MYSTERIOUS TROUBLES.

Few People Understand or Real-
ize it. A Clear Explanation of
Its Nature and How to
Avoid it is Here Shown.
What is this mysterious trouble
that is coming upon the people?
Why is it that we see many
men who look awake, strong, nerve-
less and wholly out of control?
Why are many women whom
we see pale with parched lips, dark
lines under the eyes, and a general
lack of health?

These things seem to be greatly in-
creasing of late, and without any ap-
parent cause. We see more and more
lack vigor than ever before. We
meet more women who seem broken-
down than in the past. Surely there
must be a cause for all this—and
there is.
These troubles can arise from but
one cause, namely, disordered kid-
neys or urinary organs. Indeed, it
is now admitted that the region of
the lower body is the prime source of
most physical ills. When the kid-
neys become disordered the blood be-
comes poisoned and all the troubles
such as sleeplessness, lack of appet-
ite, nervousness, restlessness, tired
and despondent feelings follow in its
wake.
The truth is, people are not well,
but they do not know it, and they do
not only take the means of recov-
ery that are near at hand. In
writing upon this subject, Dr. R. A.
Gunn, Dean and Professor of Surgery
of the United States Medical College,
New York, says:
"In a large class of ailments
where the blood is in an unhealthy
state—where there is no evidence of
organic mischief but where the gen-
eral health is depressed, the face pale,
the urine colored, constituting the
"bilious" condition—the advantage
gained from the use of Warner's
Safe Cure is remarkable. I find also
that in Bright's disease it seems to
act as a solvent of albumen; to
soothe and heal inflamed membranes
which block up the urine bearing
tubes."
It is undeniable that that Ameri-
can, as a people, are in a more
less serious condition, and that there
are symptoms which have become
national diseases. But it is a
fact that modern science has provided
adequate remedy which is able to
fully control it and supplant sickness
and misery by health and happiness.

NOT KNOWN HERE
Marshal Collins Receives Notice that
John Dunn is Wanted Here.
John Dunn, colored, was arrested
yesterday at Memphis by Sergeant
Kerry on suspicion. He carried a
trunk on his shoulder, and an ex-
amination of the trunk revealed a letter
from a colored woman here, warning
him to stay away from Paducah, that
he was wanted for attempted assassi-
nation here. He gave the name of
John Dunn, and was locked up.
Marshal Collins was notified last
evening, but can not place the man,
and does not know of any one who
is wanted here on that charge. Dunn
will probably be released.

HUMAN SOCIETY

John O'Brien vice-president. Mr.
Wheeler is now in Washington, and
Mr. O'Brien will in all probability
call the meeting to reorganize as soon
as possible.
Capt. Joe Fowler is at the head of
the movement and Hon. E. W. Bigley
is lending valuable assistance.

tions to secure the requisite amount

pated, is being manifested in the
work, and the indications are that
the amount will be raised by the time
prescribed, February 15th.

al. In prices we'll produce a crash

LEG. BROKEN.

Painted Accident to Mr. Clint
Houston's Boy.

The little son of Mr. Clint Hous-
ton, who resides on the West Court
road, had a leg broken yesterday af-
ternoon.

The boy was playing with a ball
when he fell. When it fell a
club struck him in such a way as to
break his leg.

Danger Little Reached.

The river is a little above the
danger line, but at the same
time it is a most convenient
stage for W. Y. Noble Agt. to
deliver on his thirty minutes
notice a load of the celebrated
Tradewater coal, at Reents for
lump and 7 cents for nut. Tele-
phone 254—Office 118 North
Third street.

To Widen the Street.
The public improvement commit-
tee, city engineer and mayor, in-
spected a strip of property at Fourth
and Broad streets today, with a view
to purchasing it to widen the street.
Its report has not been made public.

Big Cyclone Scare.

The startling report was widely
circulated today that a cyclone was
predicted for Paducah. There was
no truth in the report, which only
served to unnecessarily frighten peo-
ple.

Notice.

By order of the Finance Com-
mittee all bills against the city of
Paducah must be filed properly
approved with the treasurer on or
before 12 o'clock noon on the
first Monday in each month. 2-22.

NEWS NOTES.

Mr. S. R. Crumbaugh takes no
stock in stories that his nomination
as Supervising Inspector of steam
vessels for the Seventh district will
not be confirmed.

It is said that Gov. Bradley's aban-
donment to the general assembly, which
was to have been given Wednesday
night, has been indefinitely post-
poned.

It is said that the steamship com-
panies will make a hard fight in the
House against the immigration bill
which passed the Senate last week.

President and Mrs. Dole, of
Hawaii, were met by a delegation of
distinguished citizens on their ar-
rival in Chicago yesterday.

The threatened anti-Dreyfus dem-
onstration in Paris Sunday was pre-
vented by the authorities only with
great difficulty.

It is probable that there will be
much more Cuban oratory in the
House this week.

There was another bloody anti-Jew-
ish riot at Algiers Sunday. The Jew-
ish quarter of the city was attacked
by a mob and many stores were pil-
laged. In the fighting which result-
ed, two Christians were stabbed to
death, while many others on both
sides were badly wounded.

People coming out from Klondike
country say there is plenty of gold at
Dawson to last till navigation is open-
ed. Government relief is also de-
clared impracticable. A committee
is on its way to Ottawa to ask the
Canadian government to revoke the
royalty clause.
