FULTON, KY., FRIDAY, JANUARY 17, 1941.

NUMBER FIFTY-TWO.

MAN SOUGHT IN SHOOTING GIVES UP

John C. McIlwain, who has been sought since January 7 for the shooting of Sam Walters, gave himself up to local police Wednesday afternoon. McIlwain, local plasterer and brick mason, was placed under arrest on charge of malicious shooting with intent to kill and, after he waived examining trial, was carried to the county jail in Hickman. He walked up to Policeman Walter Boaz and Constable Walter Ferguson near the City Hall Wednesday about 4:45 p.m. and said he was ready to go to jail. He was with L. G. Walters, brother of the man he shot.

Sam Walters, whom McIlwain is charged with shooting, was at first believed to be fatally injured, but is now given a 50-50 chance by physicians at the Fulton Hospital. McIlwain told police that he had been near Fulton all of the time since the shooting but refused to say where. He stated that he was drunk and mad when he shot Walters but refused to say why they were together.

It is believed that McIlwain went to Walters' house to buy whiskey and, when Walters refused to sell him any, McIlwain shot him.

BANK REELECTS OFFICERS AND DIRECTORS

A meeting of the stockholders of the City National Bank was held Tuesday, January 14, and all officers and directors were reelected. Directors are Joe Browder, W. A. Terry, W. W. Morris, N. G. Cooke, C. P. Williams, L. F. Burke, L. H. Weeks, J. D. Davis and L. E. Browder.

Officers reelected are N. G. Cooke, president; Clyde P. Williams, executive vice president and cashier; Bertie J. Pigue, assistant cashier.

A ten per cent dividend was paid to stockholders during 1940.

Haws-Weaver Hospital

Miss Alice Lunsford of Hickman continues to improve.

Miss Cora Sublett of Clinton is improving.

Paul Jones of Martin has been admitted for a minor operation.

Mrs. M. C. Wix is doing fine.

Calvin Allen has been dismissed.

Mrs. Homer Ferguson has been dismissed.

Mrs. W. W. Batts remains in a serious condition.

Mrs. L. J. Byars of Dukedom is improving after a recent operation.

Ed Stone of Union City who was admitted for treatment, has been dismissed.

Claude Bell is improving after a recent operation.

Nelle Wolfe is improving.

Mrs. Ada Humphrey has been admitted for treatment.

Mrs. Joe Williams and son of Union City have been dismissed.

Mrs. Athel Fields of Dukedom is doing fine after a recent operation.

W. H. Colley of Martin has been admitted for treatment.

Mrs. Johnnie Walker has been admitted for a minor operation.

DIXIE-SOUTH FULTON SPLIT DOUBLEHEADER

South Fulton and Dixie split a doubleheader at the South Fulton gym last Friday night. The Dixie girls won by a 26 to 8 score, while the South Fulton boys rallied in the last three minutes to defeat the Dixie five 27 to 22.

For the girls Day scored 5 of South Fulton's 8 points. Williams, for Dixie, led the scoring with 15 points. In the boys' game McKinney and Harwood divided the scoring honors for the Red Devils.

Joe Gates is ill of flu at his home on Central avenue.

R. C. Pickering is improving after a week's illness at his home on Third street.

Finance Company Re-Elects Officers

West Kentucky Finance Company held its annual stockholders' meeting Monday night, reelecting all officers and directors. Directors are Ira Little, Arch Huddleston, N. G. Cooke, R. H. Wade, Hoyt Moore, Smith Atkins and J. J. Clements.

Officers are Ira Little, president; Arch Huddleston, vice president; N. G. Cooke, treasurer; Smith Atkins, general manager and secretary; and J. M. Martin, assistant secretary.

The financial report showed an excellent year and an eight per cent dividend has been paid. The surplus for the year showed an increase of about \$2,000 after payments of dividends.

Basketball Queen To Be Selected

A contest was started this week at Fulton high school to select the Basketball Queen for 1941. The following nominations have been made: Martha Neal Houston, senior; Mary Ethel Lansden, junior; Elizabeth Smith, sophomore; Joan Bullock, freshman. The class which sells the greatest number of basketball tickets, will have elected their candidate as queen. She will be crowned prior to a game scheduled here Friday night, January 24 with Cayce. A band concert will also be held at that time.

Murray Training School plays the Bulldogs here Friday night. As a special attraction, a comic basketball game will be played between the football team and basketballers of the Junior High. The football players will be dressed in girls clothing.

Hickman comes here next Tuesday night for a game. The added attraction is expected to be a boxing contest between Millard Luther and Andy Boelin, both of Fulton.

Next Friday night, January 24, Cayce is scheduled to play the Bulldogs on the local floor.

Two Escape From Hickman Jail This Week

Willard Harrington, 23, of Metropolis, and Clarence Eldridge, 23, of Murray, escaped from the Hickman jail Tuesday night. They made their escape by sawing the bars in their cell and removing bricks from the outer wall. The break is believed to have been made after 1:30 a.m. No trace of the boys has been found. They were arrested for storebreaking on January 3, charged with entering the Dave Hughes Store in east Hickman.

Harrington has brown hair and brown eyes, is 5 feet, 8 inches tall and weighs about 150 pounds. He was wearing a corduroy cap and a blue corduroy coat.

Eldridge has brown curly hair and brown eyes. He is 5 feet, 6 inches tall, weighs 120 pounds, and was wearing a blue Melton zipper jacket.

INCREASED SALES FROM ADS IN THE NEWS

Makers of Creomulsion Praise Results Of Ad Campaign

The Creomulsion company says, "consistent advertising in The News has greatly increased the sale of our product, Creomulsion, in your trading area."

Creomulsion, a superior prescription for stubborn coughs, chest colds and bronchitis is especially beneficial in the relief of coughs that follow influenza.

Recommended by thousands of doctors and druggists from coast to coast, Creomulsion is sold and guaranteed by all drug stores.

L. KASNOW OPENS HIS MID-WINTER CLEARANCE

L. Kasnow's store began its annual mid-winter clearance sale on Wednesday, Jan. 15. Nice reductions have been made on all merchandise as advertised in an ad in this issue of THE NEWS.

MRS. CHARLIE FIELDS DIED HERE TUESDAY

Mrs. Charlie G. Fields, age 79, died early Tuesday morning at the home of her son, Roy Fields, on Central ave. Mrs. Fields had been in ill health for several years. Funeral services were held Thursday at 2:30 o'clock at the Hornbeak Funeral Home, conducted by Rev. L. O. Hartman, assisted by Rev. E. R. Ladd. Burial was in Palestine cemetery.

Active pallbearers were C. C. Parker, F. M. Branch, Abe Jolley, W. E. Bell, Jake Huddleston and Max Cummings. Honorary pallbearers named were John Bowers, Smith Atkins, Hunter Whitesell, R. A. Stille, Roper Fields, Lee Rucker, T. J. Travis, J. H. Cavender, A. G. Baldrige, Jack Parker, Lawson Roper, Vodie Hardin, Dr. Ward Bushart and J. J. Owen.

Mrs. Fields was before her marriage, Miss Mattie Blanche McGehee and she was born near Cayce on March 3, 1864. On April 6, 1887, she was married to Charlie G. Fields and to this union three sons were born. Her husband and a son preceded her in death.

Surviving her are two sons, Roy Fields of Fulton and Guy Fields of Jackson, Miss., one brother, John R. McGehee of Fulton; two sisters, Mrs. Cornelius Hankins of Nashville and Miss Lena McGehee of Cincinnati; and one granddaughter, Mrs. E. L. McLaurin of Meridian, Miss.

She was a faithful member of the First Methodist Church in Fulton.

Miss Brittain Named For D. A. R. Pilgrimage

Miss Katherine Brittain, daughter of Mr. and Mrs. Carl Brittain, Third street, has been chosen by the faculty of the Fulton High school, for the D. A. R. Good Citizenship Pilgrimage. Selections are made on four points—democracy, leadership, service and patriotism. One girl is chosen from the candidates of each Kentucky high school and this girl is given a free trip, with a chaperon, to Washington, D. C., to participate in the National contest.

Miss Brittain was chosen from three girls selected by the members of the senior class. Lillian Homra and Virginia Ann Hill were the other candidates. Miss Brittain is a member of the honor society and has received three monograms. She is a member of the Beta society, honor club requiring all A's and B's for membership, and was formerly a member of the school band.

Skilled Labor To Be Interviewed Here

Mrs. Faith Langstaff, manager of Kentucky State Employment Office in Paducah, announced today that an interviewer from that office, which also handles Fulton County files, will be in Fulton on January 22nd for the purpose of interviewing skilled men who may be needed for the National Defense program.

Those skilled as mechanics (these must have served an apprenticeship); carpenters, who are able to read blueprints and who have a full set of tools; millwrights; riggers and tool and die makers, are asked to come to the City Hall between the hours of 9:30 A.M. and 3:00 P.M.

Only the skilled in the above occupations will be interviewed.

Mr. and Mrs. Ray Graham, Mr. and Mrs. Robert Graham, Mr. and Mrs. Warren Graham and Elbert Lowery attended a Episcopalian convention at Hotel Penobscot in Memphis last week end. Robert Graham and Mr. Lowery attended a sales and service meeting Saturday.

Mrs. Enoch Milner and Miss Ruth Graham are visiting Mr. and Mrs. Harold Howard in Gary, Indiana.

Mrs. C. D. Edwards and daughter, Becky, of Covington are visiting her parents, Mr. and Mrs. George Hall, in Highlands.

FULTON SCHOOLS MAKE GOOD RECORD

Seldom do you find a school system in this state the size of Fulton in as good financial condition as the local schools. A recent statement of revenue and expense revealed that the local schools have permanent and fixed assets totaling \$147,534.23. The annual revenue aggregated \$43,427.19, with the current expense being \$44,334.65.

School taxes during the past year totaled \$32,124.75, and the prevailing tax rate is \$1.25 on a hundred dollars, which is just about average.

J. O. Lewis came here eleven years ago as superintendent, not many years after the high school building and science hall had been erected. When he came to Fulton the bonded indebtedness against the school was \$39,000, and the short term loans totaled \$22,500. In the eleven years \$72,000 of indebtedness has been cleared. Today the bonded indebtedness is \$2,500 and short term indebtedness \$1,000.

Eleven years ago the interest being paid on bonded and short term debts totaled approximately \$3,150 a year. Now it is \$210. The principal and interest has been steadily reduced.

Several notable improvements have occurred in the Fulton school system in the past decade, under the guidance of the school board and officials. Reading and arithmetic have been stressed, and as a result the record of the school in this department has been raised from below to above standard. There has been an improvement in scholarship which speaks well of the curriculum and personnel of the schools.

Among other improvements have been the organization of a school band four years ago under the direction of Yewell Harrison; development of the school library from 200 to 2000 volumes; improved commercial department.

The average attendance during the past decade has been 850 students, which has remained about steady. The school census lists 925 to 953 pupils in the school district.

Rev. John Waters Died Last Sunday

Rev. John Watson Waters, 87, retired minister of the Memphis Methodist Conference, died Sunday morning at his home in Ripley, after a short illness. Funeral services were held Monday afternoon at the First Methodist church in Ripley by Rev. O. C. Wrathright of Jackson and Dr. R. P. Buckworth of Brownsville.

Rev. Waters was a native of Murray and received his education in schools of that section. He served as an active minister for 50 years and about ten years ago he retired due to his advanced age.

During his ministry he served as pastor at Dyersburg, Brownsville, Murray, Fulton, Paris, Humboldt, First Church and Hayes Avenue Church at Jackson, Lexington, Huntingdon and Galloway Memorial at Memphis. He was presiding elder of the Lexington District for four years.

He is survived by his wife, Mrs. Lois Summers Waters; a daughter, Mrs. John E. Naylor, of Ripley; two sons, Fletcher Waters of Dyersburg and Roy Waters of Bogalusa, La.; and a brother, Rev. W. C. Waters of Martin.

DRESDEN TEAMS BEAT SOUTH FULTON

The Dresden Lions defeated the South Fulton Red Devils and Angels in a doubleheader Tuesday night in Dresden. The Angels lost by a score of 35 to 32 and the Red Devils were defeated 32 to 25. Day was high scorer for the South Fulton girls with 11 points. Harwood, with 9 points was high point man for the Red Devils.

The Tiptonville teams will come to the South Fulton gym Friday night, January 17 for a doubleheader.

Board of Education Met Monday Night

The Fulton Board of Education held its regular monthly meeting at the high school building Monday night. Maxwell McDade, newly elected member, began his term. Walter Evans, other new member, was unable to attend on account of sickness. These new members were elected to replace Vodie Hardin and Paul Hornbeak, who retired the first of the year. Other members now serving are Bob White, Roper Fields and Frank Beadles.

Bertie Pigue has been elected to serve as secretary-treasurer replacing Mrs. Ethel Butterworth, who resigned recently.

DEATHS

WILLIAM ROACH

William Roach of Paducah, formerly of Fulton, died early Sunday morning in the Illinois Central hospital in Paducah, following an illness of pneumonia. Funeral services were held Monday afternoon in Paducah and the body was brought to Fulton for burial in Greenlea cemetery.

Mr. Roach lived in Fulton until a few years ago, when he moved to Paducah. He was employed as a welder at the I. C. Shops. He is survived by his wife, Mrs. Thelma Anderson Roach; three children, Jean, Joyce and Joe Cook Roach; and his mother, Mrs. Cora Roach of Fulton.

MRS. HATTIE VAUGHN

Mrs. Hattie Vaughn, 59, died Sunday night at 7 o'clock at the home of her daughter, Mrs. J. C. Harrison, following an illness of pneumonia. Funeral services were held Monday afternoon at the White-Ransom Funeral Home in Union City, conducted by Rev. E. A. Autrey of Fulton.

Surviving her are one daughter, Mrs. Harrison; two brothers, Newt Mann of Troy and Murray Mann of Trenton; one grandson, Charles Goodman of Muskegon, Mich.

L. B. JONES

Funeral services were held Monday afternoon at the Baptist church in Bardwell for L. B. Jones, 74, who died Sunday at his home there. Burial was in Zoar church cemetery in Carlisle county.

He is survived by a daughter, Miss Mary Jones, of Bardwell. He was a brother-in-law of Dr. R. T. Rudd, Art Rudd and Mrs. Frances Wiley, all of Fulton.

FULTON HOSPITAL

Hugh French of Hickman is improving after treatment.

Joe Bacon Rudd of Hickman, ill with pneumonia, is better.

Mrs. H. P. Taylor, Martin, Route 3, receiving treatment for flu, is doing fine.

Dan Gore, Crutchfield, Route 2, is improving after treatment for a broken leg.

Mrs. Charles Robert Bennett and baby are getting along nicely.

Mrs. Dalton Yates, Water Valley, Route 2, continues to improve.

Sam Walters is improving.

Mrs. Glenn Knighton and son were dismissed Sunday.

Mrs. Coy Evans was dismissed Saturday.

Mrs. E. A. Autrey and daughter were dismissed Monday.

Mr. Henry Amberg of Hickman was dismissed Saturday.

Reta Copeland of Water Valley has been dismissed.

Russell Mordis of Moscow was dismissed Monday.

LITTLE'S CLEARANCE SALE STARTED TODAY

Little Clothing Company, 414 Lake-st., started its annual clearance sale on men's and boys' clothing on Friday of this week. Many outstanding values are being offered in this store-wide clearance event.

Miss Carblene Gardner, student at Lambuth College, Jackson, spent the week end with her parents, Mr. and Mrs. C. L. Gardner, Commercial avenue.

YMBC WOULD BACK 4-H CHICK PROJECT

The Young Men's Business Club met in its regular dinner session Tuesday night at the Rainbow Room. Forty-eight members and one visitor, Basil Ross, were present. Mr. Ross, employee of the Browder Milling Company, made a short talk on the success of the Ken-Tenn Exposition held last year and promised the cooperation of the milling company if the show is held this year. The club discussed plans for the event this year and a committee was appointed to secure the grounds and to meet with a committee from the Chamber of Commerce.

Hendon Wright, president, then presented Paul Bushart, who explained a new project which is being backed by Swift & Company and the 4-H Club. The project is placing of baby chickens with children on farms. A committee, composed of Herbert Goulder, chairman, Oran Winstead and Karl Kimberlin, was appointed to investigate this project and report at the next meeting.

Vernon Owen of the T. V. A. committee reported that there will be a meeting with the committee from the eastern part of the state in the near future.

Oran Winstead, chairman of the Christmas toys committee, made a report and expressed appreciation to the South Fulton fire department for repairing the toys. Plans were discussed for the attendance contest, and Enoch Milner was named captain of the Blues, with Milton Exum as captain of the Whites. The campaign will begin at the next meeting.

Buck Bushart, chairman of the wild life committee, reported that no answers had been received to the letters written to the states of Kentucky and Tennessee, concerning the obtaining of birds.

Lawrence Holland asked the cooperation of the club in organizing a sports club, including all sports. A committee composed of Mr. Holland, chairman, and Buck Bushart, was named to investigate.

The club will again have volleyball games at the Science Hall. Members voted to discontinue the bingo games.

PRELIMINARY TOURNEY TO BE HELD FEB. 14

The preliminary basketball tournament of the Western Kentucky Athletic Conference will be held Friday, February 14. Committee-man J. O. Lewis announced here this week. These games will be played by four teams in each of the western and eastern halves of the conference. Winners of the eastern division and the western division will meet Saturday night, February 15, to decide which team shall be champion of this conference.

Conference committeemen will meet Saturday, February 1, to select teams that will play in the tournaments and sites of games to be played. George Taylor, Archie Riehl and Douglas Smith represent the eastern half and Ty Holland, Mr. Percy and J. O. Lewis represent the western division.

In the state tournaments, the First District tourney probably will be held at Hickman, games to be played March 7 and 8.

FULTON TEAMS WIN OVER WINGO

The Fulton Bulldogs won a 29 to 13 victory over the Wingo Indians at the Science Hall last Friday night. The Pups also won 32 to 20 in the preliminary game. McClellan, forward, scored 8 points. Fulton led 4 to 3 in the first quarter, at the half Wingo led 9 to 7 and Fulton led 21 to 12 at the end of the third quarter.

The Wingo second team received its first defeat, having won nine successive games. The Pups have lost only one game.

Mr. and Mrs. I. M. Jones spent Tuesday in Memphis.

Men love to hear of their power, but have an extreme disinclination to tell their duty.—Burke.

IS A PENNY EARNED
Why not try our Complete Shoe Service and save many pennies. Besides new soles of long wearing "Steerhead" leather the shoes receive a going-over that makes them practically new.

Wilson's Electric Shoe Shop

Behind the Scenes In American Business

By John Craddock

BUSINESS—With the whole national effort being concentrated on building up national defense and providing the "arsenal for democracy" pledged by President Roosevelt, the whole complexion of the business and industrial picture is more and more determined by "Washington." The President's budget message gave some idea of defense-spending pace that will prevail, influencing all other lines of business and production—stepping up most (through payrolls, employment), curbing some (because of priorities in materials, personnel, machines).

So here's the budget message boiled down on spending: During the fiscal year starting next July 1, F. D. R. plans (or hopes) to spend \$10,811,000,000, on defense. That's at an average rate of \$900,000,000 a month, twice the present defense-spending rate. And the pace will be getting faster and faster month by month, so that, sometime between now and June of 1942 the outlay for armaments will be running above a billion-a-month!

LOW-DOWN—Nutshell analysis of one phase of the defense materials supply situation, according to J. G. Forrest, financial editor of the New York Times, in his Sunday column: "There is ample metal aluminum to provide for the defense program as it is known to the Aluminum Company of America, based on long-term estimates made by the company in conjunction with the Defense Advisory Commission, the aircraft industry and contracts being awarded by the government to aircraft companies from month to month. Deliveries, in general, are being delayed only in the case of orders for fabricated parts, which are deviations from the original estimates or orders, where the manufacturer forgot to order certain parts, or in ordinary manufacturing difficulties such as the breaking of a die or similar incident." Citing one aircraft manufacturer's claim that he had been forced to lay off men by "shortage" of parts, the writer said the aluminum "shortage" was found to involve a single type of forging, the order for which had been inadvertently cancelled by the customer.

EIGHT UP—Reflecting national income gain is a comparative table, by sections and nationally, for eight key categories in the general business picture, for first nine months of 1940, against same period of 1939. All eight, nationally, were on the "up" side—passenger car sales by 27 per cent; gasoline consumption by 6; household refrigerator sales by 39; sales of ordinary life insurance (a column that in several previous tables showed minus while most of the rest were plus) up by 2 per cent; value of checks drawn, up by 3 per cent; farm income, by 7; electric power output, 12; and heavy construction, up 10.

RE-EMPLOYMENT GAINS—Since the bound-to-be expansion of payrolls in defense industries during the first quarter of 1941 will coincide with seasonal employment gains in agriculture, Uncle Sam's total unemployment may in the next few months dip close to the 5,000,000 level. (The number of idle was estimated at 7,200,000 at the beginning of December by the National Industrial Conference Board). Employment is already running at close to the 1929 pace, both in agriculture and non-agriculture fields, so the current unemployment must be largely due to the expansion of potential workers' supply since '29. This expansion is estimated to be at the rate of about 600,000 per year. The NICB estimates that by the end of March the defense industries will absorb 3,450,000 workers—since early in 1940.

CAYCE SCHOOL NEWS

Honor Roll for 4th Month

County Superintendent J. C. Lawson was a visitor at school Tuesday morning.

Having completed his required work for graduation, Joe Bard received his diploma at the end of the first semester.

Jack Gardner, N. Y. A. supervisor, of Louisville, was a business visitor at school Friday afternoon.

Work was begun Wednesday on the school grounds on the construction of a farm shop for the purpose of starting a new N. Y. A. project for this community. This shop will be used by the agriculture boys of the school and local boys who are not in school but are between the ages of 17 to 24. Arch McMurry, of Hickman, is supervising the construction work of the building.

The members of the agriculture classes are studying how to make and keep a farm budget.

At a class meeting Thursday afternoon the Seniors selected their class invitations.

The Freshman Class welcomes as a new member Russell Pruett from South Fulton, Tenn.

The First Year Home Economics Club will meet Friday, January 17.

At the regular Club meeting the 4-H Club girls of the seventh grade served lunch to the teachers who were not having a class during that period. The menu consisted of toast, eggs a la golden rod, stewed prunes, curled Carrots, and hot chocolate. Hilda Sue Stallins served as host and Betty Lou Atwill as hostess. Ruby Fields and Anna Margaret Wilds served. Guests were Miss Hudgens, Mr. Murphy, and Mr. and Mrs. Wallis.

Girl Scout News
Troop One met Tuesday afternoon with seven members and two leaders present. Each girl told the major field which she had chosen for her work toward first class. Imogene Wade made a report of her art work.

DOES FORD PAY GOOD WAGES?

HERE ARE SOME FACTS about Ford Labor.
During the year ended November 30th, 1940, the Ford Payroll throughout the United States averaged 113,628 hourly wage earners, not including office employees, students, or executives. They were paid \$185,105,639.12. On this basis, the average annual wage was \$1,629.05.

According to the latest available government figures, the annual average wage of all workers in employment covered by old age insurance law was \$841.00.

If the 45,000,000 workers of this country received the same average wage as Ford employees, they would have had additional wages of more than \$55,000,000,000, thus increasing the national income about 50%. Think what such an increase would mean to the workers of this country and to the American farmer, whose prices are based on the national income.

Wage scales in the Ford Rouge plants are divided into three classifications:

Unskilled . . .
Minimum hiring wage . 75c per hour
Semi-skilled . . .
Minimum hiring wage . 80c per hour
Skilled . . .
Minimum hiring wage . 90c per hour
Higher wages are in consideration of ability and years of service.

Minimum wage scales for unskilled labor at the Rouge plant are the highest in the industry. Top wages for skilled labor compare favorably with, or are higher than, wages in other automobile plants.

Now some facts on Ford labor conditions:

Not only are sanitation and other health conditions the best in the industry, but Ford also leads in safety devices for the protection of employees. Proof of this is found in the following com-

parison of compensation insurance costs:

The national average rate in automotive manufacturing plants as computed by the National Association of Underwriters is in excess of \$1.50 premium on each \$100 payroll. The Ford cost of workmen's compensation is less than 50c.

This indicates that the chance of injury in a Ford plant is much less than in the average automobile plant.

The Ford Motor Company has no age limit for labor, and in fact deliberately attempts to keep older workers working. The average age of Ford workers at the Rouge and nearby plants is 38.7.

A recent check-up shows that nearly one-half the workers at these Ford plants were 40 or over, falling into these age groups:

25,819	between 40 and 50
14,751	between 50 and 60
3,377	between 60 and 70
417	between 70 and 80
12	between 80 and 90

In addition to the so-called regular employees, the Ford Motor Company has hired, and now has on the payroll, at the same regular hourly wage, thousands of workers who are blind, crippled or otherwise incapacitated for normal productive work. They are not selected for their ability to build cars or to maintain the plant. They are on the payroll because of Henry Ford's belief that the responsibility of a large company to labor goes beyond the point at which the unfortunate worker can no longer produce profitably.

The above are facts. They are open to anyone who really wants to deal in facts. Anyone who wants to get a job . . . buy a car . . . or place a national defense contract on the basis of fair labor treatment must place Ford at the top of his eligible list.

Insurance Is Like A Spare Tire . . .

There may be less probability of needing the spare tire—but you wouldn't think of going on a trip without one, would you?

No matter how carefully you drive, how scrupulously you observe the law—sooner or later insurance may fill a very pressing need. Let us show you how little it costs for adequate protection.

Tidbits of Kentucky Folklore

BY Gordon Wilson, Ph.D.
WESTERN KENTUCKY
TEACHERS COLLEGE
BOWLING GREEN, KY.

CHESTNUTS

Here is a passing institution indeed. It is autumn while I am writing this, just after the first good frost. The colors are blazing on the hills, acorns are dropping, there are hickory nuts and to spare. But where are the chestnuts? In many ways they were the most distinctive nuts of our childhood, for our schoolhouse stood in a huge wooded area, stretching miles and miles away. On many of the rugged wooded hills the chestnut tree grew and bore its nuts. The squirrels and we knew where they were; no fall went by without our accumulating even more than

we could eat daily. The worms liked them too, but we had plenty besides. Chestnut hunts were actual events each fall. We roasted chestnuts in the ashes on cold fall nights. The chestnuts timber made wood that sparkled and popped on our hearths; the long, straight poles were used in much of our building; chestnut lumber, sawed and planed, made beautiful ceiling for our houses. And when the telephone came, it was chestnut poles that we cut and planted to carry the new magic wire that connected us to the big outside world.

Relief At Last For Your Cough

Cremulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Cremulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

MEMPHIS TENNESSEE

WESTERN HIGH SCHOOL

Western handed Lowes its first loss in the Jackson Purchase Conference in a hard fought battle at Western Friday night, January 10. Western team led throughout the game, but the lead was narrow, often only one point. At the half the score was 11 - 10 in favor of Western, and the game ended 28 - 22 in favor of the local boys.

In the first game the Western reserves won an easy victory, 23 - 18.

The line-up was as follows:
Pos. Western Lowes
F—Nipp 4.....J. Barringer 4
F—Cole 11.....L. Barringer 4
C—Glidewell 9.....Mason 1
G—King, Richard 1.....Garnet 10
G—White 3.....Hailey 3
Substitutions: Western, Yates; Lowes, Monroe.

Referee: Lyle Putnam.

This game leaves Western with a record of four games won and two lost in the Conference. Total games won are six, since the team has won over two Tennessee teams.

On Tuesday night, January 21, Western plays Cayce at home. It is hoped a good crowd will be out for this next home game.

Western High School will receive a Vocational Agriculture Shop that will be built by the NYA boys. This shop will be constructed of concrete blocks and will be so constructed that it will give many years of service.

Boys that wish to take the Defense Training Course may do so in the near future. This building will be used for the defense classes. It will also be valuable to the agriculture classes and for the shop work. The Vocational Agriculture boys appreciate the action of the Fulton County Board of Education for making this shop possible.

HOME AGENT NOTES

To Rural Families in Fulton Co.:

During the past few years, great surpluses of cotton have been accumulated by the Surplus Commodity Corporation of the United States Department of Agriculture. It has been decided that no better use could be made of this surplus than to use it to improve the health and comfort of rural families throughout the nation by making it possible for them to have comfortable mattresses. The rural family gives the time and labor to make the mattress and the Surplus Corporation gives the cotton and ticking. In order to make this program serve those who would find it difficult to purchase mattresses, the program is limited to families whose income is within certain limits, determined by the United States Department of Agriculture. The following families are eligible to receive mattresses under this program.

1. Any farm family (living on farm and 50 per cent of income from agriculture) whose total cash income during the calendar year of 1940 was not in excess of \$600.00.
2. Any non-farm family (living in country but not farming or living in towns or village of 2,500 or less according to the 1940 census) whose income was not in excess of \$500.00.

A family may receive one mattress for each two members of the family up to three mattresses. For families having more than four members, the income may be increased by \$50.00 for each member in excess of four.

The materials are given on the basis of 50 pounds of cotton and 10 yards of ticking for each mattress. Only one person in each family may make application for mattresses.

The Fulton County AAA Committee will review the applications and determine whether the applicant is eligible to receive one or more mattresses and will either approve or reject the application and so notify the applicant.

Applications which are approved will be turned over to Catherine Thompson, Home Demonstration Agent, who will take charge of teaching approved applicants to make the mattresses.

The applicants who are approved will be required to give the amount of work necessary to make a mattress. The work is done most easily with two families working together—one man and one woman from each family qualifying to receive the mattresses. Four persons working together can complete two mattresses in two days, one day to receive material and make tick, and one day to actually construct the mattress.

The applicant will also be required to pay a fee of \$1.00, covering the cost of twine, tufts, etc., use of needles and other equipment, trucking and the costs of carrying on the program. Two days time and labor and \$1.00 is very little to pay for a mattress of excellent quality.

The actual work of making mattresses will start in April and will be conducted at mattress centers throughout the county. Families whose applications are approved will be notified when and where to report for work.

Your Government is offering an opportunity such as has never before been given to rural people. Applications will be taken beginning the first of February throughout the County.

WHAT DOCTORS COULD TELL

American medicine, as an authority recently observed, has a weak spot. It is not a weakness affecting the patient—the sick man or woman anxiously seeking a return to health. The weakness lies in the fact that the medical profession has been so busy fighting disease in experimental laboratories as well as at the bedside of the ill, that it has found little time to tell the public of its tremendous achievements. But an amazing story could be told.

The undeniable record is there for all who wish to read it. And it tells, through the figures, a dramatic and inspirational story of an endless battle against disease and suffering and death.

That battle has won victory after victory. In the period of a century and a half, in this country, the life expectancy of man has nearly doubled—from 35 to 62 years. During that time, typhus, once one of the greatest killers, has all but disappeared. Smallpox and diphtheria, dreaded specters not so long ago, have been robbed of their terrors. Other great scourges—typhoid, diabetes, tuberculosis—have been brought under control, and their mortality rates steadily reduced.

That is what American medicine has done. And all over the land, in counties laboratories and institutes, for the most part privately financed and managed, the doctors and the scientists are fighting, day and night, the scourges which have not yet been conquered.

Medicine is not an industry. But, like industry, it has rendered its greatest service to the people under a system which places no

brakes upon the achievements of the individual, and which encourages any man, in any field, to develop his talents to the utmost.

THE GIFTED CHILD

We hear a good deal about the necessity for special attention to dull children, and every aid which may be given these unfortunate ones ought to be given. But a lot of bright ones need some thought and practical assistance, too.

Education of the masses to a certain common level is to be desired, but unless the boy who shows exceptional talent can be given special opportunities to develop his latent powers, not only he, but the world at large, is the loser.

Thousand of mediocre boys go through college with little benefit to themselves or to society,

while other thousands who have great gifts are denied the privilege, through lack of means.

That any boy with exceptional talent for creative work, scientific research or leadership should lack the opportunity to make the most of that talent is a tragedy. Upon such boys and their proper training depends the progress of the world. The same is true to especially talented girls.

When our civilization is a little farther advanced, means will be provided that our brightest minds shall have every opportunity for their highest development. Such means should be provided now.

A judge in Newark, N. J., gave Harry Garfinkle the right to pay two dollars a week on a judgment of \$104,720.

HER 7 YEARS OF SUFFERING RELIEVED BY RETONGA

Mrs. McMinn Regains 9 Pounds and Is Able to Do Her Housework Now, She States. Toxic Pains Also Promptly Relieved

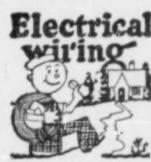

That Retonga is esteemed as a blessing by thousands of men and women is proved by the hundreds of grateful public endorsements of this herbal medicine. Among the latest to volunteer her grateful public praise is Mrs. Otha McMinn, well known resident of Route 1, Lexington, Tenn., and a life-long resident of Henderson county.

"For seven years, indigestion was almost unbearable, and gas bloating often nearly choked me," declares Mrs. McMinn. "My food often turned as sour as vinegar in my stomach, and I was on a diet

of broth and milk for a long time. I lost lots of weight and strength. My nerves were always on edge and I felt too weak to attend to my housework. I took harsh purgatives daily for constipation, I had frequent sick headaches and toxic pains caused almost unbearable pains and aches in my muscles and joints.

"I spent hundreds of dollars in vain for medicines and treatments, and I wouldn't take any amount of money for the prompt relief Retonga brought me. Now my distress from indigestion, constipation, toxic pains and nervousness are relieved, and I eat so heartily that I have regained nine pounds. I feel like a different woman. Retonga is simply grand."

Retonga is purely herbal. Accept no substitute. Retonga may be obtained at DeMyer Drug Co. Adv.

Farmers Urged To Plan 1941 ACP Practices

Farmers should make all possible headway on their 1941 Agricultural Conservation Program this winter and plan ahead for carrying out soil-building practices in the spring in order to get the work done before the end of the 1941 program year on June 30, 1941. H. M. Pewitt, chairman of the Fulton County Agricultural Conservation Association, advises.

With the earlier closing date this year, farmers will not be able to defer their conservation work under the 1941 program until after harvest as they have under previous programs.

Spreading of lime and phosphate and seedings of legumes and grasses in late summer and fall this year will not earn credit under the 1941 program. Mr. Pewitt points out; therefore a larger percentage of the soil-building payments must be earned this winter and spring.

Most farmers in Fulton county have already carried out some practices in their 1941 programs. Mr. Pewitt says, and he suggests that farmers top-dress meadows and pastures with lime and phosphate this winter or get these materials on their farms ready for application on spring seedings.

Fulton county farmers have ordered 1001 tons of limestone and 90 tons of superphosphate for use in the 1941 program. Mr. Pewitt states, and he advises other farmers who plan to use these materials to order them now in order to avoid delays because of seasonal rush.

Mr. Pewitt also points out that plans should be made now for spring plantings of forest trees and other practices which require materials not now on the farm.

TWO-THIRDS OF 1940 ACP APPLICATIONS COMPLETE

Approximately two-thirds of Kentucky farmers' applications for payment under the 1940 Agricultural Conservation Program had been received in the State AAA office at Lexington up to December 31, Mr. H. M. Pewitt, chairman of the Fulton County Agricultural Conservation Association, said today.

A total of 110,000 applications of the 168,000 expected this year have been forwarded to the state office. Included in this group of applications were 748 of the 760 expected to be filed in Fulton County this year, Mr. Pewitt stated.

More than 100,000 of the applications received by the State AAA office have already been forwarded to Washington where they are to be certified for payment, and more than 30,000 of the 1940 payment checks have been disbursed to county offices for distribution to farmers.

Fulton County has received to date \$120,688.51 on 699 applications.

Notices are being mailed to the farmers as soon as their checks are received, Mr. Pewitt pointed out.

FIVE LYNCHED IN 1940

Based on records kept by Tuskegee Institute, Alabama's famous Negro college, only five persons were lynched in the United States

during 1940, one a white man and the other four Negroes. Two of the victims were killed in Georgia, two in Alabama, and one in Tennessee.

According to the report, the white man was lynched for wife beating and drunkenness; three Negroes for attempted criminal assaults on white women, and the other for attempting to qualify to vote and engaging in altercations with a white man.

Compared with the horrible prevalence of lynching during the latter part of the last century, this crime has been remarkably infrequent in recent years. Only eight were lynched in 1936, eight in 1937, six in 1938, and three in 1939, which was the lowest for any year during which records were kept, beginning with 1882.

Lynching reached its most frightful height in 1892, when no less than 231 persons were killed by mobs, 69 of the victims being white men. The next largest number lynched in a single year was 211, in 1884, and of these 160 were white. Since 1882 a total of 4,695 persons have been lynched, of whom 1,292 were white.

The resort to lynching is indefensible under any circumstances, and it is a reflection on any community in which it occurs. The fact that lynchings have been reduced from 231 in 1892 to an average of only six a year in the last five years gives hope that this blot on American civilization may soon be entirely removed.

"TOO LATE" MEANS DEFEAT

One of the ablest living military commanders is General Douglas

MacArthur, former chief of staff of the United States Army, now retired, but still active as head of the Philippine Army. He recently wrote the following letter in response to an inquiry by the Manila Daily Bulletin:

"You have asked my military opinion as to whether the time has come for America to give continued and further aid to England in the fight for civilization.

"The history of failure in war can almost be summed up in two words: Too Late. Too late in comprehending the deadly purpose of a potential enemy; too late in realizing the mortal danger; too late in preparedness; too late in uniting all possible forces for resistance; too late in standing with one's friends.

"The greatest strategic mistake in all history will be made if America fails to recognize the vital moment, if she permits again the writing of that fatal epitaph: Too Late.

"Such co-ordinated help as may be regarded as proper by our leaders should be synchronized with the British effort so that the English-speaking peoples of the world will not be broken in detail. The vulnerability of singleness will disappear before unity of effort. Not too late; not tomorrow, but today."

COAL PRICE-FIXING

During the present winter, when fuel is in heavy demand both for house heating and the national defense program, the country is having an experiment in federal price-fixing over the large, complex bituminous coal industry.

In general, the minimum prices established last October by the Department of the Interior apply to all bituminous coal. The supposed object of the Guffey Bituminous Coal Act was to strengthen the soft coal industry. The general tendency of the act, however, is to raise the nation's fuel bill, which many producers insist will not help coal, but will accentuate the trend to competitive fuels such as oil, natural gas and hydro-electric energy.

Coal operators estimate that their losses in the last three and a half years have totalled 175 million dollars, a sum represented by taxes, assessments, legal and accounting fees and market losses.

Nearly three and a half years elapsed after the passage of the act before the minimum prices were made effective. The first five weeks under the minimum prices showed that production of soft coal decreased 10,655,000 tons below 1939 levels, a slump of 20 per cent.

The act expires April 26, 1941, and Secretary Ickes has indicated that he will recommend its extension for another two years. There

is ample evidence that government price-fixing of bituminous coal is an exceedingly intricate problem and that no public benefits have yet been derived from it. Congress should give the matter most careful study before rushing through any resolution extending the life of the Guffey Act.

A PREACHER'S TRAVELS

Some remarkable facts concerning the travels of the Rev. Lorenzo Dow, who was born in Connecticut in 1777, are given by the Christian Science Monitor, which calls him the most traveled preacher of his time.

When it is considered that he lived before the days of railroads or steamboats, the records of his travels are amazing.

When 25 years of age, he covered, in 72 days, 1,500 miles, conducting 184 services of between two and three hours each. This averaged almost 20 miles and three sermons a day. A year later he maintained the same average for a longer period, covering 4,000 miles in seven months. It is said that he finished his tour without shoes, stockings, or outer garments.

For many years he traveled from 7,000 to 10,000 miles a year, holding from 600 to 700 meetings each year. He visited England and Ireland, and on one of these trips traveled 50 miles and held nine meetings in 52 consecutive hours. On another occasion he traveled 1,700 miles and held 200 meetings in 67 days, an average of about 30 miles and three sermons a day.

CHRISTIAN SCIENCE

"I will give unto him that is athirst of the fountain of the water of life freely. He that over-

cometh shall inherit all things; and I will be his God, and he shall be my son." These words from Revelation comprise the Golden Text to be used Sunday, January 19, 1941, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be: "Life." Included among the Scriptural selections will be: "Verily, verily, I say unto you, If a man keep my saying, he shall never see death" (John 8:51.)

Recently the army command of Thailand (Siam) reported that their forces had routed an invading party of 24 guerrillas from French Indo-China, mounted on two elephants, three horses and one bicycle.

Do You Want To Know What Is Happening In American Government?

Then Read—

"SMOKE SCREEN"

(SELLS FOR \$1.00 AT BOOK DEALERS)

"Smoke Screen" is published by a non-profit educational foundation, and is written by Samuel B. Pettengill, former Democratic Congressman from Indiana. Like a blast of clean, cold air, the book clears away the smoke screen surrounding "the new instruments of public power" which have been built up in this country. It is one of the great books of our time. It shows how far we Americans have gone down the road to collectivism. Whereas Hitler's Mein Kampf is a timetable showing the way into national socialism, Pettengill's Smoke Screen shows the way OUT.

 ... use Calox Tooth Powder

Many of Hollywood's brightest stars use Calox to help bring out the natural lustre of their teeth—and you can rely on Calox too. Pure, wholesome, pleasant-tasting, approved by Good Housekeeping Bureau. Five tested ingredients, blended according to the formula of a foremost dental authority, make Calox an economical tooth powder that can't harm tooth enamel. Get Calox today at your drug store. Five sizes, from 10¢ to \$1.25.

Capt. 1939 M. Kesson & Robbins, Inc.

Awake at the Switch for 1941

Down the track, head on, comes a bright new train numbered 1941, full of power and possibilities. All we can see is the front of it. What's behind that engine wouldn't we give a lot to know!

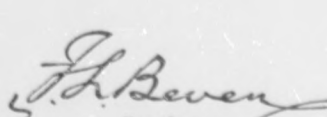

It may be a year of joy or a year of tragedy. It may bring us progress and prosperity or dash our hopes. For the railroads, as for the nation, this is a time for planning and for prayer. There are so many things we cannot guess or know.

BUT THIS WE DO KNOW: On our railroad, as in our nation, there is the calm confidence of ability to meet the needs of 1941.

We on the Illinois Central have in our hearts and minds the fruits of nearly ninety years of railway operating experience. Crises are nothing new to an organization and a plant like ours. We have carried through them in the past, and we will continue to carry on.

We have just completed a year in which, besides meeting all traffic demands, we continued our preparation to handle future needs. We modernized approximately 100 freight locomotives, bought more than 3,000 and rebuilt more than 5,700 freight cars, reduced our percentage of temporarily unusable freight cars to 1.6, added notably to our diesel-electric switching and transfer fleet, installed one long-distance diesel-electric streamline passenger train and had in use or under construction three smaller units for shorter runs.

SO REMEMBER THIS: Whenever 1941 approaches a turning point in Illinois Central territory, it will find a railroad ready for action and wide awake at the switch.

President

HARRIS NEWS

Sunday school was largely attended last Sunday. Rev. J. A. Kelly, the pastor, will fill his regular appointment next Sunday.

The helper in the school kitchen was absent last week because of illness. The following ladies assisted with the lunches during her absence: Mrs. Walter Ferguson, Mrs. Homer Dunn, Mrs. Ruby Neisler, Miss Sarah Jones, Mrs. H. L. Lynch, Mrs. Theo Brockwell, Mrs. Willie Speed, Mrs. Malcolm Henderson, Mrs. Floyd Dedmon, Mrs. Will Britton, Mrs. Roy Speed and Mrs. Leslie Lewis.

Money Talks

By Frederick Stamm, Economist
Director of Adult Education
UNIVERSITY OF LOUISVILLE

The prosperity of the twenties was due largely to the tremendous growth of the automobile industry. From a small beginning, before the war, it grew rapidly until in 1929 automobile production reached five billion dollars. The industry was the country's largest purchaser of iron, steel, and rubber. It also bought billions of dollars of paint, lumber, glass, fabrics and coal. Not only did it furnish direct employment to thousands of men, but it made possible steady employment for additional thousands in many other industries. The automobile industry contri-

buted much to our economic and social welfare.

Many economists now believe the munitions industry will do for the 40's what the automobile industry did for the 20's. We have long needed a new industry which would provide a new stimulus to our economic life.

Congress has already appropriated five billion dollars for arms and munitions; but the munitions industry in this country is still in its infancy. By the beginning of 1942 many experts visualize an American armament program which will be demanding war materials at the rate of ten billion dollars per year. This being true, the munitions industry will dwarf the automobile giant which never turned out more than half that amount in motor cars.

The stimulus of the munitions industry should spread out over all American economic life. Benefiting directly will be the manufacturers of aircraft, tanks, chemicals, trucks, explosives, shells, machinery, and machine tools. Higher production and larger payrolls in these industries should in turn stimulate the consumer goods industries and also improve farm production and farm prices. Many

of our ten million unemployed should find work in these new plants. Many communities will find themselves booming.

These are the bright spots in the armament picture. There is also a dark side, however, and I shall discuss it next week.

Among the books bought by the government last year were 250 copies of Hopper's "How to Play Winning Checkers." They were distributed to libraries on Naval ships for the edification of the nation's sailors.

There is more employment now, but there will never be enough soft jobs to go around.

Epidemic of Cold Symptoms

666 Liquid or 666 Tablets with 666 Salve or 666 Nose Drops generally relieves cold symptoms the first day. adv.

BI-LETS The little green capsules, prescribed and used successfully by physicians for about a quarter of a century. To stimulate the liver, increase the flow of bile, relieve intestinal fermentation and constipation. WOMAN'S CLUB MET FRIDAY

Members of the Junior Woman's Club were hostesses to the regular monthly meeting of the Fulton Woman's Club last Friday afternoon at the club home. Mrs. Lawrence Holland and Mrs. Vernon Owen acted as pages, and Miss Mary Swann Bushart was at the register.

A short business session was conducted by the chairman, Mrs. Mansfield Martin, assisted by the secretary, Mrs. Aaron Butt. Mrs. Loyd O. Hartman, wife of the Methodist minister, was welcomed as a new member.

Mrs. Hendon Wright, chairman of the Junior Woman's Club, then took charge and extended a welcome from the club. She then introduced Mrs. Martin Nall, guest speaker, who gave an interesting review of the current best seller,

"Foundation Stone," by Lella Warren. Members of the Junior Club presented a beautiful pot plant to Mrs. Nall in appreciation for her talk.

Refreshments were served to about fifty members and several visitors.

MISS JONES HOSTESSES TO CLUB

Miss Beadie Jones was hostess at a spaghetti supper last Thursday night at the home of Mrs. I. M. Jones on Central Avenue, entertaining members of her weekly bridge club. Mrs. Felix Segui and Mrs. Glenn Walker were visitors.

A delicious two-course dinner was served at three card tables. At the conclusion of the bridge games Miss Adolphus Latta held high score and her prize was a blouse. Mrs. Segui, visitors' high, received costume jewelry.

BAILEY-BATTS WEDDING SUNDAY

Miss Idelle Batts and Dr. H. B. Bailey, Jr., of Murray were married Sunday afternoon, January 12, at three o'clock at the home of the bride's parents, Mr. and Mrs. W. W. Batts, east of town. The single ring ceremony was performed by Elder C. L. Francis of Murray.

Miss Katie Cost, pianist, of Paducah played pre-nuptial music and Miss Kathleen Winters sang "I Love You Truly." Candles were lighted by Robert Batts, brother of the bride.

The bride wore a dress of du-bonnet velvet with matching turban and a corsage of yellow rosebuds. She wore a pendant set with diamonds, a gift from her mother.

Mrs. Bailey was graduated from Fulton High School in 1934 and received her B. S. degree in Home Economics from Murray State Teachers College in 1938. After her graduation she was a member of the faculty of the Crofton school in Crofton, Ky.

The groom is the son of Mr. and Mrs. H. B. Bailey of Murray. He attended Murray high school and Murray College and received his degree from the Northern Illinois College of Optometry in Chicago.

They will make their home in Murray.

EAST FULTON P.-T. A. MET TUESDAY

The East Fulton Parent-Teachers Association held its regular monthly meeting Tuesday afternoon at Terry Norman school, with Mrs. Parrish Carney presiding in the absence of Mrs. Doran Colby, president. The minutes were read by the secretary, Mrs. C. C. McCollum and the treasurer's report was given by Mrs. Fiedt Homer.

Plans were discussed for the annual Children's Party on Valentine's Day, and Mrs. Charles Gregory and Mrs. Shawie Noffel were appointed as a committee to complete arrangements. A discussion was held concerning the quilt sold by the organization every Halloween and a committee was appointed to select a pattern and cut the pieces. This committee is composed of Mrs. Herman Sams, Mrs. Johnnie Cooke, Mrs. Ernest Boaz, Mrs. Dorris Valentine and Mrs. C. C. McCollum.

During the program hour, one of the school's new records, "Waltz of the Flowers" from "The Nutcracker Suite," was played. Ten members were present.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Charles Robert Bennett announce the birth of a daughter, born Tuesday, January 14, in the Fulton Hospital.

FIDELIS CLASS IN MONTHLY MEETING

Mrs. Kelley Lowe was hostess to the monthly meeting of the Fidelis Sunday School class of the First Baptist Church Monday night at her home on Green street. Fourteen members were present, with these visitors, Mrs. Clovis Burns, Mrs. Jim Lowe, Mrs. Guy Tucker, Mrs. Jess Rogers and Mrs. Charles Stubblefield of Arkadelphia, Ark.

Mrs. John Allred, president, conducted the business session and she was assisted by Mrs. Donald Perry, in the absence of Mrs. Russell Rudd, secretary. Mrs. Clifford Hall was appointed assistant secretary.

A social hour was enjoyed and Mrs. Philip Humphreys was the winner of a contest. Mrs. Robert Lee, a recent bride, was then presented a linen shower.

Mrs. Lowe served delicious refreshments.

MRS. KENNETH SNYDER HOSTESS

Mrs. Kenneth Snyder was hostess to her regular afternoon bridge club Tuesday at her home on Maple avenue. Among the two guests, Mrs. Leonard Melching of Salsburg, Maryland, and Mrs. John Daniels.

At the conclusion of the games prizes were awarded to Mrs. Dorris Valentine and Mrs. Daniels.

Mrs. Snyder served a salad plate. The club will have its next meeting with Mrs. Gene Speight on Fourth street.

CLUB WITH MRS. HUFFMAN

Mrs. E. E. Huffman was hostess to her weekly bunco club Tuesday afternoon at her home on Second street. Eleven members and one visitor, Mrs. Joe Mullins, were present.

After the usual number of games, Mrs. Joe Maxwell held bunco score, Mrs. Marion Sharp was high score and Mrs. Huffman was low. Mrs. W. B. McClain held the travel bunco score. Each received an attractive prize.

Mrs. Huffman served hot dogs and cold drinks. Mrs. W. B. McClain will entertain the club next week.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Henry Butterworth of Berkeley, West Virginia, announce the birth of a daughter, born Sunday, January 12.

Mr. Butterworth formerly lived in Fulton and is well known here. He is now auditor for the Scotia Coal and Coke Company.

WEST FULTON P.-T. A. WILL MEET TUESDAY

The West Fulton Parent-Teachers Association will meet Tuesday af-

ternoon at the Carr Institute school building, beginning at 2:30 o'clock. Mrs. Hunter Whitesell, president, will be in charge of the meeting.

MRS. MARTIN NALL NETERTAINS CLUB

Mrs. Martin Nall was hostess to her bridge club Tuesday afternoon at her home on Third street, entertaining seven members and one guest, Mrs. Harvey Maddox. Hold-high score for the games was Mrs. Abe Jolley and she received an attractive prize.

Mrs. Nall served light refreshments.

PERSONALS
