man I love very much will ever mean anything to me? We are both divorced. He seems to like to be around me but he acts like he is afraid. It it because he was hurt very much the first time? How much longer will I have to wait?

Thanks, M. V.

Dear M. V.:

Yes, he will mean something to you. He wants to ask you to marry him, but he can't forget his first love, and he is afraid the same thing would happen again

and he wants to be sure it won't. Be patient and give him another 6 months and you will marry. P. L.

**Mississippi Plantation Life: The Writings Of Mattie Dear**

I give thanks unto the Lord for He is good. My health is very good and I am picking cotton trying to finish a bale this week if the Lord say so. Had good service Sunday at the Travels Rest Mt. B. C. Pastor by the Rev. W. B. Barnes of Clarksdale, Miss. He sure preached a good sermon His subject was The Value of a Man's Soul and he told all about the soul and I sure enjoyed it. I was so sorry that I never got to the National Baptist Convention in Philadelphia. I thought sure that I would of got some help from Miss Johanna. But let Mat-

tie Dear tell you one thing we are living in dangerous times. It seems like Satan is loose for a little season. But I suppose these things had to happen.

Mr. P. W. Smith is in bad health but Mrs. Smith is fine. They sure are good white people to me and Mrs. Johanna when she was here. She was nice to me too. I never will forget them. Miss Johanna have did me so many good favors.

The Lord sure is taking care of me through the peoples; bless His holy name. I am a widow again. My first husband's people sure is nice to me. Plenty cotton to pick here but the bootweavers sure did do their part. I hope to see Miss Johanna in this life again.

Mr. J. B. Snider is in Natchez publishing and Mr. Joseph V. Ellis is got his place in Clarksdale now and he sure is a fine young man. As kind as he can be. He had my picture taken in a difference way but let me tell you one thing it sure is prayer time believe it not. So here is

another poem. Subject: Rest. God made the dark, so day time could close its tired eyes, And sleep awhile in comfort; Beneath the starry skies. The day time, just like children Needs rest from work and play; So it can give us children, Another happy day.

## COMPLETE WINTER WARDROBE CAN BE MADE FOR LESS THAN FIFTY DOLLARS

A complete fall and winter wardrobe, equal to all occasions, can be made for under fifty dollars. It includes a suit and blouse, a taffeta jacket ensemble that doubles for afternoon and evening parties, a coat dress, and a gay plaid skirt and ersey blouse combination. These are described in McCall's for September, along with other ready-to-make fashion tips on picking a plaid to suit your size.

"A cheerful, red rayon sheen gabardine suit looks like a million, has the new low-necked jacket that shows off a checked velvet blouse with a spread wind collar. The blouse has a drop-shoulderline and no sleeves, which eliminates bulk under the jacket. The narrow skirt is a straight 4-panel design. A sheath

dress and jacket made a taffeta ensemble for afternoon parties. Without the jacket, it becomes a short sheath evening dress. Very easy to make, it has cap sleeves cut in with the fitted bodice, a narrow skirt, slit at back.

"For the coat dress in silver-gray rayon tissue faille, you can use a special gadget and cover the buttons yourself. Red wool plaid makes a bright skirt, gathered and flared with a zippered opening at center back. With it wear a high-necked wool jersey blouse.

"If you're tall and slim, pick a big bold plaid for a cape stole flared in back, belted in front. If you're little, make it of just-as-smart small plaids or checks. Coordinate the color with a wool-and-hair mixture in a long-sleeved sheath dress.

"Any size can wear one suit with small, subtly shaded wool plaid jacket and solid color skirt. The jacket has a sharply notched collar, big patch pockets with the flaps bias-cut for interesting detail. Medium and small figures will look well in tissue-worsted tartan of the Ross clan. The moderate dolman sleeve in one attractive dress is cut with the bodice, and the dress zips to below the waistline."

### SPICY TOMATO SAUCE

By Nancy Haven

10 lbs. ripe tomatoes  
8 small or 1 lb. white onions  
8 medium or 2 lb. green peppers  
1 medium-sized apple, diced  
1 quart cider vinegar  
4 tablespoons salt  
1/4 teaspoon cayenne  
2 teaspoons each of ground spices: allspice, cloves, nutmeg  
1 tablespoon cinnamon  
6 cups Beet Sugar

Scald, peel, core and quarter tomatoes 21 c.). Peel and dice onions (2-1/3 c.); wash, core and dice peppers (4 1/2 c.); do same with apple, after peeling. Apple takes up some of extra liquid. Combine all ingredients in large preserving kettle (if very light condiment desired, use whole spices and tie in a bag). Bring to a rolling boil; simmer-boil mixture 3 hours, stirring occasionally. Remove from heat. Pour into hot, sterilized fruit jars. Seal at once. Makes 7 to 8 pts.

In using Beet Sugar will I have success with this Spicy Tomato Sauce? With Beet or Cane Sugar you will have "family approved" home preserves. The two are alike and, therefore, will give identical results.

### A REAL WILDCAT

A University of Kentucky alumnus in 1947 presented a live Kentucky wildcat to SUKY, student pep organization. Named "The Colonel," the big cat is cared for by the group and at all UK home football games is on the sidelines—in his cage.

Mrs. Stella Clark, 1026 Cornell Ave., Indianapolis, Indiana, who was suffering from deficiencies of Vitamins B, B<sub>12</sub>, Iron, and Niacin, thinks a vigorous appetite, fine food and lots of good, sound sleep are the keys to health and happiness. All of these were made possible by the blessings of HADACOL when HADACOL overcame these deficiencies.

Here is Mrs. Clark's statement: "Before I started taking HADACOL I was troubled with nervous indigestion. My stomach was just tied in knots when I would sit down to eat. You can imagine how I enjoyed my food and how much good it did me. It affected my sleep too—there was many a night I lay awake for hours and hours. I heard about HADACOL and have been taking it ever since. I have no more stomach distress. I enjoy my food and I sleep like a top every night of the week. I started my husband taking HADACOL and he, too, says that now he has never felt better in his life. I just can't thank HADACOL enough—and, of course, I recommend it to all my friends."

**HADACOL Works**  
... in helping to build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs, even to the eyes, hair and nails. Countless thousands whose systems were deficient in Vitamins B, B<sub>12</sub>, Iron, and Niacin are benefiting from HADACOL... even hundreds of doctors have recommended HADACOL to their patients.

**Give HADACOL a Chance**  
Yes, give HADACOL a chance to help you. Refuse substitutes. Don't let anyone tell you something else is "just as good." Insist on genuine HADACOL. You risk nothing because HADACOL is sold only on a strict money-back guarantee. You'll feel better with the first few bottles you take or your money back. Trial size only \$1.25. Large Family or Hospital size, \$3.50.

FULTON HOMEMAKERS  
ATTAIN A PERFECT  
ATTENDANCE RECORD

Three members of the Fulton Homemakers Club have a perfect attendance record, having not missed a meeting since the club was organized in March 1949. They are: Mrs. H. G. Butler, Mrs. Wallace Shankle and Mrs. Charles Cannon.

Mrs. Butler has an attendance record that would be hard to beat as she was first a member of the Bennett Homemakers Club, having joined the club in 1944 and hasn't missed monthly meeting of the club, the Advisory Council and training school or district meeting. She had three children ranging in age from one to seven. She served as vice-president, secretary and treasurer and was county publicity chairman for two years.

Mrs. Butler has a perfect P. T. A. attendance record of six years and she and Mrs. Wallace Shankle are two sponsors of the recently organized 4-H Club.

She transferred from the Bennetts Club to the Fulton Club last year and the Fulton Club is fortunate in having her as a member. Mrs. Cannon is past president of the club and Mrs. Shankle is one of the project leaders.

The other members of the club have a lot to live up to, to have a record like these three members.

Miss Martha Gholson Weds Mr. Nugent  
In Beautiful Late Summer Ceremony

In a setting of Gothic design, beautifully arranged with baskets of white chrysanthemums and gladioli, Miss Martha Elisabeth Gholson, daughter of Mr. and Mrs. Ben H. Gholson became the bride of Mr. Lewis David Nugent, son of Mrs. Bertha Nugent and the late Mr. Nugent. The ceremony was performed Sunday afternoon at three o'clock in the afternoon at the First Baptist Church with the Rev. Lewis D. Ferrell, pastor officiating.

Following the ceremony the bride's parents entertained with a reception at their home. Bouquets of white bridal flowers were used profusely throughout the reception and dining rooms.

Mrs. Don Henry of Hickman, Mrs. Celia Douglas of Paducah, and Mrs. Boyd McCleary of Etowah, Tenn., assisted the girls of the wedding party in serving the guests. Miss Barbara Ann Roberts was at the guest register.

Early in the evening Mr. and Mrs. Nugent left for an extended southern wedding trip after which they will make their home in Fulton. For traveling Mrs. Nugent wore a black velvet suit. Her hat was of black velvet trimmed with pale blue feathers. Her accessories were black and she wore the white orchid from her bridal bouquet.

The bride, who was given in marriage by her father, wore a handsome Victorian wedding gown of ivory satin. The deep pointed neckline was outlined with triple folds of the satin joined to a film tulle yoke. She wore long satin gauntlets. Her lace edged tulle veil was attached to a tiny satin covered bonnet with a heart shaped brim which was edged in orange blossoms. She wore double pearls forming a close fitting choker and carried a white Bible holding a white purple throated orchid showered with stephanotis and satin ribbons.

Mrs. Paul Gholson attended the bride as matron-of-honor; the bridesmaids were: Mrs. Troy Glidewell of Murray, and Miss Sara Don Henry of Hickman. They wore Victorian frocks of tissue faille taffeta fashioned identically to that of the bride. In their hair they wore matching bandeaus of taffeta with small clusters of chrysanthemums at each side. The matron-of-honor's gown was peacock blue and the bridesmaids frocks were yellow. They carried cascade bouquets of which single chrysanthemums and rubrum lilies tied with contrasting satin ribbons.

Richard Browder served Mr. Nugent as best man. The ushers were Paul Gholson, Done Hery of

# LET'S BEGIN SCHOOL

with a test!

Test your home now for ample study lighting.  
Providing a comfortable, well lighted place  
for study is one of the most important ways  
a parent can assist with homework.

## A SIMPLE STUDY TABLE for a school child's room or study corner

Place the desk against a light tinted  
wall; a light wall can reflect 20 per cent  
more light on the work surface than a  
dark wall. No need to repaint—a simple  
tackboard, made at home and mounted  
above the desk will do the trick. It will  
also serve as a spot for mementoes, and  
as a handy bulletin board. Mount on the  
tackboard two inexpensive pin-up lamps  
with diffusing bowls and opaque shades.  
Install 100-watt bulbs. Keep the lamps  
30 inches apart.

Be sure to measure their height from the  
desk carefully to make certain no direct  
light will fall in the child's eyes. Finally,  
put a light colored desk blotter on the  
desk to avoid harsh reflections from  
its surface.

Remember, when you provide your children with a  
properly lighted place to study, you not only help them  
to learn, but you help protect precious eyesight as well.

"Substance" is the subject of the Lesson-Sermon which will be read in all Christian Science churches throughout the world on Sunday, September 10, 1950.

The Golden Text is: "Bring ye all the tithes into the storehouse, that there may be meat in mince house, and prove me now here-with, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it." (Mal. 3:10).

Among the citations which comprise the Lesson-Sermon is the following from the Bible:

# Jennings Kearby Is Elected Head of Democrats Club

Jennings Kearby, young-Democrat, lawyer, and civic-minded citizen was elected president of the Young Democrats Club at an enthusiastic meeting held at Cayce High School Tuesday night. The organization of the group was a special compliment to Mr. Kearby who has worked unceasingly to get County Democrats together in the interest of fostering a bigger vote in the general election, as well as to bring together party members from every precinct in the county.

Other officers elected are: Mrs. Ward Bushart, first vice-president; James Amberg of Hickman, second vice-president; Miss Louise Dekker of Madrid Bend, third vice-president; Joe Campbell of Cayce, fourth vice-president; Mrs. Paul Westpheling, secretary; and Jack Moore, treasurer.

Directors were elected as follows: Kathryn Kelley, Hickman, Donald Mabry, Cayce (to serve one year); Richard Byrd, Crutchfield, Richard Browder, Palestine (9 months); Mrs. J. T. Davie, State Line, and Felix Gossum, Jr., Fulton (6 months); Mrs. L. T. Hodges, Hickman and Miss Rose Stahr, Fulton (3 months).

More than 100 persons enjoyed a barbecue dinner served by Miss Pauline Waggoner and the FHA girls of the Cayce High School. The meeting was replete with interesting conversation. The principal speaker for the evening was Roy Vance, County attorney of McCracken County who delivered a forceful talk on the importance of party organization.

Welcome guests at the meeting were Mr. and Mrs. Elvis Stahr of Lexington. Mr. Stahr is dean of the Law School of the University of Kentucky and an honored addition to any gathering, not only in his native county but over the entire Nation. He is the son of Circuit Court Judge E. J. Stahr and Mrs. Stahr.

Following the dinner an enthusiastic business meeting was held at which time dues were set for eligible and honorary members; a resolution adopted and to be made public that the organization sponsor a drive to get out the vote on general election day.

The officers and directors constitute the executive board; this body will determine the next meeting date and the adoption of a constitution and by-laws applicable to the county group.

NO ACTION TAKEN ON TRAFFIC PLAN

Taking the matter in their own hands, 93 residents of the area on Second Street and intersecting streets signed a petition asking the City Council to do something at once about the hazardous traffic conditions existing in that area. The petition was presented to the council by Billy Blackstone, prominent Fultonian, who with others, sees the immediate danger in the condition since danger in the condition since week.

Cause of the heavy traffic is the construction project of West State Line. All traffic has been routed through the residential section and particularly down Second Street.

Mr. Blackstone asked that stop lights, a policeman on duty during recesses and that "caution" signs be erected as measures to decrease the traffic hazards.

No action was taken by the City Council, although they stated that overtures would be made to the State Highway Department to close the overhead bridge in Highlands and re-route the traffic through Riceville.

"My Boys, the Railroaders"

What a time to overcome a jinx! Yes, the Railroaders shook off the Jackson jinx Tuesday night, just in time to win the first round of the Shaughnessey playoffs from the Jackson Generals. After winning the first three games of the season from the Jackson boys, the Railroaders were unable to win another game in the Jackson park, until Tuesday night, and that was THE night. Congratulations, boys keep 'em rolling!

In the finals, Mayfield will play host to the Railroaders for two games to start things rolling. Friday and Saturday nights will see the clubs in Fairfield Park and finishing things at Mayfield, should more than four games be necessary. Let's try to make all games and push those Fulton boys over a rough grade to climb. Remember: you holler, they'll hit.

While every Railroaders deserves credit for the wonderful showing that they have made in the 1950 season, especially do we wish to thank Manager Ivan Kuester for the hustle that he has kept pushing at the Railroaders this season. Ivan, fully aware of the obstacles that would face any baseball club in the course of the season, has constantly been on the lookout for better material and has grasped every opportunity to improve the club. No amount of praise would be too much for him in his untiring, successful efforts.

Fulton fans were lucky in having the sports minded individuals to sponsor the game in the Jackson series. These games were broadcast to the Fulton community over the Union City station and, needless to say, they were appreciated by everyone who was unable to attend the games at Jackson. J. Black, WDXI announcer, was the narrator for the three games that were broadcast, also appreciation for his non-partisan attitude.

Last week we promised you the addresses of the Fulton boys but due to some transportation difficulties, we have been unable to get them in this week's copy. Don't give up though, we're still working on them and we'll get them or bust.

Don't forget the games at Fairfield Friday and Saturday nights. We had 1800 at the park back in 1946 during the playoffs. Let's see if we can't get over the 2,000 mark at least one of these nights. Talk it up. We know you'll be there, but bring your buddy, he's the one we're after.

# Robber is Caught in Flint; Had Visions of Wild West

Herbert Reed, Michigan bank robber with visions of the Wild West Frontier and a recent unwelcome visitor in Fulton, has been apprehended in Flint, Michigan. Local officers were notified Monday. Reed, a modern day desperado, a little on the amateur side, gave local police, State Highway officers and various and sundry other peace officers a rather interesting, though annoying time with his hide and seek tactics of escape, to say nothing of his would-be bravado in signing himself "The Silver Kid."

Sighted in Fulton as late as Tuesday a week ago when he accosted a Negro boy to buy him food, Reed, alias "The Silver Kid," was reported hiding out in the "wilds" of Fairfield Park. Saturday night, police conducted an all-night search when it was reported that two young hunters had been run out of the woods by a person fitting the description of the bandit. Early Sunday morning the search led to the home of Bob Davis, who informed the police that his son had sent the two boys from the woods, since it was Davis' private property.

In Flint, Reed confessed that he had robbed several local establishments, including the Standard Bulk plant, which was entered on Thursday night of last week. Apparently enjoying his nip and tuck battle with the police, Reed quartered in a shack near Clinton, helping himself to food, clothing and other household goods of the owner. No doubt trained in the social graces he left a note for the owner, thanking him for his generosity and food, and, you guessed it, signed himself "The Silver Kid."

In Michigan, Reed was definitely identified as the robber who made himself at home at the M. M. Matlock residence on the Mayfield Highway last weekend. A 41 colt pistol, belonging to Matlock was found in his possession when apprehended. Because of police policy, the fact that he signed himself "The Silver Kid" even at the Matlock residence was not revealed to the press last week.

Reed, alias "The Silver Kid," amateur Wild West desperado and movie fan delinquent failed miserably in his attempts to take the place of the Nation's No. One criminal, the late John Dillinger. Clothes, cartridges, guns and other positive identification marks were left in his path promiscuously.

One thing resulted from the busy time had by the police... nearly 1000 people were viewed as possible suspects and the movies are here to stay.

## - BILL - Of Harris Fork

Arrival of the Elderberry season brings on elderberry pie and elderberry jelly. I will not put the skids under my housekeeper until after the berry season is over because her pies are just out of this world. Then I'll sign her up for next season.

A lovely sunny day, but too cold for Vernon Owen, Bill Browning, Happy Hogan and Hollis West to go fishing. Hollis says that all he goes along for is to measure the fish, weigh them and draw the line at certain lies. Sounds funny but Hollis never did go to Sunday School. Which proves that all angels are not born in Heaven, even tho some are born in hospitals.

Two of Father Libs' parishoners have been working on the railroad this summer and were surprised at Father Libs asking them if they would like to work on his "nickle plate" line. After much stammering... hands in and out of pockets, kicking the dust and chewing straws they finally caught on to what Fr. Libs intended they should. Let's hope that Paul Westpheling's collection is better next Sunday.

To the Duquoin Fair last week and I found an awful shortage in footstools, hassocks and ottomans in Carbondale, Metropolis and some other places. WHY? People are buying them for the kids to sit on to watch television.

And just when should "grandmas" stop calling each other "girls", stop dieting, pay less attention to hair-dos and get up and have the bacon and eggs ready for the exchequer, bring the morning paper in-stay off the phone til the poor phone gal gets woke up from her gyrations of the night before and can say "number please" without a yawn?

I reckon it will be when the Russians stop the Korean war. —Bill of Harris Fork

## News - Prints

Several public warnings to the City Fathers have failed to bring any action on the traffic problem existing along Second Street these days. Billy Blackstone, father of a youngster, represented the mothers and fathers of all youngsters living on that Street, as well as the parents of hundreds of kids who will start to school next week, when he appeared before the City Council Tuesday night. Those anxious folks can't wait until Highway Department officials deliberate about closing the over-head bridge... school starts next week and kids are kids no matter how much they are cautioned. Furthermore, its not the presence of mind of the youngsters that worries us, its the stupidity of racing motorists that bothers us.

Far from being an alarmist, we'd like to say that it will take only one accident in that section to make this city go up in arms about the procrastination in doing something about that traffic. We're sure that the City Council will do something when school starts... they just have to... but there's a 24-hour hazard there and its got to be corrected NOW!

A reader brought this one in, and he had no idea where he picked it up:

A Texan, visiting Washington, was sitting in the lobby of his hotel. A stranger took a seat next to him and started a conversation. He said, "I see where Mr. Truman raised taxes."

The Texan arose quickly and knocked the stranger three feet out of his chair. The stranger held his jaw while other guests held the angry Texan. Someone asked what the trouble was. The stranger said he didn't know, he was only trying to be friendly.

"What did you say to this man?" he was asked.

"I just remarked that Mr. Truman raised taxes."

"Is that what you said?" asked the Texan.

"Yes, that's all I said."

"Well, I'm awfully sorry," said the Texan. "I thought you said Mr. Truman was raised in Texas."
