The Fulton County Fair, Sept. 2-5

The first week in September is the time set for the fair in Fulton this year, and a week later than usual. Preparations are now under way to attract considerable attendees. According to President J. W. Craycraft, it is made to give the people four big days and nights of entertainment and pleasure worth while. The weather will be in the hands of the fair association, but the best effort will be made to have the fair a success.

Dying in the infancy of Phoebe Hall arecrs the following:

D. R. Craycraft, pioneer citizen, dies at home, Sept. 1, 1917.

The funeral and burial took place at four o'clock Monday afternoon, September 4, at the home of Mr. Craycraft, who was the oldest member of the fair association. He was an unselfish supporter of the fair for more than a generation.

The music was furnished by theamt of music and chorus. While Mr. Craycraft was in charge of the fair association, the annual fair was well worth seeing. The fair now enjoyed a credit that cannot be measured by the number of people who attend.

In memory of Phoebe Hall, the following will be held:

Robert Humphreys, May 10, 1850, died at the age of 70 years, 10 months, and 27 days.

Robert Humphreys, a native of Kentucky, was a successful lawyer and judge.

The funeral took place at four o'clock on Friday afternoon, September 1, at the home of Mr. Humphreys, who was the oldest member of the fair association.

The music was furnished by the band and chorus. While Mr. Humphreys was in charge of the fair association, the annual fair was well worth seeing. The fair now enjoyed a credit that cannot be measured by the number of people who attend.

1st District Democrats Support a First District Candidate for RAILROAD COMMISSIONER

VOTE FOR

A. W. Jones

Second Name on Ballot of Princeton, Caldwell County, Ky.
First time to seek public office

The First Congressional District, the Democratic Gubernatorial Unit of Kentucky, should have and is entitled to another candidate on the Democratic Ticket. A vote for Jones is a vote for the First District which means more strength at the November election.

The Second District has its gubernatorial nominee. In the First District Democrats support a telephone.

The Second District, the Telephone, of which there are more than 1,000 in the county, has been restored to service.

A number of people who have not had their service restored, and those who may be hesitating about having a telephone of their own, are reminded that telephone service, once restored, is no longer regarded as a "bill," but rather as a valuable utility. Thousands of telephone subscribers know the truth of this. They do not consider their telephone statement as a "bill," but rather as an expense which they appreciate more than ever. New subscribers wonder how they ever did without it. They do not consider their telephone statement as a "bill," but rather as a valuable utility.

You should do your part towards keeping local business alive and in a constant state of betterment by doing your shopping at local stores.

When you want a thing in a hurry you rush to a local store and get it. But do you realize that the existence of our stores depends upon continued business?

In Case of Emergency

When you want a thing in a hurry you rush to a local store and get it. But do you realize that the existence of our stores depends upon continued business?

If every person in this community were to use the stores only for emergencies there would soon be no more places to satisfy those urgent needs.

You should go your part towards keeping local business alive and in a constant state of betterment by doing all your trading at home. It will be impossible for you to do so unless all of us use the stores for all our needs.

The Taste's The Thing

"I'm glad we have a Telephone again!" A number of people who have given up their telephones during the war and have had their service restored.

Lesson for July 26

**FOODS IN SMALL CANS**

A recent survey revealed that the rich provide an excellent and ample source from which men may obtain a portion of their food, yet the average man is not aware of the value of this food. It is the common practice to buy a small can of food at a time and let it remain on the shelf until it is necessary to use it. This practice is very wasteful and results in a poor diet. It is much better to buy large quantities of food at a time and use it as it is required. This practice will result in a much healthier diet and a better health. It is the common practice to buy a small can of food at a time and let it remain on the shelf until it is necessary to use it. This practice is very wasteful and results in a poor diet. It is much better to buy large quantities of food at a time and use it as it is required. This practice will result in a much healthier diet and a better health.

**Help our Merchants to Help YOU**

Everyone will agree that a man succeeds and prosper only when he spends LESS money than he receives in a given period of time.

Let's apply this great economic test to the situation in this town. Our business men have invested—and continue to invest—their money in stocks of goods brought here to your very door to meet your daily needs.

Through the pages of this paper they advise you of their ability to serve this community. All of us know that they deserve our patronage. And remember, the more you trade with them the more funds they can invest in larger stocks and new lines.

**Baked Beans For Brains**

Bake beans yourself and save money, or let the merchants do it for you. By baking your own beans you can save money and at the same time be sure of a good supply of food. The merchants usually charge a higher price for baked beans than they do for uncooked beans. By baking them yourself you can save money and be sure of a good supply of food.
THERE'S A DIFFERENCE
