C. P. Mabry Announces
For Fulton County Judge

In the name of the people, I am authorized to announce the candidacy of C. P. Mabry for the office of County Judge of Fulton County. Mr. Mabry has served as a member of the school board, was elected a member of the legislative council, and was elected to the state legislature in 1929. He is a member of the Farmers' Alliance and has long been known as an able and hearty worker in behalf of the farmers of this county. He is a solicitor for many years and has long been active in the business of the Farmers' Alliance. He is the person most likely to get the farmers what they want.

**FINDING GOD IN A BLACK OUT**

Mary Tompkins and other boys and girls from all over town, including members of the Methodist Church and the Salvation Army, spent four weeks in Raymond Mullins' daughter Ruth's house. The dining room was roped off with black cloth to create a "dark room" for the children to attend services. The spirit of the children was such that even the minister was surprised at their behavior. The school was closed and the children were able to participate in the services.

**YOUTHS RESPOND TO ESSAY CONTEST**

By REV. WILLIAM WOODCOCK

PUEBLA, Colo.

We feel sorry for the many boys

and girls who do not have an opportunity to find out the

true meaning of life. These days it seems that our

youths are being led down the garden path of a

false world. They are being taught that hard work is

not necessary and that if they work hard they will not

benefit from their efforts.

Let us go back to the days when

boys and girls were taught the

value of hard work. This was done

by our forefathers and it is time

that we learn from their example.

We must teach our children to

appreciate the value of hard work

and to realize that it is the key to

success in life.

The young men of our

community have responded to our

appeal by sending in essays on

the subject of hard work. They

have written about their own

experiences and the lessons they

have learned from their parents.

We must continue to educate our

youths about the importance of

hard work if we are to ensure a

successful future for them.

If Your Telephone Is Run by Mistake

Here are the Probable Causes
Some telephones are being run by mistake because some folks fail to take proper precautions when telephoning. A study of the condition shows that calling numbers from memory is the most common cause of these wrong-number calls.

When in the least doubt about a number, it is always best to check with your directory—be sure you have the right number in mind, then give it to the operator. Speak distinctly, with lips half an inch from the mouthpiece.

It takes only a moment to look up a number, and doing so will frequently save you and spare you the embarrassment of getting someone to the phone by mistake.

The telephone company and your neighbors, who are bothered daily by wrong-number calls, will appreciate your cooperation in correcting the trouble.
