## Warden Tom Logan Speaks to Students

Tom Logan, warden of the Ed-dyville Penitentiary, addressed the students of Murray State College and Murray High School in their respective chapels Monday morning.

Mr. Logan declared that whiskey, dope and sexual insanity are the influences which result in men and women being sent to the pen. The program was sponsored by the Lyon county club. "You can control these influences, or they can control you; if they control you, they will ruin you," Mr. Logan declared.

While here the warden was the guest of E. J. Beale, member of the state board of charities and corrections.

## \$5,942.32 COUNTYS SALES TAX SHARE

Calloway county received her first cut of the sales-tax last week when Tremor Beale, county treasurer, received a check for \$5,942.32 from the state treasurer, Elam Huddleston. This was the first quarterly return to the county.

Under the law, one-third of the state's sales tax receipts are returned to the county on the basis of population.

In his letter to Mr. Beale, Mr. Huddleston said: "I am very happy to be able to send you this check at this time, because I know it will be of material benefit to your county and to your people."

"The sales tax law, so far as I can discover, is operating successfully and satisfactorily. It has strengthened the credit of the commonwealth, thereby enabling those responsible for purchases to buy at better prices and in a much more satisfactory manner. It has put Kentucky on a sound financial basis, in fact, I think in the best financial position of any State in the Union."

## Mason Hospital Named for 5 Camps

Word has just been received from the chief of the medical staff at Fort Knox that the Wm. Mason Memorial Hospital has been chosen to care for the patients from the five camps at Columbus, Clinton, Benton, Cadiz, and Murray and possibly other camps in the Paducah area. These camps are now accommodating about 1,000 young men.

A letter from Fort Knox addressed to the Mason Hospital and signed by Lee R. DuBar, Lt. Colonel, Medical Corps, Medical Supervisor, Western District of Kentucky states that it is desired to use the Mason Hospital for five companies, a total of 1,000 CCC's in camps at Columbus, Clinton, Benton, Cadiz, and Murray and possibly other camps in the Paducah area. It is the desire of the government that hospitalization be furnished to all CCC patients requiring medical care and surgery, where it is not advisable or expedient to transport them to the Veterans Facility at Atwood, Ky.

It is pointed out that among 1,000 men in five or more camps there are constantly arising emergencies requiring skilled hospital care and many of these cannot be taken to Atwood, but it is necessary to choose a hospital in this area where these cases can be taken immediately. Members of the medical staff of the campus are being selected for this purpose for some time and the above decision is a result of careful study.

Are you mailing all your letters with Christmas Seals pasted on the back?

## RED CROSS DRIVE FALLS SHORT OF '33

Meeting To Be Held Wednesday  
Evening After Prayer Meeting  
at First Methodist Church

The Red Cross Roll call has fallen short, even of the Roll Call drive of 1933. Mrs. B. Meluh states after a checkup shows that only \$127.28, including donations has been turned in.

Predictions were for a greater drive than in 1933 since the organization was more complete. To date only one of the clubs, the Rotary, has gone one hundred per cent in membership. The drive was planned through the organization of clubs.

A meeting will be held Wednesday evening at the First Methodist church after the regular prayer meeting hour. All workers are urged to be present for make reports. Those who have memberships are asked to turn in reports at this meeting or before.

An effort was made to organize the schools and secure memberships from and through the teachers. This has failed to bring in any memberships to date. Mrs. Meluh states, Murray State College faculty has been thoroughly worked yet but definite arrangements have been made to complete the drive there.

### Committees in County Presenting Plea Be- fore Citizens

#### ASK QUICK ACTION

Expecting to secure 40,000 signatures, the Lower Tennessee Valley Association is circulating a petition in West Kentucky and West Tennessee asking that work be started at once on the Aurora Dam project on the Tennessee River. Committees in Calloway county are urging that every citizen sign these petitions, which are placed in numerous stores and business places in Murray.

The Lower Tennessee Valley Association at its recent meeting in Mayfield voted to draw up the petition which will be signed by interested persons and presented to the U. S. Senators, Congressmen, and to President Roosevelt in the near future.

The petition calls attention to the endorsement of the New Deal, to the inclusion of the Aurora Dam in the TVA setup, and to the need for employment and relief in this section of the Tennessee Valley. It asserts that "this section of the valley has so far not received any of the direct benefits of this great economic proposal," and declares that President Roosevelt, after his recent trip of inspection, has indicated that he intends to carry out and develop further his original plans in the area.

The petition asks the senators and congressmen to "unqualifiedly and unreservedly support his project by all reasonable and legitimate means at their command," so that this section may no longer be neglected and many enjoy its just share of the TVA undertaking.

WHEREAS: The Lower Tennessee Valley project, known as the Aurora Dam, has been included in the proposed plans and setup of the TVA as a necessary part of its integrated program; and

WHEREAS: This section of the valley has so far not received any of the direct benefits of this great economic proposal; and

WHEREAS: The need for employment and relief is daily becoming more acute in this section; and

WHEREAS: The President has recently indicated, after inspecting the work of the TVA, that he intends to carry out and develop further his original plans in the valley area.

BE IT RESOLVED: That we, as citizens of West Kentucky and West Tennessee respectfully and earnestly petition those in authority to take such steps as are necessary to start work at once on the Aurora Dam project; and

BE IT FURTHER RESOLVED: That we ask our U. S. Senators and Representatives in Congress to continue their efforts and to unqualifiedly and unreservedly support this project by all reasonable and legitimate means at their command so that this section may no longer be neglected and may enjoy its just share of the vast TVA undertaking.

## THANKSGIVING SERVICES TO BE HELD AT COLDWATER

On Thursday, November 29, we are planning to have all day service at Coldwater Church of Christ.

We will have two services, 11:00 A. M. and 2:00 P. M. We cannot announce at this time just who will preach at 11:00 o'clock. Bro. Thomas Pate of Birmingham, Ala., will preach at 2:00 P. M. Bro. Pate is a very fluent speaker, and we feel sure that he will deliver a splendid message at this time.

The good ladies of Coldwater are planning to spread dinner on the church grounds. Come bring lunch and your friends; let us spend Thanksgiving day together.

A cordial invitation is extended to all.

## Officers Take 7 To Eddyville Sat.

Seven were taken to Eddyville Saturday by Calloway officers to begin sentences totaling 17 years given in last week's trial of Calloway county circuit court. Sheriff Carl King, Calvin Stubblefield, C. W. Drinkard, and Linville Yates transported the seven.

The seven going were: Jewell Williams, Tom Skinner, Negroes, 2 years each, housebreaking; Paul Hill, 2 years, stealing a mule; Woodrow Long, housebreaking, 2 years; Fred Brown, 5 years, assault with intent to rob; Coy Cross, 2 years, housebreaking; Wayland Bazzell, 2 years, housebreaking.

## Reserve Officers Plan Group School

Reserve officers of Calloway county, including those stationed at the C. C. C. camp, plan to have a group school during this winter. Plans were made at a meeting at the camp Tuesday morning, at which Major W. C. Simmons, Cavalry executive officer of the Louisville Military district, presided.

An officer from the Louisville headquarters will attend the first meeting to be held at the camp during the week of December 10.

Officers present Tuesday and who will participate in the group school were Capt. C. H. Skaggs, Dexter; Capt. W. H. Martin, Jr., 169th Ky. Inf.; Lt. R. E. Smith, commander of the C. C. C. camp; 1st Lt. Allen D. Shipley; 1st Lt. P. W. Ordway and 1st Lt. Joe T. Lovett. Several others have made application for commissions in the reserve.

Major Simmons, Capt. Skaggs and Lt. Ordway formed a board which conducted a practical test for Lt. Lovett for a certificate of capacity for the grade of captain.

An officer from Louisville headquarters will visit Murray monthly to supervise the school and the local officers will meet monthly in between these visits.

## Legion Membership Is Falling Behind

Despite the fact that 7 members were added the past week, and that the post got off to a flying start, last week's work was not sufficient to keep Murray Post No. 73 up with its stride in the membership campaign.

The 7 new members for 1935 brings the membership to 87, which is still 3 short of the quota of 90 set for the week ending November. Last week the post got 22 members and this week only 7.

The seven new ones are Tom McElrath, R. M. Baggett, O. B. Turnbow, Herman L. Broach, Carmen Graham, W. R. Groom and E. S. Duquid, Jr.

The Drum & Bugle Corps will meet tonight at 7 o'clock at the court house for regular practice. Last week end the corps went on a camp on Tennessee River and missed its usual practice. Attendance and interest in the corps have increased considerably within the past few weeks.

The next regular meeting night of the post will be Thursday evening, December 6.

## Don't Get Up Nights IF YOU ARE OVER 40

If so, nature is warning you of danger ahead. Get rid of your trouble early. Make this 25c test. Get Juniper oil, Buchu leaves, etc. in green tablets. Ask for BUKETS, the bladder laxative. Take 12 of them in four days; if not pleased go back and get your money. BUKETS work on the bladder similar to castor oil on the bowels. Flushes out excess acids and other impurities which cause getting up nights, frequent desire, scanty flow, burning, backache or leg pains. You are bound to feel better after this flushing and you get your regular sleep. Guaranteed by Dale, Stubblefield & Co.

and was extremely popular with a  
wide circle of friends.

For many years he engaged in  
the hardware business here on the  
east side of the square in part-  
nership with J. G. Glasgow. During  
these years, Judge Baker made

Tom Logan, warden of the Ed-  
dycott Penitentiary, addressed the  
students of Murray State College  
and Murray High School in their  
respective chapels Monday morn-  
ing.

Mr. Logan declared that whis-  
key, dope and sexual insanity are the  
influences which result in men  
and women being sent to the pen.  
The program was sponsored by the  
Lyon county club. "You can con-  
trol these influences, or they can  
control you if they control you,"  
they will ruin you, Mr. Logan  
declared.

While here the warden was the  
guest of E. J. Beale, member of  
the state board of charities and  
corrections.

## \$5,942.32 COUNTYS SALES TAX SHARE

Tremont Beale, County Treasurer,  
Got Check for Sum Latter  
Part of Week.

Calloway county received her  
first cut of the sales tax last week  
when Tremont Beale, county treas-  
urer, received a check for \$5,942.  
32 from the state treasurer, Elam  
Huddleston. This was the county's  
quarterly return to the state.  
Under the law, one-third of the  
state's sales tax receipts are re-  
turned to the county on the basis  
of population.

In his letter to Mr. Beale, Mr.  
Huddleston said:  
"I am very happy to be able to  
send you this check at this time,  
because I know it will be of ma-  
terial benefit to your county and  
to you people."

"The sales tax law, so far as I  
can discover, is operating suc-  
cessfully and satisfactorily. It has  
strengthened the credit of the  
Commonwealth, thereby enabling  
those responsible for purchases to  
buy at better prices and in a  
much more satisfactory manner. It  
has put Kentucky on a sound fi-  
nancial basis, in fact, I think, in  
the best financial position of any  
State in the Union."

## RED CROSS DRIVE FALLS SHORT OF '33

The Red Cross Roll call has  
fallen short, even of the small Cal-  
loway drive of 1933. Mrs. B. Melugin  
states after a checkup shows that  
only \$127.25, including donations  
has been turned in.

Predictions were for a greater  
drive than in 1933 since the orga-  
nization was more complete. To  
date only one of the clubs, the  
Rotary, has gone one hundred per  
cent in membership. The drive  
was planned through the organiza-  
tion of clubs.

to 36 years in the penitentiary  
and many other cases were  
handled.

The entire day Monday was  
given to the hearing of the Eva  
McDaniel case against Rhynra  
Thornton asking \$20,000 damages  
as the result of a fall and injuries  
sustained at the rear of the J. S.

case was decided in favor of the  
defendant by peremptory instruc-  
tions.

before the court Tuesday morn-  
ing and an answer was expected  
in his plea for a new hearing on  
a murder charge. Outland was  
given 15 years for the killing of  
Chapel Cain, December last year.  
Affidavits and resolutions have  
been filed for a new hearing.

### WHAT "65 YEARS OLD" CAN DO

A 65 year old man can buy a Metropolitan life annuity contract for less than \$5,000 and be guaranteed an income of \$50 a month for the rest of his life.

If he invests \$6,000 elsewhere at 4 per cent, it will pay him \$30 a month. He can add to the monthly income, of course, by investing into his capital, but that plan is unsafe, unless he knows exactly how long he will live.

Once he buys a Metropolitan annuity, however, uncertainty is eliminated. He need not worry over the ups and downs of the market or the safety of stocks and bonds. The Metropolitan, the leading financial institution of the world, sends him a check every month for the remainder of his life, however long.

Annuities can be bought by men or women at any age and without medical examination. May we tell you about them?

**LECTURE AT CHURCH OF CHRIST, SUNDAY, 3 P. M.**

At 3:00 P. M. Sunday, Minister Thomas Pate will lecture to men on a subject of vital importance. All men and young boys from 12 years and older are urged to be present. A Bible theme of great importance, though often neglected will be studied.

This is an issue that Bro. Pate has given diligent study to and delivered similar lectures that met the honest approval of young and old men alike. Make it a point to hear this message.

The school team meets the Lynn Grove Independents here Wednesday evening, November 28.

Chapel Programs

Members of the seventh grade, sponsored by Miss Howard, gave a book week program in chapel Friday. Each pupil was costumed to represent some book and the other students in school tried to see how many they could recognize. No one knew the entire 23, but several got 24.

After this the remainder of the chapel period was taken up in a pep meeting. Milton Parks gave two numbers on the harmonica, and Oris Key played the violin. Short talks were given by Mitchell Story, Hewlett Cooper, and Charlotte Jordan. Miss Howard read a poem.

The juniors gave a very interesting program in chapel Monday before the entire school. It consisted of:

Talk: "History of Thanksgiving," Laura Hunter.

Reading: "Ma and the Auto Ride," Ruth Frances Turnbow.

Song: "The Hole in the Bucket," Carlos Erwin and Charlene Mayfield.

Reading: "De Fust Banjo," Harry Cothran.

Violin Solo, Oris Key.

Play: "Never Too Late to Learn," characters: Julia, Robbie Erwin; Louise, Nellie Ruth Jones; Mr. Leslie, Richard Boston; Mr. Harvard, Jack Cole Sims; Mr. Winters, Hewlett Cooper; Tom, James Scott; Biddy, Willie Kelso.

First and Second Grades

What is the meaning of Thanksgiving Day? When the question was asked the first and second grade children, many and varied answers were given. Some of the children had no conception of the meaning of Thanksgiving Day and why we celebrate on that day.

Some stories were read and told, some of which were about the first Thanksgiving. Afterwards the children were told to think for a few minutes about at least

one thing we should be thankful for.

Many good answers were given. Some of the things that were thought of were—home, father, mother, food, clothing, schools, churches, and many others. The second grade children were asked to bring old magazines from home so that they might cut pictures to represent the many things that they are thankful for, and paste these on pages for a Thanksgiving book entitled "Thankful". Surely Thanksgiving day will mean more to these children than just another holiday that they will not go to school!

Fourth and Fifth Grades

The fourth and fifth grades in Miss Swann's room have made a Thanksgiving sandtable and spelling charts of turkeys. The fifth grade has just finished studying some quaint and lovable characters in language such as Edison, Johnnie Apple Seed, Nightingale, Ford, Field, and Washington. They have also been making a study of Shakespeare's plays for children. All the children were enthused with the idea of studying Shakespeare like big folks.

## FILMS OF RUSSIA TO BE SHOWN AT FDEA

Julien Bryan To Show Films After His Fifth Trip To The Soviet; Tours Nation With Scenes.

One of the outstanding features of the F. D. E. A. meet will be "Soviet Russian and Siberia" by Julien Bryan, which will be illustrated with motion pictures. Mr. Bryan is famous for his films of Russian life and customs and has just returned from his fifth trip to the Soviet. His experiences in Europe began in 1917 during the World War. His first great recognition came a few years later and his "Russia as it is" was received in many of the larger cities of the country.

His new picture shows every phase of Russian life, homes, hospitals, clinics, marriage and divorce courts, experimental theatres, religious rites of Mongolia, story of collective farming, a trip down the Volga and many other interesting things, concerning the new Russia.

Every year for five consecutive years Mr. Bryan has spent many months traveling in the Soviet Union, poking into out of the way places. He knows how the Russian people really feel about Communism, how they eat, how they work, how they dress, how they play. His motion pictures are no superficial travelogue, but the record of a very real people. No book can tell you what you will see with your own eyes in these pictures. They reflect an understanding of human nature and the grasp of the facts behind world change that is a Bryan characteristic.

The illustrated lecture will be given Friday evening at 7:30 o'clock and will be free to F. D. E. A. members. Visitors are invited but due to expense of the feature, must pay an admission. K. R. Patterson, secretary of the F. D. E. A. states.

## Death Takes 80 War Vets Daily

WASHINGTON, Nov. 21.—World War veterans are dying at the rate of more than 80 every day, about 30,000 a year.

These figures, with many others, have been furnished the Budget Bureau by the Veterans' Administration in connection with appropriation estimates for the next fiscal year.

The estimates will not be made public until submitted to Congress in January, but officials expect the appropriation to be much higher than for the current year—\$546,748,000. The figure does not include the \$100,000,000 estimated as necessary to pay for benefits voted by the last Congress over President Roosevelt's objections.

## WE MUST PAY OUR COMPANIES

In order that we may fulfill the above statement it is necessary for us to call on some several hundred of our good friends and patrons who are delinquent in their accounts with this office.

It is not uncommon at all with us to be told by some of our patrons when statement is presented for premiums then past due that they have other obligations, such as bills payable for merchandise or taxes on which the discount will not be available after a certain date, or numerous other obligations which they deem more important to be paid than their insurance account.

On the other hand, each of our customers rightfully expects that every loss or damage be promptly and equitably adjusted and paid. For example, this office has had something like 125 damages reported this month due to hail and windstorm which occurred about the first of November, and all of these claims have already been adjusted and will be paid promptly. A check of the policies involved indicates that the premiums for less than one-half of the policies have been paid to us, while the premiums on 95 per cent of the policies involved are past due.

Frankly, we do not believe that very many of our patrons realize that the great bulk of the insurance premiums they pay us has to go to the companies not later than forty-five days after the end of the month in which the policy is dated. As a matter of fact, the commission on Fire and Casualty business is no secret, the nation-wide average being a fraction less than 20 per cent; therefore, at least 80 per cent must go to the companies.

It is our intention to furnish, on or before December 10th, each policyholder on our books a statement of the amount of their account due us for all policies issued prior to November 1st.

We trust that you will give such statement your sincere consideration and will take no exceptions to our action in this instance.

He also had with him a twist of air-cured tobacco which he twisted himself 50 years ago. Mr. Parker is a brother-in-law of John F. Smith, well known Callaway countian.

## Luncheon Planned for Music Teachers at F.D.E.A. Meet

Anticipating the attendance at the First District Educational Association here of everyone who is making an effort to teach music in connection with the high schools, Prof. Price Doyle, head of the music department of Murray State College, has sent out letters to 87 high schools belonging to the F.D.E.A. suggesting that an hour be chosen when the regular sessions will not be held to have a luncheon. If no changes are made, the meeting will be at the College Inn at Murray Friday, November 30, at 11:30 a. m.

Mr. Doyle stated that there exists a very definite place for some kind of organization of music teachers throughout the First District. He believes there will be at least 30 music teachers and take part in the discussion.

The purpose of the luncheon, according to Mr. Doyle, is stated in his letter of invitation: "It has been my thought that we might benefit by a regular meeting, say once a month, to be held at various centers. At these meetings we might have some musical programs, or we might discuss the problems which we all have."

President John W. Carr has announced that the alumni, former students of the college, and the faculty will have a get-together meeting and dinner Friday evening, November 30, at 6 o'clock in Wells Hall. Prof. Carman Graham, president of the Alumni Association, is in charge of arrangements for the meeting.

Build Up Strength By Taking Cardui Here's her own account of how Mrs. T. W. Hardin, of Greer, S. C., was benefited by taking Cardui: "I suffered a great deal from weakness in my back and pains in my side and felt so miserable" she writes. "I read of Cardui and decided to try it. I felt better after I took my first bottle, so kept on taking it as I felt such a need of strength, and it helped me so much."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.
