Nelson, King and Wolfe Named to City School Board

The Benton Independent School District re-elected two school board members and elected one new member in Tuesday's voting. There were three places to be filled, and seven candidates were in the races.

County Board Re-elects Hill, Adds Two Men

Two new faces will appear at meetings of the Marshall County Board of Education as a result of Tuesday's election.

Re-elected without opposition in District 3 was Boone Hill, veteran member and chairman of the board.

There were races in only three districts.

Mr. Hill received a total of 586 votes in District 3, composed of Calvert City, Little Cypress, Palma and Sharpe precincts. He had no opponent, but there were five write-in votes. They were for Nelson Johnson 1, Lake Riley 1, Marshall Rickman 1, Ed O'Dell 1, and some gave one vote to rock and roll singer Elvis Presley.

Joe H. Hill was opposed by Elroy Warren in District 1, composed of Ross, Olive and Heights precincts. Joe Hill received 412 votes and Mr. Warren 287. The vote by precinct was:

Precinct	Warren	Hill
Ross	60	213
Olive	111	105
Heights	96	87
TOTAL	267	412

Joe Hill will succeed Dan Gold who did not seek re-election to the board.

Norman Castleberry was unopposed in District 4, composed of Oak Level, Elva and a portion of the three Benton precincts. Mr. Castleberry received a total of 125 votes and there were no write-ins. He will succeed Claude Shewell, who did not seek re-election.

Re-survey of County Accidents is Planned

Ruby Walker, administrator of the Benton-Marshall County Health Center, announced yesterday that a re-survey of home accidents would climax the study that began in Marshall County some two years ago.

For the past two years the local health department has been engaged in organizing a home accident prevention program as a part of health activities to meet the needs of citizens. Concentrated efforts have been made to stem the increasing number of home accidents, also by many community groups.

Now that the study is nearing completion the re-survey of home accidents is being planned in an attempt to measure how well the information has been used in making the home a safer place in which to live. The time place in which to live. The time place in which to live. The time place in which to live.

Dr. E. M. Wolfe, dentist, were re-elected to the board. Dr. Harold King, physician, was elected a new member. Dr. King led the field with a total vote of 655. Wolfe was second with 627, and Nelson a close third with 623.

The other four candidates received votes in the following order:

Jack Jennings 518; Kenneth Peek 286; George Erickson 276; and Mrs. Bob Redmon 247.

The following figures show how the three Benton precincts voted in the school board election:

SOUTH BENTON—Nelson 179, Jennings 159, Wolfe 173, Erickson 81, Peek 98, Redmon 70 and King 166.

NORTH BENTON—Nelson 210, Jennings 171, Wolfe 186, Erickson 68, Peek 89, Redmon 44 and King 228.

WEST BENTON—Nelson 234, Jennings 188, Wolfe 268, Erickson 127, Peek 99, Redmon 135, and King 261.

Sadie Hawkins Day Party to be Held At Community Bldg.

A Sadie Hawkins Day party will be held Friday, Nov. 9, at the Community Building from 10 to 12 o'clock. This party is sponsored by the Library Club of Benton High School.

Tags will go on sale Friday morning at 7 o'clock at the high school. These tags are only 50 cents each and entitle the couple admittance to the party after the ball game.

Remember! Everything costs the girls! So be sure to come to the party and ball game for a grand time.

Lt. Billy Morgan to Return to States And Teach in Texas

Mr. and Mrs. Hatler Morgan have received word from their son, Lt. Billy B. Morgan, that he and his wife will return to the United States about Dec. 1.

Lt. Morgan has been re-assigned to Texas Technological College, Lubbock, where he will be assistant professor of air service.

Lt. Morgan has been in France for the past three years, having been stationed at Evreux Air Force Base as pilot on a C-119. His entire squadron is now engaged in helping to evacuate Americans from the Middle East trouble zones.

MAIL CARRIER'S AUTO DAMAGED IN ACCIDENT

Democrats Win Easily in This County

Buick's New Century Hardtop for 1957

The racy lines of Buick's dream car styling for 1957 lend themselves to the grace and beauty of the new Century. Long recognized as one of the outstanding performers on the highway, the nimble Century has been given new agility in the form of a 300-horsepower V-8 engine with 10-to-1 compression ratio. Bigger panoramic windshields, three-piece rear windows, new front and rear design and completely new chassis are featured on the new shoulder-high Century.

Prisoner Goes To Dentist and Then Escapes

A county jail prisoner escaped Monday after being taken to the office of a Benton dentist.

The prisoner was Cratus Colson, of between the rivers, who was jailed after being fined \$170 on a charge of drunk driving.

Last Friday, Colson was taken to the office of Dr. E. M. Wolfe and the dentist extracted a tooth. Monday Colson complained that his jaw was hurting and Jailer H. Edwards again took him to Dr. Wolfe's office.

After being treated by the dentist, the prisoner disappeared through a rear door of the dental building.

Leon Riley Is Now Dealer For Mercury

Announcement was made this week by Leon Riley, of Riley Motors, that his firm has been made dealer for the Mercury line of automobiles.

Mr. Riley, former partner in the Kinney Motors firm and for the past few years an independent used car dealer, will erect a modern display and showroom sometime in the near future. At present Riley Motors has a complete body shop and motor repair department.

The new 1957 Mercury will be on display at Riley Motors Monday, Nov. 12 and Mr. Riley cordially invites the motoring public to see the new automobile.

An ad is elsewhere in the Courier.

First Dental Clinic Held at Health Center

The first dental clinic was held today (Thursday) at the Marshall County Health Center, and scores of children were given treatment and examinations.

Dr. W. D. Hawkins of Benton served as dentist at the free clinic.

The dental clinic is sponsored by the Benton Junior Woman's Club, which contributed funds for the care of children financially unable to obtain private treatment.

The dental room at the Health Center is equipped with all modern equipment.

Eisenhower Leads GOP Candidates In Popularity Poll

President Eisenhower's popularity is still great, even in heavily Democratic Benton, a poll of Benton Rotary Club members last Friday night revealed.

With two out-of-town visitors also voting, here are the results of the Rotary Club balloting, which was by secret ballot:

For president—Adlai Stevenson 19 and Dwight Eisenhower 11.

Lampkins Will Show New Buicks on Friday

The 1957 Buicks will go on display Friday, Nov. 9 at the Lampkins Buick Co., 1209 Main Street, Benton.

Chassis for the new Buicks was completely redesigned from stem to stern, giving that low-sports-car look yet adding also to roominess for six passengers. The front stabilizer has been enlarged to reduce the "roll" on curves.

The V-8 engine also is new from the crankshaft up, offering a bigger bore and stroke, a bigger combustion chamber and double-Y exhaust manifolds.

And the variable pitch dynamo has been brought to a new level of instant performance.

Buick's most popular model, the Special, also offers that low-car look plus big-car roominess. Front seat headroom in the 4-door Riviera, for instance, measures 35.2 inches. Legroom in the back seat measures 42.4 inches. And all other dimensions are equally large.

No extra-cost equipment for the Special includes a step-on parking brake, full-flow oil filter, anti-rust fuel line, heavy insulation against heat and sound, and many other features.

The Roadmaster will have each luxury as power steering, electrically-operated windows, windshield washers, safety-cushioned instrument panel and so forth.

Mr. Lampkins invites the public to view the new models.

Ike Scores Huge Personal Triumph

Late returns Wednesday magnified President Eisenhower's great personal victory in Tuesday's election.

With returns in from 139,620 of the county's 154,844 polling places, the Eisenhower victory was measured in these figures:

Popular Vote: Eisenhower, 32-811,095, or 58 per cent; Stevenson, 23,828,564, or 42 per cent; Eisenhower lead, 8,982,531.

Electoral Vote: Eisenhower,

457, from 41 states; Stevenson, 74, from seven states; required to win, 266 of a total of 531.

In 1952 Eisenhower piled up 33,927,441 votes, or 55.4 of the total, and a margin of 6,612,449 over Stevenson. He carried 39 states with 442 electoral votes, to nine states with 89 votes for Stevenson.

From the devastation of his defeat Stevenson saved only six Southern states, which also were with him in 1952, plus Missouri, which went for Eisenhower four years ago, but drifted away this time.

The Stevenson states in Dixie were Alabama, Arkansas, Georgia, Mississippi, and North and South Carolina.

Eisenhower more than offset his loss in Missouri by snatching away three states that went to Stevenson in 1952—Kentucky, West Virginia, and Louisiana. Not since 1876 and Reconstruction days had Louisiana voted for a Republican for president.

That was the year Rutherford B. Hayes won.

But the American people refused to give the Republicans control of Congress.

The electorate went on a historic vote-splitting spree that let Democrats cling to thin margins of control in both Senate and House. Thus for the first time in more than a century—since 1848—the presidential winner failed to sweep at least one branch of Congress with him.

The Democrats were sure, too, of a majority of the nation's governorships. They lost a few and gained a few.

But Ike, Morton, Cooper Win State

Marshall County voters went to the polls Tuesday in record numbers and traditionally gave the Democratic Party candidates big majorities.

Voting was heavy from the opening to the closing of the polls, and citizens stood in line at the three Benton precincts much of the day.

Total vote cast was 6,363, largest in the history of the county. The record vote was due in part to voting by 18-to-21-year-olds, the youngsters appearing at the polls in good numbers. Interest also was great in the presidential and senatorial races.

Adlai Stevenson defeated Dwight Eisenhower in this county by a two to one vote of 4,358 to 2,015.

Eisenhower polled a greater

Morton is Leading in Close Race

Thurston Morton, Republican candidate for the U. S. Senate, forged ahead of his Democratic opponent, Earle Clements, in vote-counting this (Thursday) morning.

With only 261 precincts uncounted, and most of those in Republican sections, Morton took a lead of 2,600 over Clements.

And press services were saying that Morton was the winner.

Morton and Clements have been locked in a neck-and-neck struggle since Tuesday night. First one and then the other seemed on the lead as the count progressed.

A victory for Morton would complete one of the sharpest political upheavals in Kentucky history.

Not only would the state's 10 electoral votes go to a Republican President for the first time since 1928—and for the fourth time in the state's history—but two Republican senators would be sent to Washington for the first time since 1925-27.

In those years, Kentucky was represented by Republican Senators Frederic M. Sackett of Louisville and Richard P. Ernest of Covington.

Republican former Senator John Sherman Cooper held a victory-winning 42,805-vote edge over his Democratic opponent, former Governor Lawrence W. Wetherby, in their race for the four-year unexpired Senate term of the late Alben W. Barkley.

The unofficial vote in 3,572 of 4,057 precincts gave:

Precinct	Cooper	Wetherby

GILBERTSVILLE LEGION PLANS CHILLI SUPPER

Harrison Vickers Post No. 144, American Legion, will have its annual chilli supper Friday night, Nov. 9, at the Fishermen's Warf, Gilbertsville, at 7 o'clock.

All members and their families are urged to attend. A number of visitors are expected to attend.

The entertainment will consist of a ladies quartet from Grand Rivers Methodist church. A brief business session will follow the supper.

Campaign Set to Get Funds for Flouridation

A big drive to raise funds for the installation of equipment for the flouridation of the Benton water supply is being planned in Benton.

Flouridation helps prevent tooth decay, and is widely used in many towns and cities of the country.

The local drive will be staged by the Lions, Rotary, Kiwanis and Woman's clubs of Benton.

The drive will take the form of a big radio jamboree, and will be held Nov. 19, 20 and 21. Club members, in co-operation with the staff of WOBL, will sell advertising for the big three-day jamboree. Forty percent of the advertising revenue will go to the flouridation project, and the other 60 percent will go to the radio station.

Leaders of the drive are anticipating a net revenue of \$1100 from the radio jamboree. The flouridation project will cost approximately \$1,300.

Don't forget the dates—Nov. 19, 20 and 21. And if you are called upon to perform in an act or to place advertising in the program, remember that it is for the worthy flouridation project.

Programs for the three-day jamboree will consist of news-casts, disk jockey music, speeches live singing and so forth. All of the talent will be local. Most of it will come from members of the participating civic clubs.

No attempt will be made to be fancy or formal, and the whole idea is just to have a lot of fun and at the same time raise funds for the flouridation project.

TUSSY Medicare
anti-blemish set
works wonders to help
hide and heal blemishes

These two simple steps could change your whole outlook on life!

• First, cleanse with medicated Tussy Creamy Masque. It cleanses better than any soap! It "washes away" the excess oil and grime that so many blackheads, whiteheads and pimples of acne "feed" on. Reduces harmful skin bacteria because it contains HX, a wonder of science!

• Next, apply Tussy Medicated Lotion. Helps hide and dry up blemishes; contains HX to control bacteria. And it's skin-colored...won't show under face-powder!

NO SINGLE cream, lotion or salve can do all this so effectively!

THE BIBLE SPEAKS

BY DR. KENNETH J. FOREMAN

Background Scripture: Micah 4: 6
Devotional Reading: Isaiah 1:1-37

This Is It

Lesson for November 11, 1956

THREE questions are asked over and over again by people who take life seriously but are still groping for the answers. First, What is Good? Is it altogether a matter of taste? Is there anything that is never good and anything that is always good, no matter what? Second, What does God want of us? What does it take to please him? Is there any simple ordinary way of knowing what God wants? Third, Why doesn't God speak to us as he used to do to the prophets of old? Why doesn't God, who knows all the answers, share his knowledge with us?

Dr. Foreman

Country Preacher

Long ago a country preacher had these questions thrown up at him. His name was Micah. He was not a preacher in the regular sense, for he had no church, and in fact he had no connection with the regular official religion of his country. But he did speak and preach, so far as we know, only to his fellow villagers; but what he said was remembered. We have extracts from his sermons in what we call the Book of Micah, among the minor (that is, shorter) prophets of the Old Testament. Maybe he never preached a full-length formal sermon. Maybe he just stood or sat around in the market-place, and talked to any who would listen. At any rate it is plain that he was asked much the same questions as those three just now mentioned. The country of Judah, in which Micah's small town of Moreshab was located, was either in a very prosperous condition or was running down, depending on where you lived. In the capital city of Jerusalem everything seemed to be booming. But in the farmlands and in the little villages it was a different story. Even in the cities there were some who suspected the boom would not last. There was a kind of revival of interest in religion going on, but it was confused. People had an idea they ought to be better, but what was "good"? They felt sure they ought to obey God more carefully, but what did God want, really? Why didn't God come right out and tell people what they would have to do to "get right" with him?

This Is It

If the answers to such questions as these were written on gold plates in a strange language and kept on top of a seven-mile mountain guarded by seven wise archangels, the roads to that mountain would be jammed, and people would pay the archangels big money to translate the mystic words of wisdom. But a country preacher talking in the simple words anybody ten years old can understand—? Yes; the people of that village already had the answers only they didn't realize it. Why doesn't God speak? He has already spoken. Why don't we have prophets? We do have prophets, right there in your Bible. Yes, but they are hard to understand! Well, Micah says, it's not so hard to understand. What does the Lord require of you but to do justice, and to love kindness, and to walk humbly with your God? Oh, somebody in the crowd might say, "old stuff! Yes, exactly. Amos the prophet spoke of Justice, and Hosea spoke of Love and Kindness, and Isaiah spoke of humility before God Most High. This is it, you don't need to write away to find out, this is it right here. What is Good, what God wants of us, God has already spoken. He does not change his mind."

Simple and Final

Looked at in one way, these three great requirements of God are not simple. Justice—how easy to say, how hard to make sure what is really the just and fair thing in every action! Kindness—yes, but who knows what is the kind thing to do every time? Isn't what is just in one case perhaps unjust in another? Yes, to be sure; No commandment of God is going to save us from having to think. This is not so simple as to be automatic. Nevertheless this is simple in the main. We can see the lines along which the good life must be built. We always know: if it is not just, if it is not kind, then it is out of line with God's will. And all this is final, too; again not in the sense of saving us any further thought. But final in the sense that this is God's word. We can't now or ever get beyond or above, we can't graduate from, justice and kindness and humble reverence before God.

Education Week to Be Held Nov. 11-17 Throughout Nation

Full observance of American Education Week by all communities in Kentucky was urged this week by J. M. Dodson, executive secretary of the Kentucky Education Association. The purpose of this 36th annual observance, scheduled for Nov. 11 to 17, is to bring the needs and achievements of the schools before the public and to spotlight the important role education plays in our democracy.

"During American Education Week," said Mr. Dodson, "the schools of our state extend a special invitation to the public to visit classrooms — to see the schools in action. Wishing for good schools is not enough. Communities have good schools when the people want them enough to take an interest in them, to work for them, to cooperate with them."

The general theme of this year's observance is "Schools for a Strong America." Local programs are part of a nation-wide observance which is expected to bring more than 20 million persons into the schools. Millions more will be made school-conscious through the newspapers, magazines, radio, TV, and numerous special events.

National sponsors of American Education Week are the National Education Association, American Legion, U. S. Office of Education, and National Congress of Parents and Teachers. With the cooperation of these national sponsors, communities all over the nation will be re-examining their local school programs during the week-long observance.

STRENGTH FOR THESE DAYS
from The Bible
He that hateth his brother is in darkness and walketh in darkness and knoweth not whither he goeth, because that darkness hath blinded his eyes. — (John 1,11.)
But in giving a sincere, pleasant smile; in doing a kindness; in being thoughtful, considerate; in simply holding good thoughts about others—in these small, easy ways we will ever walk in glorious light.

Clark Homemakers Meet at Home of Mrs. Richardson

The Clark's Homemakers Club met in the home of Mrs. Joe Richardson of Benton on Thursday, Oct. 26.

Mrs. Robert Turner, president, called the meeting to order. The business session was followed by a period of group singing.

Miss Sunshine Colley was a guest at the Potluck luncheon.

Mrs. Elvys Holley gave the lesson on 1956 trends in home-making.

Mrs. James Gibson was in charge of a number of games.

Those present were Mmes. Cleet Colley, Truie Wyatt, Elvys Holley, James Gibson, Johnny Miller, Truitt McDermott, Alton Anderson, Robert and Raymond Turner, and the hostess; also Vickie McDermott, Sandy and Paulie Miller, Joe Lynn, Billy Nelson

STRENGTH FOR THESE DAYS

And when thou makest a feast, call the poor, the maimed, the lame, the blind: and thou shalt be blessed. ... (St. Luke 14, 13-14.)

We who enjoy richly the good things of life—love, health, happiness, freedom from want and anxiety—surely are called upon to share them with the less fortunate. Sharing indeed will be blessed, being always a privilege and opportunity of praising the Lord.

and Tommie Neal Richardson.

The next meeting will be held in the home of Mrs. Robert Turner and the lesson will be on "Legal Matters."

Here's just the thing for the "little grown-ups" in the family. A place for everything for children, ages about six to twelve. It will give them a sense of individuality and save Mother a lot of hard work in picking up clothing. It's ideal for both boys or girls in the family.

IN HOMETOWN AMERICA

Henry Gordon of Hardin Route 1 was a business visitor in Benton Monday and while here renewed his subscription to The Courier.

of Louisville were guests during the weekend of Mrs. Violet Edwards and her mother. Both Mr. and Mrs. Matlock are attending the Louisville School of Medicine.

County Soil Notes

By Herbert Anderson
U. S. Soil Conservation Service
The 1956 Soil Conservation essay contest is now underway in the city and county schools. The subject of the 13th annual essay is, "How Fish and Wildlife Conservation can Benefit my Community."

Kentucky grade and high school students will be given \$3,250 in U. S. Savings Bonds by The Courier-Journal and The Louisville Times. The writer of the best essay in the county will receive a \$25 U. S. Savings Bond. A second prize of \$5 and a third prize of \$3 will be provided by the board of supervisors of the Marshall County Soil Conservation District. The first place winner will compete for state awards.

All essays from a school must be taken to the office of the school superintendent not later than midnight, Dec. 8.

Burnett Holland, conservation officer, Kentucky Department of Fish and Wildlife Resources, will discuss the work of his department and give something on the value of game and fish in Marshall County over Radio Station WGBL at 6:35 A. M. Monday, Nov. 19.

The value of game and fish taken yearly in Kentucky from the fields and streams has been estimated through a survey at

\$14,000,000. Besides the pleasure and recreation that hunting and fishing affords, this amount of food is valued at seven times the amount of money received by the Department from the sale of licenses.

Landowners of the Clark's River watershed will be given the opportunity at a public hearing next Saturday afternoon in Benton to say yes or no to this question: "Do you want to form a Watershed Conservancy District?" The hearing will be held at the Benton High School for the East Fork from 1 to 2 o'clock and for the West Fork from 2 to 3 o'clock.

IN MEMORIAM

The family and many friends of Mr. Fred Thompson, who passed away Oct. 30, 1955, wish to take this method of honoring his memory.

Mr. Thompson operated the West Ky. State Mill many years and had many friends in Marshall and adjoining counties.

His many good deeds to the community and his love for his family and friends will always be held in tender memory. We still miss him greatly and he will be held in loving memory forever in our hearts.

The family and friends.

KENGAS
Division of Western Kentucky Gas Company
THE NAME TO TRUST IN LP GAS

Now you can have the same gas service as if you lived in
the city. Regardless of where you live—you can put your
whole home on KENGAS and you'll see how much easier
it makes your housekeeping. KENGAS is the easiest, safest,
cleanest way to cook, heat your home, have hot water,
refrigerate, and cool your home.

Whether you use tank or bottled gas, it will pay you to
use the reliable KENGAS service. KENGAS is the largest
LP gas company in Kentucky with the largest bulk storage
in the area. You never need worry about "running out of
gas" with this modern progressive company serving you.

See the modern gas appliances at any KENGAS office—
ranges, water heaters, furnaces, clothes dryers, and air
conditioners. KENGAS offers you a complete service—
LP gas and appliances. Appliances can be yours for as
little as \$5 per month with 3 years to pay. Call or send
coupon for further information.

PRESENTING THE

Surprise Package of '57!

THE NEW Pontiac is Completely New from Power to Personality!

Fresh from 100,000 miles of road tests, the '57 Pontiac
goes on display tomorrow!

Even a brief once-over of Pontiac's sleek new lines tells you
that you're in at the start of a styling revolution. And that
glistening sheath conceals a carload of engineering "firsts!"—
all polished to watch-work perfection in the toughest test ever
given a new car.

This '57 Pontiac pounded the road through 100,000 miles of
tests... through it all Pontiac engineers refined and perfected
every facet and feature of this great car.

They made Pontiac's big, new power plant even more
efficient than its predecessor, the engine that set over fifty new
world records and led all eights in miles per gallon! They per-
fected the new suspension system, new controls and new Strato-
Flight Hydra-Matic* to give you the smoothest riding, easiest
handling—and—safest—new car ever to hit the road!

See and drive this new '57 Pontiac. Sample in a single mile
all that's been proved by 100,000 miles of testing.

*An extra-cost option.

AND THE FIRST CAR AT ANY PRICE WITH...

STAR FLIGHT BODY DESIGN—a Pontiac Ex-
clusive—longer and lower than ever before—the
year's most distinctive new automotive styling.

NEW INTERIOR STYLING—WITH THE
"OFF-THE-SHOULDER" LOOK—a fashion
"first" for '57—perfectly color-matched with the
exterior of your choice.

NEW STRATO-STREAK V-8—270 h.p. in Star
Chief and Super Chief, 252 h.p. in the Chieftain—
with smoother Strato-Flight Hydra-Matic.

CLOUD-SOFT, LEVEL-LINE RIDE—the ride
sensation of the year—a new suspension system
based on a big, 124- or 122-inch wheelbase.

THREE POPULAR-PRICED SERIES—
Star Chief • Super Chief • Chieftain.

See America's Number 1 Road Car—On Display Tomorrow!

Pittsburgh Met Will Expand Calvert Plant

Sales and earnings of Pittsburgh Metallurgical Company, Inc., a major producer of metals and ferroalloys, were both at record highs for the first quarter of its fiscal year ending Sept. 30, despite the fact that its principal customers throughout the steel industry were on strike much of the period, Charles F. Colbert Jr., chairman of the board and president has announced.

Net income was \$694,228, or \$1.16 on each of the 596,331 shares outstanding. This compares with net income in the corresponding 1955 period of \$614,068, or \$1.03 a share on the present capitalization, and \$1.09 a share on the 563,389 shares outstanding a year ago. This is an outstanding performance in the industry.

Sales increased 16.7 per cent to \$9,004,309 for the quarter from \$7,715,077 in the three months ended September 30th, 1955.

Mr. Colbert said in his quarterly report to stockholders, "the outlook is very favorable for continued high sales and good earnings and price increases for our products placed into effect on

October 1st will serve to relieve the burden of higher production costs with which we have had to cope due to increases in our labor and material costs during the year."

The company expects to place in operation shortly after Jan. 1 at its Calvert City plant a 21,300 KVA rotating electric ferroalloy furnace, the largest of its kind in the world, and will benefit by increased production and more flexible operations at assured economies. It is reported that the company will expand further at this plant by an additional furnace of the same size to be built during 1957. Cost of expansion plans will be met out of retained earnings.

Free Diabetes Test To be Given During Week of Nov. 11-17

National Diabetes Week is being observed from Nov. 11 to Nov. 17. It is sponsored nationwide by the American Diabetes Association in cooperation with public health departments, medical societies and civic organizations.

Purpose of the campaign is to find persons who have diabetes without knowing it. The Kentucky State Medical Association is sponsoring the program in Kentucky through member physicians who will give diagnostic tests for diabetes free of charge during the week as part of National Diabetes Week which begins Sunday. Dr. Sam Henson, Benton, is chairman of the Marshall County Medical Society diabetes committee, which will

The Junior 4-H Achievement Day will be held Saturday, Nov. 10, at Mayfield. This will be the younger 4-H boys and girls that have been selected as county champions representing this county competing against the other eight counties in this district.

Charlie Cone gives a good report from a trial of garden sorghum. From 1 1/2 acres 80 bushels direct the detection drive locally.

of oats were harvested part of June. The stubble turned and the ground prepared for planting. Martin and his wife planted the last day of Mr. Cone harvested 60 bushels of grain sorghum last week the same patch. 140 bushels of grain from 1 1/2 acres in one son. The field has not been seeded to balbo rye. Not bad one field in one year.

Joe Faughn is making plans to construct the largest pole in the county. The barn will be 78 by 75 feet. Hay will be in the center and loading on either side.

EXCITING MODERN

YOU WILL WANT A HOME BUILT IN CIRCARAMA

featuring....

... A Neighborhood Playground,

This special feature of Circarama has more than two acres of playing space. Swings, sand pits and other playground equipment will be installed by the owner and developer. Notice the two paved walks which provide access for all the home owners and their children in the subdivision. No street is on any side of it, insuring complete safety from road hazards.

... Ultra-modern Streets,

Which are below the level of the lots to provide adequate drainage and the absolute in beauty. A six inch water line has already been installed under the streets, which will be paved in the spring.

... Zoned Lots,

Each home built in Circarama must conform to lot restrictions, that is, the homes may not encroach upon the lot next to it, must be forty-five feet or more from the street, and at least ten feet from the side property lines.

... Exclusive Homesites,

Circarama is being opened on a restricted basis. Only modern brick or stone houses may be erected. Guaranteed titles given to the lots, surveyed down to the one-tenth of an inch. This modern subdivision will have no equal even in the large metropolitan areas.

... and, Murray's Most Desirable Location

Churches, schools, a neighborhood shopping district are all nearby Circarama. Only six blocks from the heart of Murray's downtown section! Yet, it is far enough from the congested areas to provide an "open spaces" atmosphere.

is an old saying that if you have a better mousetrap the world will beat a path to your door.

That is very good philosophy, suppose, up to the entrance of the door.

What happens if the world beats a path to the door?

Of course, is something that can enter and exit. Sometimes, however, it is contrary, just like people who swell up and shrink down like some of our best. And doors also get stuck. Not unlike us upright.

which makes some doors stick. If not hard, to get along.

FOR INSTANCE, the Benton Postoffice, they are brand new doors. They are to look upon. And they are young they haven't had a war.

They are plumb ornerly - they are an impolite way of being the most difficult to get with.

There are two sets of these doors. That, of course, is the problem twice as bad.

FIRST DOOR one enters in toward the postoffice. The next is a pair of doors that swing on a grapevine. In between these doors there is a stamp.
