Guerrillas In Surprise Move Seize Airport

Washington.--A surprising move by guerrillas to截取 the airport at Manila was announced today. The action took place during a lull in the fighting, and the news was received with surprise by the American authorities in the Philippines. It is reported that the guerrillas, numbering about 200, attacked the airfield early this morning and successfully broke into the main hangar, capturing several planes and destroying others. The attack was said to have been well coordinated and led to the capture of several enemy aircraft. The United States military authorities are now making plans to retake the airport and resume control.

Defeated Nazi Plans Fail

Berlin.--The defeated Nazis have announced their plans for the future, stating that they will continue their fight until the end. They have called for a nationwide uprising and have vowed to resist the Allies' occupation. The announcement was made by their leader, Adolf Hitler, in a broadcast to the German people. The Allies have already begun operations to prevent a uprising and have warned of severe consequences for any who try to resist.
