The details involved in putting through the emergency pay program will be fully explained by Mr. Curley and submitted to the Board. It is felt that to see what basic fault could be found with it, it is true that labor is entitled to wage increases made necessary by the rising cost of living and that railroads must be within the ability of the industry to pay. Mr. Curley's formula would probably not be granted emergency compensation, and if it were so granted, it probably would not be found to be illegal. Dairies-Dairy County.
