THE LISTENING POST

● The Garden Department of the Woman's Club has requested the Listening Post to call public attention to an important event which is coming in the near future. The last week of March has been or will be designated by Mayor Boaz as Cleanup Week in Fulton and the Garden Department is one organization which is intending to take a full part in this special week. The Garden Department has done lots of good work in Fulton, and much of the credit for a more beautiful town must go to this active and hard-working organization. It will be remembered that the department sponsored the planting of flowers here a number of years ago and this work is paying rich dividends now in a more attractive town.

● A lot of people think that we have too many special weeks. Probably we do. I get tired of them a lot of times, and consider that many of them might be omitted during this year because of pressure of more important things. However, this Cleanup Week happens to be a special period in which I have always been interested. I have seen Fulton develop into a much more attractive town in my years here, and I know that this work should continue. As a matter of fact, it seems to me that work of this nature should be kept up at all times and that it should not be necessary to have one special week for the work. A little work every day or every week would keep the town more attractive and a clean, orderly town is something all of us desire.

● I suppose that the Cleanup Week will follow pretty much the same program as prevailed in other years. I have had no information on the matter, but surmise that the streets and alleys will come in for careful attention, along with back yards and the always-present Harris Fork Creek. In other years we have laid the town off in certain squares, with garbage trucks gathering up all debris and hauling it away during that week. Householders will be asked to clean their premises and arrange their garbage in such manner that the trucks can easily secure it.

● I notice one thing which I heartily wish might be remedied. It seems to me that when there have become worth their weight in gold, as one might say, the streets have more broken glass on them than ever before. Nothing can or will ruin quicker than pieces of glass, for these become embedded in the tire and the drivers never know until it is too late. These pieces of glass work and twist around until they have torn out a hole in a tire and then a blow-out comes along which cannot be repaired. Why there should be more glass on the streets than ever before I do not know. I only know that there is hardly a day when I fail to see several places where bottles have been broken on the pavement, and it seems strange to me that people would be so careless in this way. I really believe that breaking a bottle purposely or carelessly on the streets these days ranks with petty larceny at any rate. Whether there is any law violation or not I do not know, but I do know that such action can have quite serious results for automobile owners who happen to ruin a tire from that broken glass.

● I suggest that our entire populace get behind the cleanup campaign this year and really help make our town a more attractive place in which to live. All of us are going to have to stay at home more this year than ever before, and it behooves us to make our dwelling place attractive. Years ago, when I came to Fulton, I thought the town was the ugliest, the dirtiest, the most unattractive one I had ever seen. Thirty years ago it was an ugly town, but now it is a different story. We have magnificent streets, splendid homes, attractive lawns, and it is well that we should keep and improve this condition.

Committee Rift Delays Report On Redistricting Bill In Frankfort As Senate Meets Twice

Ward Denies Rumor That Administration Bill Is Being Drafted

Hearings May Be Held To Air View Of Various Committee Members

ROUND-TABLE WILL BE FEATURE OF PRAYER MEETING

Visitation Campaign Is Planned By Methodists

In preparation for the visitation campaign in the First Methodist Church during the next two weeks, tonight at 7:30 o'clock the pastor, out of his eighteen years experience as a Methodist minister in Memphis Conference, will describe not without humor, various types of homes and their reaction to Christian cultivation. He will discuss when to call, how to enter, methods of accomplishing one's mission and how to depart. Following the address, a round-table discussion will permit questions from workers.

Seven members were received Sunday, and it is conservatively estimated fifty members will be received by the Easter evening benediction.

The pastor will conduct three classes for boys and girls who contemplate identifying themselves with the church by membership Easter. These classes will be Sunday, March 29th, Tuesday, March 31st and Thursday, April 2nd at 4 p. m. In no instance will a boy or girl be received without proper instruction from the pastor, teacher or parent, and in no instance will a child from the home of another denomination be received without the consent of the parent and a conference with their pastor. Infants may be dedicated at the Altar of the church by parents who can meet the obligations of precept and example.

ALEX KHOURIE DIES SUDDENLY AT HAYTI, MO.

Alex Khourie, retired local merchant, died suddenly last night at the home of his cousin, M. Khourie in Hayti, Mo., where he was visiting. Funeral arrangements are incomplete, awaiting the arrival of a son, Ernest Khourie, from Columbus, Ohio.

A more extended notice will appear in tomorrow's issue.

PENNSYLVANIA ASSEMBLY GIVEN WOOD TIRE BILL

Harrisburg, Penn. -- Legislation that would permit use of wood tires on automobiles using Pennsylvania's 50,000 miles of highway was placed before the General Assembly today. The bill would amend the motor code which now requires rubber tires.

Cargo Ships Will Be Built By New Assembly Line Technique

Washington. -- A tremendous new contract calling for the construction of 200 Liberty cargo ships by means of a secret adaptation of the automobile industry's assembly line technique was announced tonight by the Maritime Commission.

A new shipyard, equivalent to 28 convention shipyards, will be built near New Orleans and the 200 ships, each of 10,500 dead-weight tons, are all to be completed before the end of 1943. The contract was signed with Higgins Industries, Incorporated, of New Orleans.

At the same time the commission announced the award of a contract to the W. A. Bechtel Company of San Francisco for a six-way shipyard at Sausalito, in the San Francisco Bay area, and the construction of 34 Liberty ships in it.

Frankfort, Ky. -- Disagreement among members of the Kentucky Senate redistricting committee today prevented its reporting to the full Senate a committee-prepared bill for realignment of the state's Senatorial districts.

The bill had been prepared by a joint committee of Senators and Representatives and presented to the full Senate committee yesterday. Senator E. C. Dawson, Nelson county Democrat and chairman of the committee, had announced that a favorable report on the measure might be expected today.

But meetings of both the joint committee and the Senate redistricting group--between which several visits were made to Gov. Keen Johnson's office--failed to produce any report.

Senate Meets Twice

The Senate met twice, once in the morning and again this afternoon without transacting any business.

During a brief discussion in the House on adjusting the state's legislative district according to 1940 census figures, Rep. Henry Ward of McCracken county, majority floor leader and a member of the House redistricting committee, denied a "rumor among members of the House" that an "administration redistricting bill" had been prepared.

Rep. W. W. Crouch, Crittenden county Democrat, asked if it were possible for the redistricting committee to hold hearings at which representatives might air their views.

Ward replied that he thought a hearing would be the best way to proceed.

Rep. James D. Stacey, Laurel county Republican, asked if Ward did not agree that the legislature should "follow the direction of the constitution" and redistrict the state according to population without regard for "Republicans or Democrats who might be affected."

SAFEGUARDS ORDERED FOR PARIS AIR SHELTERS

Vichy. --The Paris police prefecture has ordered a special safeguard against persons being trapped in air raid shelters in event of direct bomb hits. Building superintendents were ordered to indicate with signs at least a yard square such parts of cellar walls which could be knocked down in an emergency to give access to adjacent cellars.

Now is the time to renew your subscription to the Fulton Daily Leader.

Project To Seek Ores In Kentucky Is Given Approval By Officials

Lexington, Ky. --The State Department of Mines and Minerals announced today W. P. A. approval of a \$155,130 project to explore Kentucky for strategic wartime ores and minerals, particularly lead and zinc.

The department said it was advised of the approval by Senators Barkley of Kentucky.

The W. P. A. will furnish the labor and materials as well as the money, and the Department of Mines and the mineral engineering department at the University of Kentucky will supervise the work, which is expected to get under way shortly.

Shafts May Go 300 Feet

A spokesman said the three groups would try to complete plans this week. Four or five locations are being considered for the initial tests, including an exploration on the Kentucky River made several years ago by private interests, and then abandoned. Probably not more than two locations will be

exploded immediately.

The spokesman said zinc deposits were found in the Kentucky River exploration and he expressed belief that considerable lead and zinc deposits--sufficient to interest private firms to develop them commercially--would result from the newly authorized survey. After the project is completed, a confidential report is to be made on the possibilities and if further development was found to be justified, private interests then would be encouraged to take over.

The explorations probably will reach a depth of 200 to 300 feet, the spokesman said. In the Kentucky River test, he added, work was abandoned after sinking a shaft 150 feet. The firm doing the work was seeking spar and another mineral and was not interested in zinc.

Some lead and zinc is mined commercially in Owen and Crittenden Counties, the spokesman said, but not on a large scale.

JEFF DAVIS DIES AT HIS DAUGHTER'S HOME AT SIKESTON

Jeff Davis, a former Fulton countyman, passed away yesterday morning, March 17, 1942, at the home of his daughter, Mrs. Leonard Binford in Sikeston, Missouri, with whom he made his home. Mr. Davis' death came ten days after he had suffered a stroke of paralysis.

Funeral services are being held this afternoon at three o'clock at Rush Creek church, conducted by the pastor, Rev. Harper. Interment will be in that church cemetery.

The deceased was born January 1864 in Fulton county near Cayce and lived in that vicinity throughout his life, being engaged as a farmer. He was married to Nannie Roper in 1885 and to this union were born nine children. One daughter dying in infancy. His wife preceded him in death seven years. It was in December that he went to Sikeston to make his home with Mrs. Binford. A member of the Methodist church, he held membership at Rush Creek.

Surviving him are eight children--Virgil Davis of Fulton, Mrs. Nannie Trevathan of Fulton, Ben Brown of Cayce, Mrs. Willie Bondurant of Cayce, Mrs. Lizzie Davis of Cayce, Mrs. Herman Edmonson of Rutherford, Mrs. Lena Robinson of Morehouse, Missouri, and Mrs. Binford of Sikeston; a number of grandchildren and three great grandchildren. J. D. Davis and Wes Davis of Fulton are among a number of nieces and nephews.

The body will remain at the home of Mrs. Brown in Cayce until time for funeral services.

136 BILLION PUT INTO WAR EFFORT SINCE JUNE, 1940

Tabulation Shows Vast Sum Spent For War Materials

Washington -- The War Production Board reported today that 20 per cent of all war appropriations since June, 1940 or the sum of \$26,800,000,000, had been earmarked for aircraft manufacture. The largest share--\$32,517,000,000, or 24 per cent--was for the manufacture of tanks, guns and ammunition.

HOSPITAL NEWS

Fulton Hospital Charles Stephens, Oakton, has been admitted for treatment.

Dan McKelvey Hickman, Route, has been admitted for treatment.

Arch Oliver remains about the same.

Mrs. John Shaw Bacon, Hickman, has been admitted for treatment.

Hugh French, Hickman, was admitted this morning.

Gene Sanders was dismissed yesterday.

Bud Thomas is doing fine.

Jentril Ellison is about the same.

Haws Clinic

Mrs. Sadie Chambers is slightly improved.

Miss Ina Caldwell continues the same.

J. D. Faulkner remains about the same.

Mrs. S. L. Jeffries is improving.

Mrs. R. H. Sutherland is improving.

Mrs. T. L. Somers was dismissed today.

Mrs. Arch Luther is improving.

OFFICERS, DIRECTORS ARE NAMED FOR BASEBALL GROUP

K. P. Dalton was reelected president of the Fulton Baseball Association last night at a meeting held at the Rainbow Room. This is Mr. Dalton's fourth term in the office. Other officers named were H. H. Bugg, vice president; and W. W. Evans, secretary and treasurer.

The Board of Directors was elected as follows: H. H. Bugg, Smith Atkins, L. Kasnow, Bert Newhouse, K. P. Dalton, F. A. Homra, Bailey Huddleston, R. E. Sanford, W. W. Evans, and J. E. Hagan.

M. L. Parker was reelected official scorer for 1942.

There will be a meeting of the Board Friday night at 7:30 at the City Hall and at this time committees for the coming year will be named.

Emrich Signs Contract

Bob Emrich, pitcher from Amlin, Ohio, has signed his contract with the Tigers for the coming year. Emrich played with the local club last year and he should prove valuable on the pitching staff.

MacArthur To Head Allies' Far Eastern Forces; American General Flies From Bataan To Australia

General Wainwright Is Left In Charge Of Luzon Fight

Great Hope For Offensive Action Raised By Transfer Fighting American

CLINTON MINISTER WILL BE SPEAKER AT LOCAL CHURCH

The speaker this evening at the Preaching Mission being held at the First Christian Church every night at 7:30 will be Rev. John Porter, Clinton, Kentucky.

Gen. Douglas MacArthur yesterday assumed supreme command of all United Nations land, sea and air forces in the southwest Pacific, including Australia and New Zealand, thus giving the United States the leading role in the eventual all-out offensive to crush the Japanese.

A terse War Department communique announced that MacArthur, hero of the Philippines, had arrived in Australia to assume his new command, and President Roosevelt in his press conference made clear the scope of his new assignment--greater than any entrusted before to an American general.

Sirs Hope For Offensive

In his new post, the President said, MacArthur will be in complete command of all Allied operations--military, naval and air--in the area this side of Singapore, including his former command in the Philippines. His jurisdiction will not overlap that of Gen. Sir Archibald Wavell, commanded in India and Burma.

Transfer of the hero of Bataan stirred hopes of early offensive blows against the Japanese foe. MacArthur, only Allied general who has fought a major Japanese drive to a standstill, arrived in Australia by plane.

Wainwright Directs Bataan MacArthur was accompanied by his wife, Jean, and son, Arthur, 4, and several members of his staff. Among the latter were Maj. Gen. Richard K. Sutherland, MacArthur's chief of staff, and Brig. Gen. Harold H. George of the Army Air Force.

Direct command of the American and Filipino troops still fighting the battle of Bataan passes to Maj. Gen. Jonathan M. Wainwright, senior officer remaining in Bataan.

In a late afternoon communique the War Department reported that the Japanese forces on Bataan, who had been inactive for several days, had renewed their attack, but without avail.

A sudden raid on the Wainwright lines was "easily repulsed," the communique said, and although American harbor defenses in Manila Bay were shelled heavily for several hours by enemy batteries stationed on the Cavite shore, the damage was slight.

Cheer Up, Folks, The Worry Is Over This Year--For Some Of Us

The biggest tax paying day in American history was yesterday. More than 22,000,000 individuals and thousands of corporations were required by last midnight to have filed returns and paid at least a fourth of the tax on their 1941 incomes.

While many payments were made earlier in the month and many returns mailed yesterday may not be counted for several days to come, at least \$1,000,000,000 of tax payments were believed to have been made or mailed during the day. The month's total is expected to be about \$2,750,000,000.

At Chicago, Collector Carter H. Harrison announced the receipt of one check for \$5,000,000 as a quarterly installment. It was the highest tax ever paid at Chicago and was one of 10 quarterly checks topping \$1,000,000 each.

The amounts of money changing hands were so huge that the Treasury purposely began paying off \$600,000,000 of its debts to prevent a dearth of money in financial centers.

Revenue clerks throughout the country were so busy gathering in the returns and money that they had no time to prepare immediate reports on how much they took in. The Treasury said it might have some estimates, on a partial basis, today (Tuesday).

However, official reports on the first 13 days of the month showed income and excess profits tax collections totaling \$441,394,702, or approximately two and a half times as much as the \$175,806,319 collected in the corresponding period last year.

This year, the rates are higher, the exemptions are lower, and the amount of taxable income is much larger.

At Detroit, tax anticipation warrants with a current redemption value of \$71,800,000 were turned over to the collector of internal revenue by one tax-payer, J. S. Wallace, tax director of General Motors Corporation, made the payment, representing approximately one-fourth of the corporation's federal income tax for 1941.

SPRING IS THE SEASON OF WAR OF NERVES

With the official opening of spring only four days away, a new kind of life begins to stir. Rumors in the air are as thick as crocuses on the lawn. Speculation is as riotous as the buds on the trees. The war of nerves enters upon its favorite season, not a time of hope and promise but of uncertainties and misgivings, and the nations on the defensive can only await the next move of the forces of despotism and destruction.

For Germany this is the third spring and it is variously reported to be preparing for a drive through Turkey to the oil fields of the Caucasus, a march down the Near East to the Suez Canal or an invasion of the British Isles. Any of these moves may be taken despite the increasing tempo of the Russian offensive, because Hitler is desperate and he realizes that to win he must gain oil for his war machine or crush Britain before the United States can throw its full force into the struggle. But the United States and Great Britain are not entirely on the defensive. They too can launch a spring offensive and such an offensive on the Continent would frustrate Hitler's plans by deflecting any new campaign from its objective. It is a different future that the Nazi leader now faces than when he marched into Denmark or sent his motorized columns rolling over the mountains of the Balkans.

To Japan in its present operations all seasons are alike. But if it is to strike at Russia, if it is to remove the threat of Vladivostok to the Japanese islands, if it is to perpetuate its ill-fated empire it must wait until the ice melts in the Amur River and the snow leaves the Siberian wastelands. That the Russian Bear is marked for slaughter there can be little doubt, but Japan has learned from experience the fighting qualities of the Russians and it may hesitate at this time to take on the Red Army while its forces are fully occupied in the islands north of Australia and in Burma. It is more likely that it will move into the Indian Ocean

FIFTEEN YEARS AGO

(March 15, 1927)

The Oblon County highway board has approved the building of the Harris road and work will start at once.

John Culver was in charge of the Rotary Club program today, presenting several musicians from Fulton High School. Bob Wade also made an interesting talk on his recent trip to Texas.

Rev. and Mrs. E. L. Whitaker, former resident of this city, announce the birth of a son at their present home in Memphis.

Calvin Watson left yesterday for Shawnee, Okla., where he will be engaged in the dry cleaning business.

P. T. Jones spent yesterday in Union City on business. Mrs. W. J. Willingham and guest, Mrs. McHenry, spent yesterday in Hickman.

Howard Happy of Mayfield was a business visitor in the city today. Mrs. Vodie Hardin is reported ill today at her home on Third street.

while continuing its threat to India and thus attempt to cut the lifeline of the United Nations.

That Germany and Japan can choose the time and place to strike is the advantage they have won by their numerical superiority and their long preparations but they cannot hope to hold it for long. That is the reason for the tremendous effort on the part of the Axis to bring about a decision before the present year is out. That is the reason for the rumors and speculation that come with the coming of spring.—Courier-Journal.

RE-DISTRICTING MADE IN FULTON COUNTY CONSERVATION PROGRAM

H. M. Pewitt, Chairman of the local organization stated that in view of the number of farmers residing in any community and the additional burden occasioned by the war and other phases of the Agricultural Conservation and related Agricultural Program which has been placed upon the community committeemen in rendering service to such farmers and in obtaining their fullest possible cooperation in such programs, that a revision of the boundaries of such community will result in a more effective, efficient and fair administration of such programs in the community. This revision has been made, so Mr. Pewitt states, in the first and second communities, thereby making four communities out of numbers one and two of the original set up, and letting number three remain the same as before, only changing its number from three to five.

Number one community starts at the east end of the county going west down the State Line at a point just west of Rupert Browder's farm, then north just east of C. N. Burnett, west of H. C. Brown, C. A. Binford and R. J. Cashon to the Hickman County line.

Number two community beginning west from the west line of community Number 1, goes west to just east of Moscow, Cayce and

Jordan Highway on State Line road to a point in front of Charlie Everett's house, thence north just west of J. A. Abell and Wallace Koone's farm, direct to Hickman County line.

Number three community beginning west from the west line of community No. 2, goes down State Line road to a point just west of the road west of B. M. Tull's farm; thence north to a point just west of the Sanders farm intersecting U. S. Highway 94, west down 94 highway to Dadds Crossing, thence north to creek, then northeast to Hickman County line.

Number four community beginning west from the west line of Community No. 3 goes west down State Line road to Brownsville bluff, following edge of bluff northward to City of Hickman; thence northeast to Hickman County line, which comprises all of the upper bottom farms and the section just east and south of Hickman between the two lines mentioned above.

Number Five Community the same as No. 3 before the change, which comprises all of the Delta Section including Number Eight Island and Madrid Bend inasmuch as Community five boundary was not changed (just in number only) there will not be an election held in this community. The same community committeemen, alternates, delegate and alternate delegate will remain in office.

These elections will be held orally at each community on Friday night, March 27 at 8:30 o'clock, to elect community committeemen, alternates, delegates and alternate delegates at the following places:

Community No. 1, Fulton City Hall.
Community 11 Lodgeston School house.
Community 121 Cayce school house.
Community No. IV Hickman Court house.

Mr. Pewitt stated that the secretary would send each operator an individual notice stating just what community his farm has been listed in and where he should go to vote, and request the operator to notify and urge his landlord, tenant, or sharecropper, if any, to be present at his respective voting place to cast that important vote.

The Chairman wishes to point out the importance of all farmers attending these community election meetings and how important

it was that each section of a community be presented by a committeeman and alternate who, as citizens of the U. S. are able and willing to serve as community committeemen.

He states that the same person may serve as a delegate or alternate delegate to the County Convention, even though he is elected as Chairman or a member of the Community Committeeman.

Mr. Pewitt also states that We Are At War, and committeemen will be called upon to devote a great amount of time to the administration of the farm programs. Community committeemen will be called upon to furnish up to date information to their neighbors and may need, to visit each of them in connection with the program several times during the year.

It is expected that producers having inquiries about the AAA Program and the Food For Freedom Program will contact their nearest community committeemen rather than make a trip to the office of the County Association. They will be expected to check performance in their neighborhood, using a simplified system. Committeemen, like the soldier boys in the front lines, will be expected to perform over and above their prescribed duties, and service as a committeeman will call for unselfish, patriotic devotion to our great cause.

MEREDITH OFFERS TO ASSIGN STAFF MAN TO JOHNSON

Asserts Willingness To Collect Funds In Economy Move

Frankfort, Ky.,—Attorney General Hubert Meredith offered today to lay aside personal differences and co-operate with Gov. Keen Johnson in a manner that Meredith estimated would save the state \$80,000 a year.

Meredith wrote the Governor that his staff could collect money over due from inmates of state welfare institutions able to pay, and that any member of his staff could serve as counsel for State Finance Commissioner J. Dan Talbott.

Governor Johnson declined to make any comment on the Meredith letter.

The collecting now is done under contract by Clyde Reed and Samuel M. Rosenstein, Frankfort attorneys, under contract. Meredith said it cost that way \$8,000 to \$15,000 annually and pointed out that \$6,000 a year had been set

bill by the 1942 general assembly for the finance commission coun-

Junior Woman's Club Gives Benefit Party—Proceeds Go To Red Cross Fund

The Junior Woman's Club of Fulton entertained the public at the Woman's Club building last night with a St. Patrick's party, which a benefit affair with the proceeds going into the Red Cross funds. Approximately one hundred persons were present and that included contract players, bingo players and ruck players. For the occasion the club room was decorated in Jonquills and gladioli.

Nineteen tables were arranged for the games of contract, ten of these being clubs and the rest were foursomes and general progressive players. Thirteen persons played bingo and there was one table of ruck players.

The high score prize for the ladies was presented to Miss Mary Swann Bushart and Warren Thompson made high for the gentlemen. Both of these prizes were market baskets of canned groceries. Defense stamps were presented to the high scorers of the bingo players, these going to Mrs. Paul Hornbeak and Abe Jolley.

and his Band

One of the clubs playing at a two-table reservation was entertained by Miss Helen King at its weekly meeting and at the conclusion of the games Miss King presented her high score prize to Miss Martha Moore.

Players with this group were Miss Moore, Miss Ruth Graham, Miss Ruby Boyd Alexander, Mrs. Al Gentleman, Miss Almeda Huddleston, Miss Ann Godfrey, all members, and one visitor, Mrs. Harold Newton.

5-Table Group

Another group, composed of five tables of bridge players, included the following persons:

Mr. and Mrs. Maxwell McDade, Mrs. J. E. Fall, Jr., Mr. and Mrs. Hendon Wright, Mrs. Harry Bushart, Mrs. Wilburn Holloway, Mrs. William McDade, Mr. and Mrs. Vernon Owen, Mr. and Mrs. Billy Blackstone, Miss Florence Wade, Frank Beadles, Mr. and Mrs. Lynn Askew, Mr. and Mrs. Glenn Dunn and Mr. and Mrs. Howard Edwards.

3-Table Club

A three table group was composed of twelve members of a mixed bridge club with the following playing—Mr. and Mrs. Gene Spelght, Mr. and Mrs. Grady Varden, Mr. and Mrs. Frank Wiggins, Mr. and Mrs. Jimmie Warren, Mr. and Mrs. Enoch Milner and Mr. and Mrs. Monroe Luther.

Bingo Players

The twelve bingo players were Mr. and Mrs. J. D. Davis, Mr. and Mrs. T. M. Franklin, Mr. and Mrs. Ernest Fall, Sr., Mr. and Mrs. Paul

Hornbeak, Mr. and Mrs. L. O. Bradford, Mr. and Mrs. Abe Jolley and Mrs. Clanton Meacham.

Book Table

The one table of persons who played ruck was composed of Mrs. Charles Burrow, Mrs. C. E. Cochran, Mrs. Ernest Bell and Mrs. M. E. McDade.

BIRTH ANNOUNCEMENT

Mr. and Mrs. J. A. Avery of Washington, D. C., announce the birth of a daughter, Margo Elaine, born Friday, March 6, 1942.

Mrs. Avery is the former Janice Puckett, daughter of Mr. and Mrs. W. B. Puckett formerly of Fulton.

PARTY AT CHURCH

LAST EVENING

The Young People's group of the Baptist Training Union enjoyed a supper and party at the church last night with twenty-nine persons attending. The informal and attractive supper was served in the basement of the church.

The remaining hours were spent in various games and contests, conducted by Mrs. Malcolm Smith, who was chairman of the social committee.

Those attending, including members and several visitors, were Mr. and Mrs. Bob Myers, Mr. and Mrs. William Scott, Mr. and Mrs. Charles Arnn, Mr. and Mrs. Hugh Rush-ton, Mr. and Mrs. Richard Willey, Rev. and Mrs. E. A. Autrey, Mr. and Mrs. S. L. Craver, Mr. and Mrs. Otis Bixie, Mr. and Mrs. Tillman Adams, Mrs. Russell Johnson, Mrs. J. C. Aiferd, Mrs. Malcolm Smith, Miss Nell Marie Mooneyham, Miss Sara Linton, Miss Norma Fowler, Clifton Hamlett, Paul Butts, James Underwood, W. E. Filppo and P. H. Riddle.

MRS. J. E. FALL

HOSTESS TO CLUB

Mrs. J. E. Fall was hostess to her afternoon bridge club yesterday at her home on Vine street and present were the usual two tables of players. Mrs. Paul Hornbeak and Mrs. Martin Hall were substitute players.

At the end of the games Mrs. Jake Huddleston was presented the high score prize and the hostess served refreshments.

Mrs. T. M. Franklin will entertain the club at its next meeting in two weeks.

Costs only 3¢
to make a delicious
apple turnover
the KARO way

These apple turnovers are deliciously different... And it's KARO that gives them such wonderful flavor! We're giving you a recipe for 8 turnovers—because everyone calls for "seconds" when you serve these turnovers!

APPLE TURNOVERS

1 recipe pastry (for 8 squares) 3 apples

1/4 cup KARO (blue label)

1 teaspoon nutmeg 1 teaspoon cinnamon

Slice apples. Mix together KARO, cinnamon and nutmeg. Lay slices of apple on one-half of each square of dough. Sprinkle with KARO mixture. Fold other half of square to form triangle. Press edges together with a floured fork, and prick top to allow steam to escape. Bake in a moderately hot oven (400 degrees F.) about 20 minutes. Makes 8 turnovers.

Food prepared "the KARO way" supply extra food energy. KARO is rich in Dextrose, food-energy sugar

the enemy in order to defend Australia. Casey said the powers battling the Axis in the Pacific should "meet and hit the enemy wherever he is to be found, and as opportunity offers turn this defensive attack into counter-attack and counter-attack into offensive."

May Be Last Chance

The fight for Australia, Casey said in a radiocast, "many well be the last chance that the United Nations have of making a stand—and a comeback—in the Western Pacific."

Australia is mobilized for total war, he asserted, and is dedicated

to a scorched earth policy if Japanese forces succeed in landing. "We will attack the enemy before he lands on the soil of the mainland of Australia and we will continue to attack him if by evil chance he succeeds in landing," he said.

"If it should be possible, we will destroy our homes, our crops, our herds, lay waste our towns, cripple the railways that are the arteries of our vast country. We have learned the lesson of 'Too little and too late.'"

Little Max Harris is ill at his home on the Martin highway.

Miss Mary Alice Dunning is confined to her home on Fourth street with chickenpox.

Chester Murrell is ill at his room over the Fire Department.

**WELLES ASSERTS
HITLER KNOWS HIS
DOWNFALL IS NEAR**

Declares Small Things Indicate Real Situation

Washington — Summer Welles, acting secretary of state, asserted today that Adolf Hitler now knows that his downfall is near.

Welles made this statement in commenting on Hitler's speech in Berlin yesterday. The German leader predicted the "complete destruction" of Russia's armies next summer and went on to say that President Roosevelt not only would fail to create a new Europe but would "bring about the collapse of his own world."

Aware Of Technique
There was a time, Welles told a press conference, when Hitler could hurl a "monstrous lie" around the world with devastating effect, but gradually the world has become aware of this technique and now the lies come back at him like boomerangs.

People have learned Welles explained, to pay less attention to Hitler's boasts and predictions and more attention to the inadvertent admissions of his own fears and weaknesses with which his speeches abound.

The significance of Hitler's Sunday speech, he said, is to be found not in its boasts and promises but in the fact that "there is implicit in every word and every phrase Hitler's own recognition of his impending downfall and of the inevitable conquest of the German armies."

Magnificent Resistance
"The magnificent resistance of the Russian armies and the defeats which they have inflicted upon the forces of Hitlerism," said Welles, "have in great part been responsible for bringing this to pass. These are the very armies whose annihilation Hitler announced many months ago."

As for Hitler's exhortation of President Roosevelt, Welles asserted "it is only natural that the kind of world in which President Roosevelt and the American people wish to live should be termed 'a new, detestable, alien world' by Hitler."

SPORT TALK

Football practice is now under way, although little is being done except going through condition-building exercises, and no serious work will be done until next week. Coach Giles is now in Louisville attending the state basketball tournament and will not return until Monday. Beginning next week, if the boys appear to be in good physical condition, serious work of building plays and planning for next fall will be started. Not a very large group of boys is out as

yet, and it is not likely that the spring practice will bring out the full group. However, it is said with some confidence by Coach Giles that enough material is on hand to insure a fairly good team for next fall. While the Bulldogs lost many of their best players by graduation, some of the reserves from last year were coming along pretty fast at the end of the season, and these boys will probably be quite adequate for the football wars next fall. The most serious loss was in the line, for here the Bulldogs were quite strong last year, and practically the entire line has been lost by graduation.

A team can't lose players of the caliber of Nelms and Spence, McClellan and Willingham will be gone, and the team will miss their sterling work, but there is material on hand to build a pretty fast and hard driving backfield, with two holdovers from last year to build on. It appears more than likely that Robert Whitesell, who served as blocking back, may turn into a ball carrier this next fall. Robert came along pretty fast in basketball in the season just closed and on observer could see that he might turn into a hard-driving ball carrier for next fall. It is likely that Jack Moore will again direct the team from the quarter back slot, and he will likely carry a few more pounds into the fray next season than during the past season. He started last season weighing 129 pounds and finished pulling the scales at 140. While he lost some of this weight during the gruelling basketball season, it is likely that he will weigh around 145 pounds for the next football season—which will make him able to drive a bit better. Johnny Sharpe and Bobby Merryman are being counted on to round out a backfield that may be a shade lighter than last year, but one which will pack a lot of speed and driving power.

The backfield, while hard hit, is relatively better off than the line. McClellan and Willingham will be gone, and the team will miss their sterling work, but there is material on hand to build a pretty fast and hard driving backfield, with two holdovers from last year to build on. It appears more than likely that Robert Whitesell, who served as blocking back, may turn into a ball carrier this next fall. Robert came along pretty fast in basketball in the season just closed and on observer could see that he might turn into a hard-driving ball carrier for next fall. It is likely that Jack Moore will again direct the team from the quarter back slot, and he will likely carry a few more pounds into the fray next season than during the past season. He started last season weighing 129 pounds and finished pulling the scales at 140. While he lost some of this weight during the gruelling basketball season, it is likely that he will weigh around 145 pounds for the next football season—which will make him able to drive a bit better. Johnny Sharpe and Bobby Merryman are being counted on to round out a backfield that may be a shade lighter than last year, but one which will pack a lot of speed and driving power.

An interesting experiment was tried at Sharpe High School during the past season and it seemed to work out. Coach Kellow had a theory that practice every day was more or less wasted, holding that the boys learned more in actual

games than in daily practice session. So he had his team play four and five games, a week, winning 32 games in the season and losing, I believe, about 14. Eight of his lost games came in a row, as a result of having to discipline a couple of regulars. When these boys were satisfied to play as the coach ordered, the team began winning again and went through to the district championship without much trouble. Calvert City was one of their victims in this tournament and two games were won in overtime periods. The team played almost 50 games during the season and did not seem to grow stale. Of course, not playing football, the Sharpe boys started sooner than those schools which do have football teams, but at that, Coach Kellow seems to have hit on a new idea. It is the general belief that too many games cause staleness, or burn out the boys, but the Sharpe team took the biggest schedule of any school and played it well. Whether it will work out that way again no one can say, but Coach Kellow proved it or this year without any doubt.

GIRL SCOUT NEWS

Monday, March 16, the Girl Scouts had their St. Patrick's Day party. First of all, the roll was called and dues collected. We sang "The Star Spangled Banner." We planned to have patrol meetings next Monday. We also planned to put out boxes to collect cigarette packages for defense. We have decided to put them in cafes, drug stores and the picture shows.

Mary Eleanor Blackstone conducted a First Aid Play. Three girls were badly injured—one was dead, one had a broken leg and one had fainted for lack of air. Then some Girl Scouts came along and treated them as we have learned in the First Aid course. The first thing they did was to get a doctor. Then they made sure the girl they thought was dead, was dead; then, tested the one with a broken leg, put splints on the leg, and revived the one who had fainted. This was cleverly acted out by Barbara Askew, Virginia Howell, Jane Shelby (The three injured girls), Martha Frank Collins, Mary Eleanor Blackstone, Norma Philipps, Betty Ann Davis, Sue Crawford and several others.

We then played a game called "Yes or No." One person went out of the room while the rest choose an animal or bird which they know a lot about. The person out of the room was called back and she asked the group questions such as "Is it a bird?" or "Has it four legs?" etc. Then we played a game of "Bum." One person gets in the center of a group of players seated. One extra chair is put in. The leader calls "Bum" and everyone moves while the one in the center tries to get a chair. Betty Ann Davis sang "Wearing of the Green" while Mary Lee Haws played the piano. We then

had ginger ale, cookies and ritz crackers with peanut butter served by Jane Shelby, Martha Sue Jewell, Norma Philipps and others. We also welcomed two new members—Martha Sisson and Barbara Homra.

"Taps" was sung and we were dismissed.

Helen Shelton, Scribe

15 LIFE-SAVERS IN BRITISH PORT MISS WAR CALL

Cromer, Norfolk, England.—Calls to arms for seven gnarled, weather-beaten seamen of the fifteen-man Cromer lifeboat crew have been resounded in answer to public clamor that the team which has rescued more shipwrecked mariners than any other in England be kept intact.

The argument of this proud little town, taken up by the English press, was that other men may be given the job of taking lives; but the Cromer crew should continue to save them.

Ernest Bevin, Minister of Labor and National Service, realizing he would have a storm to contend with if the men were taken from their jobs, announced there was no danger of their being called in the near future.

In two years of war the Cromer crew has saved 600 lives.
