IT'S GOVERNOR LAFFON NOW

LEWIS COMMEMORATES UDORDEL MANCHESTER STREET AT STATE EXECUTIVE BUILDING

FULTON, KY. — R. S. Williams, publisher of the Fulton Advertiser, announced today that the new city manager, James Daniel Laffoon, will take office on Monday.

The move is part of a statewide effort to improve local government efficiency and reduce costs.

The new city manager will oversee the day-to-day operations of the city, including public works, utilities, and administrative services. He will report directly to the city council and will be responsible for ensuring the smooth functioning of the city's operations.

Laffoon has extensive experience in public administration, having served as the city manager of several other communities.

The move is expected to result in significant cost savings for the city, as Laffoon is expected to implement cost-effective strategies and streamline operations.

The city council has expressed its confidence in Laffoon's leadership and is looking forward to working with him to achieve its goals.

Many Marketed Grown Whose Farmers "Kick" On Loss Prices

The tobacco market in Kentucky is expected to see a significant increase in prices this year, driven by a strong demand for high-quality tobacco.

According to the National Tobacco Association, the price of tobacco has increased by 20% in the past year, with some farmers reporting a 50% increase in their profits.

The increase is due to a combination of factors, including a reduction in supply due to weather conditions and a strong demand from international buyers.

The increase has been welcomed by many farmers, who have struggled to make ends meet in recent years.

However, some farmers are concerned about the potential impact on their bottom line, especially those who have been struggling to make ends meet in recent years.

The industry is expected to continue to grow in the coming years, driven by increasing demand from Asian markets and a focus on high-quality, organic tobacco.

The President's Message

In the President's Message, the governor expressed his commitment to working with his team to improve the state's economy and address the needs of its citizens.

"I am excited about the opportunities that lie ahead," he said. "Our state is on the cusp of a new era, and I am confident that we can build on our strengths and overcome our challenges to create a brighter future for all Kentuckians."
Riding the Air

You don't have to travel as far as George Fulton did to be out of reach of the earth. He was
lifted when his balloon broke and the amount
done would one day be full of use. Plenty of middle-aged folks can remember it. That's why
you can recall him on the earth quite well. But
what will come when the air is used to transport
plains? When the years come to an end more than 200,000
passengers will have been carried.

In the United States alone, studies show that
people have a high hope of getting some of his

in Mansions in the Skies

James B. McCall in his book, "The
Mansion," tells us that the idea of
people enjoying Christmas in
mansions in the skies is not new. The idea
has been around for many years and is
thought to be a symbol of the
beginning of a new era.

Christmas and the Birds

The Christmas candle is a symbol of light and warmth, and is often
seen as a way to bring light into the darkness of the winter months.
In many cultures, the Christmas candle is also a symbol of hope and
renewal.

COMMUNITY BUILDING

Bad Sidewalks Reflect Discredit on Owners.

Here's a chance for business men to get
the attention of the community in a manner
that will attract their attention to the need

The owners of these sidewalks can do a
lot of good for the community by improving
them, and it would be a good idea for them
to do so as soon as possible.

Help our Merchants to help YOU

Everybody will agree that a man succeeds and prospers only when he spends LESS money than he receives in a given period of time.

Let's apply this great economic test to the situation in this town. Our business men have invested—and continue to invest—their money in stocks of goods brought here to your very door to meet your daily needs.

Through the pages of this paper they advise you of their ability to serve this community. All of us know that they deserve our patronage. And remember, the more you trade with them, the more funds they can invest in larger stocks and new lines.

Smith's Cafe is in reality a home-style restaurant because it has been trying to overcome the idea that restaurants can't serve food like you get at home. And we will proudly say that there is no difference between what you get at Smith's Cafe and what you get at home. That's the reason they are doing so well.

Years spent in catering to the appetites of particular people make it possible for us to serve interesting, tasty meals.

The next time you feel like eating away from home, bring your appetite to the Smith's Cafe. It's just like home food.

RESCUING BREAD PUDDING

For the next three months, you can eat a splendid dessert which is also a way of helping our merchants. The following method of preparing pudding can be used either with a pudding mold or in a shallow baking dish. It is the ideal way to use up a few slices of bread, nuts, or cream cheese, or whatever you happen to have on hand.

1. Drain the bread; cut in 1-2 inch squares. Place in a shallow baking dish. Lay the drained bread on the bottom of the pan.

2. In another pan, combine:
- 3 tablespoons flour
- 1/2 cup butter
- 2 tablespoons sugar

3. Gradually add:
- 1/2 cup milk

4. Stir this mixture while it is boiling until it is thick.

5. Add:
- 1 teaspoon vanilla extract
- 1/2 teaspoon nutmeg
- 1/2 teaspoon cinnamon

6. Beat:
- 1 egg
- 1/2 cup milk

7. Pour into the mixture in step 4 and stir well.

8. Pour the mixture over the bread in the pan and let it set until cold.

9. Top with:
- 1/2 cup whipped cream (or any other whipped cream)
- 1/2 cup chopped nuts

Help your merchants to help YOU by eating this delicious pudding. It's just like home food!

How many FRIENDS have You?

There are so many attractions of this city in which to live, that one's friends are sure to be abundant, and of course those friendships are, however, easy with a telephone in the home.

Whether it's just a social conversation with a neighbor in the next block, or a home visit using the world and its neighbors, friends and family.

Of course, the modern family has the telephone in many other purposes. The day's events are ordered out appointment is made with the doctor's clinic at the office and mother at home discuss some little point in it with the thought of a week's notice. Should some discipline.
