Welcome Spirit of Christmas

No one has ever succeeded in making the world a happier place than the Christian. The world is filled with sadness and sorrow, yet it is not without happiness and hope. The world is a place of trouble and trying times, but it is also a place of happiness and joy.

No one has ever been happier than the Christian. The Christian has always been happy, and if we could not say something good about our fellowmen, we would have been happy.

Fulton merchants fully realize the advantage of the special barter system. They believe it is the only solution.

There is a little mystery about the system, but in brief, there is a small block of money, which is used to purchase presents. These presents are then offered at the store, where they are accepted in exchange for barter dollars. This system is in effect in some stores, and it is working very well.

The advantage of the system is that it helps the merchant, and it provides a way for the consumer to buy gifts without spending cash.

Fulton merchants have been very successful with the system, and they believe it will continue to be a popular choice for gift-giving.

The system is not without its challenges, however. It requires careful management to ensure that the block of money is sufficient to cover the cost of the presents.

Fulton merchants are committed to making the system work, and they are looking forward to a successful holiday season.
In Case of Emergency
When you want a thing in a hurry you rush to a local store and get it. But do you realize that the existence of our stores depends upon continued business. If every person in this community were to use the stores only for emergencies there would soon be no more places to satisfy those urgent needs.

You should do your part towards keeping local business alive and in a constant state of business by doing all of your shopping at local stores. It will be permissible for you as well as to the entire community.

CHRISTMAS

It takes a tender heart than any country has yet encountered to make its people lose the spirit of Christmas from their hearts. In the long years of America's existence, there has been everything to discourage the spirit of the occasion; a Christmas that would implant in their hearts the entire state appears thereby made a fit from other days. This Christmas more to be received and thus this nation shall enter with the balance of the world in appropriate cheerfulness, it is necessary with a view to the highest and other things of life, which were handed to us from the days of old, and that is Christmas night. We celebrate the spirit of the occasion, for it be, after all, the feeling of peace in our hearts that is Christmas, which is the feast of the calendar which is a fact apart from other days.

None of us shall be reminded of them in no other life than ourselves. None of us shall be loved to the soul, and the Christ of Christmas shall come to us all, to be a touch of the Christmas spirit which abides in our heart. As we have happiness, so shall we see the full and present presence of the Christmas spirit in our hearts. It could not be the Christmas spirit if it were a day or a week of the dear nor of the morning, as neighbors, as relatives. To them we extended our social friend within the neighborhood. But that which is Christmas, after all, their hearts, will close them all to happy days, to an early return to prosperity and other ways, and to the spirit of all the time. We hold all the days that has aged about.

NARROW PLACES

Gradually we are getting used to roads. Already we have a network of them understood of a score of years ago. Their importance is growing, and the rate of progress is being accelerated. It is a great achievement to have the roads in such a condition in which the people can use them, and we have to think of the things which can be done. The entire state appears thereby made a fit from other days.

Help our Merchants to help YOU

EVERYBODY will agree that a man succeeds and prospers only when he spends LESS money than he receives in a given period of time. Let's apply this great economic test to the situation in this town. Our business men have invested—and continue to invest—their money in stocks of goods brought here to your very door to meet your daily needs.

Through the pages of this paper they advise you of their ability to serve this community. All of us know that they deserve our patronage. And remember, the more you trade with them the more funds they can invest in larger stocks and new lines.
