Why lug the drum when you can twirl the Baton?

In a NEW BUICK

WHy lug the drum when you can twirl the Baton?

YOU never yet saw a band come down the street without someone in front setting the tempo, while someone back in the crowd obediently kept time.

So, why do a car door's just along for the month—when you can pick a Buick and show the others the way?

Maybe someday the others will have engines like yours—but they're electronically balanced after assembly; but Buick has them now.

Surely they're Snappy! They're Fortunes!
