VOLUME III.

HOPKINSVILLE, CHRISTIAN COUNTY, KENTUCKY, SATURDAY, DECEMBER 24, 1887.

NUMBER 39

CONDENSED NEWS.

The Great Eastern has been sold for \$15,000. She will be broken up and sold for old metal.

The formal announcement of John S. Barbour's election to the United States senate has been made.

An eleven-year old boy in New York died Wednesday from loss of blood occasioned by pulling a tooth.

A fire broke out at Pittsburg, Pa., Thursday, destroying \$200,000 worth of property. Three firemen were injured.

A residence was wrecked, a woman killed, and several persons injured by a gas explosion at Findlay, O., yesterday.

George Williams was hanged in Birmingham, Ala., yesterday for the murder of a fellow convict in one of the Pratt coal mines.

A collision between two trains on the Queen & Crescent road, in Alabama, resulted in the death of one tramp and the fatal injury of another.

A five story building in Joliet, Ill., fell Thursday—killing two men, seriously wounding three and seriously injuring two others.

A Paris, Ill., girl committed suicide Thursday by hanging herself with strips torn from an old calico dress. A love affair is the supposed cause.

A mob marched into Tompkinsville with the intention of lynching the burglar and firebug, but were deterred by the posse guarding the jail.

Henry S. Ives has turned the tables and sued President Dexter, of the Cincinnati, Hamilton & Dayton railway for \$100,000 damages for false arrest.

Convicts in the state prison at Nashville recently made an attempt to cut their way out, but were discovered just before the accomplishment of their design.

The steamer San Vincente, Pacific Steamship Company, burned to the water's edge Wednesday night, forty-five miles off San Francisco. Eleven lives were lost.

John White has been arrested in Chattanooga for robbing the Southern Express Company of a \$500 express package. The robbery was committed about four weeks ago.

A report from Glen Mary, Tenn., says a big riot occurred there Thursday between colored and white workmen. Over two hundred shots were fired. Two people were killed and many injured.

Advices from the western part of Kansas state that there is as much scarcity of food among the cattlemen as fuel. That the snow has so blocked the roads that it is impossible to get freight through.

At Nogales, Ariz., a section foreman and a woodchopper, both Mexicans, engaged in a fight. During its progress the foreman split the woodchopper's head open with an axe, the front portion falling over on his breast, presenting a sickening spectacle.

Flora, Ill., is excited over an episode that occurred there recently. Two prominent citizens attempted to break into the residence of a widow for immoral purposes, and while climbing through a window were shot by her. They have been arrested and placed under bond.

At Mt. Sterling, Ky., four persons were killed at the crossing of the New-Port News & Mississippi Valley railroad and the Mt. Sterling and Owensville turnpike. Two men and two women composed the party, and they were in a wagon crossing the track when struck by the train. All parties were drunk.

While Ida Gephart was being married at Mt. Pleasant, N. Y., Wednesday, her mother with a scream fell to the floor of the church unconconscious. Then, following suit, dropped over into the arms of the groom. The minister wasn't to be bluffed off by a little thing like that, and kept on with the service till it was finished.

An incoming Baltimore & Ohio train dashed at full speed into a crowd of people boarding a suburban train at Chicago Friday. One lady was killed. When the train stopped, an infuriated mob, who had barely escaped death, boarded the cab, hauled out the engineer, and proceeded to lynch him, when officers arrived and rescued him. There was no sound of bell or whistle to warn the people of danger. No excuse was given for the accident.

The political struggle now being waged in Louisiana is bearing bloody fruit. At Farmerville Judge Trimble, editor of the Gazette, and J. Ramsey a candidate for the legislature, met in a store and began a quarrel. After a few words, Trimble drew a pistol and fired at Ramsey, shooting him through the heart as he was in the act of drawing his weapon. Ramsey's friends at once opened fire upon Trimble, one ball penetrating the brain and two others the body. At another place, a political difficulty resulted in the fatal wounding of the three men.

Rochester, N. Y., was the scene of several disastrous explosions Wednesday. About 14,000 gallons of naphtha were being pumped from the Vacuum oil works through the pipe line in the bed of the old canal to the Municipal Gas Company's tanks. Breaks in the line allowed the naphtha to escape into the adjoining sewers. When the sewers became surcharged it escaped into the mills and exploded. The Pool mill was completely wrecked. The fire made its way through the mains in the middle of the streets, throwing out man-holes and tearing up roadways. Several lives were lost and two mills shattered and burned.

The Tompkinsville Robbers.

GLASGOW, KY., Dec. 23.—A special to the Courier-Journal says: Contrary to general expectation the Tompkinsville burglars and fire-bugs reached the jail at that place in safety under the escort of their guards, notwithstanding a great and excited crowd was awaiting their arrival. The streets of the little town were so densely packed with men that it was with the greatest difficulty the sheriff's posse made its way through with the wagon and prisoners. The robbers were still alive and breathing at last accounts. A search was made for the bonds the men confessed to have hidden in Monroe county, and \$3,000 worth were found where they stated in Dave Wood's barn, a mile and a half from Tompkinsville, on the Centerville (Tenn.) road. A lot of notes and receipts were also found. These were the bonds lost by Bud Bedford, and belong to the celebrated Frame estate. Although all of the men were thoroughly searched when arrested at Knoxville, and everything in the shape of arms and money thought to have been taken from them, the man Millard, alias White, was found to have in his possession this morning upwards of \$400.

A strong guard has been thrown around the Tompkinsville jail, and the prisoners have agreed to confess their guilt in open court and let a jury fix their punishment at the extreme penalty in each of their cases upon the three charges of burglary, arson of private property and the burning of the Monroe county court-house if the citizens will protect them from mob violence. This has been agreed to, but how far it is binding upon the prisoners is a legal question, the benefit and advantage of which they will hardly care to take in view of the close acquaintance they are likely to make with eternity if they do not submit to the terms made without privilege or technicalities. The aggregate of the punishment each man will receive under the above agreement is forty-three years.

It is now thought the law will be permitted to take its course, but this is by no means certain owing to the desperate excitement existing throughout the entire county of Monroe. Circuit Court meets there the first Monday in January, when the men will be indicted, if alive, and given the fullest penalties attached to their crime.

The Monster Raft.

HALIFAX, N.S., Dec. 23.—The steamer Miranda, with the big timber raft in tow, has not been heard from since she passed Brier Island on the 10th. There is considerable uneasiness here over the fate of the raft. It is now about two weeks since the steamer started from Joggins. It was expected that she would reach New York before this. The fact that she has not been reported by vessels arriving at New England ports is regarded as very curious.

Wagers are being frequently made that the raft will never reach its destination, but the projectors' friends express the belief that the Miranda has taken the raft well out to sea, where she could let it go in case of storm and get hold of it again when the weather moderated. This may explain the delay.

Unless it is broken up, which is deemed improbable, the huge raft is now wandering about in the track of the European steamers and presenting fourteen to sixteen feet of its immense and solid bulk above the water. Even a slight collision with it would carry ruin to the largest steamer.

The raft was composed of 27,000 logs, and was 560 feet long and eighty feet wide and thirty-eight feet high. It was shaped like a cigar, and was owned by a New York ship-builder. It was bound together with chains, and will hold together a long time. When last seen it was rapidly drifting out to sea and into the track of ocean-going steamers. Ship captains are much excited, and insist that the huge mass must be secured or blown up.

Men must and women weep. So runs the world away. But they need not weep so much if they use Dr. Pierce's "Favorite Prescription," which cures all the painful maladies peculiar to women. Sold by druggists.

Littell's Living Age.

Littell & Co., Boston, are the publishers.

After Three Years.

W. F. Walton, of Springfield, Tenn., says: "I have been suffering with neuralgia in my face and head on and off for three years. I purchased a box of Dr. Tanner's Infallible Neuralgia Cure and took eight of the pills. I have not felt any symptoms of Neuralgia since. It gives me pleasure to recommend it." Sold by all druggists.

From Antioch.

ANTIOCH, DEC. 20, '87.—The last week or ten days has been as pleasant winter weather as any one could desire. It seems that the goosebone predictions are very true so far.

Some of the most progressive farmers of this neighborhood are taking advantage of the opportunity and are turning their land for next year's crops.

Mr. Harry Haddock has lately moved into the house vacated by Mr. John Phipps.

Mr. Davis Wilkins has moved to our neighborhood, occupying the house vacated by Mrs. Burky.

There is to be preaching by Rev. Mr. Lamb at the Methodist church near here on Christmas day.

Miss Laura Myers, of near Kirkmansville, is visiting in this community.

A young man of this neighborhood is having a house erected, which fact is causing numerous whores and many surmises that something is going to occur soon.

I think we almost deserve the name of a village. "The true we have not many business houses, but we have a blacksmith shop and a hogpen, and there is no telling what may come in the future."

The Dudes Know It.

Or if they don't they should know that Ransom Root Liniment cured Big Head in mules for W. E. Hunt, of Adairsville, Ky. J. H. Mallory, of Fort Station, Tenn., cured his hogs of blind staggers with it. In fact this King of Liniments is invaluable for man and beast, and no family should be without it. Sold by all druggists.

CONSTITUTION.

It is called the "Father of Diseases," because there is no medium through which disease so often attacks the system as by the absorption of poisonous matter in the retention of excremental matter in the stomach and bowels. It is caused by a torpid liver, and enough bile being excreted from the blood to poison the system, and in a general way accompanied with such results as:

Loss of Appetite, Sick Headache, Bad Breath, etc.

The treatment of Constipation does not consist merely in inducing the bowels. The true cure must not only act as a purgative, but be a tonic as well, and not produce after its greater costiveness. To secure a regular habit of body without changing the diet or disorganizing the system.

A WEEKLY MAGAZINE, it gives fifty-two numbers of sixty-four large pages each (or more than 3,300 pages a year).

Three and a Quarter Thousand double column octavo pages of reading-matter yearly. It presents in an inexpensive form, considering its great amount of matter, with its choice of writing to its weekly issue, and with a completeness, nowhere else attempted.

FOREMOST LIVING WRITERS.

The ablest and most cultivated intellects in every department of literature, science, politics, history, and biography, are contributors to the Living Age, and especially of Great Britain.

The Living Age, forming four large volumes a year, furnishes, from the great and generally acknowledged mass of this literature, the most complete compilation that, within the reach of all, is attainable in the world.

It is therefore indispensable to every one who wishes to keep pace with the events of intellectual progress of the time, or to cultivate in himself or his family general intelligence and literary taste.

Opinions.

"We have thought that it was impossible to improve upon this grand publication, yet it does seem to grow better each year. We regard it as the most valuable publication of the time."

"By reading it one can keep abreast of the current of thought, and of the progress of the human mind."

"Such a publication cannot be too highly recommended. It is a treasure-house of knowledge, and a source of inspiration to every one who is interested in the progress of the human mind."

"It is a publication of great value and interest, and one which every one who is interested in the progress of the human mind should read."

First Class Druggists' Wagon and Careful Drivers.

—PUBLISHED BY—
New Era Printing and Publishing Co.
SATURDAY, DECEMBER 24, 1887.

Scientists in their investigations of the Crown Prince's throat, have discovered that the blood of a patient suffering from cancer contains an abnormal quantity of sugar. And yet, despite this, some people keep howling for free sugar. May they all have cancer.

Charles Meschan, late of the Hopkinsville South Kentuckian, has gone to Southern California to engage in the newspaper business.—Paducah Standard.

The Standard's informant is a little previous. Bro. Meschan is still hanging around our city.

It is understood that the new city council of Atlanta, coming in January 1st, will repeal the high license ordinance recently passed. This ordinance requires dealers to pay a license of \$1,500, with certain restrictions and does not suit the saloonists of the city. From this it seems that the anti have the city by the tail.

The ways and means committee has been made up and Mr. Mills gets the chairmanship. It is as follows: Roger Q. Mills, of Texas; Charles R. Breckinridge, Ark.; W. C. P. Breckinridge, Ky.; S. Cox, N. Y.; W. D. Byrum, Ind.; H. Turner, Ga.; W. L. Wilson, Va.; W. D. Kelly, Pa.; Thomas M. Browne, Ind.; T. B. Reed, Me.; Wm. McKinley, Jr., O.; and W. E. Fuller, La. The last five are Republicans and the remainder Democrats. Mr. Mills is a brother of John N. Mills, of the firm of Wheeler, Mills & Co., tobacco merchants, this city.

Our Canadian brethren, too, have a pauper immigration problem to face. England finds it about one-half cheaper to bundle them up and send them over to Canada than to keep them at home for a year, consequently large numbers are being dumped over into the Dominion just now. The Canadian parliament will be asked to legislate against this abuse. The laws of our country in regard to immigration are not strict enough, and it is to be hoped that the present congress will take some action on the matter. Much worse things could be done than to pass of Senator Farwell's bill bearing on this question.

CHRISTMAS GREETINGS.
"Peace on earth; good will towards men."

To our readers: May you live long and enjoy much prosperity.

To the business men: May your sales increase, your pocketbooks grow fat and your advertisements larger.

To the police: May the lamp post-grow softer to lean upon; may the weather get warm; may drinks be plenty, and elections often.

To the council: Here's to your health! We freely forgive you for past offenses and questions unanswered.

To the prohibitionists: Rest easy; the eggs are not all frozen and the train is on time.

To the anti: Whoop! Hah for China! mas!

To the South Kentuckians: Long may you wave! May the jug never get empty.

To the ladies: Thanks; yes we'll be pleased to dine with you.

To everybody: A merry Christmas and a stocking full of good things.

SECRET SESSIONS.
The proposition to abolish secret sessions has again come up in the senate of the United States. The question of holding executive sessions is being generally discussed, and the great majority of the people are in favor of its abolition. It is but right that the people should know what is going on in regard to subjects in which they are interested. Representatives are sent to congress to work for the interests of the people, and that people have a right to demand that their work shall be open and above board. A representative is nothing more than a hired servant, and that servant should obey the instructions given by the master. How can we know he is doing his duty unless we see him work? The people have rights, and these rights are paramount to individual interests. A man has no right to conceal his actions from the public, if he is a public man, to gain or lose by his action. There is nothing which a body elected by the people may discuss which that people may not be made cognizant of. This applies not only to congress, but to all legislative bodies enacting laws for the government of a people.

STILL SILENT.
As no denial of the exit of the vote on the police question given by the New Era in its last edition has come from any member of the council, it is to be presumed as correct. The columns of the paper were opened to them, and they have not availed themselves of the offer. This indicates that the assertion made cannot be refuted. The people may now proceed to criticize the object of that vote and the cause of it. The charges made against the force were proven in open session, and the sentiment of the entire audience was that the evidence was sufficient to merit their discharge. The proof against Christy Higginbotham was exceedingly strong, and no doubt could be entertained that he had knowingly and intentionally violated the laws governing the conduct of police officers. The council gave out that the decision would be rendered Monday, and that meeting was secret. The point was made that the citizens had made the discharge of the police an issue in the election, and hence, in self-defense, they were compelled to fight it. This is the weakest, most logical and nonsensical argument that could be advanced. The idea that a man, an officer who is supposed to be an arm of the law, whose duty it is to enforce the law, may himself break a law on the plea of self-interest, and that interest financial, is preposterous and unheard of. If no better reasoning than this can be given for that action, the condemnation by the public will be justly merited.

NEXT YEAR.

In less than a year from the present time the country must elect a successor to Mr. Cleveland. That Mr. Cleveland will be nominated by the Democrats for that position, no man questions. That Mr. Blaine will be the Republican nominee very few question. Mr. Cleveland is a mighty hard man to beat, the hardest in the party, for he is a good deal of a politician, a shrewd, a wise one, and his administration has been so free from scandal as to disarm criticism, and it has been so conservative as to compel the confidence of the business community. Thus, then, no fight can be made against him personally or the acts of his administration. The fight must be made on an issue, and that issue is tariff reform.

The views expressed in the president's recent message, that tariff reform must come, and come at once; that the surplus must be reduced; and that the reduction must be made on the necessities, meets the commendation of the whole people.

The pronouncement issued by Mr. Blaine that the reduction must be made on the luxuries, that the capitalists must be protected at all hazards, and that tax should remain on coal, wool, lumber, salt, etc., and be taken from the whisks meets the commendation of the "select few."

There you have both. Mr. Cleveland and his practical views for the benefit of the whole nation; Mr. Blaine and his "great few." It is needless to say how the election will result. On Cleveland's side is a clear record, a conservative administration, and a future for which the people have been pining. On Mr. Blaine's, a dirty, ill-smelling past, personally and politically, and a future which promises to benefit his monopolistic friends.

TOBACCO IS KING.

Kentucky Leads the World in Its Production.

Tobacco, like whisky, is one of the great staples of Kentucky. By the United States census of 1880, the principal tobacco producing States yielded the "weed" as follows: Connecticut, 14,041,652 pounds; Illinois, 3,945,525; Indiana, 8,572,542; Missouri, 12,015,557; New York, 6,481,431; North Carolina, 26,986,213; Ohio, 34,735,233; Pennsylvania, 36,943,273; Tennessee, 29,365,052; Virginia, 79,988,808; West Virginia, 2,296,146; Wisconsin, 10,008,423; and Kentucky, 171,720,754. The above list embraces all the States that produce tobacco, and from the figures given, it will be seen that Kentucky not only leads the list in the production of tobacco, but more than doubled any other State in its production. Virginia stands next, but her crop lacked 91,131,916 pounds of equalling the crop of Kentucky. The five largest producing States—Virginia, Pennsylvania, Ohio, Tennessee and North Carolina—combined, only produced 36,897,586 pounds more than Kentucky, while the crop of the twelve States above enumerated, did not double the crop of Kentucky, but exceeded it only 55,692,832 pounds.

By the same statistics it will be seen that Kentucky, with a single exception, presents the banner county in the United States in the amount of tobacco grown. And when the area and the number of acres of farming lands of each county is considered, Kentucky is without any rival in this regard. In 1880, the three largest tobacco-producing counties in the United States were Lancaster county, Pa., Christian county, Ky., Pittsylvania county, Va. The crop was as follows: Lancaster county, 23,706,320 pounds; Christian county, 12,577,574 pounds; and Pittsylvania county, 12,271,333 pounds. The area and farming lands of the three counties averaged thus: Lancaster county, 350 square miles and 190,922 acres of farming lands; Pittsylvania county, 1,000 square miles and 205,465 acres of farming lands; and Christian county, 700 square miles and 269,339 acres of farming lands. Thus according to the acres of land subject to the husbandman's sway, Kentucky furnishes the largest tobacco-producing county, as well as being the largest tobacco-producing State in the Union.—Courier-Journal.

NIP AND TUCK.

MISS BESSIE LONG

DISAPPEARS MYSTERIOUSLY IN CINCINNATI MONDAY.

Was She Married or Kidnapped, is the Question.

Miss Bessie Long, daughter of Mr. Spencer C. Long, of Russellville, who has for several months been in Cincinnati as a pupil of the College of Music, disappeared in that city last Monday, since which time no trace of her has been found. Wednesday's daily papers both in Cincinnati and Louisville contained sensational accounts of the matter, suggesting that the young lady had been kidnapped or otherwise foully dealt with. When the news reached this city—where Miss Bessie has many friends and admirers—it was at once suggested that she had eloped, and the names of Messrs. Robt. W. Woodruff and Frank W. Buckner, of this city, were freely used as probable parties to the affair.

Both young gentlemen have been suitors of Miss Long and both were known to have been in Cincinnati last week. Friends here, therefore, have waited with some impatience but not much anxiety to hear the denouement. But the matter is still a mystery as the following will show:

The Cincinnati Enquirer of Thursday says: "Pretty Bessie Long has not been found. The country lady is still in hiding, although the impression that she has been married is now almost a certainty. Her brother arrived in the city yesterday morning and stopped at the Grand Hotel. He went early to the Mount Auburn Institute, and arranged for his sister Nellie to accompany him home yesterday afternoon. Mr. Long is satisfied that Miss Bessie is married. He received a letter from her Monday, in which she declared that she was about to become a wife, but the name of the fortunate man she did not reveal.

Her brother told Mr. and Mrs. Miller, of the Institute, that he did not know where she was or to whom she was married, but he felt sure she was all right. Bessie, he said, was a good girl, who, while she might marry to suit herself, would not do anything to bring shame upon her family. The whereabouts of the young and beautiful girl is as much of a mystery as ever.

The police authorities have made no further effort to find her, as her family have shown no alarm. A dispatch from the Enquirer corrects the statement that nothing is known of the whereabouts of Miss Bessie Long's whereabouts, but it is thought she has eloped, with whom is not known.

HER PARENTS AND FRIENDS are not alarmed, and think her disappearance will be satisfactorily explained in due time. There is every reason to suppose that the young wife is still in Cincinnati. The perplexing question—who is her husband? It is known that she has met two or three prominent young gentlemen of this city, and she was greatly admired by them, but who has married her is a mystery. Mr. and Mrs. H. Thane Miller were reassured by the visit of Mr. Long, and it is believed that the brother of the young lady knew more than he was willing to tell. He left yesterday afternoon at half-past three o'clock for his home, accompanied by his sister, Miss Nellie Long.

A Louisville special to the Enquirer says: "The relatives of Miss Long have not heard anything save what has appeared in the Enquirer. A rumor was current this evening that she had eloped from Cincinnati to this city, and had married here; but a search of the court records and the hotel registers fail to develop any clue that leads to the belief that Miss Long has been here at all. Dr. Walter Byrne, the lady's brother-in-law, was seen at the Galt House to-night. He is on his way to Russellville from Cincinnati, and states that while in the former city he made every effort to discover the whereabouts of his relative, but so mysteriously had she disappeared that he was unable to do so."

MANY ARDENT ADMIRERS among the most favored of whom were two young gentlemen from Christian county, named respectfully Buckner and Woodruff, but that her parents did not seriously object to either. The latter visited Miss Long in Cincinnati on December 17th, and Buckner was there lately, but was refused admittance into the Mount Auburn Institute by the lady principal. It is thought, however, he saw her several times, afterward. Nothing is known of her whereabouts since her disappearance, and if she has eloped it is with him. Mr. Byrne explained that Miss Long's brother intended meeting his sisters to take them home, and that his telegram was in answer to her letter begging her parents to allow her to return to them.

The Commercial Gazette, of Thursday morning contains the following: "Yesterday a brother of Miss Long's, of Russellville, Ky., whose disappearance from the Mount Auburn Young Ladies' Institute was mentioned in Tuesday morning's Commercial Gazette called upon Mr. H. H. Thane Miller, and said that no further concern need be given regarding his sister, that she was married and all right. He did not tell whom she married."

The Louisville Times Thursday has the following: "CINCINNATI, Dec. 22.—Specials to the Telegram from Hopkinsville and Russellville intimated that Miss Bessie Long has married R. M. Woodruff, mail agent on the Owensboro and Russellville."

In an answer to a message of inquiry to Mr. Woodruff at Owensboro yesterday, the New Era received the following: "OWENSBORO, Dec. 23.—Miss Long did not marry me. I know nothing about Buckner."

At 4 o'clock yesterday afternoon we had the following:

RUSSELLVILLE, Ky., Dec. 23.—Dr. Byrne got home from Cincinnati last night and there is still no news of Bessie Long's whereabouts, notwithstanding her brother's report to the daily papers in Ben Thompson in Hopkinsville? Mr. Thompson, also a special friend of Miss Long's, was in this office yesterday and made anxious inquiry about this case. So he is not concerned. Mr. Buckner, however, is still to hear from it. It is here possible that he knows something. He was in Louisville a few days ago.

Up to a late hour nothing had been heard from a telegram of inquiry in regard to this matter sent from this office to Mr. Buckner.

150 Handsome and Useful Presents!

ABSOLUTELY GIVEN AWAY!

The people of Hopkinsville and surrounding country have accorded us such a nice reception and such good support that we feel grateful to them and wish to express our gratitude in a practical way. We have laid awake at night trying to devise some plan by which we could give voice to our feelings without offense to our customers, and

This is How We Propose to do it:

Beginning Monday, December 5th, and continuing every day thereafter until Saturday, December 31st, 1887, each and every customer who makes a purchase will be presented with a ticket, plainly numbered, a duplicate of which will be placed in a locked box.

On Monday, January 2nd, 1888,

This box, after a thorough shaking up, will be opened in the presence of prominent citizens of Hopkinsville, and a boy, blindfolded, will take therefrom ONE HUNDRED AND FIFTY TICKETS. The first ticket drawn (no matter whether it be 1, 3, 5, 600 or any other number) will entitle the holder to present No. 1; the second ticket drawn to present No. 2; and so on down to No. 150. Presents can be seen now in our display window each one plainly designated by a number.

Customers making purchases of one dollar will receive one ticket, two dollars or more two tickets, three dollars or more three tickets—in other words, we give you a ticket with every purchase, and should that purchase exceed one dollar you will be presented with an extra ticket for each additional dollar which you spend with us. Remember we make no charge for these presents. We are grateful to the people for their good will and make these presents out of pure gratitude.

We are the live, go-ahead merchants of the county, and have made it very warm for the high price houses since we have been with you. We have sold goods cheap but propose to keep hammering down the prices. Tax your memory and see if you did not pay more for goods before BASSETT & CO. came to Hopkinsville. Rich and poor treated alike. Everybody welcome. Our COMPETITORS COMPLAIN but we please the PEOPLE.

Amusements.

The celebrated comedian, John F.
Ward, will appear at the opera house
next Thursday night, Dec. 29th, in the
beautiful domestic comedy, "The Doc-
tor." This excellent show will fill an
engagement of three nights next week
at the new Vendome theatre, at Nash-
ville. Mr. Ward ranks to-day as one of
the most celebrated actors in his line in
the country.

Abbey's Double Mammoth Uncle
Tom's Cabin Company will play an en-
gagement in this city Tuesday, Dec.
27th. Their presentation of that old-
time drama is spoken of by the press as
excellent. The play has been thorough-
ly remodeled.

The Popular Approval

Of the efforts of the California Fig Syr-
up Co., to present to the public an
agreeable and effective substitute for the
bitter nauseous liver medicines and ex-
tractives formerly in use is as gratifying
to the company as it is creditable to the
good taste of the public. The large and
rapidly increasing sale of Syrup of Figs,
and the promptly beneficial effects of a
single dose are convincing proofs that it
is the most easily taken and the most
pleasantly effective remedy known.

Murderer Captured.

A clever piece of detective work was
executed by officers at Madisonville
Tuesday in the capture of Jim Sugar,
one of the most desperate and notorious
murderers of Alabama. Several months
ago, at Birmingham, Sugar stabbed his
wife to death and fled the country.
About six weeks ago he came to Hop-
kinsville and applied for work in the
Reinecke coal mines. He proved a valua-
ble hand and manifested a quiet,
peaceful disposition. A few weeks since
Marshal Samuel Bassett, of Madison-
ville, received a description from Bir-
mingham of the fugitive. Bassett quiet-
ly investigated the matter and was not
long in finding him. The affair was
kept a secret until requisition papers
were gotten from Alabama. Tuesday
Captain John Price, from Alabama,
reached Madisonville. Bassett and
Price, accompanied by E. Bassett and I.
Bailey, visited the mines in the af-
ternoon and ordered the negro to come out.
On reaching the top of the shaft he was
seized by the officers, handcuffed and
incarcerated in jail. The prisoner con-
fessed to the murder of his wife. Sugar
is a dangerous and bad man, having
killed two men before he butchered his
wife. Capt. Price passed through this
city Thursday afternoon with his charge
enroute to Birmingham.

It was chock full of bright, crisp and in-
teresting paragraphs.

It is to be hoped that all the subscri-
bers will respond liberally to the "car-
rier's address" delivered this morning.
Remember, that rain or shine, cold or
warm, he never forgets you.

Some thief attempted to burglarize R.
P. Stevens' confectionary last Thursday
night. He smashed in a large window
pane and put his hand through the iron
bars, but only got "peanuts."

A young lady of our acquaintance
says that there would be thousands
more tramps than now if it were not
for the noble self-sacrifice of the fair
sex in marrying and supporting them.

Rev. J. W. Bigham entertained an
intelligent and enthusiastic audience at
the court-house last evening. He spoke

art" cannot fail to admire these beautiful
and rare goods.

A shrewd countryman from the rural
district being asked yesterday if his
horses were matched, replied: "Yes,
they are matched first-rate; one of
them is willing to do all the work, and
the other is willing he should."

M. Jas. S. Ragdale will leave Monday,
with his family for Louisville to locate
permanently. Mr. Ragdale came among
us three years ago, comparatively a
stranger. For two years he was con-
nected with the firm of Ragdale and
Tandy, tobacco brokers, and soon es-
tablished a lucrative business. He
bought more fine leaf and wrapper this
year than all other brokers on the mar-
ket combined. We predict that he will
rank high in the tobacco trade of Louis-
ville.

Elgin—Shaw.
The marriage of S. P. Elgin and Miss
Lena Shaw was one of the most pleasant
events of the past week, and was cele-

dealer, at noon on Wednesday, the 21st
inst., Rev. J. W. Bigham, of the South-
ern Methodist church, officiating.

The groom is a popular young farmer of Mt.
Vernon precinct, and a large circle of
friends with him and his bride a long
and happy life. The marriage cere-
mony was followed by a reception dinner
at the home of the groom's mother, Mrs.
L. J. Elgin, which was an elegant af-
fair. Only the family and near friends
were present. Among those present
from a distance were Miss Laura Stin-
nett, of Illinois, and Mr. and Mrs. Noe
Dills, of Cynthia, Ky. The groom
was attired in the conventional black,
while the bride wore a suit of rich brown
cloth. The bridal presents were numer-

What a Lake Turned Black.

The story of the poisoning of Dawho

lake, in Georgetown, which, by a

storm, as telegraphed, and which

persons supposed to be "fishy," has

been corroborated in every particular by

a prominent citizen of Georgetown, who

has investigated the matter at the request

of Gen. Greely, chief of the weather

service.

A dense mass of black gum trees

surrounds the lake on all sides. It is

shown that the leaves of this tree

are strongly impregnated with tannic

acid. It has also been ascertained that

the bottom of the lake contains a slight

deposit of iron. The poisoning of the

lake, therefore, is thus explained. The

storm brought and filled the lake with

leaves and small branches of the trees.

The tannic acid emanating from the

leaves, combined with the iron and

formed a black and bitter substance,

causing the water to turn

black as ink and bitter as quinine, and

poisoning the fishes by thousands.

Some of the people living on the lake

believe that the condition of the

lake is due to a judgment from

God. This lake is in reality a Godsend for

a poor family near by. The lake is

from it the year round, and if it is

replenished soon it will be a judgment

to them sure enough.

One species of the fish inhabiting

the lake is the mud fish, which, when

it is in the mud, is said to be

the most useful of the fish. The

stomach arising from the lake and

the mud fish is said to be the

most useful of the fish. The

CHINESE PECULIARITIES.

A Chinese Tells Some of the Curious

Customs of His Country.

The highest ambition of a Chinese

gentleman is to have a nice coffin and a

funeral.

Old women insist of the young are

the idols of society.

Love making is only done three days

before marriage. It is not only con-

sidered the safest way to get ahead of a

girl, but the sure way to get a wife

without any money.

A previous acquaintance between the

male and female prevents them from

marriage. For this reason a man seldom

meets a girl who is not a widow.

A girl could never get money on the

strength of his having a son, but no one

would advance him a cent if he had a

dozen of daughters. The former is re-

sponsible for the debts of his father's

three generations. The latter is only re-

sponsible for the debts of her own hus-

band.

When a Chinese meets another, he

shakes and squeezes his own hands

covers his head. If great friends had

not seen each other for a long time, after

the mutual handshaking they would

hold hands until they become tired. In-

stead of asking each other's health, they

would say: "Have you eaten your rice?"

Where are you going? What is your

business? How does your wife get on?

How old is your son? How old is your

daughter? How much money do you pay

for your shoes?

Men wear long petticoats and carry

fans, while the women wear short

skirts and carry fans.

Boats are drawn by horses; carriages

are pulled by men.

Old men play ball and fly kites, while

children play with their arms and legs.

If a Chinese feels the death of an

enemy he goes and hangs himself upon

his neighbor's door. It is a sure cure

for the disease of the heart, and it is

not only a cure for the heart, but it is
