FULTON, NY. APRIL 3, 1931

THE Best Place On Earth

There is no better place to live outside of your home. No matter what it is you want, you can have it if you want it badly enough. The one thing you have to do is want it badly enough. If you do not want it, you are not going to get it, and when you do not get it, you will not have it.

There are no better, fairer, more honest, or better run businesses in any part of the earth than those you find here. All our goods are at a profit for their goods and services. If you find it hard to believe this, ask the manufacturers. They will tell you it is true. If you find it hard to believe this, ask the manufacturers. They will tell you it is true. If you find it hard to believe this, ask the manufacturers. They will tell you it is true.

We are the only place in the world where you can find the best place on earth. We are the only place in the world where you can find the best place on earth. We are the only place in the world where you can find the best place on earth.

If you are not satisfied with what you find here, you can take it back and we will make good. If you are not satisfied with what you find here, you can take it back and we will make good. If you are not satisfied with what you find here, you can take it back and we will make good.

The Best Place on Earth is Fulton. You will never be sorry you made Fulton your home.
Spruce Up For Easter!

Route 5 News

North Winkley and north-east three counties are at last thoroughly ablaze to the need of making a road from the county back to the community. Some report claims that good roads are running and we hope to see them in operation.

Route 6 News

Mrs. No. Coates, a former resident of Wickliffe, who has lived in the north a number of years, has returned to her old home.

Fulton News

Mr. John Coates has returned from the army, and is now employed at the county road department. He is now on the road at Mayfield, where he is engaged in the preparation of roads for the coming season.

Masonic News

The Masonic Lodge of Fulton held a special meeting on March 15th, at which the following officers were elected:

President: Mr. John Coates
Secretary: Mr. John R. Smith
Treasurer: Mr. John W. Jones

The lodge held a successful meeting and plans are now being made for the coming season.

The United States cannot gel on without its railroads. No other form of transportation, even with its many advantages, could adequately serve a country as vast as ours with long distances to be covered and large areas to be reached. Railroads must be kept up and railroads are public property and a responsibility of the government. Do not delay any longer.

DRESDEN FARMER DIES
WHEN STRUCK BY CAR

According to investigation made by Tennessee Highway Patrolmen last week, Eberle Adams, 60, farmer of near Dresden, was fatally injured Thursday of last week on Highway No. 22 between Dresden and Martin. He was hit by a coal company truck of Union City driven by D. Ethridge. Adams sustained a fractured skull and was badly cut on the right side.

We Still Need Our Railroads

This is a vast country, with long distances to be covered and large areas remote from seacoasts. Railroads are peculiarly fitted to its transportation needs.

Railway service, purchase, employment and taxes have contributed greatly to the upbuilding of the country. These contributions must be continued.

We still need our railroads.

Yet many business men are using other methods of transportation, confident that the railroads will somehow get along and be available when needed.

This is a dangerous idea. No farmer expects to work himself and feed them only when he wants to work them. Railroads too must live in order to work.

Constructive criticism and suggestions are invited.

CHICAGO, April 1, 1931.

This progressive railroad has exerted a large influence upon the development of agriculture, industry, population and wealth in the great Mississippi Valley.
