Through Our Bifocals

BY WOODSON CROSS

Up a chair, partner, and have a chit-chat. Fine, it is, for chit-chats, for polar bears, too.

There's something bothering peace of mind, and we want it out of our system. The aim, partner, of this chit-chat.

It seems that the scientists are suffering again in the lives of our mortals. They're critics, these scientists, and just won't leave well alone. Always looking something new.

One week they came up with a "shot" (as if doctors already up to their ears in "shots") designed to take the place of the time-tested beefsteak in clear-up a "shiner," also known as black eye. Armour laboratory say they have developed a chymotrypsin (is that spelled right?) that a "shot" of this stuff presto, erase said ugly mark.

And that, partner, is both news and bad news for us folks.

GOOD in that the old adage getting all keyed up and indulging in a friendly rap which he comes out second, can get a shot of this, erase the black mark and the little woman knows he's been in a bad news in that the little man might have a skilful fit, score a couple of shiners, then hurry the old man a shot of enzyme and erase any mistreatment on her as well as all possibility of bloodshot gossip.

Any way you look at it, this new scientific way is a sad state of affairs. More salty fat bacon for bites.

More vinegar and brown for a sprained ankle.

More mutton tallow and cloth for a chest cold.

More asafetida dangling in the neck.

More sulphur and molar spring fever.

Now (sob) no more beer for black eyes.

Things but shots.

For that run-down feel-shots for that high-tension.

Shots for a sniffle.

Shots for pneumonia. Shots for flu.

Shots for old age rheumatism and shots to make you again.

Under what the shot makers dream up when we run out on a surface.

IF YOU BEEN reading the new column "Benton Bites?" If you haven't, you're missing something.

Author wishes to remain anonymous, but she has a very desire to make our world a better place in which to live. Higher aim could enjoy. Read it. You'll enjoy.

WORTH your time is the column written by Mrs. Robert P. Calvert. It's on the Calvert page each week.

Are just two of the features carried in each week for your pleasure. If you are ready a subscriber, now is the time to subscribe.

C. L. WALKER

presided over by Mr. Powell.

Newman, Farm Bureau district organizer, congratulated the Marshall County group for its outstanding work and its big increase in members.

Library to Be Housed In City Hall

The Benton City Council has given a room, rent free, in the City Hall for the use of the Marshall County Library. The city also has guaranteed free carpenter labor in making the room usable.

Two thousand books made available by the State of Kentucky and Fiscal Court of Marshall County through the Bookmobile organization will be used as part of the new library to be established here in the county seat. The Bookmobile organization is controlled by this county-wide library board.

The Benton Senior Woman's Club recently voted to take the initial step in establishing a permanent location for these books and any others given by public donation.

The club's library committee has secured the promise of the room and is contacting civic organizations and individual citizens to enlist their aid in acquiring materials for needed repairs, in getting proper equipment, and in supporting the library movement in general.

4-H Club Recruiting Campaign is Discussed

By HAROLD ROSS

The 4-H Council met Jan. 18 for a dinner and business session with 17 members and officers present. Chairman George Little presided.

The problem of enlisting members for the clubs was presented to the council by the county agents. To get some ideas and suggestions three buzz sessions were set up and discussions pro and con were the order of the day. When all the ideas were in, a general chairman for each community was the recommendation. So immediately the chairmen were named and a list will appear later when all have been contacted.

These people will select the club and project leaders and get the work organized in general, similar to the way the assistant agents did last year. They will be in full charge of the community and will need all the help and suggestions they can get. It is hoped that all leaders from last year will carry on their same programs again this year and others interested should contact the community chairman.

The council meets on the 4th Thursday of February at 6:30 p. m. for potluck supper and business in case you want to mark the date now.

This next year the 4H members will receive more money for their ribbons at the county fair, as the council has applied to the State for an amount equal to what the county puts up. This should make for more competition among the clubs and eventually will make a rather pocketbook.

The council has adopted a sticker, "A FRIEND OF 4H" as a legal receipt for each council member, and to become a life member the fee is \$5. So when you see one of these stickers displayed you may know they are supporting the 4H clubs of the county, which has 700 members, which in turn represents some 800 families.

Working with these clubs are some 170 men and women leaders, so we feel there is plenty of good work being done and hope to be able to continue with the help of all.

Tatumville Club Told to Set Proper Example for Child

The most important rule in teaching good table manners to children is to set the proper example, stated Mrs. James Turner and Mrs. Vernon Cavanaugh to the Tatumville Homemakers Club at its meeting held Jan. 20 at the clubhouse. They gave the lesson on etiquette and demonstrated the serving of meals to the 12 persons present.

Hostesses for the meeting were Mrs. W. L. Frazier and Mrs. Louie Higgins.

Mrs. Clifford Monroe, secretary-treasurer, reported on the club's contest held recently at the Gilbertsville school. The

club is proud of the \$14 offering made by the crowd to the March of Dimes.

An all-day quilting was held Jan. 25 at the home of Mrs. O. E. Darnell. The three quilts made will be given to Mrs. Java Baker, whose home burned several weeks ago.

The club will hold a work day on Monday, Feb. 6 at the home of Mrs. W. W. Dunn, starting at 9 a.m. A dress form will be made.

On Feb. 10, the club will hold a Stanley party at the clubhouse from 10 a.m. to 12 noon.

One of my neighbors was taking

The car in which they were

My neighbors wife said they

The Benton and Kuttawa Ro-

Benton Beautiful

BY BEATRICE BREEZE
"Unless a tree has borne blossoms
in spring you will vainly
look for fruit in autumn."
—Julius Charles Hall.

The Father of us all brings
forth the blossoms on the trees
in the springtime promising au-
tumnal fruit; we bring forth
the "blossoms" called ideas prom-
ising fruition. Each is dependent
upon a period of rest — a time
for all buds to form and grow
— a time for a plan to evolve to
the point it may become effec-
tive; hence the need for win-
ter. Now is the time to put our
"blossoms" on the "trees"—an-
ticipating "autumn"—or the
time for plans to materialize.

Winter is an interlude. It can
bring out the best in us, or the
worst. We can recuperate after
periods of frenzied activities in
previous months, or we can ru-
minate upon our discomforts at-
tendant upon the present ses-
son; we can reflect them by plac-
ing something good in their wake
we can rebuild family life and
put it upon a higher and hap-
pier plane or we can rust by our
own hearthstone; we can rest
on our laurels, or we can re-
new our vigor in church, school,
and club and make the year
really count; we can plan to re-
furnish our surroundings or we

can let them fall into ruin; we
can reassure our friends and our
loved ones of our interest by a
card, a letter or a visit and not
rest on past remembrances dur-
ing the holiday season. Truly,
we can resolve to be a 'Johnny
Appleseed' and burgeon forth
with some seeds of thought to be
sown that might make our com-
munity life beautiful. Hal Boyle
said in a recent column that
"nature, the great psychiatrist,
invented winter as a period of
rest for all creatures." If this
be so — it is good to use it as
such — and in that rest make
ready for the coming months of
activity by seeking for a greater
growth than we've known be-
fore. As we bask by the fire
what are we planning? We are
not too small for a City Beau-
tiful Committee!

A few days of "Florida" weath-
er the first week in January
gave us a foretaste of spring
and some, who no doubt had
been poring over seed catalogs,
put dreams into action turning
the good earth and throwing up
ridges preparatory to spring
planting time; others took ad-
vantage of the good weather to
complete yard cleaning and
some got a head start on tree
pruning. The city cleaned an
unsightly corner, thus clearing
away a traffic hazard at the

"Y" on Mayfield Highway and
12th Street. Each ditch cleaned,
each weed patch removed makes
for a city beautiful. Our thanks
for each good deed done.

Blanketed in white last week,
Benton was beautiful with its
evergreens laden with billowing
snow etching foundation plant-
ings and doorways. It made us
all the more aware of the value
of well-planted yards and the
beauty they can bring to the
owner and to the passer-by.

Perhaps for a moment we en-
tertained a regret that we were
denied this for a Christmas

setting but that was soon for-
gotten as we viewed the art of
the small fry in their snow men
creations and their joy in that
old pastime—snowballing.

If we can "blossom" forth
with an idea this spring per-
haps it will bear "fruit" this
autumn resulting in a better,
more attractive community, a
civic project carried out well,
a boost to some youth activity,
a better fair if, those in the past
could be improved on! These
and things of like-nature help
make Benton beautiful.

Lure of Life
Lesson for January 29, 1958

A coin, a sheep, a man—what do these three have in common? Jesus told a triple story using these three so different objects to bring out the same point. What the coin, the sheep, the man had in common was that each was lost. They were out of place, useless, in fact doing more harm than good. But the young man who went to a far country was different in an important way. He knew what he was doing, or thought he knew. He wanted life, and he got it, only it was the wrong sort. If you had asked him at first why he was going away, he would have said, "I want to live!" But he ended in a pig-pen.

The Lost Are All Around
Men and women get lost today for the same reason. They look for life in the wrong place. Victims of narcotics, or of alcohol, wanted something more out of life than they had, and they thought drink or drugs would help them. Every patient in an alcoholic ward is missing somewhere, missing from payrolls, from homes they had or might have had, missing from the ports they might have reached if they had not made shipwreck of themselves. And for every patient in some alcoholic ward there are a great many others who, though they may not have gone so far, are just as lost. What ought a Christian's attitude to be toward such people? Surely if Jesus taught anything plainly, it is that God does not despise or hate lost persons; he loves them and does not want them to stay lost. So the Christian who has the mind of Christ will not hate nor despise the lost, but will seek them all around us today.

Prevention
One of the honest ways of getting lost is through drink. Every day is done in advertising and in other ways to make it appear that you haven't really lived till you use "our old famous brand" of expensive alcohol. Young people need to have the other side of it shown to them, not in Don's but in Do's. Education R. H. Hill (as adapted in "Listen") has put it something like this. What do you want from life? Topnotch health? You can't have it if you drink a severe, satisfying, law-abiding life? Not with liquor for your companion! Life on the highest moral level? Not for drinkers and dopers. Do you want to wake up every morning with a clear head? Do you want uninterrupted success in a profession? Do you want to save money? To be a good driver? To form the habit of meeting your problems squarely without a fuzzy mind? Do you want to be able to enjoy a good time without the danger of flirting with a habit-forming drug? Do you want guaranteed immunity to one of America's four most damaging diseases? Do you want to be an example of good and not evil, for the young people in your community? All right,—that's living, and you can't have that kind of living and the alcohol habit too.

Testimonials
Maybe the main reason why the prodigal son went wrong was that he listened to the wrong people. Men can always be found who can be paid to pose in liquor ads. How about listening to some free testimonials on the other side? Mrs. Benson, Secretary of Agriculture, says: "Knowing the infinite joy and peace of mind which result from never having used cigarettes, smoked cigarette, or taken a drink of liquor... I am now joyfully profaning the name of Jesus. I can sincerely recommend such a course to all." Dr. Kate Johnson, written up in the Reader's Digest in June, 1954, says: "Naturally I do not use intoxicants. Why start a habit so many people must break?" Lewis Hoad, tennis fame speaks for many another athlete: "It is hard enough to get anywhere in life, without liquor or tobacco hindering one's chances for the future." Dr. Dodds, the track star, says: "God has given me a body which should not defile." Do you want to live? Such people know how.

Have you bought any property during the year 1955? Have you done any extra building? Have you listed that property with the Tax Commissioner? If you have not, you should come to the Tax Commissioners Office and list that property to avoid any extra penalty on omitted property.

If you have sold any property, do you want to keep paying tax on that property? If not, it is your duty to come to the Tax Commissioners Office and remove that property from your tax list and in so doing you will not be paying tax on property that you do not own.

INCOME TAX FACTS No. 2 Save Money with the Right Form .

(This is one of a series of articles on federal income tax filing. The articles are based on information provided by the American Institute of Accountants and the Kentucky Society of Certified Public Accountants.)

The government provides two forms for individual income tax returns. If you choose the wrong one, you may automatically cut yourself off from many possible tax savings.

The easiest way to file is to use the simple Form 1040A. It's a card the size of a check, which anyone can fill out if he is able to write his name and address and a few other simple facts. You just send it in with your withholding slips and the government takes care of the rest.

If you owe more tax than was withheld you will get a bill for the difference. If more was withheld than you owe, you will get a refund check.

The tax rules permit you to use the card form if your gross income consisted only of wages, dividends or interest totaling less than \$5,000, and if you did not have more than \$100 of gross income apart from that listed on your W-2 withholding slips.

Stop, Look, Listen

Before deciding to use the card Form 1040A, you should consider these facts:

1. Your tax will be figured from a table which allows you a deduction of about 10% of your income instead of itemized deductions for contributions, taxes, interest paid, medical and dental expenses, etc.
2. There is no provision in this form for filing as the "head of a household," as a "surviving spouse," or for claiming special credits for dividends and retirement income.

If you are sure that these two points would not cost you any tax savings, and your income is within the limits for filing a Form 1040A, you might as well use this simple card form.

If you decide to use the regular Form 1040, you still have the choice of itemizing your deductions or using a standard deduction which generally amounts to about 10% of your income.

You are likely to save by itemizing your deductions if you:

1. Own real estate.
2. Had unusual medical expense.
3. Had deductible child-care expense.
4. Suffered losses from fire, storm, accident, or theft.

State 4-H Winners Named

A senior at Mercer County High School and a 1955 graduate of Boone County High School have been named the champions in the State 4-H Club Achievement Contest in Home Economics and Agriculture.

Announcement of the champions and runners-up was made this week by J. W. Whitehouse, state leader in 4-H Club work, and Barry Bingham, president of The Courier-Journal and The Louisville Times.

Second prizes of \$40 each will be given to Miss Reba Joyce Salyers, 17, of Prestonburg, and James Harold Smith, 16, of Rt. 4, Bowling Green.

Placing third are Miss Martha Belle Bertram, 16, of Route 1,

Mt. Hermon, and Ben Sams, 17, of Route 3, Fulton. Each will receive \$30 checks. Fourth place winners of \$25 are Miss Mary Jean Wethington, 16, of Creston, and N. Glen Goebel, 17, of Taylorsville.

All winners and their parents will be guests of honor at the annual Farm Awards Luncheon in Louisville, Saturday, February 11, where they will meet with champions in four other farm incentive programs spon-

Answering Dixie's Call...

A Story of Progress that Benefits Everyone

Last year has seen booming growth through the South—in business... housing... personal income... Telephone development has surged, too. Since the telephone means so much to everyone, you might like to know some of the ways Southern Bell answered Dixie's call in 1955 for more and better service.

- Changed many more telephones to dial service.
- Made widely available new and improved equipment such as telephones in color... volume-control phones... dials that light up in the dark... the Speakerphone, which lets you talk and hear without lifting the receiver... and many more.

ANSWERING KENTUCKY'S CALL...

In Kentucky, we added 22,500 new telephones in '55. This involved construction of buildings and equipment amounting to over 15 million dollars. In all, we have spent over 115 million dollars to expand and improve service in the State since 1945.

In step with Kentucky's progress, we plan to spend about 26 million more in 1956 on construction to provide Kentuckians with the kind of service they want and need.

This large expansion program makes telephone service more useful and valuable for everyone. And the millions of dollars for construction, plus more millions we pay in wages and taxes, contribute vitally to the State's economy.

Campus Lights to Feature Trumpet Player and Singer

The experience of a trumpet player, Bob Hogan from Princeton, Ky., and soprano Margie Whitmer from New Albany, Ind., will be utilized for the principal roles in "Campus Lights to 1956," annual Murray State College musical.

The show is scheduled for Thursday, Friday and Saturday, Feb. 16-18, in the college auditorium.

Miss Whitmer has been vocalist for the dance band of Phi Mu Alpha music fraternity, one of the sponsors of "Campus Lights," since she entered Murray State. She is a member of the other sponsoring fraternity, Sigma Alpha Iota.

Hogan was responsible for two bright spots in the 1955 "Campus Lights," his trumpet solo "Czardas" and his takeoff of comedian Jerry Lewis singing "I Can't Carry a Tune."

This year Hogan is also assistant director of the show.

County Soil Notes

By HERBERT ANDERSON
James Pritchard, Hardin; Lynn Nelson, James Hamlet, Fred Hunt, and H. D. Harrison, west of Benton; Robert Thomas, east of Briensburg; Dan Cornwell, east of Benton; and Hatler Morgan, Benton, completed farm ponds for livestock water the last of December.

All of these farmers are co-operators of the Marshall County Soil Conservation District. Technical help was received on the ponds from the U. S. Soil Conservation Service.

A payment of 12 cents a cubic yard of earth moved was received through the Agricultural Conservation Program. The average cost of moving a cubic yard of earth in building ponds is 24 cents.

How would you like for your farm pond to be properly stocked with bass and bluegill? If interested, contact your Conservation officers, Burnett Holland, Bernice Witty, and Jim Woods, right away. Fish are furnished free by the Kentucky Department of Fish and Wildlife Resources.

Harold Powell, R. N. Pace and James Hamlet have placed orders for loblolly pine trees recently. They are furnished free by TVA. The ACP will pay these farmers one dollar per 100 trees for setting them.

If the trees are being set in an area which will have to be fenced to protect them from livestock, the ACP payment paid for building the fence is \$1.50 for woven wire, \$1.10 for four strand barbed wire, 90 cents for three strand, and 70 cents for two strand. These prices include the posts.

Application for trees and cost-share payment needs to be made immediately.

Leonas Wyatt of Murray was a business visitor in Benton Monday.

Robert Turner of Route 5 was a business visitor in Benton Monday.

Miss Jessie Crosby and John Crosby of Hardin were visitors in Benton Monday.
