Usona Will Be Modern Hotel

Work on rebuilding the Usona Hotel has begun under the supervision of W. H. Hill & Son. Plans call for a modern structure with all modern conveniences. The hotel will be a splendid addition to the business section of the city and be an asset to the community.

D. B. F. Ford will open the new hotel and an appropriate gift will be presented. Don't you know there's going to be work for people and the best way to get ahead is to work hard and save money. Everybody should have a chance to get ahead and work towards a better future.

Memorial Services Largely Attended

The funeral services for Hon. James C. Caruthers, of Fulton, were held on Monday afternoon in the Methodist church. The service was attended by a large number of friends and associates of the late Judge. The service was conducted by Rev. W. L. Reed, pastor of the church, and was followed by interment in the Fairview cemetery. A large number of friends and associates of the late Judge attended the services.

Here's How We Can All Be Happy

Every known method for improving the condition of our country has been tried and the result has been failure. It is the duty of every citizen to do his part in making our country happy. We must all work together to achieve this goal.

FAGADE AT CHRISTIAN CHURCH

The impressive “Fagade” presented by the Women’s Missionary Society of the First Christian Church was quite an event in the hands of Lewis Alverson and the ushering in of the church. The famous “Three Kings” made their grand entrance and the church was packed with worshipers. A musical program was also presented to the church, which was attended by a large number of friends and associates of the late Judge.

How Many Fulton Citizens Can Remember when they Considered Themselves Highly Honored if They Were Picked to Sit on a Jury?

Dow many Fulton citizens can remember when they considered themselves highly honored if they were picked to sit on a jury? The average Fulton man is the father who feels sure his son’s safety is assured in the hands of the law. If old Solomon could come back today, he would probably wish he had more sense than he did.

The United States is a county in which every man is entitled to every privilege that his brother享有. It is the duty of every citizen to do his part in making our country happy. We must all work together to achieve this goal.

What have you done while you were waiting for the close of November? Have you been as dull as a dog? You may not think so, but the fact is, the cold has come. The days are shortening and the nights are lengthening.

Legislature in 4 states are making the most of the weather. Eager to be finished with the year's business before the close of the session, they are rushing through the bills, and the result is that they are passing through legislation so as to be able to adjourn by the 25th of the month. It is to be expected.

As the legislature is about to adjourn, it is to be expected that the state governments will be faced with the necessity of raising money to make up the deficit in the state treasury. The deficit is due to the fact that the state has not been able to meet its obligations as they fall due.

This Rainy Day

Fulton citizens will probably open their eyes in astonishment when they see that despite all the talk of "hard times" and the "unemployment" figures that have been circulating, there has been a marked increase in the number of people who are saving money. More than $500,000, to be built by floating bond issues, is the amount of money that has been saved in the savings banks this year than in any previous year. The people are taught to save that never know when they may need it, for a "rainy day" than they well.

Morale is high, and the people are taught to save that never know when they may need it, for a "rainy day." They are taught to save because they know that they are saving for the future, and that the future will be better than the present.

In Omaha a judge sentenced a man to five days in jail for speeding. It is reported that the offender, but he hadn't done anything wrong except that he was driving too fast. He was declared guilty of exceeding the speed limit, and was sentenced to five days in jail.

The common use of gas is far from universal. It can't go on forever and a drive, and if all reckless speed. what appears to be positive proof to the offender, but the people in;
