Guiding Your Children

Bad habits lead children astray. Good habits guide them safely into the path of character, uprightness and independence.

You can start them right by teaching them to save money. Set them an example by saving yourself. Make them admit the thrift.

Once started, the saving habit helps to form other good habits. It provides experience for them in handling their own funds.

This start in the right direction is but a simple step. Bring children to the bank when you start them to school.

A Slow Education

In the middle of a pond there was a frog. The pond was a small one and the frog was very comfortable. One day another frog came to visit him.

The first frog said, "Hello, how are you?"

The second frog answered, "I'm fine, thanks for asking. What have you been up to?"

The first frog replied, "Oh, not much. Just sitting around waiting for something interesting to happen."
