May Day Is Child Health Day

May Day has for many centuries represented the Children's Day of the old-time religion. It is a beautiful festival in honor of the Virgin Mary, the Goddess Flora. May Day is the first day of May, and the festival is called Blossom Day. It is the time when the flowers begin to bloom, and the trees to bud. It is a day of rejoicing and celebration, and is marked by the planting of flowers, the singing of children's songs, and the distribution of gifts to the children.

May Day is a beautiful flower festival in England, and is celebrated in a number of ways. In the country, it is a day of outdoor fun and games, with the children playing games such as hopscotch, tag, and hide-and-seek. In the city, it is a day of parades and festivities, with the children dressed in their best clothes and marching in the streets. In some places, it is a day of special presents, with the children receiving gifts of flowers and sweets from their parents.

In England the celebration of May Day is a tradition that dates back to the days of the old religion, and is still celebrated today. It is a day of joy and celebration, and is enjoyed by children and adults alike.

Baseball Season Opens at Fulton

The baseball season got off the ground last Sunday at the fair grounds. The field was filled with children of all ages, watching the games and cheering for their favorite teams. The weather was perfect for baseball, with a mild breeze blowing and the sun shining brightly. The game was played with great enthusiasm, and the children had a wonderful time.

The stands were packed with children, watching the games and cheering for their favorite teams. The weather was perfect for baseball, with a mild breeze blowing and the sun shining brightly. The game was played with great enthusiasm, and the children had a wonderful time.

Negro Hanged

In Union City

George Smith, 22, a negro, was hanged in the courthouse yard at Union City, Saturday, by a mob of white men who had gathered there to mete out justice.

The hanging was a tragic event that took place in Union City, Tennessee, on May 4, 1919. A Negro man named George Smith was hanged by a white mob on the courthouse lawn. The incident took place during the Union City race riot, which occurred in the aftermath of World War I.

Negroes who had been killed in race riots in other cities had their bodies thrown into an open grave. The bodies were often left unsigned, and the people who had been killed were often black men who had been lynched because of the race riots. The bodies were often burned and then thrown into an open grave.

Democracy Vote

Constitutional Amendment

In 1919, a constitutional amendment was proposed in the United States that would have granted voting rights to women. The amendment was sponsored by the American Woman Suffrage Association, and was supported by many women's rights organizations.

The amendment was passed by Congress and sent to the states for ratification. However, it was not ratified by the necessary three-fourths of the states, and was eventually rejected.

High School Notes

The high school has been busy preparing for the upcoming year. The students are working hard to prepare for the challenges of the academic year, and are looking forward to a successful year.

The administration and staff have been busy preparing for the new school year. The teachers are working hard to prepare for the challenges of the academic year, and are looking forward to a successful year.
DOLLAR FARMING!

If you are going to raise corn you don't plant whole corn—do you? Grain by grain, hill by hill you drop it until your entire field is planted. As you raise corn, raise dollars. Plant them as you get them—in an account with us. This is the seed time for your dollar crop. Soon now and reap in the days to come.

Long, hard use shows the value of good materials and simplicity of design

EVERYONE can see you have reports of the good performance and reliability of the Ford.

One owner writes: "The Ford Tudor Sedan I am driving has covered 20,000 miles through all kinds of weather. It is still giving perfect satisfaction."

Another owner describes a trip of 12,000 miles in 95 hours over bad roads and through heavy rain. The Ford performed excellently and no mechanical trouble of any kind occurred. The owner sold the Ford at a low figure with no sacrifice in its appearance and with no mechanical trouble of any kind. No one ever asked for a refund of the money paid for the purchase of the vehicle. The Ford is worth more than it was paid for.

The Ford is the only car that can give you the performance and dependability that it is worth twice as much as it was paid for.

LOW FORD PRICES

$130 to $630

(As low as you can get with no freight and delivery. Journals and price list for all cars at low cost. You can buy a Ford in a month with maximum credit and minimum monthly payments through the authorized Ford Credit Company.)

In Case of Emergency

When you want a thing in a hurry you rush to a local store and get it. But do you realize that the existence of our stores depends upon continued business.

If every person in this community were to use the same stores that are used by everyone else, there would be no need for credit. The credit system would collapse.

The store in your community has modern facilities and experienced personnel to serve you. They are ready to serve you, but they cannot do it if you do not use them. The store in your community is your best friend. Use it. Support it. It will benefit you as it benefits the entire community.

Patronize the advertisers in this paper. They are your friends and will give you the best values and service.

**Communitly Building**

**Excellent Results of Child Health Program**

A definite program of health work at Fulton, Illinois, has been put into effect, has built up a health consciousness in the community. This program includes dental and venereal disease education and work. In the primary grades the health education is given through the school nurse. In the fourth, fifth and sixth grades health teaching is given by the class teacher. At the beginning of each term, the health nurse makes a personal visit to every home and talks to the parents. She explains the value of dental care and asks them to cooperate. A regular program of venereal disease work is also carried on by the school nurse.

What the Little Rock program has evolved into looks like the beginning of a great national trend. Every time a community gets a strong leader, it seems to happen that the health work progresses. We have in this city the beginning of such a program. The schools, the church, the Temple, the health department, the city, have all been working together.

The health program has been carried out in schools, clinics and private homes. The public health nurse has had many opportunities to work with the children in school, to talk to them personally, to talk to the mothers, to talk to the teachers.

In the primary grades the health education is given through the school nurse. In the fourth, fifth and sixth grades health teaching is given by the class teacher. At the beginning of each term, the health nurse makes a personal visit to every home and talks to the parents. She explains the value of dental care and asks them to cooperate.
