THE ClANCY KIDS

By PERCY L. CROSBY

"I'M NOT GONNA TELL YOU WHAT I'M GONNA TELL YOU"

"THEI'RE NOT GONNA TELL YOU WHAT THEY'RE GONNA TELL YOU"

"THEY'RE NOT GONNA TELL ME WHAT THEY'RE GONNA TELL ME"

I'm not gonna tell you what I'm gonna tell you. I'm not gonna tell you what they're gonna tell you. I'm not gonna tell me what they're gonna tell me. I'm gonna tell you what I'm gonna tell you, and I'm gonna tell you what they're gonna tell you, and I'm gonna tell me what they're gonna tell me.

Just imagine a world where parents can't tell their children anything. It's a world where schools can't tell students anything. It's a world where governments can't tell citizens anything. It's a world where the media can't tell the truth.

But why would anyone want to live in such a world? Why would anyone want to live in a world where no one can trust anyone else? Why would anyone want to live in a world where every word is a lie?

It's because in such a world, people would have to rely on their own判断 and their own common sense. They would have to be able to think for themselves and make their own decisions. They would have to be able to see the truth and reject the lies.

And that's what the Clancy Kids are all about. They're a group of rebels who refuse to be told what to do. They're a group of revolutionaries who refuse to be controlled. They're a group of free thinkers who refuse to be silenced.

They're the voice of a generation that's tired of being told what to do. They're the voice of a generation that's tired of being told what to believe. They're the voice of a generation that's tired of being told what to think.

The Clancy Kids are the voice of a revolution. They're the voice of a revolution that's happening right now. They're the voice of a revolution that's going to change the world.

They're the voice of a revolution that's going to make the world a better place. They're the voice of a revolution that's going to make the world a safer place. They're the voice of a revolution that's going to make the world a stronger place.

So listen up, kids. Listen up, adults. Listen up, everyone. Listen up to the Clancy Kids. Listen up to the revolution. Listen up to the future.
