LETTERS TO SANTA

Dear Santa,
I am ten years old, and I go to school at Central Public School. I wish for a puppy, a pet, a doll, a doll and brother, and a lot of orange juice.

Dear Santa,
I am a little girl, and I am in the first grade. I want a watch, a doll and clothes, oranges, and a little table and chair.

Dear Santa:
I am a little girl. Please bring me two books, a doll and clothes, and lots of oranges.

ECONOMIC HIGHLIGHTS

The release of Congress to ad-

mit, and provide the sifting of con-

servative officials, was a great step

Contributed by the press, and

newspapers generally,

but the great public wants them.

It is now certain that the great

people have not been taken in by

the experts, who have been working

for 24 hours a day, to make the

nation's economy work. For the

first time in history, the govern-

ment is in control. And it is

working. The people are con-

vinced that they have a govern-

dment that can be trusted.

ARMY

While the British army is in

the battle, the American army is

preparing for the big one. The

army is in good shape, and the

nation is hopeful. The American

army is ready to fight, and the

people are ready to support it.

The American army is the only

army that can save the world.

The American army is the only

army that can win the war.

FACtS

Facts recently published show

that the United States has a

population of 120 million, and

that the British Empire has a

population of 400 million. But

the United States has a greater

army than Britain. The British

army is not as strong as the

American army. The American

army is the only army that can

win the war.

The few doubting Thomases who

question the ability of the U.S.

army to win the war are quickly

silenced by the facts. The United

States has the greatest army in

the world, and it is ready to

fight. The American army is

the only army that can win the

war.
