THE LISTENING POST

● I guess I have heard about all the voices which tell of the war over the air waves. Some of them I like, others I dislike; many have no special characteristics and are not long remembered. Some have a better choice of words than others and many do not seem to have much knowledge of the language. Recently I have decided on my favorite voice, and from all the samples heard to date it seems that this man also has a fine choice of words. Quentin Reynolds is my favorite, although I have heard him mighty little, and perhaps on better acquaintance I will decide that I was mistaken.

● Running about second to Reynolds I believe I will take John Daly, who does the roundup for C. B. S. I do not even know that this is the way to spell his name, nor even that it is Daly. I know that it sounds this way, and never reading radio news I do not skip up with names very well. This man who takes over the mike when "The World Today" comes on has a pleasing, cultured voice that stirs delightfully over odd and foreign words and he seldom gets his tongue twisted. I did hear him get twisted the other day and it was quite funny. He was trying to say "American" just after rattling off a list of Chinese cities and names, and I imagine he got to thinking of pidgin English. At any rate, and whatever the cause, he said "Amelican" just as distinctly as any Chinese ever said it. He then tried it again and got a bit better results, but not good then. On his third trial he got it right and then his smooth, cultured voice took up the job again without any trouble. He has the power of restraint, which is much better than the method used by some commentators who allow their voice to rise when they wish to emphasize some certain item, and I know of no news commentator who uses this better.

● I rather like Elmer Davis, too, although he has a harsher voice than Daly. His voice is powerful, resonant, and he has good pronunciation as far as I can judge. I know little of pronunciation myself, but when a man pronounces a word in such manner as to give it a pleasant sound I figure he is doing pretty well at the job. Davis always manages to do that, and he has the added ability of sounding as if he knew exactly what he is talking about.

● Reynolds, my favorite, has a deep voice, with a note of humanity behind it. Whether he has been much of a radio personality I do not know. I know he has a great record behind him as a war correspondent, for he has been everywhere and seen everything and told of these things in an interesting manner. He saw London bombed and burned, he saw the Russian retreat last fall, he has been with the British in Africa and right now he has been ordered back to England to see how the Commandos carry out their raids.

● I heard him a few nights ago on the radio. I did not hear all of his talk and have been sorry ever since that I did not tune in earlier. He had evidently been telling of the various armies and peoples he had seen and known, and he had about the best windup I have ever heard. Discussing the various fighting men in the United States he said in his deep, convincing voice:

● "There is not much difference among these men. The American drives on the right and the Britisher drives on the left. Those crazy Russians drive madly right down the middle of the street. None of this makes any difference, for in Germany the roads are all wide and straight. There will come a day when these three armies will roll on these German roads. The American will drive on the right, the Britisher will drive on the left, and the crazy Russian will drive right down the middle. All of them will

BRITISH FIST IS POISED

London.—Two members of the War Cabinet, Sir Stafford Cripps and Ernest Bevin, Minister of Labor, in speeches Sunday said Britain soon would take the offensive.

Cripps, broadcasting to Poles on their national day, urged them to stand fire "for the moment to strike will soon be upon us."

Bevin, addressing a meeting at Barnsley, said Britain was working out plans to strike at the right moment on "other unnamable fronts now that the tide has turned."

London.—The ashes of devastated Mandalay were held by the unrelenting Japanese tonight as their mechanized spearheads pushed north toward China and west toward India in a great encircling move of annihilation against the weary, outnumbered Chinese and British defenders of Burma.

The Japanese thrust northward from Lashio carried them within thirty miles of Chinas Yunnan Province, a Chungking communiqué said. Fierce fighting with heavy losses on both sides was in progress at Kweichieh, fifty-eight miles from Lashio.

Savage Fighting Rages

The Chinese High Command said the enemy pushed on to Mandalay after investing the railway town of Kyaukse, thirty-five miles to the south, April 30.

A Chungking communiqué from the forces commanded by Lieut. Gen. Joseph W. Stilwell, U. S. A., said the Japanese entered the Kipling city Friday and that savage fighting and great confusion raged in the rubble of the former capital of Burmese kings.

The British account issued at New Delhi said vaguely that Chinese troops "are on both sides of the (Irrawaddy) River in the vicinity of Mandalay," but authoritative military quarters declared "it is apparent the Japanese control the Mandalay-Lashio road" and that the Allied position was "very mucky indeed."

The exultant Japanese filled the air with radio accounts of the Burmese triumphs and said pagoda-studded Mandalay was a destroyed city "burned to the ground."

"Smoldering ruins appear to spread for miles and miles," a Domei correspondent broadcast, and "not even a dog could be seen in the streets."

The Japanese attested to the thoroughness of the British scorched earth policy by saying most steel bridges into the city were heaps of tangled ruins.

First Christian Church Here Formally Dedicated Yesterday

A large audience participated in the dedication of the First Christian Church Sunday morning. The minister gave the Dedication Sermon—"The Basis of Church Fellowship" using the text "In Whom Ye Also Are Built Together For A Habitation Of God In The Spirit."

DR. STEPHENSON DIES IN NASHVILLE

Funeral services were held in Centerville, Tenn., yesterday for the late Dr. C. V. Stephenson, 77, of age, who died Saturday, May 2, in the Vanderbilt hospital at Nashville. His only immediate survivor is one brother, B. B. Stephenson of Fulton.

Dr. Stephenson had been a practicing physician in Centerville for fifty-five years and was the organizer and oldest member of the Middle Tennessee Medical Association.

B. B. Stephenson and Mr. and Mrs. Wiley Stephenson of Fulton attended funeral services yesterday.

LAVAL REASSURES LEAHY

London.—The German controlled newspaper Petit Parisien reported Sunday that Piere Laval, chief of government at Vichy, in taking leave of United States Ambassador Adm. William D. Leahy, declared:

"France will not initiate a rupture of relations with the United States."

In turn, Admiral Leahy was said to have declared the United States does not want to break off relations with France.

The report of the conversation was relayed here in a Reuters dispatch from Switzerland. Admiral Leahy has been recalled to Washington.

May Ration Residential Use Of Electricity For War Effort

Washington.—Machinery of placing restrictions on residential use of electricity, if this becomes necessary, was established Thursday as the government tightened some existing economic controls and disclosed plans to use professional shoppers to police retail price ceilings.

At the same time, the possibility developed that curtailment in use of gasoline may be extended to some additional states as a step to help ease the shortage on the eastern seaboard.

An official disclosed that plans for increased rail shipment of petroleum products to the east coast called for diversion of 14,000 tank cars from service in the Midwest. He emphasized that there was no certainty this would necessitate curtailment in other areas, but said it might mean limitations on gasoline consumption in all states east of the Mississippi.

A War Production Board order set up a power control system under which WPB, when it finds a shortage of electricity is in prospect in any area, may restrict or prohibit the use of power by any consumer during peak periods.

TOM CLEAVES DIES IN MEMPHIS

Tom Cleaves, a former Fulton citizen, passed away last night, May 3, at nine o'clock at his home in Hickman county and lived in this vicinity his entire life, until ten years ago. He has many relatives here, among whom is a nephew, W. W. Watts.

WISHFUL NAZI THINKING

London.—The German radio, in a Russian language broadcast Sunday, claimed that Vichy French planes staged a "reprisal bombing raid" on Britain Saturday night.

Actually there were no raids on Britain Saturday night.

BABY CAMEL GOES MODERN

Chicago.—Director Robert Bean of the Brookfield zoo Sunday night said bottle feeding has proved successful for the zoo's latest arrival, a baby camel. The infant camel had refused to eat, in the usual way. Director Bean explained, but it became interested when it's milk was brought in a bottle, and is now gulping three meals a day.

GILLETTE URGES "OTTER FLEET"

Is Best Answer To Submarines, Senator Declares

Washington.—Quick production of scores of sea otter type warships to convoy Atlantic Coast merchant vessels was advocated today by Senator Gillette (D-Iowa) as the best immediate answer to Axis submarine warfare.

Gillette is chairman of a naval affairs subcommittee that recently reported the Sea Otter II—a low-silhouette vessel propelled by gasoline engines and adaptable to assembly-line production—had not been given "sympathetic" trials. He said he and other members believed vessels of this type might be converted into corvettes which could guard the tankers bringing oil to East Coast States.

Civilian Patrol Urged

Pointing to the success of the convoy system in transporting military equipment and supplies to Britain and Russia, the Iowa Senator said it was reasonable to assume that similar protection would reduce or nullify the submarine menace to coastal shipping.

Senator Brooks (R-Ill.) urged establishment of an armed civilian air patrol to cover shipping in the fifty-mile zone along the Atlantic Coast and said that the Government had announced the loss of its 131 vessels in this area since the United States entered the war.

PUBLIC CUTS DOWN ON OIL

Washington.—Conversions to coal and other fuels already made by Eastern consumers will result in a saving of 10,800,000 barrels of heavy fuel oil annually, Petroleum Co-ordinator Ickes reported Sunday. This represented an increase of 8,000,000 since April 3.

POLICE COURT

Woodrow Simon was fined \$5 and costs by Judge Lon Adams in Fulton police court this morning on a charge of breach of the peace. Others were fined \$10 and costs on charges of being drunk in a public place as follows: Tobe Latham, colored, Tobe Melvin, A. C. Adkinson and Orville Walker.

Committee Sends Bill To Hike Pay Of Service Men To House

Washington.—Viewed by many as a forerunner to the induction into the armed services of men with dependents and government payments to their families, a bill hiking the pay of lower-paid service men was sent to the House today by its military committee.

As approved by the committee the measure would double the pay of buck privates and apprentice seamen, give service nurses substantial increases, and boost the base pay of officers and non-coms from corporals up to and including second lieutenants and ensigns. A buck private would get \$42 a month, and a second-lieutenant's base pay would be boosted from \$1,500 to

London.—The elusive German battleships Gneisenau and Scharnhorst and the heavy cruiser Prinz Eugen are definitely out of action and must undergo extensive repairs, the British announced officially today. A heavy blow thus has been dealt to German-Italian-Japanese hopes for a gigantic, simultaneous world-wide attack against the fleets of the United Nations.

Breaking the great reserve they had shown since the three ships challenged the British navy by sailing through the English Channel in February, the Admiralty and Royal Air Force said the Nazi warships had been hurt grievously by torpedo and bombing attacks in the channel fight, by mines laid by British planes and by British submarine action.

3 Ships Believed Ready
The joint announcement was taken to indicate that knowledge of the damage was absolutely certain and that the ships would not see action for a long time.

Instead of the formidable armada of six powerful warships ready for a smash at the British and United States fleets, Adolf Hitler now has, according to the best available reports, only three warships at Trondheim, occupied Norwegian port, ready for a fight. These are the battleship Tirpitz, 35,000 tons, the pocket battleship Admiral Scheer, 10,000 tons, and the Admiral Hipper, sister ship of the Prinz Eugen.

The joint announcement said the Gneisenau was located at Gdynia, former Polish port, the Scharnhorst, still is in the dockyard at Kiel, German naval base which the R. A. F. has pounded extremely hard, and the Prinz Eugen is at Trondheim.

Eugene Reported Grounded
Report from Norwegian sources said the Prinz Eugen had been grounded by the stern to keep her afloat.

A GROWING IMPATIENCE AMONG THE BRITISH

More factors than simply a growing impatience with Mr. Churchill enter into the election, by two British industrial districts, of independent members of Parliament who were opposed by Government supporters.

In the first place, the average life of a British Parliament is usually under the constitutional limit of five years. But the present Parliament, which is seven years old, is the continuation of a still older Conservative Party domination. The party, and many of the men now in power, must be held responsible for the sins of omission and commission now being so bitterly home to roost for the British. Mr. Churchill himself incurs the growing slow rage against the dominant party only incidentally, since his was the one scorned voice of warning during the party's greatest ascendancy, but he shares it for his persistence in retelling around him, in a time of increasing national realization and resentment, many of the most typical of his party's leaders.

In the second place, it is significant that both of the men elected Thursday had incurred the official displeasure of the Labor Party, which supported the Government's candidates. This again indicates the growing impatience of the working class with its old leaders. It cannot forget, in all the dreary aftermath of blood and toll, the earlier cautious pacifism of the labor leaders who now seem so acquiescent to all of the Government's decrees. And it cannot forget that to both parties the great ogre of the wasted Thirties was Russia, a country which has done more than all the British have been able to do to have what is left of the British world.

The anger and impatience which so snubs the Government as to elect its sharpest critics has an emotional root in the cruel blows recently struck at British pride and stubbornness. This hurt can be salvaged only by action on a wider scale than any heretofore attempted, in spite of the commando raids and the R. A. F. offensives. The hint has now three times been plainly given for an earlier local election set the precedent for these later ones.—Coutier-Journal.

Alex Inman, Fulton boy who is a student in the University of Kentucky, won the 440 yard dash against Tennessee freshman, making the run in 55 seconds.

140 students are now registered for the spring meet to be held in Fulton next week.

Final plans were discussed by the City Council last night for starting the street paving work in Fulton.

Mrs. Herbert Cathey is taking treatment in a Paducah hospital. Mrs. W. S. Boulton is able to be up after several days' illness at her home on State street.

Mr. and Mrs. Leon Hutchens have taken rooms with Mr. and Mrs. G. B. Bowen on Central Avenue.

Rev. and Mrs. C. H. Warren left last night for Louisville, where they will attend the Southern Baptist Convention.

Mr. and Mrs. W. H. Purcell motored to Hickman today.

Mrs. J. L. Crockett spent yesterday with relatives in Union City.

Mr. and Mrs. C. A. Stephens and Mr. and Mrs. J. B. Cequn were in Hickman yesterday.

R. L. Harris is reported ill today at his room in the Ryan House on State Line street.

The anger and impatience which so snubs the Government as to elect its sharpest critics has an emotional root in the cruel blows recently struck at British pride and stubbornness. This hurt can be salvaged only by action on a wider scale than any heretofore attempted, in spite of the commando raids and the R. A. F. offensives. NEW YORK MOVES TO ABOLISH NIGHT SPORTS CONTESTS

Action Taken Despite Army Did Not Raise Objections

New York — New York moved Wednesday night to ban night baseball and other illuminated sports for the duration of the war as a measure of coastal defense after the Army turned enforcement of its new "dim-out" order to local authorities without making an objection to night sports.

Police Commissioner Lewis J. Valentine of New York, indicating that all sports requiring artificial illumination would be prohibited here, declared the dim-out regulations "will affect baseball and other sports at night, since the lights can be seen above the horizon. That means they can be seen far out at sea."

Earlier, however, an Army spokesman had indicated that night sports would not present a problem.

He told The Associated Press that "all we are interested in at present is dimming shore lights so that there will be no bright phosphorescent glow against which a submarine can silhouette a ship."

But at Hackensack, N. J., where a group of Civilian Defense officials were preparing to make offshore observations of the dim-out for the second straight night, Col. Walter W. Metcalfe, acting director of the 2nd Civilian Defense Region, said the O. C. D. felt that a glow in the sky would be as helpful to enemy craft as a background of building lights.

WEEK OF MUSIC
OPENED SUNDAY

(Submitted by the Music Department of the Woman's Club.)

The National Broadcasting Company is presenting an Inter-American Music Week to further cultural relations between nations of the Western Hemisphere. The Festival opener was "Music of the United Nations" Sunday morning. Special music programs are to be presented throughout the week.

On Wednesday a program will be picked up from Guatemala City and one on Friday originated by the Canadian Broadcasting Company will be relayed. Featuring and highlighting observance of Music Week in Memphis will be the season's final concert of the Memphis Symphony orchestra Tuesday night at 8:15, under the direction of Burnet C. Tutthill, with the final portion to be broadcast at 10:15 p. m.

A spring choral service will be

presented Thursday evening at eight o'clock at the Bellevue Baptist church as the church's contribution to National Music Week, featuring Maurine Parzybok, contralto soloist. A symphony orchestra of Memphis musicians assembled for the occasion and the Bellevue Baptist choir, with Harry Steuterman at the organ, will be under the capable direction of George Crawford.

KENTUCKY FEDERATION
OF W. C. CONVENTION
TO HAVE MRS. HOUGHTON

Mrs. Hiram C. Houghton, Jr., of Red Oak, Iowa, Chairman of the Department of Education of the General Federation of Woman's Clubs, will be an honored guest and speaker at the convention of the Kentucky Federation of Wo-

man's Clubs to be held in Lexington May 13-15.

Mrs. Houghton is accounted as one of the General Federation's most brilliant and able leaders. Because of her rare gift as a public speaker on a variety of subjects she has been heard in most of the states, hence her appointment to head the important department of Education in the General Federation was widely acclaimed. Turning at once to the task of writing timely educational programs for the huge membership of the General Federation she attained the distinction of having a full complement of pamphlets ready for distribution within a few months after appointment.

Mrs. Houghton, who is the daughter of the late Judge Horace Emerson Deemer of the Iowa Supreme Court and Jeanette Gibson Deemer, a pioneer club woman, is a graduate of Wellesley College and although her interests are varied and widespread, her first interest has always been in the field of education. She is a member of the Iowa State Board of Education, having been appointed in 1939, for a term of six years. She is chairman of the Board of Trustees of the Iowa State Library Association, a Trustee of Tabor College, Curator of the Iowa Historical Society, and a member of the library board in Red Oak. She is a member of the Daughters of the American Revolution.

Mrs. Jean Moon, president of the Woman's Club in Fulton, is the local delegate to attend the convention. Mrs. Arch Huddleston, Jr., and Mrs. Lynn Phipps are alternates.

OF DEFENSE

Your first duty as an American citizen is to support the Government by buying all the War Bonds you possibly can. That duty comes first and we urge you to do your utmost in this.

However, it is false economy and untrue patriotism to allow your home to fall into disrepair because of the national emergency. Your home represents a sound value and should be kept in excellent repair, for some day this war will be won and well-kept homes keep up our home morale during these days of emergency.

If you are desirous of repairing your home, we can help you with the financing. Call us for details and helpful suggestions.

We also have War Bonds on sale at our office.

Tigers Win Opener From Hoppers 5 To 1 In 6 Inning Game Sunday

Manager Mullen's Tigers won the opening game of the Kitty League season in Hopkinsville yesterday afternoon in a game cut short in the sixth by heavy rain. The Tigers won 5 to 1 behind the steady pitching of Fisher, and the timely hitting of three Tigers. Derrick, Pollock and Lis all hit for the circuit and these brought in four of the runs.

The Hoppers also had a homer, with Conohan hitting for the circuit. The Tigers turned in an errorless game for their first league tilt and played a snappy game all the way through.

Only one other game was played in the league for the opening game. Bowling Green walloped Owensboro 17 to 7, but Jackson and Union City did not play, due to rain.

The teams shift around for tonight's game, with Union City scheduled for the local park, Bowling Green at Jackson and Hopkinsville at Owensboro.

Bulldogs Sweep Purchase Track Meet-Regional This Week

For the second time in three years the Bulldog track team brought home the winner's trophy from the Jackson Purchase Track meet held Saturday at the college track at Murray. The final score of the meet was Fulton, 80 points; Murray Training, 37 points and Clinton, 7 points. Fulton received first place in 10 of the 13 events and Dick Meacham was the high point man of the meet, winning first place in the pole vault, low

hurdles and broad jump. Three records were broken at the meet. McClellan, Fulton's versatile athlete, set a new record for the high jump at 5, 10 1-4, "breaking his last year's record of 5' 7". Reed, who placed second in the high jump also broke last year's mark, jumping 5' 9". In the pole vault Meacham shattered his last year's record, vaulting 9 feet. Holloway tied for third place in this event.

Training For Defense

By Rufus T. Strohm

Dean, International Correspondence Schools

WITHOUT an intercommunicating system consisting of cables and wires, the modern battleship would be all but worthless. The wiring is just as important as the gun turrets and the steam power. The ship might have all the ap-

pearance of a first class performer, but she would be of little value in action. Some men are like an unfinished ship. They have the appearance and the potentialities, but without skill they are not capable of doing a job that requires responsibility. They are mere shells of efficiency until the "wiring" or training is acquired.

Today thousands of men are working in the New York Navy Yard, busily engaged in building this nation's two-ocean navy. These men are given opportunities to advance to better jobs. The task demands skilled technicians and mechanics. Every department must have highly trained men to direct those who build and fit together the parts of gigantic battleships.

The Navy is proud of the spirit of the men who build ships, but that is not enough. Such workmen must be perfectionists. There is not much time to train men, but every effort is being made in that direction. The big jobs in the shipyard, like those in any other great American industry, are handled by those men who are properly "wired" to proceed with speed and efficiency. You have the "know how!"

Windsor of Murray Training set a new record for the high hurdles, his time being :19.9. Puckett and Lynch of Fulton were second and third in this event.

Fulton's score in the other events was as follows:

Low hurdles—Meacham, first; Puckett, third.
Broad jump—Meacham, first; Whitesell, second.
Shot Put—Spence, second; Davis, third.
440 yard run—Barron, first.
100 yard dash—McClellan, first; Moore, second.
220 yard run—Sharpe, first; McClellan, second.
880 yard run—Spence, first; Hart, second.
1 mile—Hassell, third.
440 relay—Fulton, first; Team composed of Cannon, Whitesell, Moore and Sharpe.
1 mile relay—Fulton, first; team composed of Barron, Whitesell, Moore and Hassell.

The team was presented the Purchase Trophy and the two relay cups. Each boy who placed either first or second in any event received a medal.

Next week Coach Hughes will take his trackers to the Regional Meet at Murray, and those who win either a first or second in an event will qualify to enter the state track meet at Lexington the following week. The competition at the regional will be much stiffer than at the Purchase, for more schools are included.

Five team members received letters for the first time, these being, Davis, Moore, Lynch, Puckett, and Barron. The coveted Bulldog honor, given to players who letter in three sports, was won by Shelby Davis and Jack Moore. These awards will be made at the Honors Day Exercises at the close of school.

Mrs. Edwin Farley of Memphis is spending this week in Fulton, the guest of Mrs. Wiley Stephenson. Mrs. Martha Thompson is in Newbern, Tenn., visiting her sister, Mrs. Maurice Dillon.

Don't wait till it rains to patch your roof!

Remember that story about the fellow whose roof never got mended because when things were dry it didn't need it, and when it was raining it was too wet to go out?

Pretty much the same thing goes for your automobile. The time to take care of it is before it starts to show signs of wear, not after costly trouble has started.

But the way to do that is to become one of our regular customers and let our C-Y-C service remember what your needs, and just when they should be done.

You pay for nothing that wouldn't have to be done anyway—in short, our service conserves your car. It all starts with a FREE appraisal of your car's present condition, just to make sure it doesn't need a lot of hauling to bring it up here. Come in and get a free appraisal and see how C-Y-C service can help you.

Great Land And Sea Fights Believed Shaping Up In Pacific

Washington.—The war in the Pacific apparently is approaching a period of intense naval and land action among the islands southwest of Hawaii, well-qualified authorities said today, with the security of the Allied supply route to Australia as the prize at stake.

A strong Japanese attack against one or more sections of the island chain guarding this extended lifeline probably is imminent, it was added, and the ensuing action, if this develops as experts expect, is almost certain to produce the greatest naval battles of the war to date.

Attack Long Expected

At the same time, these experts said, it may very well give American forces holding scores of island bastions from Hawaii to New Zealand their first full scale experience of the kind of amphibious warfare in which the Japanese proved so proficient in their China Sea campaign.

An attack on the U. S. Australian supply line long had been regarded in informed quarters here as one of the two methods by which the enemy might try to eliminate the continent down-under as an increasingly powerful Allied threat to his hold on the South China Sea.

Seems to Have Passed

The other method is an all-out attack on Australia itself. That apparently has passed from the realm
