HOW TO PROTECT CROPS AGAINST NATURAL ENEMIES

CHANCELY, for the various enemies against plant diseases, weeds, and pests and the destructive effects of natural enemies that are fertilized are likely to fare better than those that are infertile. This is the conclusion drawn in a thorough round tabulation in the Middle West Soil Improvement Committee. Special attention is directed to the enormous fertility of the spring season against weeds, pests and other enemies.

HOMEMAKERS NEWS

The Advisory Council of Fulton County, Kentucky, announced that a second Homemakers Conference will be given there next May 18 in the Keefauver office in the post office at Hickman.

Mrs. E. Evans, county project chairman, presided at the meeting. Mrs. Clarion Cutrer acted as secretary of the meeting. Miss Inez Fancher, county project chairman, announced plans for the year and the purpose of the organization. For the purpose of increasing the knowl-

dge of all members, a general meeting was held on the first day of school. Parents were to be invited on the second day and all members of the organization were to be present.

All reports were given showing the work of the various groups being carried on by the various homemakers in the various counties. Only a few minutes were spent on the second day and it was decided to plan the year's work beginning in September. The Council voted to have a meeting every Monday night.

The meeting was called to order by Mrs. E. Evans, chairman.
