## CALLOWAY GETS 244,545 LBS. TAX-EXEMPT LEAF ALLOTMENT

### Control Board Work- ing Hard on Equitable Adjustments

#### 1400 SIGNED TO CUT ACRES 25%

With an allotment of 244,545 pounds of tax-exempt tobacco to be distributed to non-signers, the Calloway Tobacco Control Board is working night and day to secure the most equitable arrangement possible for the farmers of the county.

The members of the control board are: Leslie Ellis, president; H. G. Gingles, and W. E. Dick, Mr. Ellis resides in the south central part of the county, Mr. Gingles at Kirksey, and Mr. Dick at Hazel. All are prominent farmers and tobacco growers.

In discussing their problems with the Murray Chamber of Commerce, the board members explained that their problems are very difficult, but that they are carefully studying every contract and application with the view of being "absolutely fair to all growers."

**Heavy Yield This Year**  
The extraordinarily heavy yield of tobacco this year in the county makes their task the more difficult, but the Chamber of Commerce was assured that the AAA program will make possible a better return to the grower, even though the entire tax were collected. This return is made possible through the increase price of tobacco that will be marketed.

About 1400 crop contracts were signed wherein approximately 2000 growers are pledged to reduce their acreage and produce 25 per cent. This sum represents a little more than 400,000 pounds of contracted tobacco. The 244,545 pounds represent 6 per cent of the total amount under contract, and it will be distributed to growers who could not sign the reduction contracts and who are carrying on their farming in line with the spirit of the AAA program. Non-signers in the county have applied for 2 1/2 million pounds of exemption from tax, but, naturally, the local board will be unable to secure any considerable portion of this amount in view of the fact that the allotment for these non-signers is only 244,545 pounds.

Growers who could have obtained an equitable allotment under the contract are not eligible for participation in the distribution. These growers will be required, of course, to pay the 25 per cent tax on all tobacco grown.

**Three Payments For Signers**  
Contract signers will receive three payments: \$12 per acre, rental payment amounting to over \$23,000 in Calloway County; 7 1/2 per cent first adjusted benefit payment on net proceeds of the '33 crop, amounting to about \$30,000; and a second 7 1/2 per cent adjusted payment on net proceeds of the '34 crop, less administration expenses. The total amount of this second adjusted payment is problematical because the value of the '34 crop is not known as yet.

A visitor in the Calloway Control Board's office is immediately impressed with the business-like, courteous methods employed by Mr. Ellis, Mr. Gingles, and Mr. Dick. They conscientiously study each contract and each application. All phases of the individual problem are "mashed" before they pass on the application. After the board has passed on the applications, the community committee-men of the nine districts are called in to go over the applications from each district separately, recommending any changes that the community committee personally knows needs consideration.

The control board and community committee-men have specific instructions under which to classify these exemption warrants. Then, after they have done this, to the best of their ability, the administrators of the Kerr Smith bill pass on all this and may make various changes from the board's recommendations.

**Appeal for Patience**  
The members of the control board, as the tobacco growers, have received no favor themselves from the AAA. Not all of the rental acreage checks have been received, on account of the multiplicity of the tasks at Washington. Mr. Gingles, himself, has not yet received his rental checks for his tobacco acreage. The board is appealing to the growers of the county to be patient and sympathetic with the officials, pointing out the fact that conditions are certain to improve as the plan is worked out. The board has written many

## 3 TO BE NAMED ON CITY SCHOOL BOARD

Five Are Candidates for Three  
Places Tuesday; Fine Work  
by Local Body.

Three members of the City School board of Murray will be chosen in next Tuesday's election. Voters in the Murray graded school district without respect to city limits are eligible to vote. Five candidates' names will appear on the ballot and each voter may ballot for three. The candidates are: J. D. Sexton, George S. Hart, and Luther Robertson, present members, and L. L. Veal and Jabe Outland. All are well-known local citizens.

During the past two years, the Murray graded school district has made great strides in reducing its indebtedness. Two years ago it owed \$23,000. This has been reduced to \$6,000. In the past twelve months the board has made a net reduction in outstanding obligations of \$16,000. Also, \$39,000 worth of scrip issued has been called for redemption and all has been paid off, excepting \$156 which has not been presented.

## DEMOCRATS PLAN ELECTION DRIVE

Gregory Will Address County  
Committee Here Friday  
Evening at Fish Fry.

The regular November election will be held in Kentucky Tuesday. Despite the fact that the Republican nominee for Congress against the Democratic incumbent, Hon. W. V. Gregory, Mayfield, has made no active campaign, the Democratic committee of Calloway county will make an effort to get out a nice vote here Tuesday.

The committee and several other prominent Democrats will have a fish supper at the National Hotel Friday evening. Congressman Gregory will be the principal speaker for the occasion.

Letters to headquarters urging officials there to hurry the process of forwarding the rental checks to Calloway growers.

Many individual cases of apparent hardships are certain to arise, they said. But each farmer may be assured that the problem will be carefully and fairly handled. Calloway's allotment was based on a period when the total yield was not so great as it is this year, and consequently the tax may appear heavy in a few instances. However, with the future adjustments, the AAA program is bound to be of immense benefit to all officials here believe.

## Tigers Show Class in Defeating Central City; Play Fulton Friday

The fighting Tigers of Coach Preston Holland won an inspiring and convincing victory over Central City here Friday night before a pleased crowd of home folks. The pretty thing about the game was the way the Tigers came from behind and the fine co-ordination of the team both on offense and defense. The score was 25 to 6 and the scrapping Bengals were just about that much better than the highly-touted visitors.

Friday afternoon, the team goes to Fulton to engage the Bulldogs in Fulton's homecoming game. It should be a victory for Murray but Coach Holland, his assistant, Paul Perdue, are taking no chances and are polishing up new plays. Albritton hurt his knee again in the second quarter for the Central City game and is a doubtful starter this week.

It looked bad for the Tigers last week when Central City received and marched straight up the field 70 yards for a touchdown. But the Murray lads stopped that business and were only kept from scoring earlier by a fumble which Central luckily recovered and a punt which Dynamite Dunn let

The previous meeting of the conference here was in 1917, with Bishop Murray presiding. The conference is now much larger than 17 years ago.

The opening session will be held on Tuesday evening at the Methodist church at 7:30. The sermon will be followed by the sacrament of the Lord's Supper.

Dr. J. N. R. Score, pastor of the St. Paul's church in Houston, Texas, will preach daily at 3 P. M. and will also preach each night at 7:30 P. M. There will also be preaching each night at the First Christian church at the same hour.

Sunday School Class Honors Member

One of the most enjoyable social affairs of the season was the dinner given Wednesday by the Chetty Stokes Class of the Methodist Church in honor of a former class member, Mrs. J. S. Edwards of Hot Springs, Ark., house guest of Mrs. M. T. Morris. Mrs. Vernon Stubblefield Sr., class president, assisted the hostess, Mrs. O. J. Jennings in receiving.

The brilliant success of the occasion was due to the brilliant efficiency of the committee, namely, Miss Emily Wear, Mrs. C. A. Hale, Mrs. J. T. Wallis, and Mrs. W. L. Whitnell.

The decorations were seasonal garden flowers, a lovely arrangement of hidden cosmos of Florida and blue, polioy petunias were used in the reception hall, coral cactus flowered dahlias in the living room, dainty, French marigolds in breakfast room.

The dining room with its setting of Chinese rugs and tapestries held the long refectory table, with its heavy, imported green and white cloth. A beautiful gondola shaped rosy lined glass bowl with gorgeous pink roses was the centerpiece and flanked on one side by a long silver tray that held a most tempting display of hors d'oeuvres that looked like a Good Housekeeping picture; on the other side was a long glass platter of thin slices of pink ham with its green garnishing. Lovely bowls of salad, and other tempting food finished the picture. The dinner was served in buffet style and the guests seated at small tables in the sun room and other rooms. Hot coffee and need tea were served from a side table and hot rolls and corn light bread were passed. The beautiful prayer asking God's blessings was given by Mrs. Knight, house guest of Mrs. J. T. Parker, Mrs. Knight now lives in Tampa, Fla. Mrs. Mary Mobley, house guest of Mrs. R. M. Mason and now of Trenton, Tenn., was another former member who attended.

Twenty-seven class members, intimate friends and relatives of the honor guest were present.

### Many Attend Murray Circuit Church Fair—New Hope Receives Cash Prize

The Murray Circuit Church Fair that was held on Fourth Monday was a huge success. The weather was ideal and a large crowd thronged the Growers Loose Leaf barn where the fair was held. All the churches had much better exhibits than last year, showing much thought and hard work. The only prize offered was \$5.00 for the best booth. It must have been a task for the judges to decide but the decision was made in favor of New Hope with Goshen ranking second.

About 400 people enjoyed the delicious plate lunch served in connection with the fair. The pastor, together with the officials wish to thank every one who contributed in any way in making this our best fair.

#### Very Much Improved After Taking Cardui

"I have suffered a great deal from cramping," writes Mrs. W. A. Sewell, Sr., of Waco, Texas. "I would chill and have to go to bed for about three days at a time. I would have a dull, tired, sleepy feeling. A friend told me to try Cardui, thinking it would help me—and it did. I am very much improved and do not spend the time in bed. I certainly can recommend Cardui to other sufferers." Thousands of women testify Cardui benefited them. If it does not benefit you, consult a physician.

## Hazel High News

The students of Hazel High School and the surrounding community were proud of the excellent showing Hazel High made at the County fair. They won first place for having the best specific exhibit. The subject of their exhibit was "Our Government and how through it we might secure the Aurora Dam."

The displays were arranged in step formation with the colors of our flag predominating. The exhibit included the following: the National Capitol (where our government originates) with a display of the Senate and House of Representatives on one side and the judicial courts on the other. Then directly under the Capitol were displays representing the various departments. Below all of the above was a miniature construction of the Aurora Dam and on either side of the Dam were two miniature constructions of "Calloway County before the Aurora Dam" and "Calloway County after the Aurora Dam."

## B'ham-Southern Too Tough As 4,500 See Racehorses Lose; Union Here 2nd

The toughest foe ever scheduled by a Murray team spoiled Homecoming for Murray College Saturday as a throng of 4,500 watched the Birmingham-Southern Panthers upset the gallant Thoroughbreds in a spectacular game 20 to 7. The Alabama reminded one of pre-war baseball games between towns in this section when they brought their own umpire to safeguard their interests and the gentleman in question fulfilled his mission when he edged Murray out of a first down on Birmingham's 7-yard line in the third quarter and again, in the last period, "failed to see" a Birmingham-Southern player clip "Pedro" Simmons as the Murray end reached up for a pass almost on the visitors' goal line.

The two mooted decisions might not have made any difference for the Yellow-jerseyed Panthers had the fastest, smoothest, hardest-driving team ever seen here, with superbly timed blocking, deception and skill.

Murray started a thrilling first quarter when Capt. Vaughan Woodall, gamely playing with his cracked collar bone in a cast, recovered the fumbled kick-off on Birmingham's 22 and Elder and Kent drove down to the 7 yard line where "Slim" carried the ball over on the third try. Keith King neatly took out Davis, Birmingham end, to permit Kent to score standing.

Murray's lead was short-lived as the Panthers tied the count on McKay's 46-yard run on the second play after the kickoff. They ran ahead shortly afterward when they recovered Elder's fumble on Murray's 30 and smashed down to the 10 from whence Teel passed to Haygood for the score.

After this the Murray defense settled down and with the exception of the final score, a long pass from Teel to Haygood over Murray's goal, the Thoroughbreds played the Panthers evenly. Sammy Greenwell did some wonderful punting to keep Murray in the fight to the end and McKenzie, King and Simmons fought like lions to break up the Birmingham running game. Little Joe Mullins played a great game at guard. Murray's blocking did not come up to the visitors' standard but the Racehorses fought so viciously that they got 9 first downs to Birmingham's 8.

Kalkman's decision on whether Greenwell had made a first down when Murray put on a great drive in the third quarter and went to the 7-yard line was so openly seen that Coach Stewart went on the field to utter a violent protest. Other officials in the game state that Kalkman looked up to locate the headlineman and then stepped back in turning and placed the ball behind the point where Greenwell had advanced. It lacked a first down then by a mere inch. Birmingham was then leading by but 6 points.

Friday afternoon, the Racehorses play Union University in the stadium. It will doubtless be a tense struggle as the Bulldogs are stronger than they have been since Coach Roy Stewart was their star several years ago. The game will begin at two o'clock.

Though the Thoroughbreds have won three games and lost two this year they have been playing the highest class opposition in the school's gridiron history.

After the tabulation of bids has been made and the lowest acceptable bidder determined and approved, all other certified bid checks or bidder's bonds will be returned.

7. The award of the contract is contingent upon the securing of an acceptable bid which will fall within the amount of funds available for the construction of the project. The City of Murray reserves the right to make such changes in the design and extent of the work as may be necessary to reduce the cost of the project to within the limit of the funds available, provided such reduction does not effect the total estimate more than 20%.

8. The City of Murray reserves the right to reject any or all bids, or to waive any informality in the bids, and to withhold the final awarding of the contract until execution by the Government of Bond Purchase Agreement.

## COUNTY AGENT NOTES

The county agent has spent most of his time the past week issuing cotton exemption certificates. Most of them have been delivered but all who have not received one must call at his office and sign receipt for same. When all the crop is sold, a farmer should have received when cotton was selling

for \$4.50 \$4.50 per 100 lbs. for all cotton that was exempted. Several received exemption so small that this amounted to very little. Every one can buy the excess certificates and by doing this the cotton will bring \$3.10 per hundred on seed cotton. This is not bad, and far better than we expected at first.

Don't forget Mr. Williamson will be here only on Wednesday, Friday and Saturday to sell the certificates. To get these, one must see Mr. Williamson, cotton assistant.

**Attention, Legionnaires And All Ex-Service Men!**

The membership drive is on earlier than usual this year and every veteran should be a member of the legion for 1935 by Armistice Day. All over the nation the drive is on and Calloway county does not want to be found lagging when the roll is called of those who have done their part.

The Legion has a great program to put over—adequate compensation for the disabled, sufficient care of the widows and orphans of veterans, education, preparedness, the universal draft, which means drafting of money and resources as well as man power in event of a national emergency.

You, as a war veteran who "did your bit," cannot afford to be a shirker now.

The annual dues of the Legion are nominal. This includes subscription to The American Legion Monthly Magazine, and a portion of your dues remain in the local post for local needs.

The quota of the membership drive of Calloway county is 175 in 1935. Our goal is 235. See any officer of your Post.
