## THE LISTENING POST

One of the most astounding by-products of this age of increasing taxes is the sudden mortality among corporations. One who reads newspapers from many different small towns is made aware of this change by reading the great number of notices of the dissolution of various corporations. There is hardly a week goes by without the old Listening Post seeing one or more of these notices, and if the trend continues it seems certain that the small business corporation will soon practically disappear from our national life. Here in Fulton we have had several, and others will come from time to time until only those firms which are more or less compelled to have the corporate structure will remain as corporations. The old custom of having a business incorporated seems certain to disappear, except for those enterprises which must have that form of business. As a general rule, if a business has several stockholders who have no active part in the operation of the business, that business is almost compelled to operate as a corporation, for individual ownership and partnership setups do not work very well where there are many outside stockholders who expect only dividends from their investment.

The reason for this change is naturally to have money. For the part ten or fifteen years every tax law which has been passed by the national government with an aim of getting more tax money usually included some increase on corporations. Along with this there are many so-called corporation taxes which are levied against firms using the corporate form of business, which, while not high, really costs a great deal of money because there are so many different ones of the same category. There is a corporate tax for the state; another for the federal government; there was a capital stock tax, along with a few others, until it reaches the point where a small business might have to pay out a couple of hundred dollars each year merely for the privilege of being a corporation. The various reports which have to be made to state and national tax bodies are also more complicated when a return had to be made for a corporation, and a few years ago it became customary to write into any new tax law an increased rate on all corporations. Naturally this was done in order to reach the big firms which are compelled to use the corporate structure, put in reaching them the new laws also touched all the small corporations which had been doing business in a small way in the smaller communities. The trend was not so apparent at first, and those small business men whose business happened to be affected through that each new law might be the end. Apparently there is no end to the matter, for the recent staggering tax increase laid heavy hands on all corporations. I know one business in Fulton which has been in operation a number of years and has earned good money for its stockholders. For the past two years its tax load has been so heavy that it interferes sharply with its earning capacity, and yet it faces a new burden for the coming year. It is compelled to operate as a corporation, and if that could be obviated it would mean a considerable saving.

Those business firms which are practically all under individual ownership are finding it far better to dissolve their corporations—not only in Fulton, but in all the towns with which I am familiar. One man in another town told me

Adv. 244-171.

## Close Hearings On Arming Of Merchant Ships

**Committee Expected To Send Measure To House Thursday**

Washington.—The House foreign affairs committee concluded hearings late today on legislation to permit the arming of merchant ships after opponents had denounced it as "pussyfooting" into the war.

Chairman Bloom (D-N. Y.), told newsmen he hoped the committee would act on the measure tomorrow so it could be brought up for House consideration the following day. Republican members conceded the committee undoubtedly would approve it.

At the opening of the session, Republicans and Democrats engaged in a heated altercation over what the printed record of the proceedings should contain. The Democratic majority finally forced a brief secret session to continue the discussion, despite protests of Rep. Vorys, (R-Ohio), against "star chamber" proceedings.

Furious gavel pounding by Chairman Bloom (D-N. Y.), finally silenced Vorys but not before the latter had accused the chairman of making "a stump speech." The Ohioan had sought to place in the record a letter he and three other Republican members wrote to Bloom protesting limiting the hearings to two days.

No Decision  
Members said later no decision on the disputed point was reached. John F. Fieritz, New York specialist on international and transportation law who said he once represented Prime Minister Eamon De Valero of Eire, told the committee the administration was "taking a leaf out of Mein Kampf" in asking for partial revision of the Neutrality Act—"asking just as much as your opponent can't afford to fight over."

## PLEDGE GIVEN ON INFILTRATION

**Connally Says Nation Will Bar Move**

New York.—Senator Connally (D. Texas), chairman of the Senate Foreign Relations Committee, said yesterday that the United States would seize and hold French colonies in this hemisphere if Vichy permitted their use by the Germans.

He addressed a Texas State Fair crowd at Dallas in a radio-cast speech.

"We insist that no foreign infiltration of a political character shall be permitted in the Western world and that no bases will be acquired in this Western Hemisphere. We expect to see by armed might that there are none," Connally said.

Neutrality Act Topic  
In another expression of opinion on American policy, Senator Hill (D. Ala.), and Representative Gore (D. Tenn.), advocated repeal of the Neutrality Act in an American Forum of the Air debate yesterday over the Mutual Broadcasting System while Senator Brooks (R. Ill.),

## Construction Of Temporary Rooms Is Under Way

**WPA Workers Now Working On Classrooms For Carr Institute**

Construction of temporary classrooms to house the students from the first through the eighth grades of Carr Institute during the time the new elementary building is being built, is now under way, and the actual building of the new structure should start by January 1.

The old gymnasium located in the basement of the high school is being made into four classrooms. A floor is being made to put the rooms on a level with the typing and home economics rooms and a corridor will run through the middle, with two class rooms on each side. These four rooms will accommodate the students of the first, second, third and sixth grades. Students of the fourth and fifth grades will have their classrooms in Science Hall, which is also being remodeled to suit the needs of the students. Work of laying the floor in the old gymnasium is now being done and the walls are being put up in the temporary class rooms in the Science Hall.

Students of the seventh and eighth grades will have their classes in the rooms which are not in use in the high school. The home economics department which now uses two rooms in the basement of the high school will be moved temporarily into one room. The sewing equipment will be moved across the hall to the cooking room and both divisions of this department will occupy the same room for the present.

Supt. Lewis stated yesterday that October 31 and November 1 have been designated to move the furniture from the old building to the new class rooms. Students will leave Carr Institute on October 31 and return on November 3 to the new classrooms in the high school and Science Hall.

Work will start at this time on tearing down Carr Institute and actual construction should be started about the first of the year.

## FARM PRICES FIGHT VOWED

**Morgenthau's Cries Of Inflation Baked**

Washington.—Dubbing Treasury Secretary Morgenthau agriculture's "Public Enemy No. 1," Senator Bankhead (D. Ala.), said today that farm State Congressmen would oppose any attempt to clamp rigid price ceilings on agriculture.

Bankhead, who has sponsored most of the New Deal farm laws and appropriations in recent years, asserted that he saw no possibility of any inflationary prices for major farm crops.

He hit out at the recent series of Morgenthau statements which contended that rising farm prices have accelerated the danger of inflation and which urged that Government loan stocks of agricultural products be placed on the market to counteract the climbing prices.

and Representative Mundt (R. S. D.), opposed any revision and particularly the arming of American merchantmen.

## Artificial Lightning Used In Tiny, New-Type Electric Lights

Madison, Wis.—Artificial lightning strokes so tiny they might shock a fly but would not kill a bee now are harnessed to use in dim electric lights.

They could be used in a blackout, indoors, without pulling down the window shades.

These lamps were shown to the National Academy of Sciences here Monday by Dr. Zay Jeffries, technical director of the lamp department, General Electric Company, Nela Park, Cleveland.

The light of the tiny strokes is only about one six-hundredths of a candle-power. Larger lamps will

go up the scale in brightness, Dr. Jeffries said, and some of these lamps have surpassed the surface brightness of the sun.

In the bee-power lightning the strokes pass through a very rarified atmosphere of neon and argon. The electric flow causes these gases to glow, the same as natural lightning makes the air blaze. The little lamps are the size of the end of a man's thumb, and remain virtually cold.

They have many practical uses as indicators in the dark for theater seats, location of electric light switches and exits.

## PWA Plan For State Patrol Radio System Nears Approval

Frankfort, Ky.—Belief that Kentucky would soon get approval to equip its State Highway Patrol with a modern, two-way radio system, costing \$36,000,000, was expressed by State Highway Commissioner J. Lyter Donaldson today.

The plan, changed from the original \$100,000 one-way system has been officially endorsed by the WPA regional office in Cleveland, the commissioner said. It has been sent to Washington for final action by Secretary Ickes.

"I am informed the situation there looks very favorable," the commissioner added. He expressed hope to have the system in operation next year, possibly next spring.

The plan includes providing 50 of the patrol's 80 cars with equipment so the occupants can talk back and forth with patrol district officers, Donaldson explained. Under the one-way system the car occupants can hear orders but cannot reply. Installation of sending and receiving sets at headquarters

here and at the eight district offices with new buildings at the latter for maintenance and operation of the sets also come in the plan.

Donaldson said three or four experts probably would be employed to operate the radio and that others would be trained.

The original plan for a one-way radio was abandoned, Donaldson said, after extensive inquiry showed the results obtained in other states which have two-way systems, particularly Indiana.

Donaldson said Army officials at Fort Knox had been instrumental in aiding the Highway Department in advancing its plans so far. He said the money would come from a special PWA fund as part of the National Defense Program.

The proposed system, Patrol Director Jack W. Nelson said would not only greatly increase the efficiency of his force but would provide a saving in telephone tolls.

## RAISE OFFERED RAILROAD MEN

**Plan Of Carriers Would Up Payrolls \$5 Millions**

Chicago.—Railroad management submitted a wage increase counter offer today to President Roosevelt's fact finding board investigating a dispute between the Nation's major carriers and 1,260,000 organized employees.

Described as a plan of emergency compensation, resembling Canadian war emergency bonus plan, the proposal was based on a formula relating changes in the index of living costs to the trend in railroad gross revenues.

All Are Affected  
The initial effect would be an estimated 6 per cent increase on earnings up to \$30 a week or \$65 on semi-monthly payrolls, effective November 1, and amounting to approximately \$95,004,000 a year.

The raise would apply to all employees, a spokesman explained, but only on their first \$30 a week or \$65 a half-month. An employee earning more than \$30 a week would not have the increase percentage applied to the excess over \$30.

Effective Nov. 1  
The proposal was presented by F. C. Gurley, vice president of the Santa Fe and chairman of the carriers' executive committee.

It would become effective November 1, 1941, continue through December 31, 1942, and provide for four quarterly adjustments if necessary on February 1, May 1 and August 1 and November 1, 1942.

## SOCIETY

**TERRY-NORMAN P. T. A. IN MEETING YESTERDAY**

The Parent-Teacher Association of Terry-Norman school held its monthly meeting yesterday afternoon at the school building. The meeting was opened with the singing of "The Star Spangled Banner" by the students of the school, followed with a piano solo by Miss Barbara Askew.

Miss Ruby Boyd Alexander, a member of the Terry-Norman faculty, gave a demonstration of a lesson in sound health with students of the third grade, this lesson consisting of a discussion on permanent and temporary teeth.

That concluded the program and the remaining portion of the meeting was spent in a business session, presided over by Mrs. Doran Colley, the president. The secretary's report was given by Mrs. Clifton Linton and the treasurer, Mrs. Foad Homr, presented her usual financial report. Quite a lengthy discussion was then devoted to plans for the annual Halloween Party which will be given on Friday night, October 31. For the past several years this event has been outstanding in Halloween activities and this year's party pro-

## FIGHT! IS ISLE PLEA TO U. S.

**Press Calls For Action To Aid Soviet Russia**

London.—Urgent and pointed demands for Britain and the United States to help embattle Russia with military action as well as supplies came from sections of the London press today after a call by Lord Beaverbrook for British-American production of 30,000 tanks.

A blunt statement by the tabloid Daily Express said that "the sooner Americans are in with the Russians and ourselves, minging their blood and sweat and tears in a common drain, the sooner the war will be won."

Still another idea was contributed by the Sunday Chronicle in an article suggesting a joint British-American guarantee of Russia's Far Eastern frontier against Japanese attack to release nearly a half million Red army troops there.

"Take Every Risk"  
The help-Russia-now campaign was given a boost by L. S. Amery, Secretary of State for India, who said in a speech: "We must take every risk to help Russia... It is up to us and America to find ways and means to overcome all obstacles to give while yet is time the relief Russia so sorely needs."

missions to be the best ever held. Attending the meeting were twenty regular members and one new member, Mrs. Lynn Askew.

## MISSIONARY SOCIETY WITH MRS. BROWDER

Mrs. Enoch Browder was hostess to the Cumberland Presbyterian Missionary Society at its meeting Monday afternoon at 2:30 o'clock in her home on Third street. Mrs. E. O. Dewese, the president, presided over the business session. Roll was called, minutes were read and the treasurer's report was given by Mrs. D. Fred Worth, secretary-treasurer. Mrs. Gus Bard led a prayer, opening the meeting.

Mrs. Fred Worth, leader for the afternoon, read the scripture from Cor. 6:1-14, with the theme of the program being "The Fellowship of Giving" or "Stewardship." The entire program was devoted to that subject and the leader was assisted by Mrs. Dewese who closed the program with prayer. Mrs. Bob White, gave a review of the first two chapters of Stewardship Parables of Jesus. The remainder of this work will be given at the next meeting.

Mrs. Browder served delicious refreshments during the social hour. The next meeting will be held at Mrs. E. O. Dewese's home. Mrs. R. H. Wade will be the leader for the afternoon.

Sgt. Thomas Laws, who was recently transferred to Camp Shelby, Miss., from Panama, is here on furlough visiting his parents, Mr. and Mrs. George Laws on Pearl street and Mrs. Julia Hamlett on East State Line.

## School Board In Session Monday Night

**Successor To Ual Killebrew Named; Plans For New Building Discussed**

At the meeting of the Fulton Board of Education held Monday night at the High school the resignation of Ual Killebrew, manual arts teacher for the past 15 years, was accepted and Walter Fox of Dawson Springs was elected to succeed him.

The resignation of Mr. Killebrew becomes effective on October 17, on which date he goes to Murray to begin work at the NYA shops. He will be in charge of the wood working. Mr. Fox, although he does not hold a college degree, has completed 118 hours at Western State college at Bowling Green.

Supt. Harkins, who is in charge of the construction of the new elementary school building, was present at the meeting and talked to the Board about the work that is now being done.

The Board voted to ask the city to incorporate the Fairgrounds within the city limits in order to have police protection. This has to be done through the Fiscal Court.

Supt. J. O. Lewis was granted a leave of absence to attend the Superintendent's meeting at Frankfort on October 23.

The Board purchased a Ford truck to be used in connection with the new building.

## Courier-Journal Asked To Probe Louisville Purchases Under Scholtz

Louisville, Ky.—Robert J. Ball, Republican candidate for mayor of Louisville, has challenged the Louisville Courier-Journal to investigate purchases made for the city by the Democratic administration of Mayor Joseph D. Scholtz.

Referring to the investigation being made at Frankfort into the state purchasing department, Ball said in a radio speech last night: "The Courier-Journal has been harrasing poor old Dan Talbot, finance commissioner for the state about purchases by the state x x x the paper should investigate the purchases made for the city by the Scholtz administration."

Ball challenged Mayor Scholtz to make public an itemized statement of all the checks he has deposited to the account of "Joseph D. Scholtz, special."

Scholtz said the charges made by Ball were "untrue." The Republican candidate charged his Democratic opponent, Wilson Wyatt, was "the mouthpiece" for the Courier-Journal.

## BRITISH FREIGHTER IS SUNK; 94 PASSENGERS 78 CREWMEN ARE LOST

Oporto, Portugal.—Sinking of the British freighter, Petrel, of 1,354 tons, by a submarine with the total loss of her 94 passengers and 78 crewmen was reported here today.

The Petrel sailed from Oporto last week to join a convoy bound for London and had as her passengers a number of prominent Portuguese. The British steamer Avoceta, 3,442 tons, also was reported sunk.

## Henderson Warns United States That Production Must Be Faster

Detroit.—Leon Henderson, Price Administrator, declared Monday that the national industrial machine had pushed production close to 45 per cent above the 1929 peak, but if America's efforts were going to count in the defeat of Hitler more productive energy must be diverted to defense.

Speaking before the Detroit Economic Club, Henderson said this country was giving only one hour out of every eight for defense, while Hitler was using five out of every eight for military purposes. Production schedules chartered by O. P. M., he said, call for an increasing diversion of production

## Penney, Guards Entrain For Trip To Lexington

**None Able To Identify Anderson As Aide In Miley Slaying**

Louisville, Ky.—Under guard, Thomas C. Penney, confessed slayer of Golf Star Marion Miley and her mother, tonight began the trip back to Kentucky to face the course of the law in consequence of the crime and to confront Robert H. Anderson, whom he named as accomplice.

Anderson, 36-year-old Louisville night club-cafe owner held at nearby La Grange reformatory since his arrest Sunday, has steadfastly denied any personal knowledge of the robbery-slayings.

Three Lexington persons who attempted to identify from a group at the reformatory the man they said was Penney's companion on the night of the fatal shooting, Sept. 28, failed to recognize Anderson yesterday, according to Detective Capt. Joe Harrigan of Lexington. Other persons were expected to be taken to the reformatory from Lexington for similar attempts.

Search For Girls

A search for two girls in slacks led Lexington police to Louisville today in an effort to locate one of the women whose name appeared on a Lexington hotel register.

In his confession, Penney said he and Anderson picked up two girls wearing slacks before the slayings and that they left them at the Milner Hotel.

One W. Simpson, superintendent of identification for the Lexington police department, conferred here with Mr. James Malone, chief of the Louisville detective bureau, and then in company with two detectives, toured various Louisville "spots," seeking to trace the girl. She was not known to Louisville police.

The women are sought to view Anderson, who has denied complicity in the crime.

Police want the women to view Anderson for the purpose of trying to identify him as Penney's companion.

## HOSPITAL NEWS

**Fulton Hospital**  
Mrs. Henry Brazzell and baby are doing fine.

Mrs. Julia Rawls is improving.

### ITALY JITTERY OVER FEAR OF INVASION

Fascist Italy is undergoing another attack of the jitters. With the greater part of the German army engaged in the colossal struggle in Soviet Russia, it fears that Britain will attempt to establish a second war front and strike at the weakest point on the continent, the Italian peninsula. With unrest seething in the country due to Nazi domination and starvation rations, it looks to its fortifications and the possibility of invasion.

According to a United Press dispatch from Rome, bathing beaches, coastal roads and trunk highways are bristling with guns. Long coils of barbed wire twist through the sand. Everywhere are troops "whose camouflaged uniforms blend with

### FIFTEEN YEARS AGO

(Oct. 15, 1926)

Mrs. G. W. Byrd died this morning at the home of her daughter, Mrs. W. E. Stephens, on Jefferson street.

John A., small son of Mr. and Mrs. H. W. Williams, was struck by a car yesterday afternoon, but examination showed no serious injuries.

Mrs. T. D. Clark is reported improving following a tonsil operation in a Memphis hospital.

Mr. and Mrs. Zelma Farmer and Miss Ruby Farmer are spending a few days at the lake.

James Warren left today for Madisonville to attend the state meeting of the B. Y. P. U.

Mrs. Raymond Hewitt and daughter, Mary, are visiting in Memphis this week.

Mrs. E. M. Vaden is reported ill today at her home on Eddings St.

Shade Meacham of Route Five is in the city today on business.

Mr. and Mrs. Lynn Taylor are visiting in Dresden today.

Mr. and Mrs. Lloyd Emery and son, Lloyd, are the guests of Mrs. Emery's mother, Mrs. Anna Hughes, Second street.

Cecil Wiseman is attending the football game in Sturgis today.

Mr. and Mrs. Douglass Seay have moved to the Heywood apartments on Third street.

B. O. Seat of California is visiting friends in the city.

Mrs. J. W. Stockdale is in Madisonville today attending the state meeting of the B. Y. P. U.

the autumn leaves and the brown shrubbery" and that these preparations may not be overlooked newspaper correspondents have been taken on a tour of the coast, presumably on the orders of the Government. Italy is dramatizing its position of being between the devil and the deep blue sea.

But the preparations seem a waste of effort. Italy has little to fear from a coastal invasion at least not now. Britain's concern in that quarter of the globe is Egypt and the Suez Canal. The Army of the Nile cannot take any chances. It must be on its guard against a possible Nazi attack, whether from Libya, whether through Turkey or whether in the Caucasus. It must be prepared for every contingency that might arise. An invasion of the peninsula may no doubt appear as a pleasurable excursion, but for the

### MALCO FULTON - Today and Thursday

Gloria Swanson decides that being a happy wife is much better than being a good actress. Adolphe Menjou heartily agrees in "FATHER TAKES A WIFE."

moment Britain must forego that pleasure. The British Army, the British Navy, the British Air Force are needed elsewhere. Italy must wait. Its people must postpone the day of liberation.

The invasion of Italy, however, is an accomplished fact. It came not by way of the sea but over the Brenner Pass. There belatedly the fortification are being put in order, but the Nazis control the country and the Nazis hold the mountain passes that converge on the Po Valley—the easiest avenues of attack. Unfortunately for Italy all roads lead to Rome. —Courier-Journal.

### LISTENING POST

(Continued From Page 1)

that by dissolving his corporation he would easily make a saving of twenty-five dollars per month; that saving may come in quite nicely indeed next March when he has to shell out for the increased taxes which are made necessary by the defense program.

It seems now that the small corporation is certain to become extinct—that is, where such change is possible. If any man owns his own business and can operate as individual owner, he can really effect considerable savings by dissolving his corporation and adopting the individual ownership plan of business. All over Kentucky and Tennessee I see these changes being made, and I imagine the same thing is happening in all sections of the nation.

### CHECK WITHDRAWALS

GAIN OVER YEAR AGO

Washington. —The Federal Reserve Board Monday noted a slackening of check transactions in the first week following the rush of

consumers to buy goods before new Federal taxes increased prices on October 1.

In the week ended October 8, check debts of banks in 274 leading cities totaled \$10,201,000,000, compared with \$11,505,000,000 in the preceding week and \$7,895,000,000 in the corresponding week last year.

### 'RED' GRANGE MARRIES

AIR LINES STEWARDESSE

Crown Point, Ind., —Harold (Red) Grange, elusive galloping ghost of Illinois football fame, was married yesterday to Margaret Hazelberg, 24-year-old United Air Lines stewardess.

The couple met a year ago on a flight from Omaha to Chicago, Grange said. Miss Hazelberg, who lives in Chicago, is the daughter of Mr. and Mrs. K. T. Hazelberg of Sagola, Mich.

### GIRL SCOUT NEWS

Monday, October 13, we began our meeting by singing a Girl Scout song. We then had the roll call and after that we elected new officers. Helen Shelton was elected scribe and Barbara Askew her assistant. Betty Lou Gore was elected secretary and Joan McCollum as her assistant. Betty Carney was named treasurer with Carol Terry her assistant. Mary Eleanor Blackstone was appointed assistant scout leader. Plans were then made for our camping trip at Columbus Saturday. We divided into patrols and elected new patrol leaders. We closed the meeting by singing Taps. Helen Shelton, scribe.

## SOCIAL and PERSONAL

M. M. (BOOK) CULLUM, SOCIETY EDITOR—OFFICE 30

W. S. C. S. IN  
GROUP MEETINGS

The Woman's Society of Christian Service of the Methodist church met in groups Monday afternoon with excellent reports from each chairman. There were 104 regular members, eleven visitors and one new member in attendance. Interesting and inspirational Bible lessons were thoroughly enjoyed on each program, the study being a continuation of the Parables of Jesus. The Parables in yesterday's study were taken from Luke and were the parables of "The Great Feast" and "The Wedding Gown."

Announcements were made concerning the following meetings: District zone meeting in Murray on October 15 and Week of Prayer October 27.

## Group A

Mrs. J. C. Hancock was hostess to Group A at her home on the Mayfield highway with Mrs. Carl Puckett, co-hostess. Following the

prayer in unison and the hymn, "Blest Be the Tie That Binds," a lengthy and interesting business session was conducted by Mrs. J. C. Koelling, the chairman, at the close of which a financial report was submitted by the treasurer, Mrs. John Willey. An article entitled "A Meditation from the Methodist Woman," was given by Mrs. E. M. Jenkins, followed with an interesting study of the lesson by Mrs. M. W. Haws and a prayer. During the social hour the hostesses served hot spiced tea and cookies to twenty-one regular members and three visitors—Mrs. L. O. Hartman, Mrs. Praley and Mrs. Aker.

## Group B

Group B met at the home of Mrs. Alf Hornbeak at her home on the Union City highway with Mrs. John Smith co-hostess. Eighteen members responded to roll call and after the usual business routine conducted by the chairman, Mrs. Roscoe Wilkins, the Bible lesson was in charge of Mrs. Louis Weeks.

Mrs. Leon Browder gave an article from the Methodist Woman. Following the program, an enjoyable social hour was held during which time sandwiches and tea were served.

## Group C

Group C met at the home of Mrs. Frank Brady on Norman street, with Mrs. Virgil Davis assistant hostess. There were twenty-one regular members and one visitor, Mrs. Don Comfort, present at this meeting. Mrs. Lawson Roper, chairman, presided over the business portion of the program and plans for the bazaar in the near future are still under way and indications point towards success with rising enthusiasm, with several articles being displayed at the group meeting yesterday. The Bible lesson, with Mrs. T. J. Kramer as leader, was thoroughly enjoyed and the devotional was given by Mrs. Raymond Lynch with several articles from the Methodist Woman being given by Mrs. Leland Bugg. The hostesses served tea and sandwiches during the social period.

## East Fulton

Mrs. W. H. Purcell was hostess to the East Fulton circle at her home on Jackson street with 16 regular members and two visitors present. The visitors were Mrs. McElwath of Dresden and Mrs. Vodie Stokes of Louisville. The members responded to roll call with a verse of scripture. Mrs. Ernest Bell gave the Bible lesson, the subject being the "Parables of the Talents and Pounds" and the devotional was given by Mrs. John Owen. An article, "Retired Deaconesses" from the Methodist Woman, was read by Miss Lena McKeen. The chairman, Mrs. J. H. Felts, conducted an interesting business session.

## Wesleyan Service

The Wesleyan Service Guild met at the church last evening at 6:30 o'clock. Preceding the program a delectable pot-luck supper was enjoyed. Mrs. Grace Griffin and Mrs. R. T. McKinney served as hostesses. The chairman, Mrs. Lawrence Shelton, presided over the usual business procedure, followed with the program. Mrs. Will Cravens conducted the Bible lesson, assisted by Miss Katherine Williamson who gave the devotional. There were present at this meeting thirteen regular members, one new member, Mrs. Neal Blaylock, and one visitor, Mrs. Strom.

## Unecodus

The Unecodus met at the church at 7:30 last evening with the meeting being opened with the song, "He Keeps Me Singing," followed with the Lord's prayer in unison. The chairman, Mrs. E. L. Cooke, conducted the business session at which time reports of the secretary-treasurer and of the visiting and membership committees were given by Mrs. Gene Speight and Mrs. Grady Varden, respectively. An excellent program was presented

ed by Mrs. Drewery with Mrs. Milton Exum conducting the Bible study. The following took part on the program: scripture reading, Mrs. Ernest Cardwell; meditation, Mrs. Drewery; poem, Miss Margaret King; and prayer, Mrs. Robert Graham. An enjoyable social hour was spent following the program, during which delightful refreshments were served to twenty-five members and the following visitors—Mrs. Horace Cathey, Miss Ann Godfrey, Mrs. George Moore of Detroit and Mrs. Fulkerson, Paducah. The hostesses at this meeting were Mrs. Howard Strang, Miss Mary Swann Bushart and Mrs. Cooke.

TUESDAY BUNCO CLUB  
MEETS IN UNION CITY

Entertaining the Tuesday Bunco club and three visitors, Mrs. J. L. McClain was hostess to a three-table bunco party yesterday afternoon at her home in Union City. The visitors were Mrs. Edith Wilson, Miss Bessie Lee Armbruster and Mrs. James Fite of Detroit, Mich.

At the conclusion of several games the following prizes were presented: Mrs. Lennis Williams, bunco, a crystal pin-up lamp; Mrs. McClain, high score, a window garden novelty; Mrs. Wilson, second high, a towel; Mrs. Roy Barron, low score, a towel; and Miss Bessie Armbruster, traveling bunco, a vase. Mrs. W. B. McClain was given the surprise shower of handkerchiefs at this meeting.

The hostess then served a delightful plate with cold drinks. This club will have its meeting next Tuesday afternoon with Mrs. W. B. McClain.

## WEEK IN KANSAS

Mr. and Mrs. Barkley James have had as their guests their nieces, Miss Ruby Conley and Mrs. A. J. McKnight of Wichita, Kansas. They returned to their home last Monday, accompanied by Mr. and Mrs. James who spent a week there. While in Kansas Mr. and Mrs. James visited other relatives and visited many places of interest, including the Indian Peace Treaty at Medicine Lodge, Kansas and the airplane factories.

YOUNG PEOPLE'S GROUP  
ORGANIZED LAST NIGHT

At a meeting of young people at the First Christian church last evening, a Christian Youth Fellowship was organized. For the meeting the church parlor was decorated in Hallowe'en colors, black and orange.

Officers of the newly organized group were elected as follows: Fred Hassel president; Miss Virginia Howard, vice-president; Miss Betty Jean Bowles, secretary and treasurer; and Miss Sara Nell Alexander, assistant secretary and treasurer. Meetings of the Fellowship will be held weekly, on Sunday evenings at six o'clock in the church, and a social meeting will be enjoyed once every month.

A social hour was spent at the

conclusion of the business and during this time Mrs. William Woodburn served delightful refreshments, carrying out the Hallowe'en motif.

ATTEND DISTRICT  
MEETING AT MURRAY

Mesdames Warren Graham, J. E. Fall, Guy Gingles and L. O. Hartman are in Murray today attending the district meeting of the Woman's Society of Christian Service of the Paris district. The meeting is being held at the First Methodist church there.

## BIRTH ANNOUNCEMENT

Mr. and Mrs. Henry Brazzell of Clinton announce the birth of a daughter born Wednesday, October 15, 1941, at the Fulton hospital. The baby weighed 8 1-2 pounds.

PALESTINE CLUB  
WILL MEET FRIDAY

The Palestine Homemakers Club will hold its regular monthly meeting Friday, October 17, at the home of Mrs. M. B. Brown on West State Line road. The major project to be studied will be "Home Improvement."

MAGAZINE CLUB  
MEETS THURSDAY

The Woman's Magazine club will meet Thursday afternoon at 1:00 o'clock with Mrs. B. B. Alexander at her home on Walnut street.

Now is a good time to renew your subscription to The Leader.

when the Bulldogs came out for practice Monday after the mud battle in Murray, which the team lost 14 to 6, that no injuries were apparent which might have affected team play in the homecoming tilt against Trigg County Friday night. When Sug Willingham went out of the game in Murray it was feared he had a broken left arm, but later examination seemed to indicate only a broken blood vessel. Later it was discovered that the injury was nothing except a bad bruise, and Willingham will be in shape to start the game against the Wildcats. That removed one big worry from Coach Giles, for with Big Sug out of the game the Bulldog backfield is greatly weakened. Willingham does the power work, kicks and passes, and his absence was keenly felt in the Murray game. Also, when Nelms is moved to the fullback slot, there is a weakness at end, although team play did function very well in the final quarter at Murray.

It appears now, barring illness or injuries, that the Bulldogs will throw their regular starting team against Trigg Friday night. The boys more or less broke training over the long week end in an effort to loosen up, and it was apparent in practice yesterday that some improvement was coming. The team had definitely gone sour after the Paducah game and none of the practice sessions before the Murray tilt were satisfactory. The coaches knew this, the boys knew

it, but there was no way to correct the condition. With a long rest, and with a new beginning, along with cooler weather, it is believed that the team will begin to roll again this week as it did in the first three games.

The game Friday night is being sponsored by the Young Men's Business Club, and if the weather is favorable it is believed that a record crowd will attend. Arrangements have been made for tickets to sell at 40 cents if purchased from some member of the Y. M. B. C. before the game, while they will cost 50 cents at the gate. The tax will be absorbed by the athletic association in both cases, but all fans can save ten cents by purchasing tickets before the game.

While the dope should favor the Bulldogs in the coming game, it is a known fact the Wildcats are pointing for this one game. They have had an indifferent season thus far, but they have exhibited enough power to score in every game played, and upset the dope badly by playing a highly favored Providence team to a seven-all tie. With young players and a new coach the team has been coached only in fundamental plays, and runs these with speed and precision. The team also passes better than fair, and all told, will present a tough foe for the Bulldogs. Both teams will be trying to get back on the victory road, for Trigg suffered a crushing defeat at the hands of Dawson Springs on the same night the Bulldogs were licked in mud at Murray. Both games were more or less upsets, with the Trigg defeat being a bigger upset, and now both outfits will be gunning for victory again. The Bulldogs are smarting under two straight defeats, one at Paducah, the other at Murray, and want the taste of victory again. It will be a stern game, anyway the fans look at it, and both teams will probably score before the game is over. Fulton failed to score only

against Paducah, while Trigg has found touchdown dirt in every game.

## PERSONALS

**NEW PERFECTION OIL RANGES — BENNETT ELECTRIC.** Lake Street, Fulton, Ky. 222-301. **FRY'S SHOE STORE**

**NAVY WEATHER MAN** Interested in this unique, fast-growing field? Navy training is second to none.

# Get Set for Life

**WITH NAVY TRAINING**  
(Ask about the Naval Reserve)

**OPTICAL INSTRUMENTS** call for skilled repair work. You can train in the Navy for this big pay field.

**ARC WELDERS AT WORK.** Some of the best electric arc welders in the country are Navy-trained. This is but one of the 45 trades you can learn. When you learn in the Navy, in later life you're always in demand.

**EXPERTS IN RADIO** teach blue-jackets how to operate broadcasting machines. Soon they'll be experts, too.

**DO YOU KNOW** that in every trade, profession and business there are successful men—men who earn five, ten and even twenty thousand dollars a year—who will tell you that they owe their success largely to the training they received in the United States Navy?

There are three good reasons for this. First, Navy service develops the essential qualities of leadership, efficiency and accuracy which are the backbone of success in or out of the Navy.

Second, you can't beat Navy instruction. The American Navy is the finest in the world, and that means every individual—whether he is radioman, electrician, machinist or cook—must be tops in his line. Third, the Navy makes men. Healthful sports, good food, expert medical and dental care will build you up physically to the rugged health that is typical of Navy men.

## EARN NAVY PAY WHILE YOU LEARN

Instruction in many fields today runs into hundreds and sometimes even thousands of dollars. The Navy not only offers you this instruction free, but will give you regular Navy pay while you are learning! And remember this:

When the Navy says you are a Diesel expert, you are a first-class Diesel expert. When you get a

Navy rating as a radioman, you are as good a radioman as they come—and probably a bit better. That's why Navy men are in such big demand by

civilian employers. There wouldn't be room in this paper to list the thousands of men that Navy training helped to get set for life. Remember, you have even better opportunities today!

## LOOK WHAT THE U. S. NAVY AND NAVAL RESERVE OFFER YOU

**FREE TRAINING** worth \$1500. 45 trades and vocations to choose from.

**GOOD PAY** with regular increases. You may earn up to \$126 a month.

**EACH YEAR** you are entitled to a generous vacation period, with full pay.

**GOOD FOOD** and plenty of it.

**FREE CLOTHING.** A complete outfit of clothing when you first enlist. (Over \$100 worth.)

**FREE MEDICAL CARE,** regular dental attention.

**FINEST SPORTS** and entertainment.

**TRAVEL, ADVENTURE, THRILLS**—You can't beat the Navy for them!

**BECOME AN OFFICER.** Many can work for an appointment to the Naval Academy or the Annapolis of the Air at Pensacola.

**FUTURE SUCCESS.** It's easy for Navy-trained men to get good-paying jobs in civil life.

**LIBERAL RETIREMENT PAY** for regular Navy men.

## Get this FREE BOOKLET

Mail coupon for your free copy of "Life in the U. S. Navy." 24 illustrated pages. Tells what pay, promotions, and vacations you can expect... how you can retire on a life income. Describes how you can learn any of 45 big-pay trades... how many may become officers, 27 scores from Navy life showing sports and games you may play, exciting ports you may visit. Tells enlistment requirements and where to apply. If you are between 17 and 31 (no high school required), get this free book now. No obligation. Ask the Navy Editor of this paper for a copy. Or telephone him. Or mail him the coupon. You can paste it on a penny postal card.

**WEAR THIS BADGE OF HONOR!** If after reading the free booklet you decide to apply for a place in the Navy, you will receive this smart lapel-embroid. It is a badge of honor you will be proud to wear.

## Come in and See this WARM MORNING COAL HEATER

## Holds 100 Lbs. of Coal

It's the only heater of its kind in the world! Patented principles of construction produce steady, even heat... save work... save fuel. Burns any kind of coal... lump, nut or slack... also wood. Magazine semi-automatically feeds fuel as needed. Holds fire several days in mild weather without re-fueling.

Makes coals out of bituminous coal... then burns coals without smoke or soot. NO CLINKERS. Low in cost... exceedingly economical to operate.

Come In—Let Us Show You!

Costs Less to Buy — Much Less to Use!

**ONLY \$49.95**

**Kentucky Hardware & Imp. Co.**

## Are you considering joining a military service? WHY NOT CHOOSE THE NAVAL RESERVE!

Don't wait. Choose the Naval Reserve now. The Secretary of the Navy has announced: "All men now enlisting in the Naval Reserve will be retained on active Navy duty throughout the period of national emergency, but they will be released to inactive duty as soon after the emergency as their services can be spared, regardless of the length of time remaining in their enlistment."

Remember—the regular Navy and Naval Reserve offer you the same travel, training, promotions, pay increases. Physical requirements in the Naval Reserve are more liberal. Find out all about the Naval Reserve. Send in the coupon now!

Tear out and take or send this coupon to the Navy Editor of this newspaper

Without any obligation on my part whatsoever, please send me free booklet, "Life in the Navy," giving full details about the opportunities for men in the Navy or Naval Reserve.
