## Farmers Bank Open for Business

Christmas Savings Checks  
Mailed to Four Hundred  
Members This Week

The directors and officers of The Farmers Bank of Fulton are being congratulated by business firms and friends on the re-opening of said institution Tuesday morning, Dec. 16, after being closed for twenty days. Words of encouragement and congratulations are also being received by phone and wire from out-of-town bankers and friends.

The deposits on the day of re-opening were flattering and the business is running smoothly. The banking force has worked night and day sending out checks from the Christmas savings department to the 400 members during the week totaling around \$14,000.00, and now the cash is being circulated through the business channels of the city. Some are redepositing their savings, happy to show faith and co-operate with an institution which has contributed so much to the progress and been an outstanding factor in the business life of our city and surrounding country for many years.

The bank was closed on Nov. 26 by the directors to protect depositors, following the closing of other banks in this section. The reopening was made possible by a plan approved by the State Banking Department under which depositors agreed to refrain from checking on their deposits for a specified time. New deposits not being affected.

The affairs of the bank has been thoroughly checked and investigated by the Examiner from the State Banking Department during the period of closing and everything was found to be O.K. In fact every requirement has been perfected else the bank would not have re-opened for business.

### Fulton Plans Merry Christmas for Poor

Extensive plans are being laid here by the various civic clubs and the schools, so that the poor need not feel want Christmas. Students of Fulton High School made a holiday drive Thursday.

The city of Fulton is giving a car load of coal to the poor of Fulton and is asking the American Legion to provide trucks, deliver and unload the coal.

Local employees of the Illinois Central have contributed \$169.40 to the Associated Charities' fund in the last few days.

### Rush Transmission Line

The Kentucky Utilities Company here is working fast on the 66,000-volt current transmission line which is being run from here to Wickliffe and Barlow, and plan to have it finished in a few days. The new line will be connected with the Central Illinois Public Service Company and the Kentucky Utilities transmission line which runs to Earlington.

The work is being done by the L. E. Myers Construction Company, of Chicago. A 23-ton transformer was unloaded at Fulton Saturday, and will be used at the Fulton end of the line.

Supt. Williams Present Veteran Passes at I. C. Booster's Meeting

An interesting and impressive meeting of the Illinois Central Service Booster Club was held in the Chamber of Commerce rooms on Main street last Tuesday night.

President J. S. Willingham called the meeting to order and after recognizing the visitors present the regular routine business was disposed of. The reports given at this time were interesting, and showed the various committees were doing active work.

Mr. H. W. Williams, Superintendent of the Tennessee Division of the Illinois Central System, was the first speaker of the evening, and in his pleasing manner made everyone feel they were glad to be present. At the conclusion of his talk he presented Veteran Passes, which are life time passes over the entire Illinois Central System merited on 40 years service, to the following men: J. W. Shepherd, General Foreman, Mechanical Department, Fulton; R. E. Hubbard, Supervisor of Bridges C Buildings, and G. G. Payne, pensioned Section Foreman. There are 46 employees and pensioned employees on the Tennessee Division who will receive Veteran Passes with in the next few days.

Mr. E. C. Hardesty, Manager of the Kentucky Utilities Service Fulton, discussed and explained in detail, the new rate for electric current that goes into effect on January 1st.

The next subject under discussion was the Associated Charity work in Fulton, and Gus Bard, Chairman of this work, outlined the work the Committee is planning for the winter of 1930-31.

## Buy Building and Loan Stock Now

A GIFT WORTH WHILE

In your eager attempt to bring joy and happiness to loved ones during the holiday season, had you thought of one of the most valuable gifts of all?

Shares of stock in the Fulton Building and Loan Association would be a gift worth while and just now is the opportune time to buy stock in this strong \$2,000,000 institution.

Money invested with this Association is regarded as a sacred trust, and its safety is guarded with extreme care.

The men responsible for the management of this company are men whose ability, character and general standing is recognized by our entire citizenship. Bonded officers insure careful and accurate handling of all funds.

Call at the office, 204 Main street, and talk the matter over with Secretary J. E. Fall or his assistant, W. C. Reed.

Buying Fulton Building and Loan stock is a safe investment and an appropriate gift. Don't let the opportunity pass to make someone happy now and in years to come.

## Greetings

## Welcome Spirit of Christmas

No one has ever succeeded in explaining it to our complete satisfaction, that feeling which settles itself over the earth along about this time of year. None of us are fully able to describe it. And yet we are happy in the knowledge that it is something that brings us nearer to our fellowman, that makes the whole world seem a more wonderful place in which to live. We are satisfied to call it the Christmas Spirit. We are content to know that it is a blessing that cannot be taken away from us.

Through a year beset by unusual struggles and marked by many dark clouds we again approach the Christmas season, and the closing of the year. It is not a time for looking backward, unless it is to be thankful that we have come through it with good reason for being glad. It is a time for welcoming the Spirit of Christmas into our hearts and those about us. Only in proportion to the way we carry happiness to others can we hope for happiness to be carried to us. If we would earn and enjoy the smiles of our neighbors and our friends we must carry a smile to them. If there is one special time in all the world when smiles are contagious it is at Christmas. They are the sweetest part of the holiday; we dare not try to imagine a Christmas without smiles.

Once again young hearts are joyous and older ones are glad. The true meaning of "Peace on Earth, Good Will to Men" is understood by all. Hearts soften under the magic of the Christmas spirit and the sorrows of other days fade away as in a mist. We sacrifice that others may be made happier; we find our own joys are multiplied through giving; we realize as at no other time that no one who gives bountifully out of his own supply of happiness can possibly impoverish his store.

In the Spirit of Christmas we extend to every resident of Fulton and vicinity our heartiest good wishes for the happiest holiday they have ever had. May you and yours find supreme happiness in the celebration of Christmas and all that it means. May new-found joys warm your hearts toward

each other, and may your own heart be filled to the fullest with the peace and happiness and self-satisfying contentment that keeps us young and hopeful through the years.

May you look through whatever clouds obscure the sky into the sunshine of peace and plenty. May good health—the grandest of all God's gifts—be yours on the Christmas day, and during all the days allotted you. May your family remain unbroken through the new year soon to be ushered in, and may you carry on beyond the Christmas day that smile of happiness and helpfulness and encouragement for your fellowmen that cheers their hearts, comforts their souls and strengthens them for smoother traveling along the highway of life.

We wish for you and for yours the peace that passeth understanding. It is not within our power to wish you more.

### BELOVED GIRL PASSES AWAY

Funeral services for Hazel, daughter of Mr. and Mrs. Herbert Hendley, were held last Friday at the First Baptist Church, conducted by the Rev. C. H. Warren. Burial followed in Good Springs cemetery in charge of Winstead-Jones Undertaking Co. The floral offerings were beautiful and fragrant, tribute of loving remembrance for the silent sleeper. The pallbearers were selected from among the high school classmates of deceased.

After a brief illness, followed by an operation at a Mayfield hospital, Miss Hendley passed away Thursday, December 11. The death of this young girl is universally regretted. She was a general favorite among her classmates and loved by a wide circle of friends. The deceased was a member of the Baptist Church and lived a consecrated Christian life and will be sadly missed in her social circles.

Besides her parents she is survived by one brother, Malcolm Hendley, and her grandmother, Mrs. J. J. Olive, one uncle, Carter Olive, and other relatives and friends.

### Here's How We Can All Be Happy

Every known method for breaking up depression in business and bettering conditions has been tried. But one successful way has been found. And here it is—

Spend your Christmas money this year **ALL AT HOME**. If you do it will restore circulation locally—and when every community does that the nation will be prosperous and money plentiful. We will not have any more money, but we will have it in circulation **HERE AT HOME** where we have a chance to get it back again.

Things are looking up. Factories closed down during the summer are calling their men back to work—for people have started to buy again, and that means more men are needed to produce the things they want.

Every indication points to the expenditure of as much or more money on Christmas this time as ever before. But why help some other community to return prosperity by sending or taking your dollars there when if they are spent here at home they stay here to make times better for all of us.

We know you want to do all you can to stave off "hard times." We believe in your loyalty. But never before have you had as fine a chance to display that loyalty as you have **NOW**—from this minute on.

### FULTON YOUTHS SUE ROAD MAN

Suits for \$4,500 Brought for Injuries to Johnnie Owen and Ual Olive Nov. 14

Suit for \$3,000 has been filed in the Hickman circuit court against N. E. Stone & Co., road contractors, for alleged injuries to John Owen, Jr., of Fulton. Another suit has also been filed against the same company for \$1,500 by Ual Olive, also of Fulton, for alleged injuries received when an automobile in which he and Owen were driving on the Fulton-Paducah highway on the night of Nov. 14, struck two trucks which were said to have been parked on the highway without lights.

Owen sustained a fractured skull and Olive a broken nose and other bruises.

Both cases will come up for trial at the February term of the Hickman circuit court sitting at Clinton.

## Brieflets

Whatever became of the old-fashioned Fulton woman who could hold six clothespins in her mouth while carrying on a conversation with her neighbor on wash day?

Being a nobody has this advantage—you don't have to worry about your name being spelled wrong in the newspapers.

Heaven for the pedestrian will be a place where the sidewalks are ten feet higher than the golden streets.

The good old days in Fulton were those when parents saw to it that there was more turn-over in children than there is today.

Nowadays the only thing that slows down the pursuit of happiness is a red light.

When the lion and the lamb lay down together the bulls and bears of Wall street probably will do the same thing.

The present generation of Fulton youngsters may not know where it is headed, but its members are certainly having an easy time on the trip.

Riches may not bring happiness, but they certainly bring more of it than the bill collectors do.

Lasting world peace will never come so long as one nation has something that some other nation wants.

If America is still the home of the brave, then why are so many Fulton parents afraid to speak to their children as they should be spoken to?

In the case of a fat woman, a roll on the floor is worth two on the table.

About the only privilege left to a man in this machine age is the privilege of kicking about his taxes.

More than one Fulton man longs for the good old days when meals were opened with blessings instead of a can-opener.

About the only difference between a luxury and a necessity nowadays is that it takes longer to pay for a luxury.

Wonder if that fellow who pushed a peanut up Pike's Peak with his nose has ever done anything since.

We suppose we'll never live to again see the time here in Fulton when a man could get a shave, a shine and a cigar out of a quarter and still have a nickel left for the contribution box on Sunday.

## Old World Recipes By HELEN SCHAUFFER Domestic Science Expert

ONE of the chief secrets of the best Old World cooking lies in the care which is taken that each dish on the menu shall go well with all the others. Flavors are carefully studied. Particularly in the case of those vegetable dishes which tradition causes the housewife to serve with certain meats, the most meticulous attention is paid to obtaining those nuances of flavor that will accentuate the savor of the meat itself.

Helen Schaffer

**Russian Beets—(Russian)**—Serve with ham. Boil eight beets until tender in one quart of water sweetened with two tablespoons of sugar. Chop, add salt, one tablespoon of butter, one teaspoon sugar, one-half cup of chopped broiled bacon or salt pork, one tablespoon vinegar and one-half cup of sour cream or

milk if it is on hand. Thicken slightly with one teaspoon of flour.

**Rice with Mint—(Spanish)**—Serve with lamb. Boil two cups of rice in salted water until tender. Drain. Mash two tablespoons of fresh mint leaves with one tablespoon of powdered sugar. Add one teaspoon of lemon juice. Stir this into the rice with one tablespoon of melted butter. Pack in a baking dish. Brush with butter and dust with a little powdered sugar. Brown for fifteen minutes in a hot oven.

**Boiled Cucumbers—(Turkish)**—Serve with lamb, veal or beef. Peel and dice four medium-size cucumbers. Soak in salt water for twenty minutes. Drain and plunge into boiling salted water for fifteen minutes. Drain. Add two tablespoons melted butter, one tablespoon of sugar, one-fourth cup of vinegar and one and one-half cups of the water the cucumbers were boiled in. Bring to a boil and thicken with one tablespoon of flour. Sprinkle with chopped parsley or chives.

TIMOTHY: THE INFLUENCE OF HOME TRAINING

LESSON TEXT—ACTS 16:1-3; PHILIPPIANS 2:19-22; II TIMOTHY 1:1-6, 2:14-15

**GOLDEN TEXT**—And that from a child thou hast known the holy scriptures, which are able to make thee wise unto salvation through faith which is in Christ Jesus.

**INTERMEDIATE AND SENIOR TOPIC**—Living for Christ in Our Homes.

**YOUNG PEOPLE AND ADULT TOPIC**—Religious Training in the Home.

**I. Timothy's Parentage (Acts 16:1).** His father was a Greek and his mother a believing Jewess. On his mother's side, at least, he had a godly ancestry. Frequently the influence of the mother makes the son. A pious mother and a pious grandfather were back of Timothy. How thankful to God ought those to be who have been blessed with a godly ancestry. Christian heredity and training are vital elements which go to make up Christian life.

**II. Timothy's Training (I Tim. 1:5; II Tim. 3:14, 15).** His wise and faithful mother and grandmother carefully nurtured him in God's Word. He knew the Scriptures from childhood through their training. The faith which came to him through his grandmother and mother did not come through the laws of heredity, but through careful training and teaching.

Three factors were involved in his training:

1. Godly ancestors. Those who have been blessed with godly ancestors should thank God for them. Those who are to be the parents of the coming generation should see to it that their children are not handicapped by a wrong life and wrong teaching.

2. A Christian home. The young of the human race must remain for the longest period under the influence of their parents. Unending existence and exalted destiny demand long and careful training. The goodness and wisdom of God are vitally reflected in this provision for humanity.
3. A diligent study of the Holy Scriptures. Timothy not only was taught the Scriptures from childhood, but was commanded diligently to study them (ch. 2:15). No home training or hereditary influence can possibly take the place of personal study of the Bible.

**III. Timothy's Call (Acts 16:2, 3).** While on his second missionary journey in company with Silas, Paul found Timothy at Lystra near Derbe. Perhaps he had been converted on Paul's first missionary journey, but hearing a favorable report of him by the brethren, Paul circumcised him so as not to offend the Jews, because his father was a Greek. This was in harmony with the decision of the Jerusalem council. It was a case where conciliation was possible without compromise of truth. From this time to the end of Paul's life, Timothy was his devoted companion.

**IV. Timothy's Character.**

1. Of a retiring disposition (II Tim. 1:6). He had received a gift from God at the hands of the apostle but it needed to be stirred up; that is, fanned into a flame. Such a temperament would mature in touch with a great personality like Paul. Each Christian has a gift from God's hand. It is highly important that the God-given gift be stirred up.

2. Courageous (II Tim. 2:18). Having been stirred up and freed from the spirit of fear, he deliberately identified himself with Paul in his sufferings and trials. Courage is greatly needed in doing the Lord's work.

3. Faithful (Phil. 2:20). Timothy tarried in the difficult field of Ephesus through many years. He was the only man of the proper fidelity to minister to the Philippians. The secret of his faithfulness in such a position was his fidelity to God's word.

**V. Timothy's Ministry.**

1. As a fellow missionary with Paul (Phil. 2:22). Paul testified that Timothy, as a son with a father, had served with him in the gospel.
2. As pastor of the church at Ephesus (I Tim. 1:3, 4). Here Timothy labored for many years, faithfully meeting the difficulties of that great church. The secret of his ministry, as that of all Christian ministers, was that he had implicit confidence in the Scriptures as God's Word, and that he diligently studied them so as rightly to divide them in meeting the needs of those to whom he ministered. This is the only way to meet the needs which arise in the difficult field of a pastor.

#### Humility

Humility is not only a virtue in itself, but a vessel to contain other virtues—like embers which keep the fire alive that is hidden under it. It empties itself by a modest estimation of its own worth, that Christ may fill it.—Thomas Adams.

#### Working With God

If I can put one touch of a rose sunset into the life of any man or woman, I shall feel that I have worked with God.—George MacDonald.

## IMPORTANT Announcement of Interest to Every Home Without Electricity

### Opening Display and Sale of the New INSTANT-LIGHT ALADDIN KEROSENE MANTLE LAMP

NOW for the first time in homes where kerosene must be used for lighting, one may enjoy all the comforts and blessings of a perfectly lighted home. This is now possible thru the invention and perfection of the new Instant-light Aladdin kerosene Mantle Lamp—the lamp whose light is just like sunlight and even better in quality than electricity. It will flood a big room with the softest, mellowest, brightest light—a delight to the eyes of the aged—an assurance against ruination of the eyes of the young. No longer need a kerosene lighted home be gloomy and cheerless after nightfall. The new Instant-light brings sunlight at night—anywhere—everywhere. Beautiful hand decorated glass and parchment Shades, too.

The Aladdin can also be secured in Floor Lamp style; something new and heretofore unobtainable. The Aladdin Floor Lamp is equipped with beautiful parchment shade, and the metalwork is finished in gold and black, or gold and blue. It will moderate any kerosene lighted home.

#### Features of this Remarkable Modern White Light

Burns common kerosene (coal-oil). Lights instantly. Gives a modern white light equal to 10 ordinary lamps. Absolutely safe. Burns 94% air. The most economical of all lights. No odor, smoke, noise or trouble. No generating or waiting; a match and a minute that's all. All styles; table, hanging, bracket and floor lamps in nickel and bronze. Endorsed by world's highest authorities.

### The Newest Swindle

Since everything, good or bad, gets around to Fulton sooner or later and with a view to protecting our readers, we point to the "matrimonial insurance" scheme which has claimed some 10,000 victims in Texas alone. The policy promises to pay a certain amount upon marriage of the person made beneficiary. If nuptials are a year after the sale of policy the amount promised usually is \$1,000. After six months, \$500 is pledged, and \$250 on policies 3 months old. Below in small type are listed the conditions. The applicant agrees to pay an initial premium of \$15 and an assessment of \$1 to \$2 every time a member of the group weds. Failure to pay an assessment forfeits the policy and all money paid in. The applicant also is informed that any payment he will receive will be in proportion to the number of assessments paid on his marriage by other members of the group. It appears to be a mighty good scheme to steer clear of.

### Swat The Rat

According to a bulletin just received from the U. S. Bureau of Agriculture the damage done by rats this year will reach \$200,000,000. And Fulton and vicinity contributes its proportionate share to this huge sum. Farm and community organizations, as well as every club and fraternity in towns both large and small are urged to organize rat campaigns. Individual effort is necessary, but concerted action results in more permanent relief. The bulletin suggests that all waste food products and garbage be disposed of in properly covered containers; that trash be burned as fast as it accumulates and that all corn cribs be made absolutely rat-proof. Lack of food and shelter not only reduces the breeding of rats, but increases hunger, which renders poison and trapping more effective. The most efficient means of destroying rats is by poisoning, whenever it can be done with safety. When it is not safe to poison them resort to traps. But keep everlastingly at it. Even the getting rid of them is a long and arduous task.

### Home Dangers

Mark Twain once said that the home was the most unsafe place for people, because more people died there than at any other place. His humor, in a way, is supported by facts. The home is one of the most common places in which people are injured. It is responsible for more slips and falls than almost any place of public resort or use. This is due doubtless to the fact that familiarity with surroundings builds up a false sense of confidence and security. Home owners can "find their way about in the dark." They know the turns and corners and stairs to be avoided or used with discretion. But because they are so confident they do not use the required judgment and precaution. There is no need of this. Care of the person is an indispensable at home as everywhere else. Carelessness often takes a very heavy toll. It can be avoided by watching ones step wherever he may be—including in the home, the garage or anywhere about the domicile.

**POULTRY**

(By J. T. Watkins)

Well, I did not get to go to the big show at Herrin, Ill., last week, so can't say what kind of a show they had, although I guess it was a dandy, for it is backed up by the State Poultry Association, and they always have a big show. Next year it will be held in the new Armory at Cairo, and if breeders down here don't send anything to compete, it would be a good thing if you would go one or two days anyway. There is a good road all the way now, and if you don't wish to ferry your car over, you can leave it at Wickliffe and go over on the ferry boat for twenty-five cents. The entrance into the show is free, so you see you can get a very instructive day for only a very small cost. But then the show is a year off yet.

The Fulton Poultry Association should have a meeting sometime right after the first of the year, and elect officers and get busy for this next year's work. There is a lot to be done in this county; there are several farms that still raise "dung hills" and these people should be induced to get rid of the scrub stock and put in some standard bred birds. You can ask any breeder who has been raising standard bred birds for a few years and they will tell you they wouldn't go back to the scrubs for anything.

In utility stock there are several flocks of Barred Rocks, White Rocks, Buff Rocks, White Wyandottes, Silver Laced Wyandottes, Golden Laced Wyandottes, Rhode Island Reds, Jersey Giants and Orpingtons scattered around in this locality that can be easily gotten, while if you want something fancier but not so good as a meat fowl, there are Blue Andalusians, Cornish Games, Leghorns and Minorcas. Any one of these breeds will be a great deal better than the scrubs that some are raising. In all there are about twenty-five different breeds of Standard bred poultry in the vicinity of Fulton.

Another thing, standard bred poultry will bring a better price on the market, and the eggs from these same chickens will soon bring better prices than you are getting from the flock of scrubs. Some of you are not aware of this fact but poultry and eggs from Kentucky, Tennessee and Mississippi are quoted at a lower figure on the northern markets than are the same products from north of the river, and why, simply because in years gone by the stock down here was of an inferior grade, and until you eliminate the scrub stock, and until you folks get organized into well functioning poultry associations, you will always receive from three to five cents below what you should get per pound for your stock. You think this over, poultry raisers, and get busy, organize and go after what you are entitled to get for your labors.

To show you I am going to practice what I preach, this coming spring I will introduce new blood in my Leghorn yards from Frank Rogers poultry yards of Elgin, Ill. I consider he has the best White Leghorns in the country. I will also put some new blood in my Buff Wyandottes from Ralph Sturtevant stock, and also buy a new Rhode Island Cock for my reds. Then in about two years I will have as good stock of these breeds as can be found around in this neck of the woods.

These dismal disagreeable days will be a good time to overhaul your hen houses, clean them out good from top to bottom, oil all roosts, put new material in the nests; if possible, whitewash the walls, or better still, get a box of Carbola and paint all walls, nest boxes in-

side and out, make your hens comfortable and you will see they will appreciate it and repay you by beginning to lay sooner.

Go after the lice and mites, get rid of them and the nits during cold weather and when spring comes your flock will be in better shape for the year's work.

**PAYS \$5,000,000 EACH WEEK  
TO DAIRY FARMERS OF U. S.**

President of National Dairy  
Declares 50 Percent In-  
crease in Milk Con-  
sumption Is Possible

As a purchaser and retail distributor, the National Dairy Products Corporation each week pays to the dairy farmers of the country approximately five millions in cash for their products.

According to Thomas H. McInerney, president of "National Dairy," who addressed the annual convention of the National Cooperative Milk Producers' Federation held recently in Des Moines, the market for milk and dairy products is consistently widening. Nutrition scientists, he said, estimate that the present consumptive demand should permit of an increase of 50 percent over present volume.

Mr. McInerney's appearance before the cooperative convention was in response to an invitation to outline his company's attitude toward the dairymen's associations. In cordial frankness, Mr. McInerney stated that he believed in and welcomed collective bargaining in the sale of raw materials but as for the retail distribution of milk and dairy products the private company was better equipped both in plant facilities and financial resources. If that was not true, he said, then it would be entirely a question of the survival of the fittest.

THOMAS H. MCINERNEY

In its efforts to expand the milk market, Mr. McInerney said, the National Dairy Products Corporation was spending millions of dollars in advertising, in research work and in varied promotional activities. He declared it was to the interest of both farmer and distributor to increase the volume of milk consumption to market capacity and toward that end pledged his company's cooperation.

#### 4 AUTOMOBILES IN CRASH; BAKER HURT

Jesse Rodgers, baker for the Hornbeak Bakery company, was painfully injured Friday night when his car hit another car parked on the state line. Lights from an approaching car in the opposite direction blinded him so that he did not see the car parked on the highway in time to avoid the accident. The car parked was from Mayfield, and the impact drove the Mayfield car into another car parked in front of the same house, and the second car was jammed into still another car parked along the highway. Mr. Rodgers suffered two broken ribs and cuts and bruises about the face and body.

#### MRS. MCCOY INJURED

Mrs. L. E. McCoy, wife of Rev. L. E. McCoy, was painfully injured Sunday at McKenzie, Tenn., when a car struck the car in which she was riding. She suffered a gash on her forehead requiring eight stitches to close, one eye was bruised and other bruises about the body. She received treatment at McKenzie and was brought to her home here Sunday night, arriving about ten o'clock. She is reported resting well at her home on Park Avenue. The McCoy car was almost demolished.

What  
Santa Claus  
says about our  
Laundry Work

is the opinion of one who has years and experience to back him; therefore it goes, and you will find as he has, that we keep our promises, treat our customers right and clean and do up their linen in a style irreproachable for neatness and finish. Let us have your bundles during the holidays EARLY.
