## Mothers Have Found Way To Keep Family's Colds Under Better Control

Millions of mothers are helping their families to greater freedom from colds—fewer colds, shorter colds, milder colds—by following Vicks Plan for Better Control of Colds.

The helpfulness of Vicks Plan in reducing the number, duration and dangers of colds has been proved in thousands of clinical tests supervised by practicing physicians—as well as in every day use in millions of homes. The Plan provides proper care—and proper medication—for different types and stages of colds.

Each nostril. Timely use of Vapo-rol helps to prevent many colds—and to throw off colds in their early stages. (Vapo-rol now comes in two generous sizes, 30c and 50c.) To end a cold sooner—if a cold has already developed, apply Vicks VapoRub on throat and chest. It fights a cold direct—two ways at once. The combined effect of Vapo-Rub's double direct action—by stimulation and inhalation—loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion. Sure relief and with safety. No "dosing."

Almo High School. The girls' softball team defeated Kirksey girls Wednesday of last week with a 12-6 margin. The Kirksey girls played a good game but failed to hit as consistently as the locals. Each player from

Winter is just around the corner. Such a pity we can't have the "other half" of our cotton converted into coats for these cold mornings.

Mr. and Mrs. Lunt Clark visited Mr. and Mrs. Bill Dunn Sunday afternoon.

Mr. and Mrs. W. W. Perry spent Saturday night with her parents, Mr. and Mrs. J. N. Wilson.

Seems as if the wealthy people of the country are having quite a bit of publicity as well as trouble. If they are missing from their homes an hour or so they are reported kidnapped. Few poor people are ever tormented by this common crime, since money seems to be the chief objective.

Mr. and Mrs. Jimmie Garrett and son, J. C. of Detroit, Mich., visited his mother, Mrs. Riley Wilson and Mr. Wilson last week. Mr. and Mrs. Garrett will reside permanently at their home near Cherry Corner.

Qualifying for the honor roll is not the hardest task. Writing a letter worthy of the space and ink it takes to print it, is by far the more difficult.

Mr. and Mrs. Jimmie Garrett

spent Saturday night with his mother, Mrs. Riley Wilson and Mr. Wilson.

We wonder if the wires aren't crossed somewhere down the line. We seem to be having March in November, from the way the wind blows.

Mr. and Mrs. Garlon Clark and daughter, Lola Pearl, spent Saturday night with Mr. and Mrs. Toscoe Wilson.

A marriage of much interest in the community was solemnized Saturday afternoon, when Miss Roselle Wilson became the bride of John R. Stubblefield. The bride is the charming young daughter of Mr. and Mrs. Hubert Wilson, while the groom is the son of Mr. and Mrs. Johnnie Stubblefield. The couple will make their home, for the present, with the groom's parents.

Had you thought that this commandment "Love thy neighbor as thyself" is rapidly becoming obsolete?

MANY PEOPLE would consider lucky any one who had money, but here you are tramping around looking for a place to put it. You know what you want, you have thought it over many times. First you want safety, absolute and unquestioned. Then, too, it's only fair to expect something in return for the use of your money, but the arrangement must be one on which you can depend. Of course, you are too busy earning a living to bother about becoming an investment expert just to know that your money is up to. You would like also to know that the investment you make will be worth one hundred cents on the dollar to your administrators. If that is the kind of investment you want, there is only one answer and that is LIFE INSURANCE.

EVERY PRESIDENT OF THE U. S. since 1900 has endorsed the value of life insurance. Business leaders and professional men have expressed in strongest terms their belief in the value and safety of life insurance.

We represent the Mutual Benefit Life Insurance Company of Newark, N. J., third oldest in the U. S. and one of the most conservatively managed. We offer it as a friendly enough to undertake investment programs beginning with as little as ten dollars and big enough to handle individual programs as large as two hundred thousand. You may depend on us to give without obligation courteous counsel on any phase of our business. We sincerely invite your inquiry. Write or call.

### JUST JOTS By Joe

General consensus of opinion around town is that the Thoroughbreds will have to do better in the next two weeks if they beat Western here next week.

Last week's wind, like a lot of big winds, blew over some things it took somebody some time to build.

The fellow who said a woman couldn't keep a secret forgot about her own age.

Calloway's liquor consumption does fairly well for a "dry" county.

Senator Mills Logan wants to know "what we want a dam for, anyhow?" If Senator Logan won't give a dam for Western Kentucky, the old Gibraltar won't give a dam for him in 1936.

A \$48,000 timber deal was made in Taylor county and the seller probably got out of the woods in more ways than one.

Mr. Hoover says what this country needs is more Republicans. The gentleman had a personal experience just two years ago this week.

Washington financial statements read like the New Deal is a big deal.

### J. Tandy Ellis Talks of James M. Cole

"The Tang of the South," J. Tandy Ellis' interesting column in the Louisville Times had last week the following interesting article concerning one of Murray's best liked citizens:—

THE OWL HOSS  
One of the most delightful characters in Western Kentucky is James M. Cole, a retired merchant and former postmaster of Murray. The Cole family was widely distributed; their forebears were Union soldiers, hence all were Republicans, but Jim Cole has more friends among the Democrats than in his own party. Everybody who knew him loved him.

Not long ago he said, "You know how it is down here, the Democrats name their babies Grover or Woodrow, and when they get to be about 16 years old they begin to vote the Democratic ticket. Just after the War Between the States there was about fifty Repubs in the county—about 8,000. Dimmercrats, and we were skeer'd to death nearly all of the time. You know, Calloway County sent more men to the Confederate Army than they had voters, and the don'ts of the Home Guards made them all mad at us, but we would meet in a willow thicket and hold our little conventions, and sometimes a load of buckshot would break up the meetin'. The Confederates who went from Calloway was Rebels from away back. That big Dimmercrat family of the Joneses named one of its sons 'Nathan Bedford Forest You May Fire When You Are Ready Gridley at Republicans, Jones'.

"But the Confeds and the Dimmercrats sort of got out among themselves and this gave us a chance to meet in the open, and we met in the Odd Fellows' Hall above the Christian Church, and with the Dimmercrats bustin' loose at each other, we elected the entire ticket for county officers. This made us bigger, and afterwards we met in the Court House in open daylight, but we didn't last long for this late lamented Teapot Dome business is what blowed us up and out again. How could we defend it? They said our leadership did not see it, and did not want to see it, and I told them this story, maybe, an old one, to illustrate their point. I think they caught the point.

"There was an old fellow down in the 'swapping' ring here who traded a good hoss to a Gypsy for a hoss that was just so good. The Gypsy gave his solemn word that his hoss was sound of limb and wind, and he got \$10 to boot in the trade.

"Before the Gypsy left town the old farmer went back to him. 'Now, this hoss you traded me

ain't so good," he said.  
"What's the matter with him?" said the Gypsy, "ain't he sound in limb and wind?"  
"Yeah," said the farmer, "but he runs into fences, bushes, telephone poles and everything. I put cawn in his trough and he don't pay it no mind. I don't believe that hoss can see at all!"  
"You mistake," said the Gypsy, "that hoss he ain't blind a tall; only trouble with that hoss he jest don't give a dam!"

### COUNTY AGENT NOTES

The county agent has received and about delivered the first 400 checks for the first adjustment payment for tobacco contracts. Cards have been sent out and those who have received a card may call any time for checks. Cards will be sent to other contract signers as soon as checks are received. The agent and those assisting appreciate the way contract signers are waiting for their cards.

Mr. Williamson, cotton assistant, is here only on Wednesday, Friday, and Saturday to sell the cotton certificates. Several have made long trips on other days to buy these and could not because Mr. Williamson is the only one who can sell them.

The chairman of the Tobacco Control Association and the Corn Hog Control Association respectfully are sponsoring the organization of a farm bureau. The farm bureau worked for 3 years to effect some program to help the farmer and at last they were able to get the AAA program under way and now farmers in this county should join and aid the rest of the farmers of the

county to keep the program under way. The fee will be \$5.00 and it is hoped a good bureau can be organized. See the county agent or Mr. Leslie Ellis or Mr. Graham Denham about further information.

### CAMP MURRAY CHATTERS

By Wm. H. Martin, Jr.

Camp Murray has host to the softball teams of Cadiz and Columbus last week end when they played the last two games of the season on the local diamond. R. A. Golden, educational adviser, was in charge of the Cadiz team and Lieut. W. H. Allen, adjutant of the Columbus camp was in charge of its team. Heavy rains prevented the matches, however, which were played on Sunday afternoon. Columbus was victorious in two games which gave them the championship of the Second District.

Bro. J. E. Skinner of the First Baptist Church conducted morning worship to an attentive audience.

About 50 men were away on voting leaves during the first of the week.

Supt. E. H. Ashbrook continues to improve at the Mason Memorial Hospital and is now having quite a few visitors. Raymond Bagenslope, senior engineer, is acting superintendent in the absence of his chief.

Foreman Cullley Baughman was operated on at the Mason Hospital Saturday night and is reported to be doing nicely.

Mr. Brands, state forestry technician of Kentucky and Mr. Brown, staff photographer of the Louisville Courier-Journal, were recent visitors at the camp. Mr. Brown visited many of the work projects of this company and made several photographs which are to be used by his paper in connection with C. C. C. publicity.

Camp basketball fans and former players will be interested to learn that arrangements are nearing completion for camp teams to use the high school gym for practice and games. Through cooperation of the high school authorities camp games are to be played on the same evenings as high school games. This arrangement has proved very satisfactory in the past and we welcome the opportunity to work with the high school for another season.

### Elvis Wrathe Goes to U. of K.

Elvis Wrathe began his new duties at the University of Kentucky Thursday November 1, as an assistant in the farm economics department. Mr. Wrathe, who wrote his thesis on tobacco marketing using the old Ewing Association as his basis, will do research work on tobacco marketing. His new position is a distinct promotion in the field of education. Mr. Wrathe was named to teach agriculture in the New Concord High School the first of the year and to coach the Concord Redbirds. He has been replaced in this position by Milton Walston of the Almo community. Walston is a graduate of Western State Teachers College.

The honor roll for the second month:

First grade: Katherine Lovett, J. C. Russell, Linda Lee Dyer, Virginia Sue Holland, Pauline Cunningham, Clara Sue Ellis.

Second grade: Riekie Clark, Fay McClure, Robert Thompson.

Third and Fourth Grades

The third and fourth grade room had a Halloween party Wednesday from 2 o'clock until 2:50 o'clock.

The room was decorated with fall flowers, roses, and pumpkin jack-o-lanterns. The windows had black cats on them. On the board was a border of Halloween faces, also in October calendar.

We played games. Then candy and nuts were served in paper cups.

We have books from the traveling library, Frankfort, Ky. The books are very interesting. We enjoy reading them.

Martha Sue Henslee

Fifth and Sixth Grades

We have been working hard this week trying to have all our classes practicing on our Thanksgiving program. Our room is to present the program for the entire school.

We certainly are enjoying our new library books. Our librarians are Dorothy Elliott for the sixth grade and Florence Billington for the fifth. It keeps them busy checking books.

Each week we put our conduct grades on the bulletin board and average them at the end of the month.

There will be an old time fiddlers' contest at Faxon Saturday night, November 10. The admission will be 10c and 15c. Every body is invited. We want as many musicians as possible.

Mr. C. A. Hale gave a dollar hammer that is not on the bill. We want to thank Mr. Hale, our local merchant, and all the others who contributed prizes for the contest.

The basketball teams are whipping into shape speedily. There will be a game at Faxon Friday evening, November 9, with Almo.

The second team will play Pleasant Valley, and the Middlets will battle the Russell's Chapel team on the same date.

The basketball game Friday night, Faxon vs. Aurora at Faxon, resulted in a 21-17 win for Aurora. Both teams played good ball.

Starting off fast, Aurora opened fire with a field goal. At the half the score was tied at 10. At the end of the game the score was 17 and 17. In the over-time period the Aurora boys out-winded the Faxon boys, the score going 21 to 17 in favor of Aurora. Bogard led the scoring for Faxon with seven points. He was followed closely by Orvell Walker who chalked up six, with an injured back. Walker has his back taped up now. Harrison led for Aurora making seven points.

The night sessions of the music school have assembled again. They had to be discontinued because of the light plant playing out. We now have a practically new plant and new bulbs, so we hope to have good lights.

Mr. McCuiston made several school group pictures last week, one of the elementary grades, and one of the junior-senior high school. Others were made of the seventh grade, the basketball team, the literary societies, and the debate club.

The four members of the high school faculty came back from their meeting at Lynn Grove Thursday evening commenting on the good program and dinner given by Lynn Grove and the excellent talk made by Superintendent Wrather.

The Megarians are working fine. They had a debate last Tuesday on the question, Resolved, that poverty develops character more than riches. The boys felt that they won the debate, though they lost the decision, on account of the absence of one of their team. The constitution and by-laws were adopted at the last meeting.

The members are studying for the tryout for the teams on the State subject. The tryouts will be held at the club's meeting Tuesday, November 13. About 12 have indicated their aim to compete for the teams.

The next question to be debated is Resolved, that George Washington was a greater man than Abraham Lincoln. Affirmative, Hal Farris, Juanita Roberts, Hampton Walker, Negative, Vernon Billington, Clarice Grogan, Orvell Walker.

Spooks! Ghosts! All were present at the Kirksey gymnasium last Wednesday evening. Everyone in the community joined in and played games, directed by Miss Huie.

In the costume contest, Miss Huie and Alfred L. Billington was the best dressed couple. The best disguised person was S. G. Pool and Christine Jones wore the prettiest costume.

Everyone went home feeling the spooky influence of the glowing jack-o-lanterns, which hung in the decorated gym. The Future Farmer boys sponsored the party.

The Eagles will be on the hardwood for their first clash of the season, Friday November 9. They will meet the fast Clear Springs five for their opening game. There

has been many changes made this year and everyone is expecting some fast work from the line up. The Eagles are playing a fast brand of ball this year. The admission fee has not yet been decided. Everyone is invited to see the Eagles fly to their first victory over Clear Springs.

The Kirksey girls played and lost their first softball game at Almo last Wednesday.

The Utopian Society girls played the girls of the Kentuckian Society in a game of softball. The Utopians won by 19 points.

The Kentuckians and Utopians are planning on debating the great question: Resolved, that modern advertising weaves an influence for bad. It will be given Friday morning at chapel period. The Utopians are taking the affirmative side leaving the negative side for the Kentuckians.

Mr. Venable took five of the basketball boys to see Almo and Lynn Grove play basketball, last Friday night. The boys certainly appreciated the trip.

The third and fourth year English class have written a play entitled "The Death of the Hired Man." The work is original except for the thought which is based upon a poem, written by Robert Frost. It will be presented at an early date.

The students of Kirksey were very much surprised Monday morning, when they found that there had been a new porch built for the school. We are very proud of this improvement.

The Kentuckian boys played the Utopian boys in a most thrilling basketball game. The Kentuckians won by seven points.

The Utopian boys and the Kentuckian boys, who were not on the first or second team played a nice game of basketball Monday. The Kentuckians won by 15 points.

The Home Ec. room has been redecorated under the direction of Miss Huie. The girls have made new curtains for the windows and each girl is doing her part keeping the room neat and attractive.

Wooden Clock Here Is 130 Years Old

Audrey and Ardath Cannon are owners of a large wooden clock which they are having repaired to run after a twenty year lay off.

The clock has been in the family for over a century and it is a most interesting antique timepiece. It was owned by the great grandfather of the Cannon boys.

The timepiece is a weight clock and runs one day on adjustment. Every piece in the mechanism is wood with the exception of the verge wheel and pivots. Inside the clock is pasted extensive directions for handling the clock and carries also the name of the inventor and manufacturer, Eli Terry, Bristol, Conn., and states that it was made for George Mitchell.

At the Sunday school hour a special program was dedicated to this great minister and the general superintendent paid the honoree a high tribute as a man and a minister.

At the 11 o'clock hour Bro. Waters brought a marvelous message on "Vision" in his own happy way to a large and appreciative audience. Though he has passed his 80th milestone on the journey of life, yet he is alert in mind and young in spirit. But few men in the Memphis Conference can preach as Bro. Waters, and during his 54 years in the ministry he has led thousands to the Great Master.

A few years ago Bro. and Mrs. Waters celebrated their fiftieth wedding anniversary. During this long pilgrimage the two have loved and labored together and to Mrs. Waters is due much in the wonderful success of Bro. Waters in the ministry. She is a helpmate, indeed, and we join their legion of friends in wishing for them many years of usefulness.

At the conclusion of the services, B. C. Durham, Jr., chairman of the Board of Stewards, in a few chosen words, presented Bro. Waters a handsome gift, donated by the friends of the honoree. In the fullness of his heart this good man responded most graciously.

It was during Bro. Waters' four-year pastorate here that the Methodist church, one of the most beautiful in the conference, was erected.

**CHURCH OF CHRIST**  
Classes meet at 9:45 and this is an opportunity to teach one another. Let us hold it in high esteem.

Preaching at 11 o'clock: Theme: "They Brought Him that they Might Only Touch the Border of His Garment."

Preaching at 7:00 P. M. Theme: "A Refuge from the Storm."

Also Minister Pate will preach at Sharpe, Ky., at 2:30 P. M. Meet with us at every service that we may meditate on the Scripture.

**DON'T GET UP NIGHTS IF YOU ARE OVER 40.**  
If so, nature is warning you of danger ahead. Get rid of your trouble early. Make this size test. Get Juniper oil, Buchu leaves, etc., in green tablets. Ask for BUKETS, the bladder laxative. Take 12 of them in four days; if not pleased go back and get your money. BUKETS work on the bladder similar to castor oil on the bowels. Flushes out excess acids and other impurities which cause sleep up nights, frequent desire, scanty dew, burning, backache or leg pains. You are bound to feel better after this flushing and you get your regular sleep.

Three times more weekly newspapers than ever before are included in this season's advertising program, the largest in Vicks history. Year after year Vicks enlarges its newspaper advertising and sales of Vick products steadily increase.

For many years Vicks VapoRub has been the world's most extensively used cold remedy—the family standby for treating colds in 68 nations. Over 26,000,000 jars of this modern external treatment for colds are now used yearly in the United States alone.

## —NOTICE—

A rather severe hailstorm on October 31, followed by a windstorm November 3, did considerable damage. It is important that policyholders report claims promptly to us. We have employed an adjuster to be in our office all this week to handle your claims.
