**Call for Fair Play Wins Public Support**

A Message from

J. A. Downey,
President,
Illinois Central System.

The appeal of the railroads for equality of competition in transportation has won the support of the public.

From press, platform and personal interviews an appeal of the appropriate declaration of the railroads.

This response shows that the American people realize that:

No other transportation setup can possibly support the railroads.

Without subsidy or other unfair advantages much of the railroad competition could not survive.

A square deal in transportation is the only way in which the interests of the public itself can be fairly served.

Commuter criticism and suggestions are invited.

Chicago, March 2, 1931

The ILLINOIS CENTRAL SYSTEM

A busy railroad is the public's best assurance of cheap, safe and efficient transportation, and of employment, taxes and purchases in large volume.
