## THE LISTENING POST

Perhaps I am not one who gets as patriotic as necessary, but I will confess that the torpedoing of the American destroyer Kearny brought no surprise to me. Nor does it cause me to hate the Nazis any more than I did before. Personally I do not believe in the submarine as a weapon of warfare, but I decided long ago that no weapon can properly be barred from modern warfare. I also decided that any nation which is waging war is likely to use any weapon at hand, provided that nation feels that it might win the war by using this weapon. If Germany finally come to the decision that poison gas, even over open cities, will win the war, we can expect gas to be used. Probably the only reason that it has not yet been used is because Germany is afraid that England might use the same weapon over German cities. It is not any love or respect for humanity which has caused Hitler to stay his hand.

Getting back to the Kearny. The fact that a German submarine fired a torpedo into this ship which was flying the American flag, causing several deaths and other casualties, need not be surprising to the people of this nation. While we are not at war with Germany we are really fighting the Nazis with almost every weapon at our command. Our ships have been instructed to fire on German submarines or surface ships at sight; why be surprised or resentful if the Germans fight back? A submarine is a comparatively fragile ship. One burst of gunfire will destroy such a ship without trouble. Therefore the German submarines take no chances which they are able to avoid. In this case the Kearny probably came under the torpedo tubes of a German submarine and it is more than probable that the Nazi commander did not know whether it was American or British. As a matter of fact, that did not matter in the least, for that submarine commander knew that the Kearny would destroy his ship at the first opportunity. He merely fired first and almost destroyed the Kearny. In this act the German commander, it seems to me, was using prudence and was well within his rights. This is one case where I agree with Hitler. I could not agree with him if we sent unarmed ships into the war zone and he destroyed them. But it must be remembered that the Kearny is an armed ship, the most modern destroyer the American fleet has; that the ship was on real war duty under orders to see and find and destroy any German submarine or surface raider which might be encountered. While there has been no declaration of war, the Germans know that we are at war with them, and I personally see no great difference in open warfare and the present half way measures we are making war on Germany.

Likewise there is no use in having hysterics over the fact that American sailors have been killed by a German submarine. We must remember we are at war to all intents and purposes, and before many months it appears probable that many of the proud ships of the Navy will be shattered by gunfire, with vast increased numbers of dead sailors. War is not a soft thing. It entails heavy losses of men and material, and we need not expect to stand before Japan and Germany as their open and avowed enemy without paying the price some of these days.

It seems apparent that Hitler has gone to extreme lengths thus

## Neutrality Act Repeal Drive Given Power

Ship Sinkings, G. O. P. Stand May Result In Killing Law

Washington. —The sinking of two more American-owned merchant ships, and an appeal from Wendell L. Willkie and more than 100 other Republicans for outright repeal of the Neutrality Act gave new drive tonight to the movement to wipe that law off the statute books.

Commenting on the sinking of the Lehigh and the Bold Venture, Rep. McCormack of Massachusetts, House Democratic leader, said:

Unrestricted Warfare "This is evidence to the American people that the Nazis are conducting unrestricted warfare, completely without regard to international law."

Senator Connally (D-Tev.), asserted that "as long as our ships are not armed, the German submarines can come up and play with them like a cat with a mouse."

A bill has passed the House to remove the Neutrality Act's ban on the arming of merchantmen, and tonight Senate leaders indicated they might broaden it to knock out another major provision of the act. This forbids American merchant ships to travel to certain belligerent ports or combat zones.

May Be Approved After day-long hearings on the House bill, Connally said that it was possible the committee would approve a bill knocking out the restrictions on ship movements.

When a reporter asked whether administration forces would not be placed in "an awkward position" by a Republican effort to repeal the neutrality law completely, Connally replied:

"It would be awkward if a majority of the Republicans voted for it, but if a majority would we would not have any difficulty in broadening the House bill."

Senators Bridges of New Hampshire, Austin of Vermont and Gurney of South Dakota, all Republicans, have suggested complete repeal of the neutrality law.

Lease-Lend Fight Is Ended As Early Approval Is Now Seen

## SPECIAL PROGRAM AT METHODIST CHURCH PRAYER MEETING

Pastor Hartman Will Discuss "Fading Out Spiritually"

The Methodist Church has gradually built a mid-week attendance that claims the sustained interest of a hundred alert laymen and laywomen. The pastor will conduct the service tonight at 7:30 o'clock, but a change in subject is necessitated. He will speak on "Painting; Passing Out Spiritually."

The Rev. Mr. Hartman, pastor, will say, "A man who physically faints in a service immediately becomes a liability. There is no use to hand him a song book; he cannot sing. There is no use to pass him the collection plate; he cannot give. There is no point in preaching to him; he cannot hear. He who one minute before he fainted was an eager, interested worshiper, now becomes a dead weight and requires the attention of four good men to carry him. Spiritually fainting is more common than physical fainting, just as deadly and more costly. The writer of the twenty-seventh psalm said, 'I had fainted, unless I had believed.' He almost fainted, nearly passed out, but instead he endured and passed up. This man forms the basis of our study tonight."

## IDLE BENEFITS SHIFTS FOUGHT BY GOV. JOHNSON

Governor Acts After Federal Plan Is Reported

Frankfort, Ky. —vigorous protest against any proposal to Federal State unemployment was made by Governor Johnson in a letter he made public today.

The letter, to Federal Security Administrator Paul V. McNutt, declared word of such a plan had reached Johnson and that "the secrecy which is surrounding the project is not likely to further the interest of the Federal-State relationship."

Governor Johnson declared that W. O. Hake, chairman of the Interstate Conference of State Unemployment Compensation Administrators, had wired him. Johnson said Hake quoted Arthur J. Altmeyer, chairman of the Federal Social Security Board, as saying that President Roosevelt had reached no conclusions regarding proposed Federalization, that alternative plans had been discussed with the President, but that Altmeyer did not know when a final decision would be reached.

## DISTRICT LEAGUE MEETING HELD HERE

The Western Division Epworth League of the Paris District held its regular monthly meeting Monday night, October 20, at the First Methodist Church in Fulton, Ky. Approximately 120 members and pastors attended.

The Young Peoples' Division at Gleason, was in charge of the following program:

Prelude ..... Edna Parks  
Poem ..... Martha Vinson  
Hymn ..... Group  
Responsive Reading ..... Joyce Margrave

A short one act play, entitled "Thy Kingdom Come," by Camille Parks, Faye Trevathan and Roy Margrave. During the business session, an attendance banner was awarded to the Fulton League for the highest percentage, which was 185. Various types of programs were discussed. At a special called council meeting future meeting places were also discussed and decided upon, as follows: November, Martin; December, Gleason; January, Greenfield; April, Bradford; February, Sharon; May, Dresden.

At the conclusion of the meeting, the recreation period was held and refreshments served by the Young People of Fulton to those present. The next regular meeting will be held November 17, at the Methodist Church in Martin with the Cayce League in charge of the program.

## United States Officers Say Gas Will Settle Present War

Camden, S. C. —Chemical warfare officers, training an ever-growing group of specialists in the Carolina maneuvers, expressed belief Monday that neither Germany nor England could force a decision without the use of gas.

The terrible weapon, so effective in the World War, has not been used in the present fighting.

Experts working in the two-month field exercises of the First Army contended that England, on the defense in virtually all her land operations, is in the most advantageous position to use gas, because a fast-moving, attacking force does not have the opportunity

for the extensive preparations necessary.

Compound Secret Gas It was also learned that the United States Army has perfected a secret, more efficient compound for neutralization of mustard gas, probably the principal agent any of the armies could rely on in chemical warfare. Mustard gas burns victims externally and internally and, authorities say, caused about one-third of the A. E. F. casualties in the World War.

In Army maneuvers throughout the Nation earlier this year little was said or done in demonstrating the tactical use of gas, the ever-present threat in conflict.

## PAUL FARLOW IS SPEAKER YESTERDAY AT THE ROTARY CLUB

Paul Farlow, Illinois Central agricultural agent, was the speaker yesterday at the Rotary Club and gave an interesting talk on the work which the Illinois Central System is doing along its lines in the South. Mr. Farlow has been engaged in this work for the past twenty-one years and stated that the last seven or eight years had brought the greatest change and improvement in dairying. "A few years ago," he stated, "we had more good dairy cattle than we had good pastures, and dairy cattle did not thrive as they should have. The past few years have changed the picture and we now have far more good pastures than we have cattle. There is room now for expansion in dairying, and we shall see this in the near future."

Mr. Farlow also stated that his company was now engaged in bringing Montana sheep into Kentucky, principally along its lines between Fulton and Louisville. Fourteen cars of sheep have already been placed in this area and Mr. Farlow stated that owners in this area could easily hit top market with their lambs. In more northern sections this is not possible because of climatic reasons, but here lambs can always hit the Eastern market when prices are top.

Mr. Farlow also stated that at present Kentucky stood second in the practice of liming soil. In ten years the state has climbed from twenty-eighth place to second and is topped only by Illinois. In point of acres under cultivation, Kentucky uses twice as much limestone as Illinois.

## SILVER BELL DRAWS LARGE CROWD LAST NIGHT

Pep Squad's Night Club Proves Popular With Fultonians At Science Hall

Several hundred people attended the premiere of the "Silver Bell," a night club sponsored by the Fulton High pep squad last evening at 8 o'clock at the Science Hall. Gayety reigned at this entertainment, which proved one of the most popular ever sponsored by a high school organization.

Miss Augusta Ray, sponsor of the pep squad, assisted by Miss Winna Price had charge of the arrangements for the night club and it was under their direction that the successful program was presented.

The main floor of the gymnasium was decorated with crepe paper and silver bells and tables were arranged around the edge of the floor. The program began with Miss Doris Branch, in her vivacious manner, greeting the guests over the mike and pointing out the various patrons of the Silver Bell. As the guests were introduced the spot-light was thrown on them. Following this, Miss Branch danced around the floor singing her own version of "Hi, Neighbor."

Jack Snow acted as master of ceremonies and the floor show including the following musical program was presented: Duet, Grace Cavender and Hilda Byers; vocal selections by Little Miss Peggy Adams; trumpet solo, Ann Graham; saxophone selections, Yewell Harrison; song, Maurine Ketcham; solo, Pete Garrett. "The Honolulu Girls," Loyal Hartman and Nemo Williams, practically brought the house down with their interpretation of the "Hula." The Dance of the Dwarfs was also presented. Miss Doris Branch and Stanley Parham "littered" the floor.

All during the evening sandwiches and drinks were served by girls, dressed in blue crape paper dresses with silver stars.

Parade of the Brides The feature of the evening, "The Parade of the Brides" was the last number on the program. Wedding dresses from 1825 to 1941 were modeled and Miss Mary Royster announced each girl. While the girls were modeling the dresses, wedding music was played by Miss Martha Ellen Duley and Mrs. Charles Gregory was the soloist. Flower girls were Nancy Wilson and Ann McDade.

The wedding review was as follows: Miss Jane Owen modeled a dress 116 years old, belonging to Mrs. Weatherspoon, grandmother of Jim Hutcherson of this city.

Mrs. George O'Connor's gown was modeled by her great-granddaughter, Miss Ruth Browder. This dress was worn in 1851.

Miss Margaret Goldsmith wore the wedding dress, shoes and gloves belonging to Mrs. S. A. McDade. These were worn on Nov. 10, 1896.

The wedding dress of Mrs. W. S. Gayle, who was married June 30, 1897, was modeled by Miss Mildred Mount.

Miss Carolyn Duley wore the wedding gown of the late Mrs. Walter Boaz worn Nov. 30, 1899.

Miss Betty Sue Houston modeled a trousseau dress belonging to Mrs. C. D. Whitlock of Dresden, Tenn., mother of Mrs. Robert Graham of this city.

## Examination Of Buying Records Is Resumed

Rodgers Aids After Being Admitted On Judge Ardery's Order

Frankfort, Ky. — Examination of state purchasing records was resumed by Attorney General Hubert Meredith's staff today with the aid of R. Emmett Rodgers, Frankfort salesman who was admitted to the purchasing office on order of Circuit Judge W. B. Ardery.

Assistant Attorney General Jesse K. Lewis who with Rodgers and Assistant Attorney General William F. Neill has been checking the files, said it was impossible to estimate how long it would take to complete the work.

Grocery and meat bills for the fourth quarter of 1940 were examined today. Lewis said that after all recent purchases of these articles had been inspected that buying of tires and buying of various other articles on emergency orders would be gone into.

Lewis said the results would be placed before the governor's investigating committee which also has been inspecting the files after having heard witnesses for several sessions. The committee recessed today until Friday.

Sara Mae Evans. Mrs. R. B. Allen's dress was worn by Miss Marilyn Shankle.

Miss Mary Blanche Wiggins wore the wedding dress of Mrs. Vodie Hardin and Miss Sara Nell Alexander modeled Mrs. Clarence Reed's wedding gown.

Mrs. Louie Bard's wedding dress was worn by Miss Mary Owen and Miss Martha Davis modeled a dress from the trousseau of Mrs. Harold Owen.

Miss Ann Graham wore the wedding dress of Mrs. John Ryan and Miss Dorothy Reeds modeled an afternoon dress from Mrs. Martin Nail's trousseau.

Mrs. Roper Fields wedding dress was modeled by her daughter, Miss Betty Jean Fields. Miss Betty Jean Joyner modeled the wedding dress of Mrs. Joe Kasnow.

Miss Virginia Howard was the model for the wedding dress of Mrs. Milton Exum and Mrs. Mansfield Martin modeled a dress from her own trousseau.

The wedding gown of Mrs. Arch Huddleston, Jr., was modeled by Miss Nell Luten Bard and Miss Elizabeth Smith modeled Mrs. E. L. Cooke's wedding dress.

Miss Miriam Browder wore the wedding gown of Mrs. James Isbell (the former Virginia Fleming of this city), who was married at Randolph Field, Texas on Dec. 23, 1938. Mrs. Walter Voelpel modeled her own wedding dress.

Miss Wilma Jean Harris wore the wedding dress of Mrs. James Cullum.

The program was concluded with the modeling of the wedding dress of Mrs. Robert Batts, the most recent bride, by Miss Mary Louise Simon.

Mrs. C. A. Wright has returned to her home on Park Avenue from a visit of several weeks in Washington, D. C. and other interesting eastern cities.

## New "Honeymoon Walk" At Niagara Falls Is Christened

Niagara Falls, N. Y. —A bride and bridegroom of 1876 joined a young couple married only a few hours in dedicating the pedestrians' walk on the new Rainbow Bridge and in hoping that "brides of the future" find a more peaceful world.

The walk, on the recently completed span over the Niagara River gorges between this country and Canada, was named "Honeymoon Promenade" yesterday.

Mr. and Mrs. Albert B. Paul, Philadelphia, 89 and 87, respectively, winners of a newspaper contest to determine the oldest living pair who honeymooned here, were met by Mr. and Mrs. John Martin, Detroit.

The Pauls, honeymooners sixty-five years ago, and the Martins, newlyweds, together christened the bridge and said they hoped "the world will soon be settled so brides will never have to give up their men to bear arms."

Built to replace the Falls View Bridge, destroyed by ice three years ago, the new structure is expected to be opened to traffic November 1.

#### TO HAVE AND TO HOLD

Rumors of a new peace move by Hitler have been revived by news reports to the effect that a rather frayed olive branch will be offered by Berlin before the end of the year—if a certain thing happens. The necessary prelude is the crushing of Russia by Hitler's armed forces.

The account is based on information obtained from an American who lately arrived in Cairo from German-occupied territory. According to this source, Hitler, as soon as Russia has been removed as a belligerent, will tell Britain that as far as he is concerned the war is over. If the English wish to drop bombs on Germany then the Nazis will meet them bomb for bomb, life for life. Except for these reprisal raids, it is predicted, he will call off his offensives.

If there is anything to these latest peace rumors, the consummation would be cut from the same cloth as other Hitler promises. After the Sudetenland episode he vowed that he had no further territorial demands. Following a period utilized by the Nazis for further preparations, he cut up Czechoslovakia, invaded Poland, overran Denmark and Norway. Since then he has kept right on with his conquests, and there isn't the slightest evidence that with the collapse of Russia he would turn from wolf to lamb.

It is much more likely that he would use the breathing space afforded him by a cessation of major hostilities to prepare for new adventures because Germany's whole economy is based on war and preparation for war. If German armies were to be demobilized and

### FIFTEEN YEARS AGO

(Oct. 22, 1926)

Vassar Sommerville of Paris, who played a great part in the organization of the local Rotary Club, was the principal speaker at today's meeting of the Club. Mr. Sommerville is now district governor.

George C. Hall, Felix Gossium, Harry Potter, Fred Cooper and A. W. Morris have returned from Louisville, where they attended the Grand Lodge of Masons. Mr. Morris was elected Grand Marshall for the First District.

Clarence Saunders, noted chain grocery owner of Memphis, will open one of his stores within the next two weeks in this city.

M. L. McDade, Jr., is in Nashville attending a road meeting this week. C. C. Parker spent the day in Mayfield on business.

Mrs. R. E. Goldsby was called to Memphis yesterday on account of the serious illness of her father, Rev. J. W. Echols.

Mr. and Mrs. W. A. Bell have returned from a trip to Louisville. Steve Wiley spent yesterday in Hickman.

Mr. and Mrs. Will Whitnel left today for Nashville, where they will attend a football game at Vanderbilt.

Hon. H. T. Smith spoke last night in Sedalia in the interest of the Barkley campaign.

Murray Boaz, traveling salesman, spent yesterday with home folks here.

German factories turned to the pursuits of peace, the readjustment would be a revolution.

Hitler could well afford to offer peace on the terms outlined. Not a corner of the entire continent that he would not dominate, both politically and economically. Not a merchant or industrialist whose activities he could not direct. He would be master of the world.

And because friction on the sea would be inevitable under such circumstances, the war would have to be resumed. In the meantime, Hitler would have made new preparations. Even more important, the psychological impact of what in essence would be a Nazi victory would make countries now anti-Axis much more amenable to his demands. Because the new order would seem unavoidable, they would be inclined to cooperate rather than risk being left out on a limb.

Probably the chief motive back of this peace fever is that of demobilizing the United States. Hitler knows that Americans hate war. He knows that the defense program is a heavy burden. If he could provide a pretext for calling the whole thing off, it might conceivably have an effect upon opinion in the United States.—Mayfield Messenger.

far to keep the United States out of war. This is not because he loves us, nor necessarily because he fears the United States. It is only because that he feels the time is

not yet ripe. When the time is suitable rest assured that Hitler will move, and when he does move we will begin to feel the shadow of war as never before.

● But there is no use in trying to arouse passions over the Kearny incident. That was to be expected when the United States Navy took up its patrol in the waters of Greenland and Iceland. The wonder is that it did not come much sooner. That proves that Hitler has really delayed pulling the string. He may be about ready, as Russia begins to fall apart.

#### HOUSE GROUP SEEKS TO END PRICE HEARINGS

Washington. — House Banking Committee members, apparently no nearer agreement on price control legislation than when they began hearings ten weeks ago, will meet Monday to see if they can agree on a time to end hearings.

Chairman Steagall (D., Ala.), said he hoped work on the legislation could be completed within two weeks, but added, "I don't know what the committee will do, and I don't think anybody knows."

**Ceilings Made Issue**  
Other members said they would seek to have the committee determine what minimum requirements the legislation should contain.

The principal issue hinges upon the administration's request for congressional authority to place price ceilings on various products as the necessity arises. That approach, strongly recommended by Leon Henderson, price control administrator, has been opposed by Bernard M. Baruch, chairman of the World War Industries Board, and some of the committee members who have advocated placing a ceiling on all prices, wages and rents as of a certain date.

### DAUGHERTY'S ESTATE

UNDER HALF MILLION

Columbus, Ohio — An estate estimated at "somewhat less" than \$500,000 was left by Harry M. Daugherty, Attorney General in President Harding's Cabinet, who died October 12.

The estimate was made today by his attorney, Lyle M. Sanders, as the Daugherty will was filed for probate.

The will sets up a trust fund from which a daughter, Mrs. Emily Rarney, will receive one half the income or at least \$4,000 a year. Other relatives and several Ohio churches also were named beneficiaries.

BALDRIDGE ENTERTAIN  
CLUB AT BUFFET SUPPER

At its first meeting for the fall season, Mr. and Mrs. A. G. Baldridge were host and hostess to a buffet supper for their Tuesday night club members and several visitors, last evening at their home on Fourth street. Included in the guest list were three tables of club members and two tables of visitors.

The supper was served buffet style and the guests were then seated at card tables. The remaining hours were spent in games of contract and those winning high score prizes for the club members were Mrs. Vester Freeman, for the ladies, and Mr. R. M. Belew, among the gentlemen. Mr. and Mrs. Martin Nall were high scorers for the nine visitors.

Besides club members those attending were Mr. and Mrs. Nall, Mr. and Mrs. Abe Jolley, Mr. and Mrs. Paul Hornbeak, Mrs. Charles Payne, Mrs. Nora Alexander and Mrs. Walter Willingham.

P. T. A. TEA AT  
McDADE HOME IS  
LOVELY AFFAIR

The beautiful new home of Mrs. Maxwell McDade on Third street was the scene for the social tea of the Parent-Teacher's Association of West Fulton, yesterday afternoon, an annual affair which is given for the purpose of getting more mothers interested in the work of the school and P. T. A. and so that they might become better acquainted with the teachers.

The beauty of the handsome McDade home was accentuated with a profusion of fall flowers in tasteful arrangements, including marigolds, dahlias and roses. Approximately eighty-one persons called between the hours of 3:30 and 5:30 o'clock and were welcomed by a receiving line composed of Mrs. Bertie Pigue, P. T. A. president; Mrs. Fred Stokes of Hickman, president of the district P. T. A.; several officers and teachers of the local association. They were greeted in the living room by Mrs. Eldredge Grymes, Mrs. Robert Graham and Mrs. McDade and

were directed to the register where Mrs. Bernard Houston and Mrs. Guy Duley presided.

In the dining room, where tea was served, the table was lovely. Over a pretty lace cloth was a beautiful silver service. At each side were tapers in silver holders and in the center of the table was an attractive arrangement of roses, snapdragons and baby breath in a low silver bowl.

Pouring tea for the first hour were Mrs. Lawrence Holland and Mrs. J. C. Hancock and those serving were Misses Fannie Lee Nix, Carolyn Beadles, Elizabeth Butti and Pauline Thompson. The last hour Mrs. Trevor Whayne and Mrs. Yewell Harrison poured tea and those serving were Mrs. Walter Voelkel, Miss Mary Royster, Mrs. G. B. Butterworth and Miss Catherine Williamson. Mrs. L. P. Carney also assisted in serving throughout the afternoon.

The program for the afternoon was as follows:

Piano selections by Miss Martha Ellen Duley.

Piano selections by Miss Donna Jean DeMyer.

Two trumpet solos by Miss Anna Graham, accompanied by Mrs. Martha Norman Waterfield, pianist.

Two vocal solos by Miss Grace Cavender, accompanied by Mrs. Waterfield.

Two vocal numbers by Miss Betty Goldsmith, accompanied by her sister, Miss Margaret Goldsmith.

Two saxophone solos by Yewell Harrison.

CIRCLE NUMBER  
3 IN MEETING

Circle number 3 of the Baptist Woman's Missionary Union held its meeting Monday afternoon with Mrs. George Winter, Sr., at her home on Fairview. Mrs. T. T. Boaz, the chairman, presided over the business session, during which time the roll was called and minutes of the last meeting were read by the secretary, Miss Catherine Humphreys. Mrs. Luke Mooneyham took personal service reports. Thirteen members answered the roll call.

Following the business period Mrs. W. O. Locke presented the program and gave a paper on "Rethinking Home Missions." Mrs. Mooneyham gave an article entitled "Growth of Little Sects." Mrs. Dan Horton presented the

devotional of the afternoon, reading from the fifth chapter of Matthew, and following her reading with prayer.

During the social hour Mrs. Winter, assisted by Mrs. T. S. Humphreys, served delicious refreshments.

U. S. MUNITION  
LACK CLAIMED

Supply Called Enough For Only One Week

Washington. — Representative Thomas (R. N. J.), asserted today that United States ammunition stocks were insufficient to supply the Army for one week if it were engaged in fighting on a scale comparable to present Russian-German operations.

Sabotage, strikes and other work stoppages caused by labor disputes, he told newsmen, have slowed up production to such an extent that ammunition on hand amounts to only about 2 per cent of a year's defense requirements.

Sights Taken Bolds

He added that he had confidential information that the War Department had underestimated the time needed for adequate expansion of anti-aircraft defenses and hence "not a city in the United States is protected from enemy air attacks."

Consequently, he said, "American cities along the Atlantic seaboard must necessarily expect token air raids if our relations with Germany continue to grow worse."

BILL FILED TO CURE  
EX-FEDERAL "AGENTS"

Washington — Senator Hatch (D-N. M.) introduced Monday a bill to make it an offense for a former federal employee to receive or agree to receive compensation from a client in connection with handling any matter in which the government is a party, before or with any court or agency, within two years of his government service.

## Football Gossip

The Bulldogs will leave before noon Friday for Russellville, and it was stated yesterday that the squad would make the trip in cars instead of using the bus. The bus is not very comfortable for a long trip, and Coach Giles desires that the team arrive there in time to get the kinks out of muscles and have the boys feeling loose when game times comes. Reports were out yesterday that one or two members of the squad might not play, and if these reports prove true the Bulldogs will not fare so well. It is certain that the Russellville outfit has plenty of strength to hold the best the Bulldogs have to offer, and any weakness in the starting lineup will be keenly felt. The local team is not deep in re-

serve strength, and has been fortunate thus far in avoiding sickness and injury.

The chief threat from Russellville will be found in the person of Chapman, a rugged, hard-running back, who has seldom been stopped all season. Chapman ran the Bulldogs ragged here last year and drastic steps will be taken in the game Friday night to set up a defense against his long, dangerous runs. Assistant Coach Garrett looked at Chapman last Friday night reported that he can and does cause plenty of trouble to opposing teams. He is also strong on defense and is always breaking loose on offense for long runs.

While it appears probable that the Bulldogs will enter the Rus-

sellville game badly crippled, with two important places having to be filled by inexperienced players, there is no disposition to give the game up before it is played. Rather there is a determination to go ahead and win despite the tough luck which has hit the squad. The boys really believe that they have the power to go right ahead and take the tough Russellville outfit, and this corner believes this is possible. No team can hope to go through an entire season without getting these tough breaks, and while it seems hard luck it may be the means of uncovering some new talent. Any way, the Bulldogs are not down, and are not going to give up the game this week because a bit of tough luck has come along. They are determined to go right ahead and carry the battle to Russellville. Not in many years has there been such team spirit, and this spirit wins a lot of games when the odds indicate the games will not be won.

## GIRL SCOUT NEWS

Monday, October 20, we began our meeting by singing several popular songs. Then we called the roll. Mrs. Durbin then announced that next week we will start inventory service and that the girls who have done their second class work will get their badges. Girls who have done their tenderfoot work will get their badges, also. Then we talked about things we didn't do at camp in Columbus which would have made it more enjoyable and things that we will do on our next camping trip. We have decided to have more strict rules at camp. Some of the girls said that by having strict rules we would be more inclined to get into more mischief. We closed our meeting by singing "Taps."

## NAZARENE REVIVAL

The revival, being conducted by the Rev. Armond Calvert continues with increased attendance and interest. Take notice that the time for services has been changed to 7:00 p. m. "Scriptural Holiness" is the sermon topic each evening this week. Don't fail to hear this most important subject discussed.

## STRIKES BOG STEEL, MINES

Washington. —Steel production in the Birmingham area was hampered today by strikes which started in Alabama coal mines and spread to take in some blast furnace operations.

About 4,000 men were thrown out of work when the C. I. O. United Mine Workers called a strike which closed six large mines, and 800 more became idle when the U. M. W. Chemical Division struck last night, closing four blast furnaces of the Sloss-Sheffield Steel & Iron Company at Birmingham.

## Ask 46-Cent Raise

The C. I. O. miners, whose basic pay was raised last May by \$1 a day, now are asking 40 cents more daily, vacation pay and a change in the methods of computing weight loss through washing operations.

Meanwhile, the U. S. Conciliation Service arranged a conference at Buffalo, N. Y., in an effort to avert a threatened walk-out at Bell Aircraft Corporation's two warplane plants, and an emergency fact-finding board appointed by President Roosevelt awaited the answer of fourteen non-operating railroad unions to a wage arbitration offer, already rejected by five operating brotherhoods.

## FORK PRICES ARE ZOOMING

Chicago — A slice of roast beef costs little, if any, more today than it did last year, but if you want a pork chop you'll have to put out

considerable additional money for it.

## Why?

Two factors — government pork and lard buying plus record cattle production — have combined to create some startling changes in normal meat price relationship, livestock men say.

Federal buying began about mid-March. From March 15 to Sept. 30, department of agriculture figures showed today, the government purchased 220,288,879 pounds of lard, 122,931,224 pounds of canned pork and 183,859,500 pounds of cured and frozen pork.

What this means to the average consumer is illustrated best by statistics on American per capita consumption, as compiled by the agriculture department. Last year each American's apparent consumption averaged 14.7 pounds of lard and 72.5 pounds of pork.

## FIRST LADY URGES CUT IN ARMAMENTS

Boston. —Mrs. Eleanor Roosevelt

says that when peace returns there must be such armament reduction that "no country will be able to impose violence against another."

Speaking last night at a reception honoring her in Temple Mishkan Tefila, the President's wife declared:

"If we can achieve a worldwide freedom from fear by reduction of armaments we may also go on to

attain a freedom from fear regarding the source of our daily bread. It is impossible to be free when there is fear of any kind."
