WATER SHORTAGE!

EVERY DROP OF WATER POSSIBLE MUST BE CONSERVED BY EVERY CITIZEN.

Today all the water that was on hand was in the reservoir and the last well of the city was out of commission until necessary repairs can be made.

Two hose lines have been laid in from the South Fulton system in order to provide relief, but there is not enough water on hand for actual needs. All unessential use of water is expressly forbidden. No one will be permitted to waste any water and car washing is expressly forbidden.

The city urges that all citizens cooperate in every way during this emergency.
