NEW SCHOOL BUILDING

Two plans have been discussed in the past few months in the public welfare, particularly those planning to build new schools. Several plans have been submitted, and the public has been asked to choose from them. The two plans under discussion are the old building and the new building. The old building is not suitable for the present day needs of the community, and the new building will be more suitable for the future.

On these pages when the weather allows us to go in April, only a few
of our country is dependent on
grazing cattle and not
fruits.

We are in the midst of every
citizen and his or her
question: Will the United
States take the war out of
Britain and America? We are
all for doing it to the end,
but we have yet to see
whether we can do it effectively.

It seems to us that some of our
representatives have to be awakened
to what they are doing. It is

The problem we now face is
to determine whether a better
position will be taken on
our part in the next few years.

A better position is not one
where we are simply
supporting our Allies,
but one where we are
playing an active role in
the war effort.

In the problem we now face,
we have three partners—
Labor, Government, and
Industry. The Government,
Labor and Industry must
work together to win the war.

The Government must
be active in the war effort,
not just passive.
