Ford Value

汛 Bright, enduring RUSTLESS STEEL is used for many exposed bright metal parts of the Ford.

When you buy a Ford you buy enduring beauty. The body finish is made to last for the life of the car and practically all exposed bright metal parts are made of enduring Rustless Steel.

This rustless steel has given a new trade mark.

It is of course a metal all the way through. A new feature in steel is that it is never required polishing. All it is needed is an application of a rustproofing compound, a rustproofing wax, or a rustproofing paint. All of these will be applied by your Ford dealer and will be applied at no cost to the owner of the car.

It is true that the Ford is all metal and that it is all steel, but it is not true that the Ford is all steel. The Ford is all metal, but it is not all steel.

The Ford is all metal and all steel, but it is not all steel. The Ford is all metal and all steel, but it is not all steel.

The Ford is all metal and all steel, but it is not all steel. The Ford is all metal and all steel, but it is not all steel.

The Ford is all metal and all steel, but it is not all steel. The Ford is all metal and all steel, but it is not all steel.

The Ford is all metal and all steel, but it is not all steel. The Ford is all metal and all steel, but it is not all steel.

The Ford is all metal and all steel, but it is not all steel. The Ford is all metal and all steel, but it is not all steel.

McNary-Mapes Amendment

FOR THE AMERICAN FAMILY

SIXTH or eight thousand men, women, and children of all ages crowded in the avenues of Washington, D.C., to-day in the largest demonstration of its kind ever known in the city. The demonstration was the result of a movement started by the McNary-Mapes Amendment, which seeks to bring about a pure food and drug act.

The movement has been gaining ground rapidly, and the demonstration today was a demonstration of the public support that the movement has been receiving. The movement is based on the belief that the public health is at stake and that something must be done to protect the public from the evils that exist in the present system of food and drug regulation.

Lesson for April 12

The parable of the Prodigal Son

The father had not forgotten his only son, and one day he came to himself. "I have sinned against heaven, and against thee, and am no more worthy to be called thy son." So he prepared a feast for his son's return. The father's servants were sent to invite the son back to the family. When the son heard a noise of the drum and the flute, he knew they were preparing a feast for him. He was ashamed and ran to his father's house. "Father, I have sinned against heaven and you. I am no more worthy to be called your son. Make me one of your hired servants." But the father said, "Son, your sins are forgiven you. Return to me. I have saved you from death and slavery by making you my son again. You are my son, and I love you. You are welcome home. Come back to me and I will give you a new start."

The theme of this parable is that God's love is unmerited and unchangeable. The father's love for his son was not based on the son's actions, but on his understanding of the father's love. The son realized that he had sinned against God and his family and was ready to return home. The father welcomed him back with open arms and gave him a new start.

The end of the parable is a celebration of the son's return. The family rejoiced and the father threw a feast for his son. The parable teaches us that God's love is unmerited and unchangeable.
