DONT PUT OFF YOUR REMODELING JOB

It is quite apparent now that there will soon be restrictions on building and remodeling of private homes, as all materials bring this to the Nation, and plans are already made for reducing the use of these materials.

If you want your home remodeled or required this time to get the work done. Lack of money may not prevent you from getting this work done if you can get it completed, and if you can afford the necessary services, we can help you. We would not let many others in our past years we'll be glad to help you.

Remember, our services are always a good investment. Guaranteed up to $5,000,000.00 by the United States Government.

We're still Defense Bonds at our offices.
