This statement is true in

the face of medical truth: A beauty doctor can help an ugly face, but prosperity is the only thing that can change an ugly heart.

The Fulton man who says what he thinks can get by with it if he says it to someone who thinks the same thing.

It's all right to make allowances for the younger generation, but it's not a good idea to make them in cash.

FRUIT UPSIDE DOWN CAKE

By RUTH MAVIS STONE

FRUIT UPSIDE DOWN CAKE

It's a necessary evil at best, and why not try a new kind of upside-down cake for a change of口味? The fruit can be any kind you put in it, and it's a winning combination in a recipe. Take a look at the saving in calories and the health benefits! Why not an upside-down cake for dinner?

Another Crop toy, it topsy-turvy world at best, so why not try it out in real life too? It's fun to play with!

When you want a healthy, grade A dessert, but do you realize that the existence of the local business is in danger? It's time to get together and support our local businesses.

I, jellied lemon, sized frying pan. Alii the brown sugar and turn it upside down for two minutes.

2. Cut the butter into thin slices. Beat the egg whites until stiff. Add the flour and mix well. Fold the mixture into a cup of whipped cream.

3. Fold the mixture into the brown sugar mixture. Add the lemon juice.

4. Mix in the butterscotch filling. Drain the juice from the pineapple mix with the nuts.

5. Spread the nuts on the fruit with shredded egg white. Bake for 30 minutes.

In Case of Emergency

When you want a thing in a hurry, you rush to a local store and get it. But do you realize that the existence of our stores depends upon continued business?

If every person in this community were to use the store only for emergencies, there would soon be no more places to satisfy those urgent needs.

You should do your part towards keeping local business alive and in a constant state of support by buying all your trading at home. It will be profitable not only for you but also for the entire community.

Lesson for October 18

Paul in Thessalonica and Berea (Acts 17:1-15)

Lesson in Perspective

1. Paul preaching in Thessalonica (Acts 17:1-5). He was met with positive reception and a large following of converts. Paul and Silas were eventually expelled from the city for their preaching of the gospel.

2. Paul preaching in Berea (Acts 17:6-12). He was met with a smaller following, but their belief and actions showed a deeper understanding of the message. Paul left behind a lasting impact in both cities.

3. The attitude of the Jews toward Paul (Acts 17:13-15). They were interested and receptive, but ultimately did not accept his message. Paul's faithfulness and patience in the face of adversity were a testimony to the power of the gospel.

Help our Merchants to help YOU

Everybody will agree that a man succeeds and prospers only when he spends LESS money than he receives in a given period of time.

Let's apply this great economic test to the situation in the town. Our business men have invested—and continue to invest—their money in stocks of goods brought here to your very door to meet your daily needs.

Through the pages of this paper they advise you of their ability to serve this community. All of us know that they deserve our patronage. And remember, the more you trade with them, the more funds they can invest in larger stocks and new lines.

Bad habits lead children astray. Good habits guide them safely into the path of character, uprightness and independence.

You can start them right by teaching them to save money. Set them an example by saving yourself. Make them admire thrift. Once started, the saving habit helps to form other good habits. It provides experience for them in handling their own funds.

This start in the right direction is but a simple step. Bring children to the bank when you start them to school. Make Your Best Servant
