KENTUCKY -- Rain is to return on Monday and linger through the night. For Kelton First and Always.

Established 1869.

THE LISTENING POST

These are the dog days of winter, when every day seems longer than the one that preceded it. It is only one more week until the sun begins to come up higher in the sky. By next Saturday a fellow must be on the look out for a fellow policeman. Both were escorted to the police headquarters.

Weatherston, N. Y. -- Two men, identified as German spies, have been arrested by the British. They were found in a cave in a mountain near the border.

The men were last seen Monday near the border. They were caught by a British patrol who heard them talking in German.

The men were at liberty for about two days before they were discovered.

The British were able to check all the borders and found that the men had been crossing into the country.

The men were taken to police headquarters and questioned. They admitted that they were planning to kidnap British soldiers.

The men were then put under guard and will be tried later in the month.
