_preparing for the business of living

Although his bug was disabled, several children of office clerks have been put to work in the office, and they are now helping to do some of the work that has been done by hand. The experience gained will help them in future jobs, and the children are trying to make the best of the situation.

 unbiased reports from Latin America show a desire among the people for more democracy and better living. They are working hard to make these changes, and although the results are not as quick as they had hoped, the children are hoping for the best.

Crisis of 1940: World War I

A Southern newspaper said the war had not started yet, and there is a question as to whether it will start in the next few days. It is estimated that these two nations will be at war in a few months.

Deaths

(Continued From Page 1)

On April 14, 1917, the United States entered the war, and the first fight was fought in France.

Veterans of Foreign Wars

The United States has declared war on Germany, and the United States is now at war with the Central Powers.
