A collision at Sherman, near Springfield, Ill., resulted in the smashing of two engines and the burning of fifteen freight cars filled with merchandise.

The search for Ed Hoag, the missing printer who was to wed in Owensboro, has been abandoned by his father. Every clue has been followed, but with no success.

Hal Cockrell, son of the late ex-Senator Harvey Cockrell, killed James Ammer in the court-house yard at Irvine with a musket. Cockrell surrendered himself.

Jas. H. Smith has accepted a call through the Tobacco-Leaf by a number of citizens to become a candidate for reelection to the office of mayor of that city. The Leaf speaks very highly of Mr. Smith and takes it that he will have no opposition.

Representative Breckenridge, of Arkansas, has notified Capt. Donelson that unless he explains satisfactorily the charges against his official conduct that he will offer a resolution for an investigation when his (Donelson's) name is presented before the caucus. Breckenridge supported Donelson two years ago and says he hopes the charges will be fully met.

Gov. Taylor, of Tennessee, on Thanksgiving day, pardoned Dorey and commuted the sentence of Hall to eighteen months. It will be remembered that these were the young men who went to Nashville from Kentucky and shone as bright lights in high society until convicted of theft. Hall's term was for five years but his commutation will allow him to go free next June.

## Carlisle and Randall.

WASHINGTON, Nov. 25.—The presence of Mr. Carlisle in Washington, and general knowledge of the fact that he has been several times during the past week a visitor at the White House, make an open secret that the president has again been availing himself of the wise counsel and extended experience of the distinguished Kentuckian. This circumstance is made the occasion for some comment upon the fact that as yet Mr. Randall has not been called to the White House to give advice upon this subject. How much of significance there may be in this it is not easy to say. Mr. Randall, however, will be in the city in a few days, so that if the president desires to consult him before completing the message, he will have the opportunity to do so. The friends of Mr. Randall report having received letters from him within the past few days, saying he expected to be in Washington on Friday of this week. It is not at all unlikely that he will make the president aware of the position he holds in regard to the anticipated effort to be made in congress this winter to reduce taxes. He does not conceal the fact that he believes about the only thing that can be done will be the request of the income tax, which he urges as a single measure as earnestly as ever. It is of considerable interest in this connection that there is some indication that Mr. Randall's democratic following is strongly inclined to desert him just now. Representative McAdoo, of New Jersey, is quoted by an acquaintance as having said one day this week that Mr. Randall does not now appreciate the condition of affairs, and that he can't expect support from men who don't understand it. Mr. McAdoo has persistently stood by Mr. Randall, so that his apparent inclination now to be more conservative is properly regarded as full of meaning. The appearance of Mr. Randall on the field will probably bring the whole tariff question much more actively under discussion hereafter. At any rate, there are indications that a very lively controversy will be precipitated in a quiet way as soon as the eminent Democratic advocate of protection reaches here.

## CONSTIPATION

Loss of Appetite, Sick Headache, Bad Breath, etc.

The treatment of Constipation does not consist merely in unloading the bowels. The medicine must not only act as a purgative, but be a tonic as well, and not produce after its use a regular habit of body without changing the diet or disorganizing the system.

"My attention, after suffering with Constipation for two years, was called to Simmons' Liver Regulator, and, having tried almost everything else, concluded to try it. I first took a single dose, and after a few minutes the most wonderful relief was experienced. After the first dose I continued it until I took two bottles. Since then I have not experienced any difficulty. I keep it in my house and would not be without it, but having no use for it, it having cured me.—Geo. W. West, Asst. # THE TRI-WEEKLY NEW ERA

—PUBLISHED BY—  
New Era Printing and Publishing Co.  
SATURDAY, NOVEMBER 26, 1937.

The Labor party is to have an organ in Philadelphia. Secretary Lichman, it is thought, will have editorial control. It is to be a weekly, and the price will be one dollar per year.

It seems as if there will likely be trouble yet over the Candler-Abbott affair. First comes the Alabama Conference and requests that Dr. Kelly resign his office as Treasurer of the General Conference, and now the Arkansas Conference comes forward with a resolution asking that he take such steps as will neutralize his course, and in the event of his refusal, that he resign his position. Dr. Kelly is one of the ablest men in the Methodist church, South, and this matter is to be deplored on his account as well as that of the church. He is known all over the country as a thorough Christian gentleman, and one who has done great good as a missionary.

To-day an election will be held in Atlanta to determine whether the city will be "wet" or "dry" for the next two years. Business is entirely suspended, and both men and women are upon the streets discussing the question. A great deal of feeling is manifested, especially because the ladies declare that they intend to have free lunch stands upon the streets, and hand out lunches to colored men who vote for prohibition. One old colored man says of it: "I see in it the greatest danger. White ladies are inviting this familiarity, and yet it is our young men, emboldened by this invitation, should speak to one of them the next day, he would stand a mighty good chance of getting lynched." Little or no business has been done in the past week, all being too much excited over the fight.

## A BOARD OF PARDONS.

Tennessee's governor expresses himself very plainly in regard to the punishment and pardoning of criminals. He insists that the State ought to have a Board of Pardons; that the governor has not the time to investigate all the petitions that are sent him. Governor Taylor takes a very reasonable and sensible view of the matter and the few instances he gives are as only one in a hundred. Times and without number are cases brought before a governor where the punishment seems severe, yet he has not the time to investigate. Many are thus compelled to suffer severely for a slight offense. Again, cases where the offense is great may be brought before him when he is busiest with public affairs that cannot be neglected, and brought with such power that he may grant a pardon, relying upon the reports and the high standing of the petitioners for evidence that he has not the time to investigate. In this wise he may do harm unintentionally. The matter will likely be brought before the Tennessee legislature, and if passed, will at least take a great responsibility from the governor's shoulders.

## INTERNAL REVENUE LAWS.

Persons are often heard speaking of a "government license," while the fact is the United States government never issues a license of any kind, but merely imposes a special tax on various occupations, and a person whose occupation comes within the list laid down by law has to pay the special tax imposed on that occupation, and secure a stamp to show he has paid that tax. The Internal Revenue laws of the United States government impose a special tax upon twenty-five kinds of business or occupations, among which is the business of occupation of retail liquor dealers, and every person engaged in these occupations has to pay the special tax and secure a special tax stamp before same can be lawfully carried on. An erroneous opinion seems to be held by some persons that the payment of the special tax on the business or occupation of retail liquor dealer exempts the special taxpayer from any penalty or punishment provided by the laws of any State or country for carrying on the same. The United States revised statutes says that the payment of the special tax imposed by the Internal Revenue laws for carrying on any trade or business shall not be held to exempt any person from any penalty or punishment provided by the laws of any State or country for carrying on the same within such State or country. Persons living in prohibition or local option counties, towns or villages who apply to the United States Collector of this district for special tax stamps for retail liquor dealers are always informed of the fact that the payment of the special tax does not exempt them from any punishment provided by their local laws.

## FOR COUNCILMEN.

As will be seen elsewhere in this issue a mass-meeting has been held for the purpose of nominating a new Board of Councilmen. The meeting was called by the young and progressive men of the city and a full ticket nominated. Selections were taken from a great number of names, and those most popular placed upon the ticket. The meeting was composed of some fifty citizens who met at the rink. It is to be regretted that a larger audience was not present on the occasion. The new ticket is composed of J. I. Landes, J. M. Starling, F. J. Brownell, M. C. Forbes and Geo. H. Johnson. On this ticket are four Republicans and three Democrats.

The present Board consists of Geo. O. Thompson, E. P. Campbell, S. E. Triple, Alec Gilliland, J. M. Starling, Omar Brown and D. R. Beard. This Board consists of four Republicans, two Democrats and one Independent.

actions in the past. If you believe the present Board better capable of looking after the city's interest, of bettering its future, of giving life to its undertakings and pushing it forward as it should be done, then vote for them. On the contrary, if you think the new ticket will more fully represent the progressive ideas, better carry out the wishes of the people as to improvements, and see to it that her future does not suffer from want of attention to her present needs, then give them your support. Only be sure you vote for that ticket which will further the city's interest in the way of all needed improvements.

## PRESS COMMENTS.

### MORE TO COME.

New Orleans States: The Republican newspapers have suggested more tickets for their party to support than there are squares on a turtle's back. The last is Allison and Hawley, but there are many back counties to hear from and the end is not yet.

### WHAT HE CAN DO.

Little Rock Gazette: Blaine may now be an impossible candidate for president from the success standpoint, but he will be able to kuff the boys who shore him aside for somebody else. It is little facts of this kind that just now fill the Republican cup with bliss.

### PLEASE TELL US WHEN.

Hartford Courant: It is certainly no gratifying to Republicans generally to find New York for several years in succession giving Democratic pluralities, especially when we recall its glorious record since the Republican party was formed, viz: 80,000 majority for Fremont, 50,000 for Lincoln, 50,000 for Grant, 26,000 for Hayes and 21,000 for Garfield.

Birmingham Age: Will somebody please tell us when it was that a man named Hayes received a majority of 26,000 votes or any other majority in New York?

### NASHVILLE'S CITY GOVERNMENT.

New Orleans Times-Democrat: It is quite evident that the citizens who first supported this municipal improvement in Nashville have grown careless. The fact is again demonstrated that extravagance, corruption and high taxes are the consequence of misgovernment, and that misgovernment can no longer be carried on in defiance of the wishes of a majority of the people. No municipal system, no political device can shield a city from the consequences of the ignorance or indifference of its own people. The Nashville experiment has again demonstrated very clearly the improved proposition that the fault in American towns lies not in the municipal charters, many of which are excellent, but in public carelessness or indifference. Whatever reforms are obtained are secured, not by amending the charter, but by electing good men to office. If the voters devoted themselves more to this, if they would cease to attribute municipal defects to a faulty charter and more to those who administer it improperly, there would be fewer experiments, less complaining and more eminent municipal government in this country.

Chicago Herald: Although society has seen fit to assert its power, there is still a strong hope that it may have saved the misfortune of again exerting sovereign will in an exemplary manner. Chicago has signalled the determination of Illinois in the matter of the proposed social revolution. It is to be expected that a new ticket has been put in the field against the old Board, representing the progressive men of the town. Will you please say if the present Board will, if elected, give us a market-house? If so, we are for the old Board.

### AN ANSWER WANTED.

To the Council of Hopkinsville: A new ticket has been put in the field against the old Board, representing the progressive men of the town. Will you please say if the present Board will, if elected, give us a market-house? If so, we are for the old Board.

### NEWS FROM CLARKSVILLE.

Nashville News: Nov. 25.—A special to the American says: Henry Alderholt, the man who created a sensation last summer with his floating saloon on Cumberland river in defiance of State law, is at it again. His boat is at Hagerwood's Landing, in Cheatham county. Alderholt was arrested last July by Deputy Marshal Lowe for selling whiskey, and bound over by Commissioner Bailey to the Federal Court. He had government license for selling whiskey at Hagerwood Landing, but not river or steamboat license. He now claims to have the proper government license, and that the State and county has no authority over him; that he is doing business on the public highway under national authority.

Monroe Rogers, Montgomery County Register, and Jas. B. Williams have bought Mr. Ed. Bryant's farm, 415 acres, known as the old Williamson mill place. They paid \$15,000. The old custom mill was destroyed by fire several years ago.

Several fires have occurred in the county this week. Minor Anderson's house near Tingo was burnt Monday evening; building worth \$2,500. Mr. A. has a policy in Wood's agency for \$950 on furniture. He also carried a policy in Pittman's Agency for \$1,000, which expired lately and he refused to renew. The residence of Thomas O'Neill and Mrs. Ogburn, in the Eighth district, were burnt Monday and Tuesday nights; no insurance.

### DON'T EXPERIMENT.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may sell you a cheap something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. For sale at H. B. Garner's City Pharmacy.

## A MASS-MEETING.

Of Citizens at the Skating Rink Wednesday Night.

On Wednesday persons interested in the matter had circulars printed and scattered over the city calling a meeting of the citizens at the skating rink for the purpose of nominating a Board of Councilmen for the ensuing term. At 7 p. m. quite a crowd gathered, but owing to the state of the weather many were prevented from attending who doubtless would have been there at another time. The meeting was called to order and Mr. Wm. Cowan made chairman and Jno. W. Richards secretary. The chairman stated the object of the meeting as being to nominate a Board of Councilmen who were live and progressive men. It was suggested and agreed to that each division of the city be taken up separately and men nominated from those sections. The South end was first in order and the names of Jas. M. Howe, A. W. Pyle, J. P. Prouse, R. H. Detreville, J. D. Russell, C. H. Bush and J. P. Candler were presented. Jas. M. Howe was unanimously nominated. The Eastern division was next called and the names of F. J. Brownell, M. W. Williams, Dr. W. G. Wheeler, Nat. Galtier, E. B. Long, and Jarrett Hawkins, colored, were called out. In the voting, F. J. Brownell lead by a good majority, and was declared the nominee. In the Western division the names of John W. Smith, Geo. H. Johnson, W. J. Withers and Alex. Gilliland were placed before the house, and resulted in the nomination of Geo. H. Johnson.

The northeast section was represented by Andrew Hall, Peter Postell, colored, and J. M. Starling. Mr. Hall was first nominated but afterward requested that another choice be made, and Peter Postell was declared the nominee. The remaining three were selected at random from the different sections of the city. Various names were called and quite spirited discussions were indulged in as to the merits of the different candidates. On a vote Judge J. I. Landes, J. M. Starling and M. C. Forbes received a majority and were declared the nominees.

Messrs. Andrew Hall, Joe Frankel and C. W. Quaker were appointed a committee to wait upon the gentlemen and inform them of their nomination and to report at the next meeting. The crowd seemed quite enthusiastic over the result, and said that the ticket would be elected without trouble, as they were all known to be men of enterprise and progression. The meeting adjourned until Monday night, when it is hoped all who feel an interest in the matter will be there to hear the report of the committee.

## DIED.

TYWMAN.—At her late residence in this city, on Tuesday morning, November 22nd, 1887, after a protracted illness, Mrs. John A. Tywman.

The deceased was a native of this State and has been a resident of this city during her life. She was gentle, amiable, unselfish and self-sacrificing, and in all the relations of life which she sustained as wife, mother, sister and friend, she was a true woman. She was an earnest and constant Christian and had been a member of the Baptist church for over a quarter of a century. We tender our sympathy to the grief-stricken relatives and friends in their great loss.

Everybody is invited to these services.

Thanksgiving Dinners.  
The various hotels and private boarding houses in Hopkinsville Thursday furnished a theme for conversation not soon to be forgotten. At the three principal public houses, the Phoenix, Burke, and the Lewis House, were spread tables supplied with every variety of substantial food, supplemented by the choicest delicacies to be procured in the market. At the Phoenix the tables were never spread with a choicer repast, both as to quality and quantity, and every dish evinced careful selection.

The Day After Thanksgiving.  
The day following Thanksgiving there was agony in millions of dwellings. While the old and the minor aged from the children weep and wail, and gnash their little teeth. Millions grow red in the face and manifest symptoms of apoplexy. Straightway they become penitent, and solemnly resolve to abjure Thanksgiving dinners in the future. Thursday all America rejoiced and gave thanks for a holiday, to-day all America renders thanks because the holiday is over. Thursday all was gush and sentiment, and turkey and wine. To-day everything is sour, stale and flat, even to the dinner-out. So wags the world.

The Bonds Canceled.  
Without any previous announcement or intimation of the intention, a communication was received at the council meeting last night from Mayor Lee and Chief Justice J. D. Roper, a director of the Louisville, St. Louis and Texas railroad, announcing that they, as a joint committee for the city and railroad company, had on November 15th withdrawn from the German National Bank of Evansville, the \$100,000 worth of second mortgage bonds of the railroad company, the interest on which for fifteen years the city had guaranteed under certain conditions, and canceled the same. The conditions, it will be remembered, were that fifty miles of the railroad should be built from Owensboro before January 1, 1885. The bonds were canceled on motion of the railroad company; it having realized that it could not complete its contract within the time prescribed. A part of the agreement between the city and the company was, however, that \$20,000 worth of the bonds should be delivered to the company upon the completion of each ten miles of the railroad. It is yet possible to finish the first ten miles, and more before January 1st, but the company desiring to act in perfect good faith with the city voluntarily canceled the bonds six weeks in advance of the limit of time—Owensboro Messenger.

R. Y. Pendleton, Volney C. Clark, Thos. Elliott, R. M. Anderson and Esq. James P. Pool, have been appointed by the court as supervisors of the tax books. Persons who have complaint to make will appear before them on the first Monday in January. They convene first Monday and hold their session for six days. It would be wise for taxpayers to preserve this notice, for after the session adjourns there will be no relief for persons improperly assessed.

Thanksgiving Day was very generally observed in this city. The post-office, telegraph office, express office, the colleges and schools, the three banks, and a few stores were closed. There were no services at the churches except the Methodist, all other denominations being attracted there to listen to an able sermon by Rev. W. L. Nourse. The church was tastefully decorated. A number of young men left the city in the morning to celebrate the day by a big hunt.

We understand that the butchers and slaughter-house men are guilty of maintaining a nuisance. The nature of the offense is that of throwing off and refuse matter in Little river, near their slaughter pens. A lot of meat and de-caying animal matter has lodged against the pier of the railroad bridge north of the city, and the consequence is the emitting of a stinking odor. The matter should be investigated and the parties, if guilty, made to suffer the penalty of the law.

Colic.  
Persons, and especially children, are subject to this agonizing complaint, which often comes on suddenly in the night and without any previous warning. Simmons Liver Regulator should always be at hand. A single dose will generally allay the pain. It never fails in giving relief. It is harmless, and can be given with safety to a child of the tenderest age. For sale by H. B. Garner.

Lost His \$25.  
A novel and interesting suit was before Judge W. P. Winfree yesterday afternoon. The public will remember "Andrea's" novelty show" which played a three nights' engagement at the Opera House some time ago. Mr. Andrea announced from the stage, in addition to printed circulars, that on the last night every ticket would entitle the holder to a prize, among which, some one would draw \$25 in cash. Subsequent events developed the fact that the announced prize was fraudulent so far as the \$25 was concerned. A conspiracy was, to all appearances, entered into by Mr. A. D. Rodgers, John Savage and Andrea, whereby Savage was to draw the \$25, but refund it after the performance. Savage, however, says he never obligated himself to return the money. Mr. Rodgers instituted suit against Mr. Savage and made W. H. Tibbs party to the same. Mr. Rodgers represented his side of the case and T. J. Morrow defendant. After hearing all of the evidence, much of which was ludicrous, the Judge upheld the dignity of the court by dismissing the suit with a gentle hint that the whole affair was a dirty piece of swindling.

The Popular Approval  
Of the efforts of the California Fig Syrup Co., to present to the public an agreeable and effective substitute for the bitter nauseous liver medicines and cathartics formerly in use is as gratifying to the company as it is creditable to the good taste of the public. The large and rapidly increasing sale of Syrup of Figs, and the promptly beneficial effects of a single dose are convincing proofs that it is the most easily taken and the most pleasantly effective remedy known. For sale by Harry B. Garner, City Pharmacy.
